

Office of the County Executive

Monroe County, New York

Adam J. Bello
County Executive

January 13, 2021

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Construction of a Snow Removal Equipment (SRE) Building on Vacant Lands Currently Owned by Monroe County

Honorable Legislators:

I recommend that Your Honorable Body determine whether the construction of +/- 27,000 square feet ("SF") new metal building and +/- 83,520 SF of associated taxi-lane and apron space (the "project") is determined to have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

In accordance with the Federal Aviation Administration requirements outlined in Advisory Circulars 150/5200-30D, 150/5220-20A, and 150/5220-18A, the new building will store twelve (12) pieces of snow removal equipment that bring the total snow removal capacity up to the authorized designated level. The project will redevelop currently vacant land owned by Monroe County.

The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the Project is an Unlisted action.
2. Make a determination of significance regarding the Project pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This determination will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

AJB:db

Short Environmental Assessment Form

Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information			
Monroe County, Airport Administration			
Name of Action or Project: Snow Removal Equipment Building (SRE)			
Project Location (describe, and attach a location map): Greater Rochester International Airport (1135 Brooks Ave (SBL 135-13-1-1 002); 1177-1185 Scottsville Road (southwest of City of Rochester))			
Brief Description of Proposed Action: Construction of 27,000 +/- SF of new metal building to store 12 pieces of snow removal equipment for use at the Greater Rochester International Airport. An additional 1,250 +/-SF of mechanical space will be attached to the metal building. The proposed development will cross parcels (parcel ID: 135.13-1-1 002, 135.13-1-1.002 and 135.03-1-23, require annexation and resubdivision for the construction of the building. The project also includes constructing a new associated taxi lane/apron space of 83 520 SF to support the SRE equipment movements and installing 700 +/- LF of fence to secure the building inside the airport fence at the completion of the project.			
Name of Applicant or Sponsor: Monroe County Airport Administration (Michael Wall)		Telephone: (585) 753-7109	
Address: 1200 Brooks Ave		E-Mail: MichaelWall@monroecounty.gov	
City/PO: Rochester		State: NY	Zip Code: 14624
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			NO <input checked="" type="checkbox"/>
2. Does the proposed action require a permit, approval or funding from any other government Agency? If Yes, list agency(s) name and permit or approval: FAA funding, City of Rochester (annexation and zoning classification) and Town of Chili (annexation)			YES <input checked="" type="checkbox"/>
3. a. Total acreage of the site of the proposed action? b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?			4.5 +/- acres 2 +/- acres 2400 +/- acres
4. Check all land uses that occur on, are adjoining or near the proposed action:			
5. <input checked="" type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input checked="" type="checkbox"/> Industrial <input checked="" type="checkbox"/> Commercial <input type="checkbox"/> Residential (suburban) <input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input checked="" type="checkbox"/> Other(Specify): Airport <input type="checkbox"/> Parkland			

<p>5. Is the proposed action,</p> <p>a. A permitted use under the zoning regulations?</p> <p>b. Consistent with the adopted comprehensive plan?</p>	<p>NO</p> <p><input type="checkbox"/></p> <p><input type="checkbox"/></p>	<p>YES</p> <p><input checked="" type="checkbox"/></p> <p><input checked="" type="checkbox"/></p>	<p>N/A</p> <p><input type="checkbox"/></p> <p><input type="checkbox"/></p>
<p>6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?</p>	<p>NO</p> <p><input type="checkbox"/></p>	<p>YES</p> <p><input checked="" type="checkbox"/></p>	
<p>7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?</p> <p>If Yes, identify: _____</p>	<p>NO</p> <p><input checked="" type="checkbox"/></p>	<p>YES</p> <p><input type="checkbox"/></p>	
<p>8. a. Will the proposed action result in a substantial increase in traffic above present levels?</p> <p>b. Are public transportation services available at or near the site of the proposed action?</p> <p>c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?</p>	<p>NO</p> <p><input checked="" type="checkbox"/></p> <p><input type="checkbox"/></p> <p><input type="checkbox"/></p>	<p>YES</p> <p><input type="checkbox"/></p> <p><input checked="" type="checkbox"/></p> <p><input checked="" type="checkbox"/></p>	
<p>9. Does the proposed action meet or exceed the state energy code requirements?</p> <p>If the proposed action will exceed requirements, describe design features and technologies:</p> <p>_____</p> <p>_____</p>	<p>NO</p> <p><input type="checkbox"/></p>	<p>YES</p> <p><input checked="" type="checkbox"/></p>	
<p>10. Will the proposed action connect to an existing public/private water supply?</p> <p>If No, describe method for providing potable water: _____</p> <p>_____</p>	<p>NO</p> <p><input type="checkbox"/></p>	<p>YES</p> <p><input checked="" type="checkbox"/></p>	
<p>11. Will the proposed action connect to existing wastewater utilities?</p> <p>If No, describe method for providing wastewater treatment: _____</p> <p>_____</p>	<p>NO</p> <p><input type="checkbox"/></p>	<p>YES</p> <p><input checked="" type="checkbox"/></p>	
<p>12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?</p> <p>b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?</p>	<p>NO</p> <p><input checked="" type="checkbox"/></p> <p><input type="checkbox"/></p>	<p>YES</p> <p><input type="checkbox"/></p> <p><input checked="" type="checkbox"/></p>	
<p>13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?</p> <p>b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?</p> <p>If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: _____</p> <p>The Genesee River is south of the project area, however, it will not be altered.</p> <p>_____</p> <p>_____</p>	<p>NO</p> <p><input type="checkbox"/></p> <p><input checked="" type="checkbox"/></p>	<p>YES</p> <p><input checked="" type="checkbox"/></p> <p><input type="checkbox"/></p>	

14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:

Shoreline Forest Agricultural/grasslands Early mid-successional
 Wetland Urban Suburban

15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?

	NO	YES
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

16. Is the project site located in the 100-year flood plan?

	NO	YES
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

17. Will the proposed action create storm water discharge, either from point or non-point sources?
If Yes.

a. Will storm water discharges flow to adjacent properties?

	NO	YES
	<input checked="" type="checkbox"/>	<input type="checkbox"/>
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?
If Yes, briefly describe:

	NO	YES
	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Runoff from the building will be conveyed to existing drainage system

18. Does the proposed action include construction or other activities that would result in the impoundment of water or other liquids (e.g., retention pond, waste lagoon, dam)?
If Yes, explain the purpose and size of the impoundment:

	NO	YES
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?
If Yes, describe:

	NO	YES
	<input checked="" type="checkbox"/>	<input type="checkbox"/>

20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste?
If Yes, describe:

	NO	YES
	<input type="checkbox"/>	<input checked="" type="checkbox"/>

NYSDEC Environmental Remediation Database and the ECHQ (Enforcement and Compliance History Online) revealed one site at 1185 Scottsville Road adjacent to the project area. This site (NYD082758004) was closed 2011-2013 (see attached)

I CERTIFY THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE

PRINT FORM

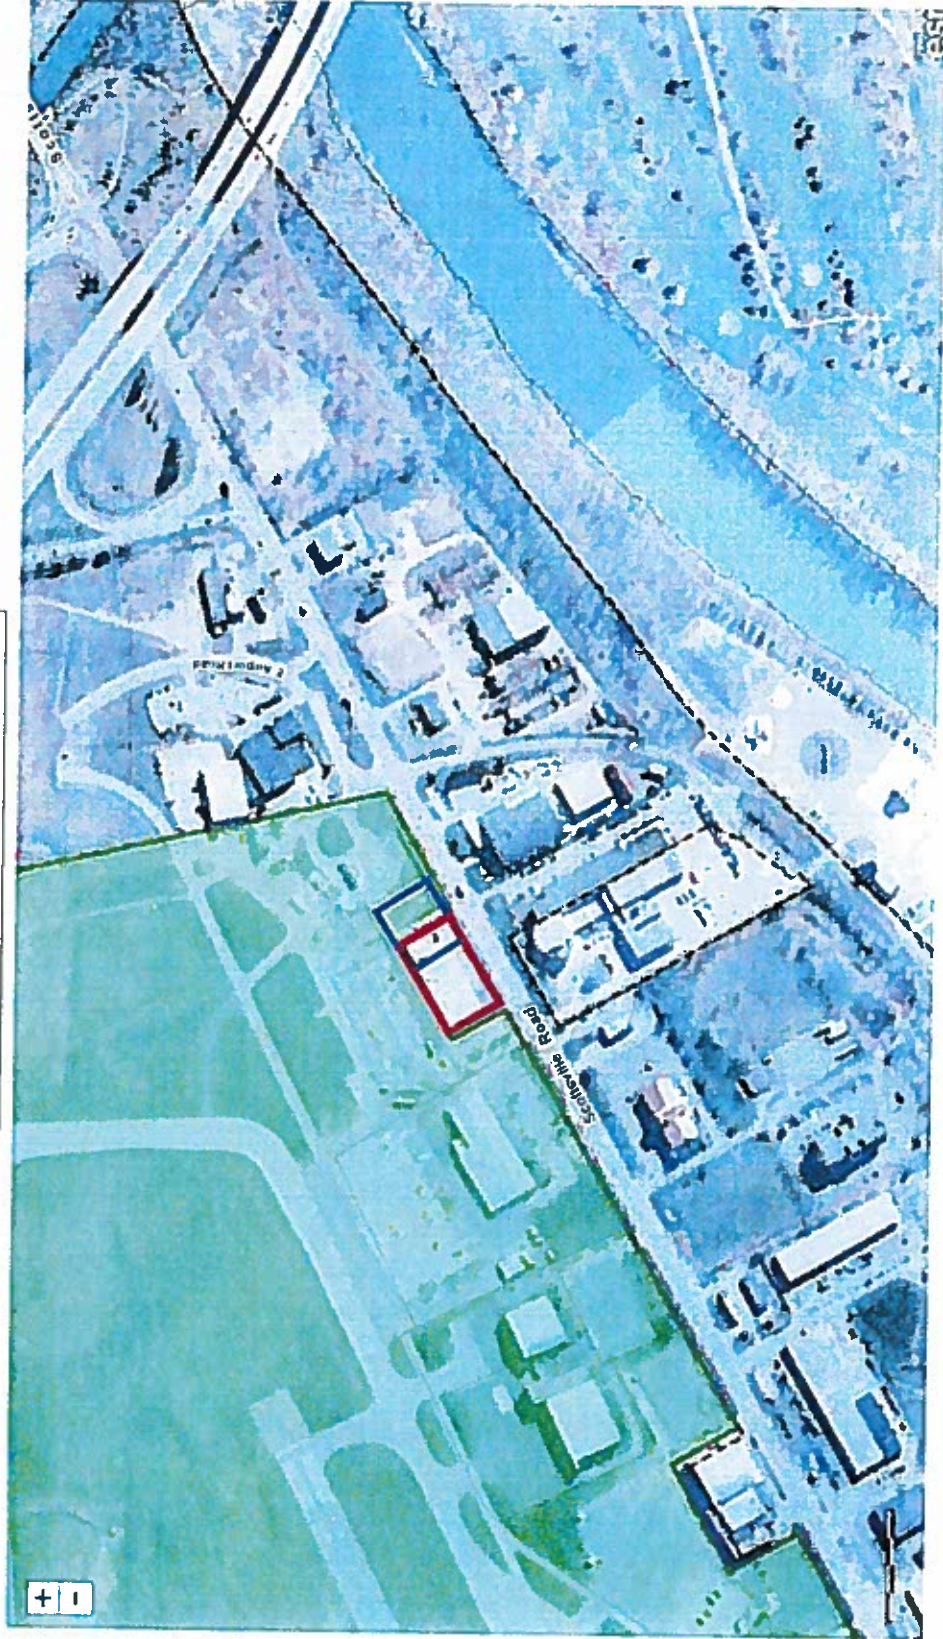

- Part 1 / Question 7 [Critical Environmental Area] No
- Part 1 / Question 12a [National or State Register of Historic Places or State Eligible Sites] No
- Part 1 / Question 12b [Archeological Sites] Yes
- Part 1 / Question 13a [Wetlands or Other Regulated Waterbodies] Yes - Digital mapping information on local and federal wetlands and waterbodies is known to be incomplete. Refer to EAF Workbook.
- Part 1 / Question 15 [Threatened or Endangered Animal] No
- Part 1 / Question 16 [100 Year Flood Plain] No
- Part 1 / Question 20 [Remediation Site] Yes

Appendices

Project Sketch

Lands to be annexed/resubdivided

Blue outline is the project site. Green is airport property, SBL 135-13-1-1.002 and 135.13-1-1.002

Red outline are the lands to be annexed (SBL 135.03-1-23) and resubdivided into airport property

Archeology

The entire airport is within an archaeological sensitive area buffer zone, however no archaeological artifacts were reported when the site was developed by previous occupants

Archeologically Sensitive Areas

Wetlands

The project site is not located within a wetland. cursory mapping identified a stream through the project site, which, upon further investigation by a field-visit confirmed that there is no stream within the project limits.

Demographic Profile

EJSCREEN EJ Indexes

Eleven primary environmental justice (EJ) indexes of EJSCREEN, EPA's screening tool for EJ concerns. EPA uses these indexes to identify geographic areas that may warrant further consideration or analysis for potential EJ concerns. The index values below are for the Census block group in which the facility is located. Note that use of these indexes does not designate an area as an "EJ community" or "EJ facility." EJSCREEN provides screening level indicators, not a determination of the existence or absence of EJ concerns. For more information, see the [EJSCREEN home page](#).

Census Block Group EJ Indexes (percentile)	Number of EJ Indexes Above 80th Percentile
Particulate Matter (PM 2.5)	38.5
Onsite NATA Diesel PM	58.5
NATA Air Toxics Cancer Risk	7.0
NATA Respiratory Hazard Index (HI)	7.0
Traffic Proximity	49.2
Lead Paint Indicator	62.6
Superfund Proximity	58.3
Risk Management Plan (RMP) Proximity	58.1
Hazardous Waste Proximity	58.1
Wastewater Discharge Proximity	74.8

[View EJSCREEN Report](#)

Demographic Profile of Surrounding Area (3 Miles)

This section provides demographic information regarding the community surrounding the facility. ECHO compliance data alone are not sufficient to determine whether violations at a particular facility had negative impacts on public health or the environment. Statistics are based upon the 2010 U.S. Census and 2006-2010 American Community Survey 5-Year Summary and are accurate to the extent that the facility latitude and longitude listed below are correct. EPA's spatial processing methodology considers the overlap between the selected radii and the census blocks (for U.S. Census demographics) and census block groups (for ACS demographics) in determining the demographics surrounding the facility. For more detail about this methodology, see the [DfR Data Dictionary](#).

General Statistics		Age Breakdowns - Persons (%)

Hazardous Waste Disposal Period

From: 1955 **To:** 1980

Site Description

Location: The Rochester Fire Academy site is 18 acres in size and is located at 1190 Scottsville Road in an urban area in the city of Rochester on the west side of the Genesee River. **Site Features:** The main features of the site include the North Disposal Area, Training Grounds, Police Training Course, South Disposal Area and Parking Area. The Genesee River is approximately 50 feet to the east of the site. A commercial area exists on the west side of the site across from a railroad right of way. Small strips of wood exist north and south of the site along the Genesee River bank. The airport is located on the opposite side of Scottsville Road from the site. **Current Zoning and Land Use:** The area is owned and operated by the City of Rochester as a training facility used by the City's Fire and Police Departments. **Past Use of the Site:** The City of Rochester opened the training facility in 1954. During the period of 1954-1980, various chemicals from local hazardous waste generators were burned and/or disposed during training exercises. **Site Geology and Hydrogeology:** The water table is about 5 feet below ground surface. Groundwater flows to the east toward the Genesee River, which is a class C stream.

Contaminants of Concern (Including Materials Disposed)

Contaminant Name/Type

organic solvents

MEK

toluene

Site Environmental Assessment

Remediation at the site is complete. Prior to remediation, the primary contaminants of concern were cadmium, lead, PCBs, and various VOCs in groundwater and soil. Remedial actions

have successfully achieved soil cleanup objectives for commercial use. Residual contamination in the soil and groundwater is being managed under a Site Management Plan.

Site Health Assessment

The area is served by public water. NYSDOH sampled two private wells located southwest of the site in October 1997 and found no site-related contamination. Exposure at the site was initially reduced by placing crushed stone over the fire training grounds and the north disposal area, by fencing the southern portion of the training grounds area, and by closing the bicycle path. A supplemental investigation was conducted to further define the extent of metals contamination in on-site surface soils. As part of the remedy, contaminated soils were placed in the north disposal area and this area was capped to prevent direct contact exposure and a groundwater collection/treatment system was installed to prevent contaminated groundwater from migrating to the Genesee River.

Date:	November 6, 2020

**Short Environmental Assessment Form
Part 2 - Impact Assessment**

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:		
a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

In summary, all potential environmental impacts have been analyzed including, but not limited to:

Archeology: the entire airport is within an archaeological sensitive area buffer zone, however no archaeological artifacts were reported when the site was developed by previous occupants.

Wetlands: the project site is not located within a wetland. Cursory mapping identified a stream through the project site, which, upon further investigation by a field-visit confirmed that there is no stream within the project limits.

Hazardous Waste: NYSDEC Environmental Remediation Database and the ECHQ (Enforcement and Compliance History Online) revealed one site at 1185 Scottsville Road, adjacent to the project area, however, this site (NYD082758004) was closed 2011-2013.

After reviewing all potential impacts to the environment by the proposed redevelopment of the vacant land for a new Snow Equipment Storage Building, this project will result in no significant adverse impacts on the environment, therefore, an environmental impact statement need not be prepared and, accordingly, a negative declaration is issued.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
<input checked="" type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.	
Name of Lead Agency	Date
Print or Type Name of Responsible Officer in Lead Agency	Title of Responsible Officer
Signature of Responsible Officer in Lead Agency	Signature of Preparer (if different from Responsible Officer)
