Re: Memorializing Governor Andrew M. Cuomo and the New York State Office of Children and Family Services to Approve the Reestablishment of the Local Child Abuse and Maltreatment Hotline

Honorable Legislators:

Monroe County Child Protective Services (CPS) caseworkers are on the front line of combating child abuse and neglect in our communities. These individuals work to protect our counties most at-risk and vulnerable population - our children, toddlers and infants who are often unable to protect themselves. While this job is often demanding both physically and mentally there are steps that can be taken to help with the notification and reporting of potential abuse quicker and more efficiently.

For many years the Monroe County Department of Human Services operated and supervised the Monroe County Child Abuse and Maltreatment Hotline. This hotline provided individuals the opportunity to report suspected abuse and neglect directly to Monroe County workers who would engage in a vetting process that would reduce unnecessary and duplicative investigations. In 2015, the local hotline was discontinued and calls began coming through the New York State Child Abuse and Maltreatment Hotline. In her comprehensive new Eight point plan for CPS, County Executive Cheryl Dinolfo calls for the reestablishment of the local Child Abuse and Maltreatment Hotline. Reestablishing this local hotline will enable Monroe County CPS workers the ability to properly vet and assign each incoming report.

Operating this hotline locally is one action that can be taken to minimize the time doing administrative tasks and increase the time working with the children, toddlers and infants in our community who are most at risk. Therefore, we urge you to join us in calling on Governor Andrew M. Cuomo and the New York State Office of Children and Family Services to approve the reestablishment of the local Child Abuse and Maltreatment Hotline.

Re: Memorializing the New York State Assembly to Pass and Governor Andrew M. Cuomo to Sign Assembly Bill A07365 Regarding Opiates Containing Fentanyl Derivatives

Honorable Legislators:

As more lives continue to be claimed by the opioid epidemic in our community, it is important that measures are being taken to prevent the death toll from rising any higher. Fentanyl is a substance that is similar to heroin and morphine, but far more deadly and strong. Fentanyl is a very strong pain medication and is frequently combined with anesthesia in medical settings to help with pain related to surgery. Recently, it has become increasingly more common to see fentanyl used inappropriately, leading to deadly respiratory problems. Because of the low cost of fentanyl, drug sellers frequently mix fentanyl with heroin or other opioids, often resulting in death. Drug-related deaths caused by fentanyl are on the rise; the number of overdose deaths in the United States involving fentanyl rose 540% between 2015 and 2017.

It is important to act in order to prevent more lives from being claimed by the growing opioid epidemic. Senate Bill S933A and Assembly Bill A07365 were introduced in order to add more derivatives of fentanyl to the controlled substance list and also to increase the criminal penalty for selling substances containing fentanyl. Senate Bill S933A passed with overwhelming support in the Senate, but Assembly Bill A07365 has been held up in the Assembly. It is critical to stop the sale of opiates that are laced with fentanyl because of the fatal nature of the substance. Drug overdoses have been, and are expected to remain, the leading cause of death for Americans under the age of 50 years old.

Therefore, I urge you to join me in calling on the New York State Assembly to pass and Governor Cuomo to sign Assembly Bill A07365, designating certain substances as schedule I opiates and further regulating possibly lethal controlled substances. Progress is being made in preventing the misuse and abuse of fentanyl and other opioids. It is imperative we update the controlled substance schedule to include fentanyl and increase the criminal punishment for the sale of drugs containing fentanyl would help to crack down on the sale of deadly substances.

Re: Memorializing New York State to Increase Support for the Cornell Cooperative Extension County Associations in the State of New York by Adding a \$4 Million Increase in the State Funding Authorized by Section 224(8) of County Law

Honorable Legislators:

Cornell Cooperative Extension (CCE) is a formal collaboration between the National Institute of Food and Agriculture at USDA, New York State, county governments and the citizens of the State. It has served to apply unbiased, research-based knowledge from Cornell, New York's land grant university, to the needs of New Yorkers and their communities for over 100 years. State appropriations for county cooperative extension associations to match county government appropriations as authorized by Section 224 (8) of the County Law have remained stagnant for 17 years. The Cornell Cooperative Extension County Association is asking for an additional \$4 million increase in the State budget which would benefit Monroe County with an estimated additional \$50-\$60K in "matching" 224 state funding.

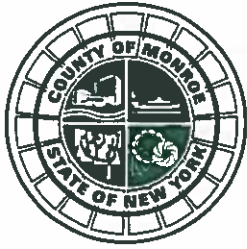

Additional state funding is needed to ensure that the Cornell Cooperative Extension system can continue to equitably work for all New York State residents. CCE engages in many programs such as increased resources to support rural, suburban and urban community development needs. Local extension educators like CCE are key community partners in helping to implement state initiatives including maximizing agriculture and local food systems, strengthening the economy, promoting healthier eating habits and access to good nutrition, fighting poverty and protecting the stewardship of New York's natural resources. They also build opportunity through STEM based youth education and leadership skills in 4-H, promote renewable energy options while protecting farmland resources and partnering where appropriate in Taste NY initiatives to promote tourism and local food and farm businesses.

Therefore, I urge you to join me in calling upon New York State to increase support for the Cornell Cooperative Extension County Associations in the State of New York by adding a \$4 million increase in state 224 funding to make a total of \$8 million for Cornell Cooperative Extension Associations.

Subject: Authorize Intermunicipal Agreements with the City of Rochester and Monroe County Towns and Villages with Police Departments for Use of End User Radio Equipment and Limited Access to Monroe County's Trunked Radio System

Honorable Legislators:

I recommend that Your Honorable Body authorize intermunicipal agreements with the City of Rochester and Monroe County towns and villages with police departments, for use of end user radio equipment and limited access to Monroe County's trunked radio system, for the period of December 1, 2017 through January 31, 2019.

Currently, Monroe County supplies end user radio equipment to law enforcement agencies to communicate on the conventional UHF radio system. This agreement will supply equipment to allow users to test audio reception and quality in various locations and structures when operating on the new system for training and administrative functions. Equipping law enforcement personnel will also allow the users to understand and experience the hardware, functionality, features and differences of trunked technology. The dual band test units will offer the ability to switch from testing in 700/800 MHz to the UHF band for response operations.

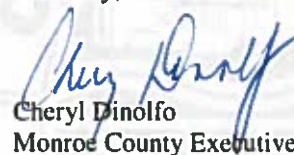

The specific legislative action required is to authorize the County Executive, or her designee, to execute intermunicipal agreements, and any amendments thereto, with the City of Rochester and Monroe County towns and villages with police departments, for use of end user radio equipment and limited access to Monroe County's trunked radio system, for the period of December 1, 2017 through January 31, 2019.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This agreement will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Authorize a Contract with Arthur J. Gallagher Risk Management Services, Inc. to Act as Insurance Broker of Record for the County of Monroe

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Arthur J. Gallagher Risk Management Services, Inc., for the purpose of serving as the County's Insurance Broker of Record in connection with the administration of the County's insurance and self-insurance program, at a fixed rate of \$90,000 annually, for the period of November 15, 2017 through November 14, 2018, with the County's option to renew the contract for two (2) additional one-year terms at the same rate.

Monroe County has a self-insured retention for general liability of \$3,000,000. The County has traditionally contracted with an outside entity for the purpose of acting as the Broker of Record to procure policies of insurance for excess general liability coverage and property and casualty loss from insurance carriers, as well as to assist the County, when needed, in the administration of its self-insurance program.

A Request for Proposals was issued for the provision of these services and Arthur J. Gallagher Risk Management Services, Inc. was selected as the most qualified to provide these services.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with Arthur J. Gallagher Risk Management Services, Inc., 2 Westchester Park Drive, White Plains, New York 10604, to serve as the County's Insurance Broker of Record in connection with the administration of the County's insurance and self-insurance program, at a fixed rate of \$90,000 annually, for the period of November 15, 2017 through November 14, 2018, with the County's option to renew the contract for two (2) additional one-year terms at the same rate.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

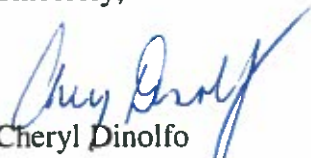

Funding for this contract is included in the 2017 Monroe County budget, fund 9020, funds center 1275010000, Liability Insurance. No additional net County support is required in the current Monroe County budget.

The records in the office of the Monroe County Treasury have indicated that neither Arthur J. Gallagher Risk Management, Inc., nor any of its principal officers, owes any delinquent Monroe County property taxes. The principal officers of the firm are:

J. Patrick Gallagher, President and Chief Executive Officer
Thomas Bradley, Area Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo
Monroe County Executive
