Re: Memorializing the New York State Assembly and Senate to Pass and Governor Andrew Cuomo to Sign Bills A.1582 and S.1381 Relating to Classification of Emergency Medical Services

Honorable Legislators:

Throughout the State of New York, volunteer emergency medical services play a key role in keeping our communities safe. Volunteers work hard each day to provide rapid and quality medical care to those in emergency. In addition, volunteers work to generate funds necessary to provide top-notch care. Volunteer emergency medical services require up-to-date equipment, maintenance of buildings and vehicles, as many other items pertinent to upholding their efficiency.

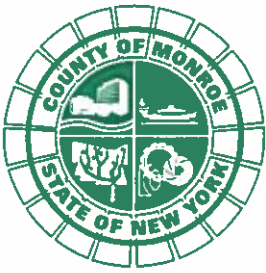

Currently, emergency medical service organizations are unable to receive funding that other first responder organizations have access to. Emergency medical providers deserve access to additional funding streams as they always remain on call and these finances can truly be the difference between life and death for those in need. New York State residents deserve the best care possible and first responders deserve the resources to provide it.

Classifying emergency medical services as, "essential services," for the purposes of state funding eligibility would benefit both Monroe County residents and first responders. This reclassification would provide emergency medical service providers with the ability to maintain their quality services. In addition, Counties and their taxpayers would benefit from the alleviation of this large unfunded mandate as localities are required to provide EMS services without funding from the state.

Bipartisan legislation has been brought forth in both the New York State Senate and Assembly, co-sponsored by Assemblyman Peter Lawrence and Senator Pamela Helming, which would reclassify emergency medical services as, "essential services." Therefore, I urge you to join me in calling upon the New York State Legislature, in their respective bodies, to pass, and Governor Cuomo to Sign, Senate Bill S.1381 and Assembly Bill A.1582 relating to the classification of emergency medical services. Supporting these bills would help ensure New York State emergency medical providers receive access to funding they need and deserve.

Respectfully Submitted,

RE: Memorializing the U. S. Congress to Pass HR 2148 and S 1082, and President Trump Sign the “BE HEARD in the Workplace Act”

Honorable Legislators,

Working people have fought for years to address the power disparities and exploitative working conditions that have allowed harassment, assault, and discrimination to persist in the workplace. These movements for change have been led by courageous women who have long endured harassment and violence at work, including women of color, Indigenous women, immigrants, and women in low-wage jobs.

Now, with unprecedented national attention on the harm caused by sexual harassment and assault, we have an incredible opportunity to make meaningful, long-overdue legislative change. The “Bringing an End to Harassment by Enhancing Accountability and Rejecting Discrimination (BE HEARD) in the Workplace Act” would further prevent workplace harassment and abuse—and ensure all of us are protected from harassment on the job, no matter who we are or where we work.

For the first time, the “BE HEARD in the Workplace Act” will expand anti-harassment and civil rights protections to all working people, including workers at small businesses, independent contractors, unpaid interns, volunteers, tipped workers and trainees. It will further protect LGBTQ+ workers from harassment and discrimination by expanding and including protections against discrimination based on sexual orientation and gender identity in the Civil Rights Act of 1964. Anti-workplace harassment laws will also be expanded to include employers with more than fifteen (15) employees.

We all deserve dignity at work. We all should feel safe when we are trying to make a living and know that we will be treated equally. Therefore, we ask you to join us in memorializing the U.S. Congress to pass, and the President to sign the BE HEARD in the Workplace Act.

Subject: Authorize a Contract with Rochester Institute of Technology Center for Public Safety Initiatives to Collect and Analyze Data for the Combating Opioid Overdose through Community-Level Intervention Initiative

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body authorize a contract with Rochester Institute of Technology (RIT) Center for Public Safety Initiatives, in the amount of \$32,000, to collect and analyze data for the Combating Opioid Overdose through Community-Level Intervention Initiative, for the Sheriff's Jail Medication Assisted Treatment (MAT) Program, for the period of August 1, 2019 through December 31, 2019.

The Sheriff's Office received a grant from the University of Baltimore to implement an evidence-based medication-assisted treatment program. RIT was selected as the research partner to evaluate the Sheriff's MAT Program data and gather sufficient detail to document what was completed and successful to allow other organizations to replicate the program.

A request for proposals was issued with RIT being the sole responder.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract, and any amendments thereto, with Rochester Institute of Technology Center for Public Safety Initiatives, 93 Lomb Memorial Drive, Rochester, New York 14623, to collect and analyze data for the Combating Opioid Overdose through Community-Level Intervention Initiative, for the Sheriff's Jail Medication Assisted Treatment Program, in the amount of \$32,000, for the period of August 1, 2019 through December 31, 2019.

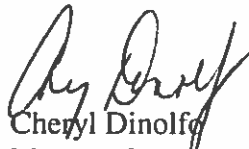

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

Funding for this contract is included in the 2019 budget of the Sheriff's Office, general fund 9300, funds center 3804010000, Jail Bureau Administration. No additional net County support is required in the current Monroe County budget.

Rochester Institute of Technology is a not for profit entity and the records in the Office of the Monroe County Treasury have indicated that it does not owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the New York State Division of Criminal Justice Services for the Raise the Age Legislation

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services, in the amount of \$3,774,111, for the Raise the Age Legislation, for the period of January 1, 2019 through March 31, 2020.

Raise the Age legislation was enacted with a number of objectives. It aims to reduce crime victimization; provide meaningful opportunity for a life without the stigma of a criminal record for adolescents who turn away from crime; eliminate the disproportionate incarceration of 16- and 17-year-olds of color in adult jails and prisons; reserve the juvenile placement system for only those young people who present a risk to public safety; and create therapeutic out-of-home placement settings for young people who do not present a risk to public safety. This is the first year the County has received this grant.

In order to achieve these objectives, the Monroe County Office of Probation – Community Corrections has developed a Comprehensive Plan that utilizes a combination of increased staff resources, specialized training, and expanded community programs and services.

Implementation of the Comprehensive Plan will reduce the reliance on out-of-home placement, reduce the reliance on detention, reduce the need for family court adjudication, increase the adjustment rate of diversion cases, reduce the rate of probation violations, reduce the rate of long-term recidivism, and arrange for community-based services to improve outcomes for youth.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a \$3,774,111 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Criminal Justice Services, for the Raise the Age Legislation, for the period of January 1, 2019 through March 31, 2020.

This Federal Fiscal Year 2018 grant provides funds for the law enforcement community to support their terrorism prevention and preparedness efforts. The funds will be used to acquire a new K9 vehicle and train a new K-9 for the Monroe County Sheriff's Office Explosive Detection Canine Team Program. This is the third time the County has received this grant. This year's funding represents the same as last year.

The specific legislative actions required are:

1. Authorize the County Executive, or her designee, to accept a \$50,000 grant from, and to execute a contract and any amendments thereto, with, the New York State Division of Homeland Security and Emergency Services, for the FY2018 Explosive Detection Canine Team Program (Development), for the period of October 1, 2019 through August 31, 2021.

2. Amend the 2019 operating budget of the Office of the Sheriff by appropriating the sum of \$50,000 into general fund 9300, funds center 3803010000, Police Bureau Administration.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This grant is 100% funded by the Federal Department of Homeland Security (administered by the New York State Division of Homeland Security and Emergency Services). No net county support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.
