**Short Environmental Assessment Form
Part 3 Determination of Significance**

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The acceptance of a grant from the Oswego County Soil and Water Conservation District for Water Quality Improvement Project (WQIP) Program in Monroe County by the Monroe County Soil and Water Conservation District will have not have any significant adverse impacts to the environment for the following reasons:

The actions of Monroe County Soil and Water Conservation District are limited to Monroe County Streams that have or will have excessive streambank erosion that impacts water quality. These improvement projects are limited to areas of excessive erosion and are limited in size and scope. Total work conducted throughout Monroe County is expected to be below 2.5 acres, and is primarily performed along the side of streams with planting of vegetation, and with minor work conducted in-stream as necessary. When work is in stream or may impact streams the Monroe County Soil and Water Conservation District applies for a Protection of Waters Permit through the NYS DEC. As part of the application process for this permit, the applicant is required to conduct a project specific environmental review in accordance with the NYS State Environmental Quality Review Act.

Lastly, the work conducted under this program is an environmental benefit that improves the water quality of Monroe County Streams which flow into larger bodies of water such as rivers, streams, Irondequoit Bay, and Lake Ontario. Any negative impacts to water quality are temporary in-duration and ultimately result in a positive impact on water quality long-term. Accordingly, for the above reasons the acceptance of a grant from the Oswego County Soil and Water Conservation District for the Water Quality Improvement Project Program administered by Monroe County Soil and Water Conservation District will not result in significant adverse impacts to the environment.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Monroe County Sheriff's Office

Executive Order #203 Police Reform and Reinvention Plan

Executive Summary

The Monroe County Sheriff's Office (MCSO) recognizes the capacity and significance of the change in culture necessary to respond to the evolution of the communities we serve. When New York State Governor Cuomo issued Executive Order #203, our agency viewed this as an opportunity to validate our high standards and also look for areas of growth to develop new ideas and implementations for the future of policing.

Starting August 2020, the MCSO began a thorough analysis to help identify significant needs and areas for improvement within the agency in order to improve the trust and confidence within the communities we serve. Currently, over thirty policies and procedures are under review and undergoing changes or adjustments. We collaborated with multiple stakeholders during this process, to include community forums, faith based organizations, and community leaders. We received significant community input, over 2,000 community survey responses, and a survey of our current deputies to gather first hand experience on our path forward in response to the current climate of policing.

The result of our collaboration and internal review process has provided us with feedback, which indicates we are not in need of a major overhaul and our department has been in the right direction for several years. However, this process has provided us with an opportunity to place a greater emphasis in five specific areas. These five elements are outlined in the following pages and are the focus of our long-term efforts. Our endeavors are going to be adaptable and will evolve as times change. However, the underlying fundamentals of shared understanding and mutual respect between law enforcement and the public will remain of the utmost importance.

Restoring the relationship between the community and law enforcement is the core mission of our plan. The MCSO anticipates a new beginning to help build the relationship between the public and law enforcement on a fact based dialogue. We will continue to measure our progress and always be open to feedback and opportunities for growth.

I remain committed to working together for solutions; we have been and remain steadfast in building up the community that we love.

-Sheriff Todd K. Baxter

The Plan

During our self-evaluation, the Monroe County Sheriff's Office re-committed our priority to five key areas. These topics are common elements of the "President's Task Force on 21st Century Policing" which served as a foundation for our work on Executive Order #203. We have begun work on identifying and achieving objectives under these five key areas, and will continue our efforts well past the April 1st, 2020 deadline imposed by the Executive Order.

1) TRANSPARENCY AND TRUST WITHIN THE COMMUNITY

Current national and local conversation has law enforcement under question. MCSO already achieves a high standard of transparency, which can increase with the implementation of the four main objectives below. Each objective is designed to become more transparent and open with the community while nurturing trust with the public and our membership.

- * **Sheriff's Website and Phone App** – The Sheriff's Website and App will provide the community with resources (mental health, domestic violence, addiction, poverty, etc.) and allow our agency to share information and statistics of current on-goings with local law enforcement. Having technological communication available to the community will promote transparency and the opportunity for them to give feedback and provide input on their community's needs
- * **Sheriff's Citizen Interaction Committee (SCIC) and Annual Citizen's Survey** – The SCIC is a chance for the community to engage one on one with the Sheriff, Todd K. Baxter, to ask questions, stay informed, and provide input. Along with the SCIC, the MCSO will implement the Annual Citizen's survey, which will allow MCSO to continue seeking feedback about community relations, accountability, and deputy interactions. The SCIC will be given the chance to provide direct input to current topics with the department, reviewing policies, and taking part in a thorough explanation of what the police do every day for the community
- * **Pledge to Continue NYSLEAP Accreditation** – MCSO is currently accredited and has been since 1992 by this independent body. The MCSO plans to continue this high standard of excellence for years to come. This process subjects our agency to a thorough external evaluation to ensure we meet or exceed general expectations of quality in the field. Obtaining accreditation standards ensures appropriate training, promotes public confidence in law enforcement agencies, and increases the effectiveness and efficiency of law enforcement agencies utilizing personnel, equipment, and facilities
- * **Educational Opportunities for the Public** – Deputies and the community would like the MCSO to become more transparent in sharing information with the public. Sharing information about critical incidents and body camera footage from the beginning will help fact based narratives. In addition, MCSO will begin to offer opportunities for ride alongs, participation in reality based training, defensive tactics, and de-escalation techniques to the public so they can provide better input about the role of law enforcement. Providing additional knowledge and education to the public about the role of the police will help support a fact based dialogue when discussing police matters

2) LEADERSHIP AND TRAINING

The MCSO has identified we can achieve significant improvement in regards to training and preparing our deputies and future leaders for the challenges they will face. Our intent is to ensure our membership and leaders exhibit the characteristics the public desires in its police force

- ✦ **Embracing a Guardian Mindset** – MCSO has identified improvement needs to be made for deputies to continue embodying the guardian mindset, placing a greater emphasis on selfless service and compassion in our work. The first step towards this goal will be to implement procedural justice training, called “Principled Policing” through NYS DCJS. This program focuses on the way police interact with the public and is one-step towards ensuring our deputies believe in and represent a guardian mindset. Although a guardian mindset is essential, being capable of operating in a warrior mode is as critical so deputies can perform during high risk, lifesaving operations such as active shooter events
- ✦ **Multi-Cultural Training** – MCSO will expand on educating our deputies about diversity in the various communities we police. For example, engaging with people who have developmental disabilities such as autism, African American history and culture, marginalized communities such as Deaf and Hard of Hearing, LGBTQI, and immigrant communities, etc. MCSO will offer thorough and transformative diversity training on a yearly basis to help our deputies better engage and provide services to a multicultural society
- ✦ **Preparing our Future Leaders** – MCSO is currently researching opportunities for a more formal, external leadership program that better prepares and supports our leaders to be able to handle today’s complex issues. The program’s key focus’ would be effective communication, human relations, and our role in the community

3) INSTILL A VALUES BASED CULTURE

In order to break down organizational silos, MCSO has completely redesigned and implemented a new values based culture to build upon our professional, inclusive, and dignity based workplace amongst all of our bureaus (Police, Jail, Civil and Court). MCSO commits to securing a safe and prosperous community and cultivating the trust and respect of all those we serve by providing exemplary law enforcement services that reflect our core values of respect, integrity, teamwork and excellence

- ✦ **Creation and implementation of a new evaluation format** – A new performance evaluation is currently under development for the upcoming year. The efforts to reformat and reconstruct our evaluation design will help change the trajectory of an employee’s career, set expectations, and highlight positive performances. Sergeant level and above will perform 360 evaluations to focus on core competencies and developmental opportunities
- ✦ **Changes to the promotional process** – Currently, NYS Civil Service testing dictates the next leaders in our organization. With additional standards added to our promotional process, we can promote individuals based on desired traits and not just a test score. During the promotional process, a member will submit along with their NYS Civil Service Assessments, a 360-degree feedback form from their subordinates (if applicable), peers, supervisors, and a self-evaluation. The process will begin to build trust, performance, and productivity amongst the staff.

- ✦ **Building an Inclusive Workplace** – Recruitment efforts to attract, and retain exceptionally qualified and diverse applicants, to include, but not limited to, diversity of thought, experience, ethnicity, age, gender, race, abilities, and sexual orientation are at the forefront of our staffing efforts. Creating a diverse workforce is necessary in the steps to effective police reform. Our recruiting teams will continue their efforts in retaining diverse applicants and candidates to promote different talents, and bring different perspectives to our department
- ✦ **Evidenced Based Policing for Transparency and Service** – In 2021 an independent labor study will be conducted at the MCSO to analyze data, and research on all bureaus of the department to provide the best possible police service to our communities. The study will identify statistics on call volume, identification of the types of calls, staffing, deployment of resources, etc. The goal of this effort is to determine appropriate staffing and deployment methods of what works and what does not. Conducting a study such as this will promote trust and legitimacy within the community. The MCSO is also working with Measures for Justice, an independent third party whom analyzes county data including bail, incarceration, police data, racial ethnic disparities, age, race, and offense types, etc. to provide information for discussion on decisions made for the future

4) COMMUNITY ENGAGEMENT

As we made our way through this review process, the communities we serve and our own members have made it clear; in order to build positive and trusting relationships between the public and our deputies, we must continue to expand our community engagement efforts and search for new and innovative opportunities. The following objectives have been collected from our community forums, community engagement survey, and conversations with the public

- ✦ **Steps with Deps** – MCSO will schedule dates where several deputies, supervisors and/or command staff can walk the neighborhood to talk with the people who live there. Engaging with the public in a positive light and having non-emergency engagement will start to develop relationships and trust with community members
- ✦ **Big's in Blue** – Big's in Blue is a one to one mentoring program which would connect MCSO Deputies with local school aged youth. The goal of this program is to begin building relationships and trust between the youth and law enforcement. Creating strong bonds between law enforcement and the youth will begin to bridge the gap between the police and our younger population
- ✦ **Open Houses / Community Fairs** – Community outreach events have been a consistent trend among the requests in our reform plan. These events will allow the Monroe County Sheriff's Office to display what they offer and allow the public to interact with deputies first hand. Open houses will provide the community an opportunity to communicate with deputies whom patrol their area, ask questions, and gain explanation of specialized units in the department
- ✦ **Building Youthful Relationships** – In addition to the latter efforts, the MCSO plans to redesign our community engagement efforts and expand our community liaison program, specifically towards the youth. This will be accomplished by dedicating personnel and resources to building positive and healthy relationships with the youth

5) CRISIS INTERVENTION SUPPORT

MCSO has identified a significant need for a better-structured mental health support system for both responding deputies and the public. There are currently multiple successful examples of programs that provide such support, such as the Officer Wellness Program and the Monroe County Forensic Intervention Team. We will pledge to continue to support and embrace these programs while searching for additional opportunities to expand their reach

- * **Interdepartmental Mentoring Programs** – New deputy recruits will receive an interdepartmental mentor to set the standard for professional growth and performance from the beginning. Recognizing the importance of demonstrating those characteristics from the start will show what the MCSO desires our members to exhibit.
- * **Professional Support for Deputies Post Critical Incident** – Currently, there is no consistency with services available for deputies after critical incidents. MCSO does provide a peer support program and takes part in the Officer Assistance Program, yet still there are significant voids in opportunities to help our members deal with the significant and often daily stressors of the job. The MCSO pledges to devote critical resources (time and money) in order to expand the quality of care offered and the ability to reach every member in need. This will require significant external support from qualified professionals who are familiar with law enforcement

* **Multi-discipline Response**

- The FIT (Forensic Intervention Team) team has had a significantly positive impact on the relationship between individuals in crisis and law enforcement. MCSO will continue to support this effort with conversations to expand services, hours, and staffing
- The MCSO is currently collaborating with Roberts Wesleyan College to research a collaborative effort of social work, psychology and law enforcement in efforts to responding to a person in crisis. Two follow on long-term goals are to provide educational opportunities that prepare service professionals for work alongside law enforcement, as well as create a law enforcement certificate program for deputies and officers that wish to pursue advance training in mental health

Conclusion

Throughout this review process, the MCSO has collaborated with several community groups and key stakeholders, including our deputies, who have helped us evaluate and identify opportunities for growth. As an agency, we are extremely proud of the progress and achievements we have accomplished over the years, and those yet to come. Our law enforcement accreditation success since 1992 is a testament to the commitment and hard work of our deputies and civilian staff. We will always be open to honest conversations regarding new opportunities as we strive to achieve the highest level of mutual trust and respect within our communities

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the repair and replacement of the culvert located at the property. and does not include the physical alteration nor disturbance of the property. Although Part 1 of the EAF indicates wetlands exist in the area, according to a review of state and federal wetland maps, no wetlands are near the project site. Therefore, no wetlands will be impacted or encroached upon with this project and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies.

The proposed site or adjoining area also were the subject of remediation for hazardous waste. The proposed action does not include physical alteration of the site nor disturbance of the property. It has been determined that no significant adverse environmental impacts from this action will occur.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLVED, by the County Legislature of the County of Monroe, New York, as follows:

Section 1. For the object or purpose of refunding the outstanding principal balance of the Refunded Bonds as more fully set forth in the Refunding Financial Plan (hereinafter defined), including providing moneys which, together with the interest earned from the investment of certain of the proceeds of the refunding bonds herein authorized, shall be sufficient to pay (i) the principal amount of such Refunded Bonds, (ii) the aggregate amount of unmatured interest payable on such Refunded Bonds to and including the date on which the Refunded Bonds which are callable are to be called prior to their respective maturities in

accordance with the refunding financial plan, as hereinafter defined, (iii) the costs and expenses incidental to the issuance of the refunding bonds herein authorized, including the development of the refunding financial plan, as hereinafter defined, compensation to the underwriter or underwriters, as hereinafter defined, costs and expenses of executing and performing the terms and conditions of the escrow contract or contracts, as hereinafter defined, and fees and charges of the escrow holder or holders, as hereinafter mentioned, and (iv) the premium or premiums for a policy or policies of municipal bond insurance or cost or costs of other credit enhancement facility or facilities, for the refunding bonds herein authorized, or any portion thereof, there are hereby authorized to be issued not exceeding \$38,000,000 refunding serial bonds of the County pursuant to the provisions of Section 90.10 of the Local Finance Law (the "Refunding Bonds"), it being anticipated that the amount of Refunding Bonds actually to be issued will be approximately \$37,365,000, as provided in Section 4 hereof. The Refunding Bonds described herein are hereby authorized to be consolidated for purposes of sale in one or more refunding serial bond issues. The Refunding Bonds shall each be designated substantially "PUBLIC IMPROVEMENT REFUNDING (SERIAL) BOND" together with such series designation and year as is appropriate on the date of sale thereof, shall be of the denomination of \$5,000 or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity, shall be numbered with the prefix R-21 (or R with the last two digits of the year in which the Refunding Bonds are issued as appropriate) followed by a dash and then from 1 upward, shall be dated on such dates, and shall mature annually on such dates in such years, bearing interest semi-annually on such dates, at the rate or rates of interest per annum, as may be necessary to sell the same, all as shall be determined by the Director of Finance - Chief Financial Officer pursuant to Section 4 hereof. It is hereby further determined that (a) such Refunding Bonds may be issued in series, (b) such Refunding Bonds may be sold at a discount in the manner authorized by paragraph a of Section 57.00 of the Local Finance Law pursuant to subdivision 2 of paragraph f of Section 90.10 of the Local Finance Law, and (c) such Refunding Bonds may be issued as a single consolidated issue. It is hereby further determined that such Refunding Bonds may be issued to refund all, or any portion of, the Refunded Bonds, subject to the limitation hereinafter described in Section 10 hereof relating to approval by the State Comptroller.

Section 2. The Refunding Bonds may be subject to redemption prior to maturity upon such terms as the Director of Finance - Chief Financial Officer shall prescribe, which terms shall be in compliance with the requirements of Section 53.00 (b) of the Local Finance Law. If less than all of the Refunding Bonds of any maturity are to be redeemed, the particular refunding bonds of such maturity to be redeemed shall be selected by the County by lot in any customary manner of selection as determined by the Director of Finance - Chief Financial Officer. Notice of such call for redemption shall be given by mailing such notice to the registered owners not less than thirty (30) days prior to such date. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable, together with interest to such redemption date, and interest shall cease to be paid thereon after such redemption date.

The Refunding Bonds shall be issued in registered form and shall not be registrable to bearer or convertible into bearer coupon form. In the event said Refunding Bonds are issued in non-certificated form, such bonds, when issued, shall be initially issued in registered form in denominations such that one bond shall be issued for each maturity of bonds and shall be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the bonds in accordance with the Book-Entry-Only system of DTC. In the event that either DTC shall discontinue the Book-Entry-Only system or the County shall terminate its participation in such Book-Entry-Only system, such bonds shall thereafter be issued in certificated form of the denomination of \$5,000 each or any integral multiple thereof (except for any odd denominations, if necessary) not exceeding the principal amount of each respective maturity. In the case of non-certificated Refunding Bonds, principal of and interest on the bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to DTC, or to its nominee, Cede & Co., while the bonds are registered in the name of Cede & Co. in accordance with such Book-Entry-Only System. Principal shall only be payable upon surrender of the bonds at the principal corporate trust office of such Fiscal Agent (or at the office of the Director of Finance - Chief Financial Officer as Fiscal Agent as hereinafter provided).

In the event said Refunding Bonds are issued in certificated form, principal of and interest on the Refunding Bonds shall be payable by check or draft mailed by the Fiscal Agent (as hereinafter defined) to the registered owners of the Refunding Bonds as shown on the registration books of the County maintained by the Fiscal Agent (as hereinafter defined), as of the close of business on the fifteenth day of the calendar month or last day of the calendar month preceding each interest payment date as appropriate and as provided in a certificate of the Director of Finance - Chief Financial Officer providing for the details of the Refunding Bonds. Principal shall only be payable upon surrender of bonds at the principal corporate trust office of a bank or trust company or banks or trust companies located or authorized to do business in the State of New York, as shall hereafter be designated by the Director of Finance - Chief Financial Officer as fiscal agent of the County for the Refunding Bonds (collectively the "Fiscal Agent").

Refunding Bonds in certificated form may be transferred or exchanged at any time prior to maturity at the principal corporate trust office of the Fiscal Agent for bonds of the same maturity of any authorized denomination or denominations in the same aggregate principal amount.

Principal and interest on the Refunding Bonds will be payable in lawful money of the United States of America.

The Director of Finance - Chief Financial Officer, as chief fiscal officer of the County, is hereby authorized and directed to enter into an agreement or agreements containing such terms and conditions as he shall deem proper with the Fiscal Agent, for the purpose of having such bank or trust company or banks or trust companies act, in connection with the Refunding Bonds, as the Fiscal Agent for said County, to perform the services described in Section 70.00 of the Local Finance Law, and to execute such agreement or agreements on behalf of the County, regardless of whether the Refunding Bonds are initially issued in certificated or non-certificated form; provided, however, that the Director of Finance - Chief Financial Officer is also hereby authorized to name the Director of Finance - Chief Financial Officer as the Fiscal Agent in connection with the Refunding Bonds if said Refunding Bonds are issued in non-certificated form.

The Director of Finance - Chief Financial Officer is hereby further delegated all powers of this County Legislature with respect to agreements for credit enhancement, derived from and pursuant to Section 168.00

of the Local Finance Law, for said Refunding Bonds, including, but not limited to the determination of the provider of such credit enhancement facility or facilities and the terms and contents of any agreement or agreements related thereto.

The Refunding Bonds shall be executed in the name of the County by the manual or facsimile signature of the Director of Finance - Chief Financial Officer, and its corporate seal shall be imprinted thereon. In the event of facsimile signature, the Refunding Bonds shall be authenticated by the manual signature of an authorized officer or employee of the Fiscal Agent. The Refunding Bonds shall contain the recital required by subdivision 4 of paragraph j of Section 90.10 of the Local Finance Law and the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Director of Finance - Chief Financial Officer shall determine. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of the Refunding Bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the Fiscal Agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the Fiscal Agent.

Section 3. It is hereby determined that:

- (a) the maximum amount of the Refunding Bonds authorized to be issued pursuant to this resolution does not exceed the limitation imposed by subdivision 1 of paragraph b of Section 90.10 of the Local Finance Law;
- (b) the maximum period of probable usefulness permitted by law at the time of the issuance of the Refunded Bonds for each object or purpose for which such Refunded Bonds were issued is as specified in the Bond Determinations Certificate which is incorporated herein by reference;
- (c) the last installment of the Refunding Bonds will mature not later than the expiration of the respective period of probable usefulness of the objects or purposes for which said Refunded Bonds were issued in accordance with the provisions of paragraph c of Section 90.10 of the Local Finance Law;

(d) the estimated present value of the total debt service savings anticipated as a result of the issuance of the Refunding Bonds, computed in accordance with the provisions of subdivision 2 of paragraph b of Section 90.10 of the Local Finance Law, with regard to the Refunded Bonds is as shown in the Refunding Financial Plan described in Section 4 hereof.

Section 4. The financial plan for the refunding authorized by this resolution (the "Refunding Financial Plan"), showing the sources and amounts of all moneys required to accomplish such refunding, the estimated present value of the total debt service savings and the basis for the computation of the aforesaid estimated present value of total debt service savings, are set forth in Exhibit A attached hereto and made a part of this resolution. The Refunding Financial Plan has been prepared based upon the assumption that the Refunding Bonds will be issued in one series, and that the Refunding Bonds will mature, be of such terms, and bear interest as set forth on Exhibit A attached hereto and made a part of this resolution. This County Legislature recognizes that the Refunding Bonds may be issued in one or more series, and for only portions thereof, that the amount of the Refunding Bonds, maturities, terms, and interest rate or rates borne by the Refunding Bonds to be issued by the County will most probably be different from such assumptions and that the Refunding Financial Plan will also most probably be different from that attached hereto as Exhibit A. The Director of Finance - Chief Financial Officer is hereby authorized and directed to determine the amount of the Refunding Bonds to be issued, the date or dates of such bonds and the date or dates of issue, maturities and terms thereof, the provisions relating to the redemption of Refunding Bonds prior to maturity, whether the Refunding Bonds will be insured by a policy or policies of municipal bond insurance or otherwise enhanced by a credit enhancement facility or facilities, whether the Refunding Bonds shall be sold at a discount in the manner authorized by paragraph e of Section 57.00 of the Local Finance Law, and the rate or rates of interest to be borne thereby, whether the Refunding Bonds shall be issued having substantially level or declining annual debt service and all matters related thereto, and to prepare, or cause to be provided, a final Refunding Financial Plan for the Refunding Bonds and all powers in connection therewith are hereby delegated to the Director of Finance - Chief Financial Officer; provided, that the terms of the Refunding Bonds to be issued, including the rate or rates of interest borne thereby, shall comply with the requirements of Section 90.10 of the Local Finance Law.

The Director of Finance - Chief Financial Officer shall file a copy of his certificate determining the details of the Refunding Bonds and the final Refunding Financial Plan with the Clerk of the County Legislature not later than ten (10) days after the delivery of the Refunding Bonds, as herein provided.

Section 5. The Director of Finance - Chief Financial Officer is hereby authorized and directed to enter into an escrow contract or contracts (collectively the "Escrow Contract") with a bank or trust company, or with banks or trust companies, located and authorized to do business in this State as said Director of Finance - Chief Financial Officer shall designate (collectively the "Escrow Holder") for the purpose of having the Escrow Holder act, in connection with the Refunding Bonds, as the escrow holder to perform the services described in Section 90.10 of the Local Finance Law.

Section 6. The faith and credit of said County of Monroe, New York, are hereby irrevocably pledged to the payment of the principal of and interest on the Refunding Bonds as the same become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. There shall be annually levied on all the taxable real property in said County a tax sufficient to pay the principal of and interest on such Refunding Bonds as the same become due and payable.

Section 7. All of the proceeds from the sale of the Refunding Bonds, including the premium, if any, but excluding accrued interest thereon, shall immediately upon receipt thereof be placed in escrow with the Escrow Holder for the Refunded Bonds. Accrued interest on the Refunding Bonds shall be paid to the County to be expended to pay interest on the Refunding Bonds. Such proceeds as are deposited in the escrow deposit fund to be created and established pursuant to the Escrow Contract, whether in the form of cash or investments, or both, inclusive of any interest earned from the investment thereof, shall be irrevocably committed and pledged to the payment of the principal of and interest on the Refunded Bonds in accordance with Section 90.10 of the Local Finance Law, and the holders, from time to time, of the Refunded Bonds shall have a lien upon such moneys held by the Escrow Holder. Such pledge and lien shall become valid and binding upon the issuance of the Refunding Bonds and the moneys and investments held by the Escrow Holder for the Refunded Bonds in the escrow deposit fund shall immediately be subject thereto without any further act.

Such pledge and lien shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the County irrespective of whether such parties have notice thereof.

Section 8. Notwithstanding any other provision of this resolution, so long as any of the Refunding Bonds shall be outstanding, the County shall not use, or permit the use of, any proceeds from the sale of the Refunding Bonds in any manner which would cause the Refunding Bonds to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended, and, to the extent applicable, the Regulations promulgated by the United States Treasury Department thereunder.

Section 9. In accordance with the provisions of Section 53.00 and of paragraph h of Section 90.10 of the Local Finance Law, in the event such bonds are refunded, the County hereby elects to call in and redeem each Refunded Bond which the Director of Finance - Chief Financial Officer shall determine to be refunded at the earliest call date available. The sum to be paid therefor on such redemption date shall be the par value thereof, as provided in the Refunded Bond Certificate, and the accrued interest to such redemption date. The Escrow Holder for the Refunding Bonds is hereby authorized and directed to cause notice of such call for redemption to be given in the name of the County in the manner and within the times provided in the Refunded Bond Certificate. Such notice of redemption shall be in substantially the form attached to the Escrow Contract. Upon the issuance of the Refunding Bonds, the election to call in and redeem the callable Refunded Bonds and the direction to the Escrow Holder to cause notice thereof to be given as provided in this paragraph shall become irrevocable, provided that this paragraph may be amended from time to time as may be necessary in order to comply with the publication requirements of paragraph a of Section 53.00 of the Local Finance Law, or any successor law thereto.

Section 10. The Refunding Bonds shall be sold at public or private sale to such underwriter as may be selected by the Director of Finance - Chief Financial Officer (the "Underwriter") for purchase prices to be determined by the Director of Finance - Chief Financial Officer, plus accrued interest from the date or dates of the Refunding Bonds to the date or dates of the delivery of and payment for the Refunding Bonds, subject to approval by the State Comptroller as required by Section 90.10 of the Local Finance Law, the Director of Finance - Chief Financial Officer, is hereby authorized to execute and deliver a purchase contract for the

Refunding Bonds in the name and on behalf of the County providing the terms and conditions for the sale and delivery of the Refunding Bonds to the Underwriter. After the Refunding Bonds have been duly executed, they shall be delivered by the Director of Finance - Chief Financial Officer to the Underwriter in accordance with said purchase contract upon the receipt by the County of said purchase price, including accrued interest.

Section 11. The Director of Finance - Chief Financial Officer and all other officers, employees and agents of the County are hereby authorized and directed for and on behalf of the County to execute and deliver all certificates and other documents, perform all acts and do all things required or contemplated to be executed, performed or done by this resolution or any document or agreement approved hereby.

Section 12. All other matters pertaining to the terms and issuance of the Refunding Bonds shall be determined by the Director of Finance - Chief Financial Officer and all powers in connection thereof are hereby delegated to the Director of Finance - Chief Financial Officer.

Section 13. The validity of the Refunding Bonds may be contested only if:

1. Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or

2. The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

3. Such obligations are authorized in violation of the provisions of the Constitution.

Section 14. A summary of this resolution, which takes effect immediately, shall be published in excerpted, summary form in a newspaper to be designated for this purpose as the official newspaper of said County, together with a notice in substantially the form provided in Section 81.00 of the Local Finance Law.
