Office of the County Executive

Monroe County, New York

Adam J. Bello
County Executive

May 15, 2022

Hello Friends:

Thank you for reviewing the 2021 STOP DWI Report. As you can see, Monroe County continues its commitment to keeping our roads safe, through aggressive DWI enforcement, prevention, awareness and education. Together, the Monroe County Public Safety Department, Office of Probation, and STOP-DWI collaborate with the Sheriff's Office and other law enforcement agencies to discourage anyone from driving while impaired.

Monroe County Law Enforcement Agencies received approximately \$202,650 from the local STOP-DWI Program in 2021, resulting in 1,462 local DWI arrests. As part of their DWI enhancement enforcement efforts, local law enforcement also participated in several "Crackdown Weekends" in conjunction with the NYS STOP-DWI Foundation, spreading the message to all that driving while impaired will not be tolerated.

Nearly 1000 people attended DWI Victim Impact Panels in 2021, which feature DWI victims addressing an audience of DWI offenders about the traumatic consequences of driving while impaired. These panels are open to the public for educational purposes, and often welcome high school and college students. There is no substitute for hearing directly from those who have been personally impacted by impaired driving incidents - these are some of the most impactful programming offered by the Monroe County STOP DWI effort. In addition, an outgrowth of these panels is the Victim Advocacy Program, which provided almost 65 hours of counseling and support to victims and survivors of DWI in 2021 alone.

Despite all of our progress, this is an issue that requires our constant vigilance and continued focus and effort, to ensure that we continue to have an impact. Each and every driver has the opportunity to make this community a safer and better place by choosing not to drive under the influence of alcohol and other drugs - and by helping your loved ones make safe choices. It is important to remember that we all have a role to play in saving lives. Thank you for your efforts.

Sincerely,

Adam J. Bello
Monroe County Executive

MONROE COUNTY STOP-DWI Program 2021 Overview

Since 1982, the Monroe County STOP-DWI Program has served to educate the community regarding the dangers of impaired driving and provide funding to groups and organizations engaged in activities related to anti-alcohol/other drug-related crashes. STOP-DWI is funded 100% by local fines and fees collected from intoxicated drivers.

Monroe County STOP-DWI offers:

- Anti-impaired driving programs including speakers, videos & interactive traffic safety education activities that can help to replicate an impaired experience
- High school mini-grants to assist with alcohol & other drug-free events (postponed for 2021)
- An annual high school STOP-DWI media contest (postponed for 2021)
- Printed resources with statistical, educational and legal information relevant to DWI
- Exhibits showcasing Victim's stories
- Training for improved enforcement efforts

Monroe County STOP-DWI supports the efforts of:

- Coalition for Crime Victims of Monroe County
- D:FI Drug Free Irondequoit
- Finger Lakes Collegiate Task Force
- Monroe County Office of Traffic Safety
- Prevention Alliance of Monroe County
- Rochester Against Intoxicated Driving (RAID)
- Students Against Destructive Decisions (SADD)
- WHEN: Webster Health Education Network

Monroe County STOP-DWI provides funding to:

- Monroe County Law Enforcement Agencies
- Monroe County Office of Probation and Community Corrections
- Monroe County District Attorney's Office
- Pre-Trial Services Felony DWI Diversion Program and Day Reporting Center

This 2021 report summarizes information regarding the daily efforts of the STOP-DWI Program and centralizes vital statistical data relating to the state of DWI in Monroe County.

I wanted to introduce myself and some of my favorite highlights from 2021. I have been a panelist on our Victim Impact Panel for many years and I'm so happy to be taking my passion for this cause forward in this role as STOP-DWI coordinator.

With this role being new to me, I'm especially grateful for connections I have made with our partners to expand my knowledge. These connections included fellow Advocates for guidance with our victims, county magistrates and clerks to reintroduce our program and

thank them for their part in our mission, our police departments, probation department and DAs office for their guidance on laws and ways we can help further, and pre-trial team, various coalition members and toxicology, office of mental health and addiction services for further expertise on what they're seeing related to DWI in our community.

It was so great to get back out into the community with events. For summer, our team attended national nights out, police open houses, community fairs, sporting events, and more to share with community members and educate on DWI prevention. Once fall hit we were able to get into schools and inform hundreds of teen drivers on making the right choices on the road.

While we didn't hold our annual law enforcement awards luncheon in 2021, we traveled as a department to each agency to ensure the officers were recognized for their hard work. This was a great way to meet so many of the wonderful officers keeping our streets safe! We were very fortunate to continue our Victim Impact Panel Appreciation dinner in November where we presented certificates to 60 volunteers and victims for their help in facilitating our Victim Impact Panels. Everyone was so happy to get back together and connect!

For public notices around the holidays, we were over-delivered around 4.7 million impressions and frequently heard from community members about our message being seen and heard. We also did 6 different interviews about the importance of being safe for the Holidays. As always, we paired this media initiative with our annual motorcade where we had substantially more attendance than the past. It was a great way to show our community how strong support for DWI prevention is. Alongside our events and media in December, the DMV purchased STOP-DWI shirts to help us reach over 800 people per day in the community with messaging to have a safe and sober ride home! It was a well valued partnership!

It has been an incredible first year as STOP-DWI coordinator and I am very much looking forward to what the future has in store.

Sincerely,

Lindsay Tomidy
Monroe County STOP-DWI Coordinator

MONROE COUNTY STOP-DWI Program 2021 Public Information & Education

STOP-DWI Law Enforcement Awards:

Our staff hit the road to present our law enforcement awards to each agency individually. Three police departments received awards for their DWI efforts: Gates Police Dept., Webster Police Dept. and NYS Police. The STOP-DWI “Top Cop” was awarded to Officer Jason Lathrop, Rochester Police Department. Sixteen officers were chosen by their departments to receive awards for their outstanding efforts. The awards are intended to keep the officers motivated to focus on the problem of impaired driving in our community and show our appreciation for their partnerships. Outside of Law Enforcement, we also offered a certificate of appreciation to RTS for their help with our VIP Drive In events.

RPD Awards with Top Cop

Webster PD Awards

Gates PD Awards

Brockport PD Awards

NYS State Police Awards

RTS Certificate of Appreciation

Education Programs:

In 2021, our staff attended 10 different national nights out, police open houses, community fairs, farmers markets, sporting events, and more with a table of information and engagement. We connected with over 3,000 community members this way. Once fall hit we were able to get back into schools to educate teen drivers. We did 12 different programs with the majority being driver's education and health classes. These events were able to reach around 350 students from September through December.

Brighton Farmers Market

Irondequoit National Night Out

Project TIPS

Red Wings STOP-DWI Night

Our Partners at the Red Wings Game with Uncle Phil!

Northwest Neighborhoods National Night Out

Awareness Items:

STOP-DWI distributed over 4,500 anti-impaired driving literature items and promotional items within the community.

Victim Impact Panel (VIP) Appreciation Dinner:

Sixty people attended the STOP-DWI-hosted VIP volunteer dinner at Nucci's Italian Steakhouse on November 16. We were fortunate to be able to once again show our gratitude to volunteers for their support and victims for their willingness to share their personal experiences. Thirty certificates of appreciation were presented to everyone who makes the Victim Impact Panel possible.

Our Probation Partners

Our Monroe County Sheriff Partners

Our Rochester Police Dept. Partners

Our Wonderful STOP-DWI Staff!

Social Media:

In 2021, the STOP-DWI Program received a variety of media coverage including our Department of Public Safety's Twitter account. This included events such as community events, award presentations, High Visibility Engagement weekends and our own motorcade and appreciation dinner. This coverage gained many new followers to our mission and work, helping us raise awareness to prevent impaired driving crashes and save lives.

"Lights on for Life" Motorcade:

The annual motorcade was held December 4 with representatives from 10 law enforcement agencies, the DAs office, MC Public Safety and Probation, Bartolomeo Funeral Home, AMR, two fire departments, many of our Victim Panelists and more.

Some of our Law Enforcement Partners

Department of Public Safety and Probation

Holiday Impaired Driving Awareness Campaign:

In preparation for the holidays and National Drunk/Drugged Driving Month in December, our program paid to have messages aired on WHEC, WHAM, Audacy and Cable. Our goal was 1.5 million media impressions within the community around the holidays and we leveraged our investment to triple the delivered impressions. Our team did 6 different media interviews about the importance of being safe for the Holidays. We were also honored with a proclamation from the Town of Brighton for National Impaired Driving month. Our colleagues at the DMV purchased STOP-DWI shirts for staff in December to reach over 800 people per day about having a safe plan to get home.

National Impaired Driving Month Proclamation

DMV support amongst their holiday spirit!

**We would like to congratulate Peggy Duffy and Ginny Verhagen for their retirements in 2021!
Peggy had 23 years of service and Ginny had 34 years of service with Monroe County!
Their work continues to be invaluable to the STOP-DWI program and we are eternally grateful
for their guidance over the years to make our streets safer!**

MONROE COUNTY STOP-DWI Program 2021 DWI Victim Impact Panel

The Monroe County DWI Victim Impact Panel (VIP) consists of three or four DWI victims addressing an audience of DWI offenders about the impaired driving crashes in which they experienced injury or a loved one was killed. A law enforcement officer may also serve as a panelist alongside the victims. The goal of the panel is to deliver a message to raise awareness of the ripple effect of impaired driving with the intent to save lives. This does not replace conventional sentencing but supplements it. The VIP is financially self-sufficient with fees collected which are allocated to the VIP Victim Advocate, Victim Honorarium, staff, Law Enforcement, equipment, and other supporting expenses.

The first DWI Victim Impact Panel was held in Monroe County in January 1992. The Panel is offered as a sentencing tool for all DWAI and DWI offenders and is open to the general public for educational purposes.

YEAR	2015	2016	2017	2018	2019	2020	2021	Cumulative Total*
Attended	1,881	2,737	1,687	1,615	1,719	850	964	46,467
Guests	181	256	322	156	247	90	230	7,638

* Total is cumulative since 1992.

DWI VICTIM IMPACT PANEL (VIP) VICTIM ADVOCACY PROGRAM

In 2021, the victim advocate attended 5 panels providing 15 hours of counseling to victims and survivors of DWI. The Victim Advocate also provided 40 hours of victim support services including:

- Providing Outreach to DWI victims and informing them of resources and events offered in the community such as Lights on for Life Motorcade and STOP DWI Night at Frontier Field.
- Coordinating and scheduling speakers.
- Providing on-site counseling support to victim speakers.

LAW ENFORCEMENT

According to New York State Law, an individual is Driving While Ability Impaired (DWAI) if his/her Blood Alcohol Concentration (BAC) is between .05 and .07. They are considered Driving While Intoxicated (DWI) if their BAC is .08 or higher. They are considered Aggravated DWI if their BAC is .18 or higher. They are considered Driving While Ability Impaired by Drugs (DWAI-D) if the driver is impaired by drugs.

In 2021, Monroe County DWI/DWAI arrests totaled 1,462 which is a decrease from the 1,584 arrests made in 2020.

Monroe County Law Enforcement Agencies received a sum of \$202,650 from the STOP-DWI Program in 2021 for use in their DWI enhancement enforcement efforts.

Monroe County STOP-DWI Program also received a grant in the amount of \$27,847 for Crackdown Weekends (now considered High Visibility Engagement Campaigns) from the NYS STOP-DWI Foundation. This is a pass-through grant from the NYS Governor's Traffic Safety Committee (GTSC) awarded from the National Highway Traffic Safety Administration (NHTSA). Monroe County received funding which supported efforts during Memorial Day, 4th of July, and Labor Day.

OFFICE OF PROBATION – **COMMUNITY CORRECTIONS**

The Monroe County Office of Probation -- Community Corrections received \$67,550 from STOP-DWI in 2021 to support services of two high risk DWI units. During 2021, these units supervised on average 730 high risk offenders at any given point during the year.

The DWI Felony units are comprised of eight Probation Officers who supervise offenders, two Officers who prepare DWI Pre-Sentence Investigations and two Senior Probation Officers who supervise offenders and have additional DWI related duties. Probation Officers assigned to these units maintain specialized caseloads in order to provide enhanced supervision. Officers in these units routinely surveil probationers to ensure that they are not driving without a valid license and/or without an ignition interlock device installed. Additionally, these Officers conduct unscheduled field visits and establish more frequent contact with probationers, their family members and treatment providers. Officers closely monitor a probationer's progress in treatment which is coupled with routine testing for the use of drugs or alcohol. On a quarterly basis, Officers check DMV records of DWI offenders to ensure they have not registered new vehicles without installing an ignition interlock device.

Of the two Senior Officers assigned to these units, one is the liaison to STOP-DWI. STOP-DWI funds 25% of this Officer's salary. This Officer provides assistance to STOP-DWI in the coordination of routine Victim Impact Panels. Duties include obtaining volunteers to work at the Victim Impact Panel. Volunteers provide assistance at the registration tables and collect payments for the panel. Volunteers also have offenders randomly submit to Alco-sensor tests prior to being admitted. The Officer helps in securing the location used for the panels and the dates that the panels will be held. At the end of the year, this Officer provides information needed for financial reimbursement to STOP DWI. This Officer is also responsible for organizing DWI Surveillance details and maintaining statistics related to these details. This Officer records information related to the results of routine home visits such as the number of individuals who produce positive alcohol readings and the number of probationers who are found operating a motor vehicle without a valid driver's license and/or without an Ignition Interlock installed. In 2021, DWI Officers conducted 2,461 home visits and established contact with probationers on 1,332 of those visits. On 40 occasions, probationers had positive blood alcohol contents. Officers also received collateral information about the probationers during 583 visits.

The second Senior Probation Officer is the assigned Ignition Interlock Monitor for probation. On a daily basis, this Officer is required to review violation events from Ignition Interlock providers. Violations include, but are not limited to, breath tests resulting in a blood alcohol content reading, tampers and circumventions. This Officer ensures that the assigned supervision officer receives information related to the negative event so that the probationer can be immediately held accountable for their behavior. Violation events require that the assigned supervision officer notify the court of jurisdiction within five business days so that the behavior can properly addressed.

This Officer assists in the preparation of quarterly reports for the State of New York regarding the number of offenders who are required to install the Ignition Interlock Device.

Overall the Office of Probation supervised a total of 1,295 DWI offenders (1,348 cases) during 2021. This includes supervision of misdemeanor DWI offenders, offenders convicted of Vehicular Assault, Vehicular Manslaughter, Leaving the Scene of an Accident in which an Injury Resulted in Death, and numerous offenders convicted of Aggravated Unlicensed Operator.

In 2021 this Office monitored a total of 323 offenders that were using Ignition Interlock Devices (113 probationers and 210 conditional discharge offenders).

In 2021 the Office of Probation collected a total of \$335,476.07 in DWI fines.

Offenders Supervised by Felony DWI Team

Fines Collected in Thousands of Dollars

PROBATION MONITORING

Probation Officers frequently conduct monitoring of DWI offenders to ensure compliance with the conditions of probation. DWI Surveillance Details are assembled to target offenders deemed at risk for repeated offenses. The Details were conducted with the goal of enforcing conditions of probation prohibiting unlicensed operation of a motor vehicle and the consumption of alcohol. In 2021, four DWI Details conducted monitoring of 123 offenders.

During office visits, Probation Officers utilized security camera technology or conducted walking monitoring of probationers to see if they have driven to the building. Additionally, probationers are monitored at their homes, jobs, and other locations in the community during the day and night, weekdays and weekends. In total, 2 probationers were found to be driving without a license during these various monitoring details in 2021.

Alco-sensor tests enable officers to confirm the absence or presence of alcohol and, if appropriate, to quickly intervene through either a Violation of Probation and/or suitable treatment alternatives. Urine-screen tests are also conducted in the office to detect the use of alcohol, marijuana, cocaine, amphetamines, benzodiazepines, and morphine-based drugs. Early detection and expedient intervention further protect the community and enhance public safety.

The Office of Probation and Community Corrections is committed to continuing monitoring of high-risk probationers convicted of DWI offenses. The Office remains highly motivated to pursue the mission of ensuring public safety through vigorous supervision of sentenced offenders, particularly those sentenced to probation for DWI offenses.

MONROE COUNTY DISTRICT ATTORNEY
DRIVING WHILE INTOXICATED FELONIES

	2021	2020	2019	2018	2017
Felony Arrests*	459	666	961	1,042	1,085
Pre-Trial Diversions	72	169	127	134	123

Trials	10	6	10	21	27
Trial Convictions	10	6	9	18	25
Superior Court Pleas	297	428	409	395	406
Total Superior Court Convictions	286	223	418	413	431

*Source: Monroe County District Attorney’s Office. This figure includes AUO 1st cases in which the defendant may not have also been charged with a DWI offense.

Felony Case Activity for 2021 was categorized by the District Attorney's Office as follows:

- 459 Felony Arrests
- 72 Felony cases accepted by Pre-Trial Diversion Program
- 387 Cases kept for felony review
- 243 Misdemeanor Dispositions [Includes plea offers made on felony cases after successful participation in Pre-Trial Diversion Program, as well as misdemeanors due to no prior felony conviction]
- 48 Pre-Trial Favorable Termination [Number of defendants successfully completing the Pre-Trial-Diversion Program during the year. Includes carryover from 2020]

All figures significantly impacted by the ongoing COVID-19 pandemic and resultant limited court activity.

PRE-TRIAL SERVICES CORPORATION
PRE-TRIAL FELONY DWI DIVERSION

Felony DWI Diversion is a deferred prosecution program whereby all criminal proceedings are delayed while the client engages in a planned treatment program. The client is monitored in the treatment program over a six- to eight-month period. Participation is voluntary and clients must agree to immediately surrender their driver's license upon entering the program and pay a program fee. Clients are screened through the District Attorney's DWI Bureau before referral to the Diversion program.

Successful completion of Felony DWI Diversion is based on the client's ability to demonstrate significant attitudinal and behavioral change, and results in an offer to plead to a misdemeanor in satisfaction of the felony charge. If the client fails to follow through on the treatment plan and the Diversion contract requirements, the case is returned to court for prosecution. Diversion is offered only once.

Pre-Trial Felony DWI Diversion received \$31,867 in STOP-DWI funds in 2021. Seventy two cases were seen for intake in 2021. 48 cases or 90.7% of all terminations were closed successfully in the year.

Pre-Trial Services is committed to providing effective intervention with multiple DWI offenders and will continue to measure the long-term outcomes for the Felony DWI Diversion Program.

DRIVING UNDER THE INFLUENCE (FORMERLY WEEKEND)

Structured to provide a sentencing option for those convicted of DWI, the DUTI program offers an intervention-focused approach. Those sentenced to this program attend structured classes from Tuesday through Wednesday evenings, addressing important issues such as alcohol abuse, personal responsibility and reducing risk-taking behaviors. Judges sentence offenders for a specific number of weeks. Clients are required pay a program fee. Both attendance and client progress are monitored closely by the staff and reported back to the court.

During 2021, 102 clients were sentenced to the program. Of those who completed within the year, 88.4% did so successfully. The average number of weeks spent in the program was 5.99.

STOP-DWI funds supplied \$35,683 to support this sentencing option in 2021.

2021 Preliminary Data

2021 MONROE COUNTY MOTOR VEHICLE FATALITIES

There were a total of 56 Traffic Fatalities in Monroe County during 2021 with sixteen, or 29% being alcohol or other drug-related. In order to determine alcohol/other drug involvement, one or more of the following DMV guidelines was utilized:

- Alcohol/other drugs were listed as a contributing factor on the police report
- A summons was issued for drinking and driving, and/or other drugs
- A driver, pedestrian, or bicyclist fatality was found to have alcohol or other drugs present.

MONROE COUNTY MOTOR VEHICLE FATALITIES
