Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Monroe County's Annual Action Plan (Plan) goals are administered utilizing CDBG, HOME, and ESG funds made available by the United States Department of Housing and Urban Development (HUD) and is a framework to carry out HUD programs and projects. 2024 is the fifth year of the 2020-24 Five-Year Consolidated Plan and marks the forty-ninth year that Monroe County has received an allocation from the Community Development Block Grant (CDBG) program, the thirty-third year for Home Investment Partnerships Program (HOME), and it also marks the eighteenth year with the Emergency Solutions Grants (ESG) program. Combined, these program funds channel more than three million dollars annually through the Department of Planning and Development, Community Development division, for suburban towns and villages that comprise Monroe County's consortium in support of housing, public works, economic development, and community services programs that primarily benefit low- to moderate-income households, seniors, and persons with special needs. This Plan addresses both projects funded on an annual basis and new program initiatives that focuses on accomplishing the following primary program goals and objectives:

- Develop affordable and accessible housing and home ownership opportunities for all low- to moderate- income residents, with a priority focus on expanding housing opportunities in the towns and villages that do not currently provide affordable units that have been financed, in part, through the CDBG and/or HOME programs
- Repair and conserve existing housing stock
- Improve essential infrastructure in low- to moderate- income areas
- Provide job training and economic development for low- and moderate- income persons and persons with special needs
- Provide essential public services, particularly those that promote home ownership, fair housing, and housing stability
- Revitalize deteriorated neighborhoods.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Monroe County's mission for the 2024-25 program year is informed by the Needs Assessment of Monroe County's 2020-2024 Strategic Plan in promoting community development, in addition to Monroe County's Analysis of Impediments to Fair Housing Choice (2020) (AI) in order to accomplish the following primary program goals and objectives during the 2024-2025 program year:

a) Develop affordable and accessible rental and home ownership opportunities for all low- to moderate-income residents with a priority focus on the development of housing in towns and villages- that do not currently provide affordable units that have been financed, in part, through the County's CDBG and/or HOME Program; b) Repair and conserve existing housing stock; c) Increase energy efficiency of existing housing stock; d) Improve access to and the quality of public facilities; e) Provide essential infrastructure in low- to moderate- income areas; f) Provide job training and economic development opportunities for low- to moderate- income persons and person with special needs; g) Provide essential public services, particularly those that promote home ownership, fair housing and housing stability; h) Revitalize deteriorated neighborhoods.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Within suburban Monroe County, we are able to demonstrate that projects funded with CDBG, HOME, and ESG grants have had a positive effect on the individuals and communities served. These projects were carried out to meet our primary program goals and objectives in housing, economic development, community services, and public works/facilities improvement projects. Monroe County prepares a Consolidated Annual Performance Evaluation Report (CAPER) for submission to HUD within ninety (90) days of the end of each program year. The Home Improvement Program (HIP) annually helps between 60 to 70 low- to moderate- income homeowners make necessary home repairs. The repairs made under the HIP allow homeowners to make essential repairs that allow them to stay in their homes. This program is all the more critical in our community due to the lack of available housing stock/options for relocation as well as the continuous rising cost of construction/construction materials. Neighborhood and utility improvements are a high priority for Monroe County because of their importance in preserving neighborhoods. A large number of communities throughout suburban Monroe County have deteriorated infrastructure due to age. Monroe County uses CDBG funding to improve roads, sidewalks, and sewers in low- to moderate- income neighborhoods. This funding helps local governments undertake projects they would not otherwise be able to do because of funding limitations. Public services projects and programs have been essential in maintaining safe and affordable housing for the community and providing services that benefit underserved populations including seniors and those with special needs.

Monroe County has continued to monitor housing and economic metrics relating to potential impediments to fair housing choice that were identified in the 2020 Analysis of Impediments to Fair Housing Choice (AI). Between 2018 (the data available at the time of the AI development) and 2022, the overall poverty rate in suburban Monroe County has declined to 9.6%. When comparing 2016 to 2021 poverty rates by municipality, Monroe County has observed that there has been a growth in rural poverty in Brockport, Scottsville, Hamlin, and Hilton. The percentage of the population living in poverty has decreased in Henrietta, Greece, and Spencerport. Monroe County has observed that suburban

Monroe County has a 7.9% poverty rate among children living in suburban Monroe County, and an 8.9% poverty rate among community members above the age of 65.

Additional statistics that Monroe County has been monitoring since the 2020 AI includes the unemployment rate across Monroe County. The most recent (2022) data available from the American Community Survey compared to the 2018 American Community Survey data used for the AI shows that the unemployment rate in Monroe County has gone from 6% to 5.3% during this time.

Monroe County has acted on recommendations from its Analysis of Impediments in its partnerships and support of local senior and special needs populations. This includes utilizing Community Development Block Grant funding to provide more than 400 senior households with minor home repairs and installation of fall safety features through our partnership with LifeSpan.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

For the 2024 program year, Monroe County held three (3) public hearings annually at convenient, fully accessible locations. Monroe County held a hybrid in-person/virtual public meeting in January to inform and announce the opening of the 2024-25 application round, which was attended by 7 individuals in person and 21 individuals virtually. The Steering Committee meeting, which is comprised of town and village officials who are members of the County's Consortium and funded agencies, was held immediately following the public hearing and attended by 27 individuals both virtually and in-person. Meetings are fully accessible with bilingual and/or sign language interpreters and other accommodations provided upon request to interpret policies and program requirements.

Monroe County held two (2) public hearings in May. One was held on May 2, 2024 @ 9:45a with the Steering Committee @ 10:00a, which was also held in-person and via Zoom. 7 individuals attended the public hearing and 6 participants attended the Steering Committee meeting. A 3rd public hearing is scheduled for May 14th @ 6:00p before the full Legislature. Both public hearings encourage the public to review and comment on the Draft Annual Action Plan. The 30-day public comment period was available from May 2 – June 12, 2024. The public hearing notice and availability of the Draft Action Plan for public comment was posted in the Daily Record and the Rochester Business Journal newspapers, as well as the County's website on the Legislature page and Planning and Development, Community Development page, and upon request.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Comments received from the January Public Hearing and Steering Committee are attached to the Citizen Participation section of the Annual Action Plan.

The Public Comment period was from May 2 – June 12, 2024.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments received at the public hearings and during the public comment period will be accepted.

7. Summary

All CDBG, HOME, and ESG funds, including program income will be used to continue to meet goals included in the Consolidated Plan and in the 2024-25 Annual Action Plan to improve the quality of life for low- to moderate- income households, seniors, and persons with special needs in Monroe County. The Plan addresses the goals by providing affordable housing and home ownership opportunities, repairing and conserving existing housing stock, financing public infrastructure and infrastructure improvements, creating and retaining jobs, and funding public services that stabilize and enhance living conditions.

PR-05 Lead & Responsible Agencies - 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	MONROE COUNTY	Department of Planning and Development
HOME Administrator	MONROE COUNTY	Department of Planning and Development
ESG Administrator	MONROE COUNTY	Department of Planning and Development

Table 1 – Responsible Agencies

Narrative

Monroe County Department of Planning and Development, Community Development (CD) division is the lead agency that is responsible for and oversees the Annual Action Plan process and administering the three (3) entitlement funds: Community Development Block Grant (CDBG), Home Investment Partnerships (HOME) program, and Emergency Solutions Grant (ESG) program. Programs are administered by CD staff with participation from the other divisions of the Planning and Development department, as well as municipal consortium members and private sector sub-recipients. CD staff administer the Home Improvement Program (HIP) and oversees the First Time Home Buyer (FTHB) Direct Subsidy component. The Community Liaison for Monroe County Community Development is the designated Fair Housing Officer within the County. Any Fair Housing complaints may be directed to the Community Liaison. The Economic Development (ED) division of the Department, through private, state, federal and county financial resources and technical assistance, supports businesses, developers, units of local government and major county facilities like the airport and landfill in economic development activities. The division provides administrative support to County of Monroe Industrial Development Agency (COMIDA), the Monroe County Industrial Development Corporation (MCIDC) and APEX (fka: Monroe County Finger Lakes Procurement Technical Assistance Center). ED staff administers the CDBG funded ED Grant and Loan fund, Section 108 Loan Guarantee Program, and a wide variety of County business incentive programs. The Division of Planning provides a diverse set of services related to land use and development including: technical and mapping support in the development and implementation of various land use plans and regulations; guidance on project permitting and compliance with environmental review; preparation of the annual Land Use Report on

major projects proposed, approved, and constructed; coordination of the Capital Improvement Program; training opportunities through the Spring and Fall Land Use Decision-Making Training Program. The Planning division evaluates municipal planning and development activities including environmental reviews for all HUD funded projects and programs, including CDBG infrastructure projects, Home Improvement Program (HIP) projects, First-Time Homebuyer, Economic Development, and the HOME funded affordable rental housing developments and acquisition rehabilitation and resale projects. APEX, a component of the Monroe County Economic Development division, helps local businesses compete for and secure government contracts with other federal, state, and local agencies, including large government prime contractors, that will keep the business competitive and thriving in Monroe County and in our region. APEX provides services to businesses in the nine-county Finger Lakes territory, at no cost. In addition, APEX staff assists businesses with their M/WBE certifications and acquiring a Unique Entity Identifier (UEI) number. Monroe County CD contracts with towns and villages for municipal projects, and sub-recipients for public services and first-time homebuyers for those purchasing their first home in suburban Monroe County.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Monroe County Department of Planning and Development consists of the Community Development, Economic Development (comprising COMIDA, MCIDC, and APEX), and Planning divisions. These divisions coordinate and collaborate on many efforts. Community Development works with local town and village governments, the City of Rochester, as well as many agencies, organizations, and groups for local advocacy efforts like the Homeless Services Network to address the needs of the community, including homelessness initiatives. Monroe County is fortunate to be home to many agencies, organizations, and groups that focus on the wellbeing of the community as a whole.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Department of Planning and Development and the CD staff periodically meets with local developers, including Rochester Housing Authority, Fairport Urban Renewal Agency (FURA), and others to coordinate the planning of housing projects and federal grant applications. Planning and Development coordinates, collaborates, and consults with other departments throughout Monroe County, including Human Services, Public Health, and Office of the Aging, in the planning process as often as possible and to maximize resources. County staff serve on the Partners Ending Homelessness (PEH), the local Continuum of Care (CoC) Board and various PEH steering committees, including Homeless Services Network (HSN) and the Chronically Homeless (CH) workgroup. Monroe County will continue to meet and coordinate with public and assisted housing providers within the Monroe County service area. These housing providers keep Monroe County informed about upcoming projects. Monroe County staff members are engaged with Partners Ending Homelessness on initiatives for and in support of community members experiencing and at risk of homelessness.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County actively participates in the Rochester/Monroe County Homeless Continuum of Care (CoC) locally known as Partners Ending Homelessness (PEH). The CoC is a multi-jurisdictional, community-wide group which oversees and coordinates the allocation of HUD CoC federal funding to facilities and programs within the CoC's service area to determine if the needs of the homeless are met. County staff consult on a regular basis with the organizations that participate in the CoC and the Homeless Services Network (HSN). County staff serve on the CoC Board and on the Steering Committee of HSN. County staff also serve on the CoC Finance Committee and the Chronically Homeless Work Group that plans, coordinates, and implements activities and strategies for servicing the chronically homeless and sit on

the CoC Project Selection and Monitoring Committee. CoC Executive Director participate in reviewing applications for Emergency Solution Grant applications submitted annually to Monroe County.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

County staff work closely with the CoC and other agencies to develop funding applications and determine the best use of ESG funds. By working with the CoC, County staff are involved in improving coordination among agencies, facilitating data collection through HMIS and allocating funds. The CoC Executive Director serves on the County ESG proposal review team along with staff from Monroe County Department of Human Services (DHS), City of Rochester, and community representatives. The County and the City released a joint RFP for ESG funding which has increased the efficiency and coordination of ESG funding in the community. The CoC Board has 21 ex-officio members representing public and private organizations deemed necessary to develop, maintain, monitor, and continuously improve a comprehensive, coordinated, and flexible system of homeless housing and support services. They represent Monroe County, City, RHA, Homeless Services Network (HSN - the CoC's Stakeholder Group), formerly homeless community members, a domestic violence advocacy organization member, and a health services representative. In addition, there are elected general members from both public and private groups from the community (business sector, legal field, faith-based organizations, veteran organizations, schools, law enforcement, criminal justice, advocacy groups). This diverse team is the primary planning and coordinating body for homeless housing and services in this community. The CoC is now a 501(c)(3) not-for-profit organization and is the Collaborative Applicant for HUD CoC funding and the HMIS Lead Agency. Long term goals include becoming a Unified Funding agency and continually striving to achieve the status of a High Performing Community. The CoC has been a long-time participant in the ESG planning process for the County and City, and are represented on the Rating and Ranking Committee of the CoC to review applications submitted annually for HUD CoC Homeless Program funding. ESG community priorities and planning have been discussed at both CoC and HSN meetings, especially in terms of policy priorities, the efficient use of resources and community objectives. The CoC Executive Director also reviews the ESG proposals for fidelity to the ESG requirements and additional information set forth by HUD via policy briefs. ESG funding continues to be a critical issue for local homeless service providers. Facilitated discussions of ESG community priorities are held at the HSN meetings; CoC members and community stakeholders are strongly encouraged to participate. County staff members participate on the Coordinated Entry (CE) Oversight workgroup. CE is the portal for all referrals to Permanent Supportive Housing (PSH) and Rapid Re-Housing (RR) programs and prioritizes those who are the most vulnerable when openings occur. CE is fully implemented in Monroe County and is continually being improved. CE is working and is successful in ensuring that homeless persons are directed to the programs that will best meet their needs; and that homeless persons with the highest vulnerability are prioritized for placement. CE is exploring options for a new vulnerability assessment tool. The current tool, the Vulnerability Index-Services Prioritization Decision Assistance Tool (VI-SPDAT)

is no longer being supported. CE is looking at other existing tools or develop a community tool. CE has created a new position and since hired a Housing Resource Specialist who recruits landlords to provide units for PSH and RRH programs; and is a liaison between programs and landlords. The Housing Recruitment Specialist will also be centralizing information on permanent housing resources and unit availability on the CE website, www.FrontdoorNY.org.

Narrative

AP-12 Participation - 91.401, 91.105, 91.200(c)

**1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting**

Monroe County hosted its public hearings in person and/or remotely in order to accommodate and allow for access to participants to participate in public hearings most convenient and accessible for the community.

Monroe County amended its Citizen Participation Plan to continue a hybrid in-person and virtual public hearing to make it available and accessible for as many individuals as possible. An in-person meeting will allow those who do not have access to the internet to attend and participate. Interpreting services are available upon request.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

2024 marks the fifth year of Monroe County's 2020-2024 Five-year Consolidated Plan. This is the 49th year of the Community Development Block Grant (CDBG) program, and the 33rd year of the Home Investment Partnerships (HOME) Program. This is the 18th year that Monroe County has received an Emergency Solutions Grants (ESG) allocation. Resources for all three programs are used for projects that primarily benefit low- to moderate- income households, elderly and disabled residents in the suburban towns and villages in the county of Monroe and further the goals identified in the Consolidated Plan. The Community Development division of the Department of Planning and Development administers these HUD-funded programs on behalf of 17 towns and 10 villages that comprise the Monroe County Community Development Consortium. All municipalities in Monroe County are members of the consortium, with the exception of Greece, Irondequoit and the City of Rochester. The Towns of Greece and Irondequoit participate in the HOME Program only, bringing HOME consortium membership to 19 towns and 10 villages. The Towns of Greece and Irondequoit apply directly to HUD and receive their own CDBG allocations. The City of Rochester also receives funding directly from HUD for these programs. Monroe County expects to receive an allocation of \$3,059,601 from HUD for the period of August 1, 2024 to July 31, 2025. This represents the combined estimated total of federal resources for the Community Development Block Grant (CDBG) in the amount of \$1,685,167; the Home Investment Partnerships Program (HOME) in the amount of \$1,213,447; and the Emergency Solutions Grants Program (ESG) in the amount of \$160,987. This year's allocation is an estimated decrease of \$384,779 from HUD funding received last year.

Estimated program income (interest on outstanding loans and other repayments) is expected to total \$110,000 for the CDBG program and

\$121,324 for the HOME program.

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The potential sources of these leveraged funds (other than match funds) include investor equity, tax credit syndications; homebuyer down payments through private funding, private rental and home ownership loans; other federal, state, and local housing and community development programs and foundations. CDBG, HOME, and ESG sources leveraged additional resources, which are wide, including the items listed. Match contributions for both HOME and ESG will be made from non-federal resources. The match contributions for HOME will total no less than 25% of the funds drawn from the County’s HOME account each fiscal year. Monroe County CD maintains records demonstrating compliance with HOME match requirements, including a running log and project records documenting the type and amount of match

contributions by project. The HOME program attracts substantial private and other public dollars into its funded projects. This year, Monroe County, through our non-profit partner has also secured a grant from a local bank to continue to help offset the cost of up to three (3) properties through the acquisition, rehab, resale program. Match contribution from ESG will be a one-to-one (1:1) cash and or/in-kind services match.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

There are no publicly owned properties in Monroe County that are funded through any of the funding sources from HUD.

AP-35 Projects - 91.420, 91.220(d)

Introduction

Monroe County proposes to fund the following projects for the 2024-25 program year. The proposed funding will be used to repair and conserve existing housing stock; improve access to and quality of public facilities; provide essential infrastructure in lower income areas; provide job training and economic development opportunities to low- to moderate-income persons and persons with special needs; provide essential public services, particularly to those that promote home ownership, fair housing, and housing stability and revitalize deteriorated neighborhoods. Funds will also be used to develop affordable housing, home ownership opportunities for all low to moderate income residents with a priority focus on the development of affordable housing in towns and villages that do not currently have affordable housing units. ESG funds will be used to fund shelter operations, coordinated entry, rapid rehousing, and homelessness prevention. The CDBG, HOME, and ESG allocations fund the general administration of each respective grant.

#	Project Name

Table 4 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

All funded projects and programs address the priorities outlined in Monroe County's Five Year Strategic Plan that focuses on accomplishing the following primary program goals and objectives: • Develop affordable and accessible housing and home ownership opportunities for all low- to moderate- income residents, with a priority focus on the development of housing in the towns and villages that do not currently provide affordable units that have been financed, in part or in whole, through the CDBG and/or HOME programs • Repair and conserve existing housing stock • Improve essential infrastructure in low- to moderate- income areas • Provide job training and economic development for low- and moderate- income persons and persons with special needs • Provide essential public services, particularly those that promote home ownership, fair housing, and housing stability • Revitalize deteriorated neighborhoods.

AP-38 Project Summary
Project Summary Information

1	Project Name	Sidewalk Installation, Brighton
	Target Area	Brighton
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: \$35,000
	Description	The Town of Brighton is proposing the installation of a +/- 1000 linear foot of 5' wide concrete sidewalk and associated ADA ramps.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	290 people can benefit from this project.
	Location Description	Low mod census tract 012600 BG 1 (Clover Street)
	Planned Activities	Install approx. 1,000' of sidewalk
2	Project Name	Sidewalk Installation, Chili
	Target Area	Chili
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	\$39,502
	Description	The Town of Chili is proposing the installation of a +/- 720 linear foot of 5' wide concrete sidewalk and associated ADA ramps.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	980 people can benefit from this project.
	Location Description	Low mod census tract 14602 BG 1 (Paul Rd)
	Planned Activities	Install approx. 720' of sidewalk
3	Project Name	Drainage Rehabilitation, Gates
	Target Area	Gates

	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	\$50,000
	Description	Burben Way Drainage Rehabilitation
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	420 people can benefit from this project.
	Location Description	Low mod census tract 14400 BG 3 (Burben Way)
	Planned Activities	Install approx. 1,300' of drainage pipe
4	Project Name	Drainage Improvements, Phase I, Henrietta
	Target Area	Henrietta
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: \$80,000
	Description	Install approx. 1,200 LF of storm sewer installation
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	1,245 people can benefit from this project
	Location Description	Low mod census tract 13103 BG 1 (River Meadow Drive)
	Planned Activities	Install approx. 1,200 LF of storm sewer installation on River Meadow Drive
5	Project Name	Sidewalk Installation & Road Repairs, Sweden
	Target Area	Sweden
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities

	Funding	CDBG: \$65,000
	Description	The Town of Sweden is proposing the installation of a +/- 700 linear foot of 5' wide concrete sidewalk and associated road repairs.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	925 people can benefit from this project.
	Location Description	Low mod census tract 15303 BG 1 (Sherry Lane)
	Planned Activities	Install approx. 700' of sidewalk and 693' of road repairs.
6	Project Name	Sanitary Sewer Slip Lining, Brockport
	Target Area	Brockport
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: \$50,000
	Description	Line 1,625 LF of sanitary sewer with cured in place pipe and cut lateral connections.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	535 people can benefit from this project
	Location Description	Low mod census tract 15304 BG 2
Planned Activities	Sanitary slip lining of 1,625' on Clark St	
7	Project Name	Sewer Slip Lining, T/V of East Rochester
	Target Area	East Rochester
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: \$45,000
	Description	Line 1,000 LF of sanitary and storm sewer with cured in place pipe and cut lateral connections.
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	480 people can benefit from this project
	Location Description	Low mod census tract 12100 BG 2
	Planned Activities	Sewer slip lining of approx.. 1,000' on Lincoln Parkway
8	Project Name	Concrete Gutter Replacement, Phase II, Scottsville
	Target Area	Scottsville
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: \$50,000
	Description	Replacement of 4,250 lf of roadside gutters.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	575 people can benefit from this project
	Location Description	Low mod census tract 14700 BG 2
	Planned Activities	Replacement of 4,250 LF of gutters on Briarwood Lane
9	Project Name	Sidewalk Replacement, Village of Webster
	Target Area	Village of Webster
	Goals Supported	Improve access to and quality of public facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: \$80,000
	Description	Remove the existing 4-foot-wide sidewalks and replace them with new 5-foot-wide accessible sidewalks along Phillips Road & Kittelberger Park
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	1,235 people can benefit from this project
	Location Description	Low mod census tract 11400 BG 1 (Phillips Road & Kittelberger Park)

	Planned Activities	Replace 1,615' of sidewalks on Phillips Road & Kittelberger Park.
10	Project Name	Safety and Security for Seniors, LifeSpan of Greater Rochester
	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Provide essential public services
	Needs Addressed	Public Services (Community Development)
	Funding	CDBG: \$65,000
	Description	Services for seniors in suburban Monroe County including in-home safety assessment and minor home safety modifications and intervention on scam and fraud.
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	840 seniors will benefit from this program/project
	Location Description	Services will be provided to seniors throughout suburban Monroe County, excluding the towns of Greece and Irondequoit
	Planned Activities	325 suburban seniors will receive home environmental/fall prevention assessments and minor home modifications; 500 attendees at community outreach and educational presentations; 15 cases of consultation, advocacy, investigation, and resolution for potential scams and fraud.
11	Project Name	Goodwill Vision Enterprises - Sewing Operations Improvement
	Target Area	Monroe County Service Area block groups
	Goals Supported	Provide essential public services
	Needs Addressed	Public Services (Community Development) Business / Jobs Development (Economic Development)
	Funding	CDBG: \$30,000
	Description	Purchase of equipment for Sewing division expansion
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	The machinery purchase will create 1 new job which will be held by LMC qualified individuals, and retain another 4 LMI jobs.
	Location Description	Offices are located in the city of Rochester, however, jobs retained/created live in areas throughout Monroe County
Planned Activities	Purchase equipment for the continued Sewing Division expansion	
	Project Name	Expanding Housing Opportunities, The Housing Council at PathStone

12	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Provide essential public services
	Needs Addressed	Public Services (Community Development)
	Funding	CDBG: \$47,000
	Description	Comprehensive rental management and educational program for tenants, landlords, and home buyers and sellers, real estate professionals and other housing providers for suburban residents and county-wide fair housing guidance
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	Provide 40 landlords with education on how to manage rental properties fairly and effectively, as well as 100 renters with education on their housing rights and access to services, and refer approximately 25 residents at risk of eviction to legal services
	Location Description	Services will be provided at The Housing Council offices and online via Zoom
	Planned Activities	Comprehensive rental management and educational program for tenants, landlords, and home buyers and sellers, real estate professionals and other housing providers for suburban residents and county-wide fair housing guidance and access to legal services
13	Project Name	Housing Stability Program, The Housing Council at PathStone
	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Provide essential public services

Needs Addressed	Public Services (Community Development)
Funding	CDBG: \$50,000
Description	Provide mortgage foreclosure prevention counseling and outreach to at-risk homeowners and information and/or counseling for those considering HECM or reverse mortgage options
Target Date	
Estimate the number and type of families that will benefit from the proposed activities	70 low-mod income households in suburban Monroe County will benefit from this services
Location Description	Services will be provided at The Housing Council offices and online via Zoom
Planned Activities	Mortgage foreclosure prevention counseling and outreach including Home Equity Conversion Mortgage counseling
Project Name	Homeownership Program, The Housing Council at PathStone

14	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Provide essential public services
	Needs Addressed	Public Services (Community Development)
	Funding	CDBG: \$60,000
	Description	Homebuyer pre- and post-purchase counseling to 100 families, credit restoration assistance to 70 households and assist approximately 25 homebuyers to enable them to purchase their 1st homes in suburban Monroe County, 10 of whom provided with direct closing cost and down payment assistance
	Target Date	

Estimate the number and type of families that will benefit from the proposed activities	195 low-mod income households will benefit from this service, approximately 10 homeowners will benefit from down-payment and closing cost assistance from County HOME direct subsidies.
Location Description	Services provided are to suburban residents and homebuyers in Monroe County
Planned Activities	Initial personal interviews and counseling to 100 families and credit restoration assistance to over 70 families. Homebuyer pre- and post-purchase workshops and financial assistance for at least 25 first-time homebuyers to enable them to purchase their first home in suburban Monroe County, 10 of whom with direct closing cost and down payment assistance with HOME funds
Project Name	Home Improvement Program (HIP)

15	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Repair and conserve existing housing stock
	Needs Addressed	Housing Rehabilitation Affordable Housing
	Funding	CDBG: \$493,726 HOME: \$545,522
	Description	Provide owner occupied homeowners a grant of up to \$20,000 for eligible home repairs including structural (roof, foundation, windows, exterior paint or siding), major systems (plumbing, heating, or electrical) and accessibility accommodations (ramps, lifts, doorways, bathrooms).
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	70 income eligible owner occupied homeowners will benefit from this program
	Location Description	throughout suburban Monroe County
	Planned Activities	home improvement repairs including structural (roof, foundation, windows, exterior paint or siding), major systems (plumbing, heating, or electrical), and accessibility accommodations (ramps, lifts, doorways, bathrooms)
16	Project Name	Lead Testing and Clearance, Proway
	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Repair and conserve existing housing stock

Needs Addressed	Housing Rehabilitation
Funding	CDBG: \$20,000
Description	Lead testing and clearance for homes in the Home Improvement Program built before 1978
Target Date	
Estimate the number and type of families that will benefit from the proposed activities	Outcomes will be reported through completed home improvement projects
Location Description	throughout suburban Monroe County
Planned Activities	lead clearances and visual assessments
Project Name	ED Loan and Grant Fund

17	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Provide Economic Development and Job Training
	Needs Addressed	Business / Jobs Development (Economic Development)
	Funding	CDBG: \$120,000
	Description	Economic development loan or grant to for-profit business(es) in suburban Monroe County who create or retain jobs for low-moderate income individuals
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	4 FTE qualified jobs will be created/retained

	Location Description	Supported business(es) will be located in suburban Monroe County, excluding the towns of Greece and Irondequoit
	Planned Activities	To provide economic opportunities to business owner(s) within suburban Monroe County with the goal of creating/retaining jobs for LMI qualified residents
18	Project Name	Administration
	Target Area	Monroe County Service Area block groups
	Goals Supported	Provide planning and administration services
	Needs Addressed	Planning / Administration
	Funding	CDBG: \$332,033 HOME: \$133,477
	Description	General program administration of CDBG and HOME
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	N/A
	Planned Activities	General administration of CDBG and HOME programs
19	Project Name	Planning Services, Urban Vantage
	Target Area	Monroe County Service Area block groups
	Goals Supported	Provide planning and administration services
	Needs Addressed	Planning / Administration
	Funding	CDBG: \$16,000
	Description	Consultation for planning services related to affirmatively furthering fair housing, annual action plan, and consolidated annual performance evaluation report and other HUD related activities
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	N/A

	Planned Activities	Consultation for planning services for Affirmatively Furthering Fair Housing, Annual Action Plan, Consolidated Plan, and CAPER
20	Project Name	Program Delivery, Home Improvement Program
	Target Area	Monroe County Service Area block groups
	Goals Supported	Repair and conserve existing housing stock
	Needs Addressed	Housing Rehabilitation Planning / Administration
	Funding	CDBG: \$25,000
	Description	Program delivery for application financial review and construction management of Home Improvement program projects
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Outcomes reported with completed home improvement projects
	Location Description	for Home Improvement Projects throughout suburban Monroe County
	Planned Activities	financial review, contract execution, and inspection for Home Improvement projects
21	Project Name	Program Delivery, Economic Development
	Target Area	Monroe County Service Area block groups
	Goals Supported	Provide Economic Development and Job Training
	Needs Addressed	Business / Jobs Development (Economic Development)
	Funding	CDBG: \$25,000
	Description	Financial review and underwriting for Economic Development loan and/or grant program for businesses.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Outcomes will be reported with Economic Development loan/grant funded projects
	Location Description	Assist businesses in suburban Monroe County
	Planned Activities	Underwriting and financial review for businesses in suburban Monroe County

22	Project Name	Program Delivery, Planning Services
	Target Area	Monroe County Service Area block groups
	Goals Supported	Repair and conserve existing housing stock
	Needs Addressed	Planning / Administration
	Funding	CDBG: \$25,000
	Description	Environmental review and planning services for Home Improvement Program
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Outcomes will be reported with Home Improvement Program
	Location Description	throughout suburban Monroe County
	Planned Activities	Environmental review/assessments for home improvement
	Project Name	First-time Homebuyer

23	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster
	Goals Supported	Develop Affordable Housing Opportunities
	Needs Addressed	Affordable Housing
	Funding	HOME: \$50,000
	Description	Closing cost and down payment direct subsidy for income eligible 1st time homebuyers purchasing their 1st home in suburban Monroe County
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	10 LMI qualified First-time homebuyers

	Location Description	For homeowners who purchase their 1st home in suburban Monroe County
	Planned Activities	Direct down-payment and closing cost assistance to help approx. 10 homeowners purchase their first home in suburban Monroe County
24	Project Name	Rental Housing Development
	Target Area	Perinton
	Goals Supported	Develop Affordable Housing Opportunities
	Needs Addressed	Affordable Housing
	Funding	HOME: \$400,000
	Description	Develop 110 new affordable rental apartments and townhouses with 20 units dedicated to those with developmental disabilities
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	110 households will benefit from this project
	Location Description	1285 Fairport Road, Perinton, New York
	Planned Activities	New construction to add 110 new one, two, and three bedroom units,
	Project Name	Acquisition Rehab Resale

25	Target Area	Brighton Gates Henrietta Ogden Parma Penfield Perinton Rush Sweden Brockport Churchville East Rochester Fairport Hilton Pittsford Scottsville Webster Chili Clarkson Hamlin Mendon Riga Wheatland Honeoye Falls Spencerport Village of Pittsford Village of Webster

Table 5 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Funding was provided to municipalities for infrastructure improvements if the project met program priorities and the projects are in low-mod census areas. Public services activities were funded at a rate not to exceed 15% of the annual CDBG allocation, including program income. The funds proposed for Planning and Administration, including program income will not exceed 20% of the annual CDBG amount, 10% of the annual HOME amount, and 7.5% of the ESG amount.

Discussion

Affordable Housing

AP-55 Affordable Housing - 91.420, 91.220(g)

Introduction

Through the CDBG HOME, and ESG funds, Monroe County administers programs to preserve and increase access to affordable housing. The Home Improvement Program (HIP), funded with both CDBG and HOME provides income eligible homeowners with grants and/or loans for needed repairs, thereby maintaining affordability. HOME funds are utilized to provide gap financing for the development of affordable rental housing development, acquisition rehabilitation and resale as well as down payment and closing cost assistance for homeownership opportunities to low-mod income households, seniors, and individuals with developmental and intellectual disabilities. Last year, Monroe County proposed a program change to the First-time Homebuyer direct subsidy, increasing the eligible funding amount to \$10,000 for closing cost and down-payment assistance for homebuyers purchasing their first home in suburban Monroe County. This change is essential to helping homebuyers in the current competitive market and is intended to help reduce identified impediments to fair housing choice in suburban Monroe County. ESG funds provide rental assistance for homelessness prevention and rapid rehousing.

One Year Goals for the Number of Households to be Supported	
Homeless	25
Non-Homeless	17
Special-Needs	20

Discussion

The Acquisition Rehab Resale program in suburban Monroe County, in partnership with a Community Housing Development Organization (CHDO) makes available single family residential homes for homebuyers purchasing their first home. This is especially critical in our community with the

competitive housing market. The homes sold through the Acquisition Rehab Resale program are only available to those who have completed homebuyer education and are low- to moderate- income first-time homebuyers who are often outbid by market rate homebuyers with less funding and regulatory restrictions, occasionally willing to forego home inspections, and able to make cash offers. Homes sold through the Acquisition Rehab Resale program are completed to code with updated major systems.

The Home Improvement Program allows our older adults to age in place because the continuous rising costs of construction/construction materials, the decision to remain in the home due to market conditions is ever increasing with demand on single family homes at an all-time high. Expanding the amount of building stock that is suitable for individuals to age in place increases the number of housing choices our community members have. The challenges and financial decision of making major necessary improvements remains difficult to age in place without assistance of the HIP program to make the necessary improvements such as walk-in showers allowing our older adults to age in place. Home improvement costs associated with the identification and removal of hazardous building materials in the existing housing environment can be cost prohibitive when living on a fixed income. The HIP program reduces the risks of increasing the number of individuals living in poverty who are over 65 years of age in suburban Monroe County. Beginning August 1, 2024, manufactured housing must be manufactured and installed after July 1, 2006 to qualify for a home improvement grant of up to \$10,000. Contractors completing the rehab must be certified per Article 21-B.

Monroe County designates the Community Liaison as Community Development's Fair Housing Officer. Any Fair Housing complaints must be in writing and must contain such information as the Community Liaison requires. Upon receipt of such complaint, the Community Liaison must furnish a copy of the same to the person or persons who allegedly committed or about to commit the alleged discriminatory housing practice. Within thirty (30) days after receiving a complaint, the Community Liaison must investigate the complaint and give notice in writing to the person aggrieved whether he/she/they intends to resolve it.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

The Rochester Housing Authority (RHA) and the Village of Fairport Urban Renewal Agency (FURA) manages the two publicly administered Section 8 Programs in Monroe County. RHA has developed its Annual, Five Year and Strategic Plans. The Strategic Plan action items have become part of the overall Annual and 5-Year Plan. RHA has submitted its Annual/5-Year Plan to HUD and has updated its Strategic Plan, which will be reflective in this year's submission. Established in 1955 as an independent public corporation by New York State Public Housing Law, RHA serves more than 27,000 lower-income residents and program participants in the five-county Greater Rochester area, by providing quality comfortable living and services for people with limited incomes. Approximately 20% of total residents served reside in the 2,200+ RHA public housing units. Public Housing Units available for: Over 50 & Disabled: Danforth Tower East/West, Glenwood Gardens, Hudson Ridge Tower, and Kennedy Tower. Disabled & Over/Under 50: Lake Tower, Lena Gantt Estates, Lexington Court, and University Tower. Family Housing: Bay-Zimmer Townhouses, Bronson Court, Harriet Tubman Estates, Holland Townhouses, Lena Gantt Estates, and Lexington Court Apartments. RHA has Enriched Housing at: Danforth Tower East, Hudson Ridge Tower, Johnathan Child. Single, Double, and Multiple Unit Scattered Site Homes. Resident Services: Family Self-Sufficiency (FSS) is a voluntary employment and savings incentive program designed to assist families in becoming economically independent and self-sufficient. Supportive services in the program include homeownership, training for jobs, education, and life skills to help families reach their goals in 5 years. Service Coordination for RHA Elderly and Disabled Residents, including health and wellness, money and employment, transportation and more. The FURA Section 8 program service area encompasses the town of Macedon within Wayne County and the eastern part of Monroe County including the towns of Brighton, Henrietta, Irondequoit, Penfield, Perinton, Pittsford, Mendon, Rush, Webster, and the Town/Village of East Rochester. Currently, FURA administers eighteen (18) Section 8 Project-Based units, ten (10) at Crosman Senior Apartments and eight (8) at Fairport Apartments. Current program demographics through FURA's Section 8 program reflect a total of 350 elderly and/or disabled families, and 75 other eligible households (i.e.: non-disabled families, healthy singles or 2-adult households). The average annual total household income of participants in FURA's program is \$19,292. The average Housing Assistance Payments (HAP) and tenant payments have increased substantially over the past year. The average HAP increased from \$537 to \$606 and the average tenant payment for rent and utilities increased from \$413 to \$461. FURA is authorized to administer 497 vouchers.

Actions planned during the next year to address the needs to public housing

RHA is continuing its initiative to "Change the Face of Public Housing" by renovating and constructing new units that residents will be proud to call home. Current projects are RHA's Bond-Hamilton, Edinburgh St., Thomas St., and Bronson Court Apartments located in the city of Rochester. RHA will continue its "Beautification Initiative" for all its public housing developments that will not only enhance curb appeal but the rest of the property as well. RHA will continue to provide quality affordable housing

and services for its residents and look to enhance and increase them with new development and preservation projects. RHA meets regularly with resident councils, resident Commissioners, staff and neighborhood associations to address needs and discuss upcoming projects. RHA has established a Resident Relations Committee which meets monthly and reports out to the Board of Commissioners. The Committee is comprised of RHA staff, resident commissioners, and resident council presidents who bring ideas and discussion items to each meeting. RHA takes all suggestions and recommendations from these sources into consideration when preparing the five-year Capital Improvement plan and agency annual and 5-year plans. Due to ever changing conditions, items are prioritized and can fluctuate within the plan from year to year. There are currently multiple projects in various stages, and more are being planned for the upcoming year. RHA will typically undertake roof replacement, driveway resurfacing, and porch restoration/replacement projects at many scattered site properties throughout the year. Focused investment of capital funds will occur at RHA's Bronson Court Apartments, Bond-Hamilton, Edinburgh St., Atlantic Townhouses, and Lexington Court Apts. RHA completed physical needs assessments (PNA) and environmental testing as part of the NYS Preservation Opportunity program grant that were performed at most Public Housing locations. The data will be used to create a pipeline of preservation/renovation/development strategies for sites like Harriett Tubman Estates, Lena Gantt, Holland Townhouses, Lexington Court, various high-rises, Bay-Zimmer Apts., and scattered sites. RHA is advancing the redevelopment of its public housing sites; Federal Street Townhouses/Scattered Sites Rental Assistance Demonstration (RAD) project that closed in May 2023 and is in the construction phase. Some residents have moved back into their renovated scattered site homes. Parliament Arms-Fairfield Village RAD project closed Fall of 2023 and is in the construction phase. Fernwood Phase I Affordable Housing Development has financing applications submitted and Glenwood Gardens RAD redevelopment project is in the design phase. These redevelopment projects may increase or decrease the number of available public housing units with the goal of increasing the number of quality affordable housing units. RHA has room in its Faircloth limit to add public housing units to its portfolio. RHA was awarded Low Income Housing Tax Credits (LIHTC) and other sources of funding to redevelop Federal St. Townhouses/Scattered Sites and has applied for LIHTC's for other projects. RHA may also issue its own bonds for development activities and acquiring property. RHA intends to apply for NYS funding opportunities for development and capital improvement activities and acquiring property. RHA intends to apply for NYS funding opportunities for development and capital improvement activities. RHA will be applying to New York State Housing and Community Renewal's Public Housing Preservation Program (PHP) when the NOFA is available. PHP is a partnership among HCR, HUD, Federal Public Housing Authorities (PHAs) outside New York City, and collaborating with private for profit and non-profit developers to address the needs of these properties and assist RHA in completing their plans to ensure the long-term sustainability of existing public housing units. This is not applicable to Fairport Urban Renewal Agency as FURA does not administer public housing units.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

RHA is committed to continuously improving communication between management and its residents

and program participants and continues to work with area partners to provide services. RHA has created a new position, Public Participation Coordinator in its Resident Services department, to increase resident participation in self-sufficiency program offerings. RHA will continue to develop and promote its Section 3 program, resident councils and advisory board. RHA has established a Resident Relations Committee which meets monthly and reports out to the Board of Commissioners. The Committee is comprised of RHA staff, resident commissioners and resident council presidents who bring ideas, discussion items to each meeting. RHA's Resident Services will continue to assist with resident needs and actively engage in homeownership opportunities and self-sufficiency program development as well as connecting residents to community resources. RHA intends to perform physical needs and environmental assessment of its public housing scattered site units and determine which single-family units will be designated for homeownership. Current residents will be given first option to purchase the home as part of HUD's Section 32 Homeownership program. RHA may use capital funds and/or operating reserves to renovate designated public housing scattered site homes prior to being offered for homeownership. RHA has implemented a homeownership plan that will include HUD's Section 32 Homeownership. This comprehensive plan outlines the requirements and guidelines of the program. RHA has 7 public housing residents to purchase their public housing home. RHA is submitting its Special Application Center submission to continue the process. RHA has also surveyed additional public housing residents in an effort to create a pipeline of Section 32 homeowners. Thus far, 46 responses have been submitted and the Resident Services department will meet one on one with each resident who wishes to purchase their home and create a path to successful homeownership. In addition to the Plan, RHA has developed a post homeownership program to assist families in maintaining their homes and ensuring homeowners that they have somewhere to go for assistance when they need it. RHA intends to increase utilization of homeownership vouchers through increased outreach. RHA intends to seek partners who will grow and assist family self-sufficiency initiatives. RHA continues to improve use of its community-based Computer Labs with faster service, new equipment, and utilize Community Service hours to monitor computer labs. RHA may utilize unused (Tenant Participation Funds) Per Unit Monies (PUM) of developments without an active Resident Council to create a Youth Employment and Education Program (YEEP) for public housing residents. RHA has started an annual scholarship for youth and adults to promote self-sufficiency. RHA plans to promote other scholarship opportunities for public housing residents and Housing Choice Voucher Program (HCVP) Participants utilizing partnerships and sponsoring various activities to obtain funds, including grants, and unused resident participation funds. RHA plans to create a building trades pre-apprenticeship program by partnering with various groups who will provide hands-on training for public housing residents and HCVP Participants. RHA will explore and create new partnerships and seek funding opportunities to create a Youth, Sports, and Fine Arts Chapter to enhance the outreach opportunities for youth to participate in routine and non-traditional leisure activities including but not limited to golf, swimming, basketball, dance, performing arts, scuba diving, football, tennis, writing, and much more. RHA will partner with the Boy Scouts and work together to bring scouting opportunities to its families. RHA intends to create business opportunities for resident councils and/or the Jurisdiction-wide Resident Council or individual residents. This is not applicable to Fairport

Urban Renewal Agency as FURA does not administer public housing units.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

This is not applicable. RHA or FURA has never been designated as a troubled Public Housing Authority (PHA).

Discussion

(con't) RHA will develop and implement a 20-year strategy to preserve public housing units, address their need for capital improvements, and ensure their continued affordability. RHA intends on using Capital Funds to further its mission of “Changing the Face of Public Housing” and make needed repairs to its Public Housing stock. RHA will identify sites based on physical needs assessment and environmental testing reports, prioritize the most strategic use of its funds to preserve its housing stock. RHA will participate in task forces and initiatives to address the housing quality, homelessness, and emergency housing needs in the community. RHA completed a comprehensive physical needs assessment on all of its public housing properties. There was an emphasis on prioritizing single family units for homeownership. Work performed will include landscaping, paving, HVAC upgrades, and interior and exterior improvements. RHA will continue to reduce unit turnaround time for vacated housing units so that they can be filled with applicants from the waiting list. RHA will engage in energy saving projects such as lighting, water conservation, and more efficient HVAC systems that will improve the quality of life for residents. RHA Resident Services also works to partner with other agencies that can assist residents in self-sufficiency initiatives and goals. Homeownership, training, employment, life skills, and financial education continue to be a focus in the upcoming year. RHA has been awarded HUD Family Self-Sufficiency (FSS) and Resident Opportunity & Self Sufficiency (ROSS) grants and contributes additional funds to further its mission of assisting residents and participants in becoming self-sufficient.

FURA is preparing to enter into a HAP contract with Rochester’s Cornerstone group for 20 Project Based Vouchers (PBV) at Marketplace Senior Apartments. The project will provide 150 units. Financing includes FHA bonds, Supportive Housing Opportunity Program funds, NYSERDA and ESSHI, as well as County HOME funds. Construction should be completed by June 2024. FURA is also preparing to enter into a HAP contract with PathStone Development Corporation for 8 PBV units at a new construction project on Baird Road in Fairport. The project will provide 74 unit senior housing. Financing for the project includes LIHTC HTF, NYSHCR HOME, and NYSERDA. Construction will be completed early Summer 2024 and lease up is expected to begin late Summer/early Fall.

FURA opened its Section 8 and Project Based Waiting list in May 2023. Due to the volume of applicants, FURA closed the list in October 2023 with 290 applications received on opening day, which surpassed the volume of applicants during previous openings. Advertising and outreach was concentrated to

improve awareness and created a smooth digital process which promoted a strong response.

Effectively November 1, 2023, FURA began a landlord incentive and retention program in an effort to improve low-income housing opportunities available to FURA program participants. FURA held a landlord roundtable which was well attended and plans for future events continue. The program provides new landlords with a \$500 incentive for participation. Financial incentives are also available to retain existing landlords who have a loss of rental income due to participation in the program to help mitigate reluctance.

In May, FURA will be announcing the allocation of 61 additional PBV vouchers available to housing developers. Eligible projects need to have an existing funding award from a competitive source prior to submitting a proposal, maximizing the number of PBVs allowable by HUD to 148 units. *PHA's are permitted under HUD regulation to allocate 20% of total voucher count towards regular PBV projects and an additional 10% for special PBV projects that meet certain criteria.*

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

Monroe County will continue to work with the Continuum of Care to coordinate services to the homeless and to provide outreach and other services, emergency shelter, transitional housing and permanent supportive housing to persons experiencing homelessness and/or with special needs. Coordinated Entry (CE) and the Housing First model are the primary tools that will end chronic homelessness. Through CE, the Chronically Homeless are prioritized for placement into permanent supportive housing. All CoC and ESG programs incorporate housing first principles into their programs to reduce barriers to accessing housing and to reduce terminations from programs. In 2016, the Rochester/Monroe County CoC reached functional zero toward ending veteran homelessness. Functional zero status does not mean that veterans won't become homeless; but it means that the CoC now has sufficient resources to get veterans into appropriate housing quickly and that veterans remain stably housed. The CoC, County, and City continue to partner with the Veterans Administration, Veterans Outreach Center, and other organizations serving veterans to ensure current resources are maintained and support new housing units targeted to veterans. To end homelessness for families and dependent children, the primary strategies being utilized are diversion and rapid re-housing. Strategies to end homelessness for unaccompanied youth include outreach, transitional housing and rapid re-housing dedicated to young adults (ages 18 – 23). The CoC will continue to pursue additional resources for homeless youth through HUD's Youth Homelessness Demonstration Grants. Transitional housing, rapid re-housing, and permanent supportive housing programs serving the re-entry population are proving to be successful in assisting this population with accessing and remaining stable in permanent housing. The Coordinated Entry system fully implemented in January 2018 aids in reaching these goals by employing diversion strategies to prevent entry into the homeless system and vulnerability assessments to ensure that those with the highest needs are prioritized and are referred to the programs that will best meet their needs. Consistent with the 2012 Homelessness Resolution Strategy, Rochester will: Continue to implement diversion as the first response to a housing crisis; Emphasize a rapid rehousing/housing first approach for the entire system; Increase Rapid Rehousing and Permanent Supportive Housing (PSH) resources; Use Progressive Engagement in Providing Services; improve practice and capacity in PSH programs by targeting PSH to people with the highest needs based on the vulnerability assessment tool, building PSH provider capacity, integrating employment services into PSH programs, and implementing a "Moving On Strategy" from PSH interventions; Implementing data-driven decision-making and evaluation; and ensuring leadership and accountability.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Person Centered Housing Options (PCHO) and the Rapid Engagement Demonstration (RED) Team and a

new outreach project, the Safe Operations Support (SOS) team will continue to identify and engage the unsheltered homeless. PCHO, RED, SOS, MC Collaborative, and the Veteran Administration regularly visit soup kitchens, libraries, and public places that unsheltered homeless adults frequent. Youth street outreach workers will continue to regularly engage homeless and at-risk youth on the street, recreational centers, and other locations that youth frequent. The objective is to engage with the unsheltered homeless and link them with housing, services, and mainstream benefits. Additional outreach is conducted during the Code Blue season, when temperatures fall below 32 degrees. Any person requesting emergency shelter when the temperature is below 32 degrees must be placed in shelter or if there are no shelter beds available, in local hotels. Youth service providers will continue to utilize street outreach workers who use a mobile unit to conduct ongoing, regular outreach efforts with homeless and at-risk youth, including LGBT youth. Services include medical screenings (including HIV testing), condom distribution, and linking youth to community-based services and income streams. Homeless youth who agree to placement are transported to emergency shelters. Veterans outreach workers visit shelters, soup kitchens, and other locations in an effort to identify homeless veterans and link them to the VA and community-based services. Street outreach is conducted to engage the unsheltered homeless in the locations where they are known to congregate (e.g., encampments, parks, etc.). Specialized Office of Mental Health (OMH) outreach workers connect with homeless persons experiencing serious mental and/or substance abuse issues. Outreach workers who speak Spanish and other languages participate in these efforts.

Addressing the emergency shelter and transitional housing needs of homeless persons

Monroe County works with the CoC and its partners to carry out outreach and services to homeless persons and to provide emergency shelter for all homeless populations; homeless youth, veterans, victims of domestic violence, persons with chemical dependency and/or mental health issues and other homeless individuals and families. Transitional housing (TH) is provided for homeless youth, veterans, and re-entry populations many of whom have chemical dependency and/or mental health issues. The emergency shelter system was greatly impacted by COVID-19. Shelters were decompressed (census reduced) in late March of 2020 to ensure social distancing guidelines could be followed by shelters. This was accomplished by placing those who would be most vulnerable to COVID based on age and/or chronic health conditions into hotels where they would have their own rooms. By the end of 2021, most shelters were back at their optimum capacity and shelter occupancy is exceeding pre-COVID numbers based on 2024 Point In Time Count numbers.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were

recently homeless from becoming homeless again

To end homelessness among households with dependent children, the CoC is utilizing Rapid Rehousing (RRH) programs. RRH provides short term rental assistance and case management services to move families from shelter to permanent housing quickly and ensure housing stability. It is also providing diversion assistance for those who have a viable alternative to a shelter but require some support. The CoC plans to increase the number of homeless households with children assisted through RRH projects by working with TH projects serving families to help them restructure using a RRH model and by soliciting housing organizations without such programs to create new RRH projects. A new rent supplement program, Project Anchor, funded by NYS OTDA is also providing rental assistance to homeless and at risk of homelessness households with a priority on families. This program expects to serve about 300 households experiencing housing instability, half of which will be referred through Coordinated Entry. The rent supplement will pay up to 100% of FMR which does not provide any ongoing case management or support services. ESG funding supports Coordinated Care Services, Inc.'s Rapid Rehousing program that responds quickly to households referred through Coordinated Entry, secures appropriate Permanent Housing (PH), and uses an array of mainstream benefits and supports to maximize resources, increase housing stability and reduce repeat episodes of homelessness. RRH projects have sought and been awarded funding from other sources (e.g., NYS OTDA, and HUD CoC Funding), and this effort will continue. The needs of domestic violence victims, including their families, will continue to be broadly addressed. The Rochester/Monroe County Domestic Violence Consortium, with 50-member organizations from human services and the legal system, promotes a coordinated community response to domestic violence. In addition, staff of housing providers who serve domestic violence victims are trained in trauma-informed care and safety planning. Willow DVC serves people who are victims of domestic violence (or at risk) along with their children, offering counseling, education, and a secure shelter, whose location is not publicly identified. A 24-hour hotline provides information on housing and services for domestic violence victims. Willow DVC has stringent policies to ensure the safety and privacy of its clients, and names and other identifying data are not entered into HMIS. YWCA, LAWNY and Willow operate a rapid rehousing project for households experiencing domestic violence. For the past several years, there has been a DV Bonus Project opportunity as part of the annual HUD CoC funding competition. A Rapid Rehousing project was submitted but not selected for an award. The Center for Youth (CFY) Services Center House provided emergency housing and services for unaccompanied homeless youth, ages 12-17. CoC will continue to offer a range of outreach, emergency, and transitional housing and support services available through CoC and other funding resources. The Center for Youth operates a RRH program for Transition Age Youth (ages 18 – 24) in our community. Youth providers have a common intake form, work together closely, and meet on a monthly basis to ensure that homeless youth have access to safe housing and services. In all cases, before a youth leaves a program, the youth is linked to a family member or other responsible, supportive adult. Youth providers will continue to work with Monroe County Office of Mental Health (OMH) to ensure access to mental health services and ease transition from the youth to the adult mental health system. Youth ages 16-17 and 18-24 will be targeted separately and offered age-appropriate services, while youth as young as 12 will also be served. Genesis House, an emergency housing program for older

homeless youth, ages 17-20, closed its doors due to insufficient funding. This was the only emergency housing program dedicated to this population. Homeless youth who are 18-20 are able to access the adult shelters.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Youth being discharged from foster care or other institutional settings typically return to their family of origin or another responsible family member or adult. When no such adult can be located, the youth is placed in a community program specifically designed to prepare youth for independent living. CoC will continue to educate homeless providers about the importance of ensuring that youth are not discharged into homelessness. Shelters have been instructed to immediately contact MCDHS to report the failed discharge plan if a youth is attempting to access homeless services. The youth is then connected to a caseworker who attempts to re-unite the youth with his/her family or other responsible adult and link him/her to appropriate services. If such a re-uniting is not possible, the youth is referred again to a community program that prepares youth to transition to independent living.

Hospitals have been encouraged to not discharge people with no available housing after hours or weekends so that they can first go to MCDHS for assessment and placement into a shelter that can best meet their needs. When this is not possible or patient leaves against medical advice, hospital social work staff have been provided with information on local emergency shelters (e.g., physical layouts, staffing, hours open) so a referral is made to the shelter that can best meet the person's needs. Hospital staff call the shelter to confirm a bed is available, any required follow-up care is communicated to shelter staff, and the patient is provided with a sufficient supply of medication. Three emergency shelters (30 beds) have beds dedicated for persons who are being discharged from hospitals, due to health or mental health who are homeless which provide additional support through the use of peers and Health Home Care Managers to transition to and stabilize in permanent housing.

Inpatient facilities licensed or operated by NYSOMH and NYSOASAS are encouraged to refer individuals to housing consistent with the level of care required by the patient and to not discharge patients until a comprehensive discharge plan is in place. Prior to discharge, individuals in need of supervised housing, and who agree to a referral are referred to the County Single Point of Access (SPOA). The SPOA facilitates housing assistance for eligible individuals and connects persons to mental health care coordination services. Through HSN, CoC will continue to educate stakeholders about the primary providers of licensed mental health residential beds (DePaul Community Services, East House, Housing Options Made Easy, Rochester Psychiatric Center), intensive case management programs (Strong Memorial Hospital, Rochester General Health System, Unity Health System), and care coordination

services (ACT Team, Project Link, MICA Net). The Housing and Behavioral Health Workgroup meet monthly with the goal of increasing collaboration between the hospitals and housing providers and improving the processes for referring persons discharged from hospitals and EDs to emergency shelters to ensure that there will be successful transition to permanent housing with appropriate supports.

Ex-offenders are most frequently discharged to their families or to independent living under the supervision of parole. NYS Parole has contracts with several community agencies to place ex-offenders when no other housing can be located (e.g., Salvation Army Adult Rehab Center, Grace House, and DuBois Re-Entry Program). NYS is implementing a pilot project in Monroe County for effectively linking eligible individuals from this population to Health Homes, which will provide enhanced care management, ensuring that enrollees are linked to housing and social services supports. Partners Ending Homelessness and the Re-Entry Association of Western NY (RAWNY) will continue to work closely, utilizing common members, to assist ex-offenders to successfully transition back into the community. Linking ex-offenders to mainstream resources will reduce the number of ex-offenders from entering the homeless system. Delphi, the umbrella agency for Monroe County Re-Entry Task Force operates a very successful RRH program for persons who are released and have no permanent housing identified.

Discussion

Con't from Helping homeless persons

The primary strategy to address the needs of the chronically housing population is permanent, supportive housing (PSH). PSH provides a deep rent subsidy (participant pays 30% of income for rent) and on-going case management and support services to participants who have a long term disability and who have been homeless for more than one year, or have had four or more episodes of homelessness totaling at least one year in the past three years. There is no limit on the length of stay in PSH. Housing First principles have been adopted by all of the PSH programs in the CoC to reduce barriers to accessing housing. Chronically homeless persons are prioritized for entry into all PSH programs when openings occur. The CoC Strategic Plan includes a goal of increasing affordable, supportive housing programs for homeless populations using non-CoC funding. Four (4) Empire State Supportive Housing Initiative (ESSHI) projects have opened in the past couple of years that are targeted for the homeless. Canal Commons is renting up (beginning April 2024) and is dedicating units for the chronically homeless and person with serious mental illness and/or substance use disorder. The Veterans Administration (VA) and the Veterans Outreach Center (VOC) will continue to exclusively serve homeless veterans in the CoC geography. Both the VA and VOC provide emergency and transitional housing options for veterans. Both also partner with the Rochester Housing Authority (RHA) to provide PSH options for Veterans. Referral to the PSH programs come directly from the VA and/or through Coordinated Entry. VOC and Eagle Star have recently opened affordable, supportive housing for veterans that have been funded through the

Empire State Supportive Housing Initiative.

Con't from Helping low-income individuals and families avoid becoming homeless The Reentry Association of Western New York (RAWNY) recently began operations of a Reentry One Stop Center to provide services, support, and to make connections to community resources for men and women returning home from incarceration from the Monroe County jail, state correctional facilities, and federal detention. Safe, affordable housing is the most requested service by persons who are criminal justice involved and one of the primary reasons for homelessness.

To reduce the time in Emergency Shelter (ES) or Temporary Housing (TH), the CoC has adopted a Housing First approach, which has resulted in eliminating many preconditions (e.g., sobriety, minimum income threshold) that can be barriers to accessing safe, affordable permanent housing. In addition, ESG funds have been used for rapid rehousing efforts, especially for families, to move them quickly to PH and reduce future episodes of homelessness. Data on the length of time that homeless individuals and families spend in CoC and ESG-funded ES, TH, and Supportive Housing (SH) programs are included in HMIS and will be used to track changes over time. Non-HUD funded projects are represented among the over 70 community agencies in the HSN, where members are educated on best practices and tools that can be used to reduce the length of time individuals stay homeless.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Monroe County is working to expand access to and knowledge of County administered community development services, such as the Home Improvement Program, first-time homebuyer programs, and HOME funded affordable rental housing units by providing/conducting outreach, and by providing easily accessible information. Community Development is collaborating with other County departments to actively explore strategies to (re)activate apartment units throughout the County that may have been taken offline for numerous reasons. These strategies include incentive programs for landlords, tenant education workshops, and more. Communities outside of the City limits struggle with vacant property issues and there are few high quality, homeownership opportunities for low- and moderate- income buyers in many Monroe County communities. In addition, the supply of single family residential properties for low- to moderate- income homebuyers are limited and has been difficult to acquire with the current state of the housing market. Monroe County is continuing to fund the acquisition rehab resale program that will revitalize neighborhoods, increase inventory, and make available more affordable housing properties to first-time homebuyers interested in purchasing their first home. Due to the increased cost of properties, increased demand and limited supply, lower income homebuyers have had to compete for the purchase of homes with those who do not have the same funding or regulatory restrictions in the purchase of their home. Monroe County vacant properties are harder to purchase when competing/bidding with house flippers or landlords who are purchasing properties for renters with no income restrictions. The need for affordable housing is especially acute for families and seniors in Monroe County. Local housing problems could be solved with more affordable single family residential properties for homeownership or family rental housing.

Monroe County is aware of the fact that nationwide, 43.2% of fair housing complaints were based on disability discrimination in 2022. Nationwide, less than 1% of housing units are available to people who use a wheelchair full time. The impediments to available housing nationwide are also concerning in Monroe County because the CDC has found that adults with disabilities are twice as likely as those without disabilities to have inadequate transportation.

Monroe County will continue to work with partners in local governments, public housing providers, local developers, as well as community partners to help address housing needs of community members and promote and market affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Analysis of Impediments to Fair Housing Choice in Monroe County, New York (AI) (2020) indicates that discrimination continues to be the major negative factor in locating housing for seniors and

families. The Plan is a multi-year plan designed to address barriers to housing in Monroe County for low- to moderate- income families and individuals and members of protected classes. Monroe County will work with municipal, developers, and community partners through outreach and engagement to promote and market affordable housing.

Discussion

(con't from AP-65) To reduce the extent to which individuals and families leaving homelessness experience additional homeless episodes, the CoC will utilize prevention, diversion, and short-term rental assistance, and arrears payments. The Monroe County DHS Diversion Unit will continue to assist those at risk of homelessness with payments for such costs as back taxes, mortgage payments, auto repairs, and tools/uniforms for jobs. Returns to homelessness are also decreased as the result of less stringent compliance demands for participants, automatic renewals of leases, and ensuring that discharges are in accordance with fair housing requirements. Data in HMIS is used to determine if and when individuals and families leaving TH, RRH, and PSH experience another episode of homelessness in those cases where either they exit to homelessness or they exit to permanent housing, but subsequently re-enter the homeless system in the CoC geography. To improve the housing stability of persons in permanent supportive housing, the CoC will utilize the local Coordinated Entry System to ensure that households are directed to the housing and services that will best meet the needs of that household. Special attention is given to increasing access to mainstream supportive services and enhancing case/care management options to ensure effective integration of homeless housing & community-based services and supports.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Actions planned to address obstacles to meeting underserved needs

Housing costs and availability of units remain a burden to low- to moderate- income families. Demands for resources continue to increase due to funding regulations and restrictions. Monroe County will continue to focus on: 1) creating and maintaining affordable housing stock; 2) continuing the Home Improvement Program to assist low- to moderate- income homeowners maintain their home and pay for necessary repairs; 3) continue to fund programs that assist job creation and retention and business expansion; 4) increase efforts to expand Section 3 new hires by increasing coordination with the City of Rochester, Rochester Housing Authority, Monroe County Human Services-Employment Assistance Division to assist contractors in finding and hiring low income individual and contracting with Section 3 businesses; 5) maintaining funding for the acquisition rehab resale program to increase housing stock and making available more affordable housing for first-time homebuyers in suburban Monroe County.

Actions planned to foster and maintain affordable housing

Monroe County will: Create, maintain, and rehabilitate affordable housing stock; prioritize projects in communities where there is currently limited affordable housing; and continue to fund public works/infrastructure improvement projects in low- and moderate- census areas. Monroe County's partnership with the Rochester Housing Development Fund Corporation (RHDFC)/Greater Rochester Housing Partnership (GRHP) has worked to expand the acquisition rehab resale program in suburban towns and villages. This program has, and will continue to increase affordable housing inventory and make available more single family units for homeowners interested in purchasing their first home in suburban towns and villages throughout Monroe County where housing stock is low and competitive for First-time homebuyers.

The GRHP/RHDFC have been awarded additional grant funding from a local bank to make available up to \$40,000 for three (3) properties in the County's acquisition rehabilitation resale program, which will offset the total development cost per project and allow Monroe County to maximize HOME funds to purchase additional properties to rehab and resale to income-eligible homebuyers.

Actions planned to reduce lead-based paint hazards

Monroe County will continue to enforce actions specific to its housing programs in lead-based paint hazard identification, disclosure, and reduction. These activities are expected to make up half of the repairs undertaken this year. Federal requirements for lead-safe work practices and contractor certifications have substantially increased the cost of home repairs, making it more difficult to accomplish steps necessary to ensure health and safety related deficiencies are corrected. All properties

purchased through the First-Time Homebuyer Program must have inspections for lead-based paint hazards prior to final approval of applications for assistance. Purchase subsidies are issued only after receipt of inspection reports indicating that no lead-based paint hazards are present at the time of purchase. Proway Management, a NYS Certified Women/Minority Owned Business, Rochester based lead paint testing firm provides *risks assessment, lead based paint inspections, and clearance inspection services for the Home Improvement program participants. The Monroe County Department of Public Health's Lead Poisoning Prevention Program is funded by the NYSDOH. The current grant known as "Childhood Poisoning Prevention Program +" has been approved for a contract period of 10/1/21-9/30/26 with a total of \$5,175,000. The lead program conducts medical case management and environmental inspections for children with a known blood lead level $\geq 5\mu\text{g}/\text{dl}$. In 2023, the lead program identified 249 children with elevated blood lead levels. Inspections of housing units associated with the children were conducted in 197 units and 117 units were identified with lead hazards. Refer to attached Monroe County maps which show number of children with confirmed Elevated Blood Lead Levels (EBLLs) above the current NYSDOH reference level of $5\mu\text{g}/\text{dl}$ blood lead level. The city of Rochester border is shown in purple. Local data show that children residing outside of the City continue to be at risk for lead poisoning and continue to have elevated blood lead levels above the reference value of $5\mu\text{g}/\text{dl}$. This data supports the continued effort to focus on lead hazard identification, remediation, and education when serving the residents of Monroe County. Lead Program Public Health Sanitarians conduct environmental inspections of properties to find lead hazards in homes where children with elevated lead levels reside or spend considerable time. Any hazards found must be remediated using Lead Safe Work practices and be conducted by a Certified Renovator. All properties must achieve lead dust clearance in accordance with current EPA standards. A Lead Program nurse ensures that children receive follow-up testing and care from their pediatric provider. Both sanitarians and nurses provide lead poisoning prevention education to parents and guardians.

MCDPH is currently executing a Healthy Neighborhoods Grant. The grant runs from April 1, 2022 to March 31, 2027. The focus of the grant is primarily prevention for Tobacco Control, Fire Safety, Injury Prevention, Lead Prevention, Indoor Air Quality, General Housing Conditions, and Asthma Control. Each year, Outreach workers will perform approximately six hundred (600) initial visits in zip codes 14605, 14606, 14608, 14611, and 14621, which have well documented public health and housing issues. A total of 125 follow-up visits are also anticipated. Topics covered will include lead poisoning prevention (deteriorated paint, dust, cleaning, and nutrition), fire safety issues, carbon monoxide, general sanitation issues, code violations, electrical problems, tobacco cessation, general home safety, and controlling asthma triggers. Referrals will be made to MCDOPH programs and other agencies when problems are identified. During this grant round, the HNP grant manager intends to expand referrals made to outside agencies/programs that can provide additional assistance in home environmental issues, especially in relation to asthma and home repair/improvement.

In 2023, New York State adopted Section 1377 of the Public Health Law (PHL) that requires a State rental registry and proactive inspections to identify lead hazards. The New York State Department of Public Health (NYSDOH) is drafting new regulations to address the new PHL. In 2024, MCDPH will anticipate

two new grant programs to administer the new regulation and provide direct lead abatement remediation cost to owners of eligible multi-family dwelling where lead hazards are cited. The first grant to implement the rental registry and inspection program is the New York State Rental Registry & Proactive Inspection Program. A second grant is the Leading in Lead Prevention Pilot Program and is a pilot program to manage and provide direct funding for lead abatement costs on eligible units. Both grant programs are anticipated for acceptance in 2024 with program details, awards, and timelines to still be executed. The Rental Registry Regulation is anticipated for adoption by NYSDOH by 2025.

Actions planned to reduce the number of poverty-level families

Monroe County sets-aside funding for an Economic Development Loan/Grant program to assist for-profit businesses for the creation and retention of jobs in our community as well as for business expansion. The loan/grant program requires that businesses make available jobs to low- to moderate-income individuals in an effort to reduce the number of families in poverty. In addition, improving public infrastructure and public works in low- mod- census areas maintains property values and prevents and eliminates slums or blight.

Rochester Monroe Anti-Poverty Initiative (RMAPI) coordinated efforts to access the initial funding to establish two adult mentoring programs. Bridges to Success and Family Independence Initiative (FII). FII completed its first funding cycle and successful program, meeting its target outcomes of increased employment and earned income. Bridges to Success finished Cohort 1 last year and because it had better outcomes than FII was extended into a second cohort which is still in full operation. Bridges to Success in being run in partnership with Action for a Better Community serving 100 participants.

Monroe County Department of Human Services and Rochester Rehabilitation are partnering in a program "Paths to Empowerment." This program will support individuals who are making the transition from public assistance to self-sufficiency. The program will coordinate existing resources and make linkages to community resources to maximize success for persons working toward employment retention.

The CoC is focusing on increasing income for all participants in CoC funded homeless programs. While linking people to public benefits may not always lift a household out of poverty, ensuring that all households have a source of income, health insurance, and adequate food resources (SNAP, WIC, etc.) is essential.

Actions planned to develop institutional structure

Monroe County Community Development will continue to work collaboratively with the divisions in Planning and Development, other County departments, including the Department of Human Services, Office of Mental Health, Office of the Aging, area service providers, the City of Rochester, the Rochester Housing Authority, the Fairport Urban Renewal Agency, the local Continuum of Care, and local towns

and villages to enhance services and develop a more effective system for service coordination.

Monroe County is updating its Comprehensive Plan, known as Plan Forward. The Plan when completed will address big, global concepts like sustainability, social equity, energy supply & conservation, and climate change adaptation in ways that are appropriate and unique to Monroe County, while at the same time addressing local challenges like accessibility, economic development, recreation, food accessibility, and transportation.

Actions planned to enhance coordination between public and private housing and social service agencies

Community Development staff works collaboratively with the Department of Human Services, the City of Rochester, local towns and villages, local and state public and private housing agencies, including the Rochester Housing Authority and the Fairport Urban Renewal Agency. Coordination with public and private housing and social services agencies are a priority to enhance services and maximize resources.

Monroe County has re-established The Council of Governments (COG), which is an intergovernmental body made up of the chief elected officers of the County, City of Rochester, and every town and village in Monroe County. The goal of this bipartisan assemblage is communication and collaboration to enhance government services for our community.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Monroe County leverages HOME funds with other funding secured by its housing partners to develop affordable homeownership and rental housing. Community Housing Development Organizations (CHDO) and other non-profit housing developers apply for and receive funding from

Annual Action Plan
2024

78

state and local resources with leveraged support from the County's housing program, to enhance their applications with a final project that supports the goals from all agencies. Monroe County's investment of HOME funds is consistent with the forms of assistance included in 24 CFR 92.205(b).

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Monroe County, through the HOME program, provides conditional grants up to \$10,000 to income eligible applicants to reduce the cost of purchasing eligible single-family properties. Subsidy is estimated on household size, income, and closing costs.

Homebuyers with Area Median Income (AMI) of 30%-70% are eligible for 100% of down payment and closing cost assistance, plus 10% of the sale price up to the maximum of \$10,000. Homebuyers with AMI of 71-80% are eligible for 100% of down payment and closing cost assistance, plus 5% of the sale price up to the maximum of \$10,000..

Monroe County's First Time Homebuyer policies and procedures include provisions for resale recapture.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Monroe County will provide the CHDO Home Investment Partnership program funds to acquire property in accordance with 24 CFR Part 92. At the time a FTHB applicant enters into a purchase agreement for an eligible property (the "Property"), they accept the amount, terms, and conditions of Buyer's Agreement. Home buyers will execute a Note and Mortgage with a Declaration of Restrictive Covenant. Language for the Declaration of Restrictive Covenant will be as follows: Title of the PROPERTY is conveyed subject to the following restrictions: The Property was acquired with the assistance of funds from Monroe County Home Investment Partnership Funds provided under 24 CFR Part 92. As a condition of the subsidy, the Property must be the Owner's Principal Residence ("Principal Residence" shall mean that the Owner must reside at the Property for any consecutive nine months in each year of the Affordable Housing Period and it must be his/her principal residence) for ten (10) or fifteen (15) years dependent on the Home Investment from the date of the filed Note and Mortgage. If the Affordable Housing Period has not expired and the Owner sells, rents, title is transferred voluntarily, or in case of bankruptcy, foreclosure, etc., or if the OWNER otherwise fails to occupy the Property as his/her Principal Residence; The Owner agrees to sell the Property to a low-income family as defined in the Regulations that will use the Property as its

Principal Residence for the duration of the ten (10) or fifteen (15) year period. Documentation must be provided to Monroe County verifying the prospective buyer's income eligibility. The price at resale must (1) ensure that the Property will remain affordable to a reasonable range of low- to moderate- income homebuyers, and (2) provide the Owner a fair return on investment (including the Grantee's investment and any capital improvement). These affordability restrictions and residency requirements shall terminate upon foreclosure or transfer in lieu of foreclosure. The County may use purchase options, rights of first refusal, or other preemptive rights to purchase the housing before foreclosure or deed in lieu of foreclosure to preserve affordability. Nonetheless, these affordability restrictions shall be revived according to the original terms if, during the original Affordable Housing Period, the Owner of record before the foreclosure, or deed in lieu of foreclosure, or any entity that includes the Owner or those with whom the Owner has or had family or business ties, obtains an ownership interest in the Property.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

This is not applicable. Monroe County does not use HOME funds to refinance debt.

5. If applicable to a planned HOME TBRA activity, a description of the preference for persons with special needs or disabilities. (See 24 CFR 92.209(c)(2)(i) and CFR 91.220(l)(2)(vii)).

This is not applicable. Monroe County is not planning to fund TBRA activity.

6. If applicable to a planned HOME TBRA activity, a description of how the preference for a specific category of individuals with disabilities (e.g. persons with HIV/AIDS or chronic mental illness) will narrow the gap in benefits and the preference is needed to narrow the gap in benefits and services received by such persons. (See 24 CFR 92.209(c)(2)(ii) and 91.220(l)(2)(vii)).

This is not applicable.

7. If applicable, a description of any preference or limitation for rental housing projects. (See 24 CFR 92.253(d)(3) and CFR 91.220(l)(2)(vii)). Note: Preferences cannot be administered in a manner that limits the opportunities of persons on any basis prohibited by the laws listed under 24 CFR 5.105(a).

This is not applicable. Monroe County funded rental housing projects are not providing preference or limitations.

Emergency Solutions Grant (ESG)

1. Include written standards for providing ESG assistance (may include as attachment)

The County, the City of Rochester, the Continuum of Care (CoC) and HSN (a collaboration of more

than 60 local homeless services, legal, primary care, mental health, substance abuse, re-entry providers and community stakeholders) have met throughout each program year to jointly plan for ESG. In keeping with past practice of providing the Emergency Shelter Grants (ESG) Program Desk Guide March 2001 to all sub-recipients, the County and City has provided sub-recipients and community providers that coordinate with them the Emergency Solutions Grant Rules and Regulations, and tools available to date including Definition of Homelessness (Criteria for Defining Homeless and Record Keeping Requirements), and Emergency Solutions Grants (ESG) Program Components and Activities. The County and the City provided sub-recipients with information about the new homeless definition and eligibility, documentation and record requirements and HMIS participation. The CoC provides HMIS licenses and training to the County's ESG sub-recipients.

Written standards are attached for Street Outreach, Emergency Shelter, Shelter Operations, Homeless Prevention, and Rapid Rehousing. These programs are eligible for ESG funding.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Coordinated Entry is defined by HUD as a consistent and streamlined process for accessing the resources available in the homeless crisis response system...ensuring that those with the highest need, most vulnerable households in the community are prioritized for services and that the housing and supportive services in the system are used as efficiently and effectively as possible.

The intended target population for Coordinated Entry is all households or person(s) who are experiencing homelessness or at-risk of experiencing homelessness in Rochester and Monroe County and seeking assistance from the local crisis response system, which includes prevention assistance and homeless system services. This includes single adults without children, adults accompanied by children, families, unaccompanied youth, parenting youth, person(s) fleeing domestic violence, and veterans.

The community had agreed upon the use of a common assessment tool, known as the VI-SPDAT, to help identify the immediate needs of the household and begin directing them to the appropriate permanent housing intervention based on those needs. This tool is currently being updated to ensure it is more equitable, person centered and trauma informed. Interventions include Rapid Re-Housing for those who have moderate needs and Permanent Supportive Housing, which will be reserved for those with the highest needs. Households scoring low on the assessment are identified as not needing a housing intervention and are likely able to resolve their homelessness without ongoing assistance. The assessment score will be used as one of the determinants in the community-wide prioritization model. While it is important to have an efficient and effective process by which households can access the homeless system, it is equally important for households to be quickly exited into the appropriate permanent housing that will best meet their needs and minimize their likelihood of returning to homelessness. The CE program is currently exploring options for a new assessment tool as the VISPDAT is no longer going to be supported by its

developer, Org Code.

Prioritization is a critical component of a Coordinated Entry system to appropriately exit households to permanent housing and to ensure those with the greatest needs have timely access to services. CE has developed a prioritization model based on input from community stakeholders to establish a process to effectively identify those with the highest needs and connect them to the appropriate permanent housing more quickly. CE Workgroup meets regularly to determine how households are prioritized and what information will be used to determine the way in which the list is ordered. A by-name prioritization list is now in place and all TH, PSH and RRH housing providers are only permitted to accept households that are referred through the Coordinated Entry prioritization process. The work group continues to meet to make sure CE is functioning efficiently and makes revisions to policies and procedures as needed.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Awards for the 2024-25 program year were based upon a 2024 Request for Proposal (RFP) process, which was jointly administered by the County and City. The notice was published by legal notice in The Daily Record and distributed via networks including those of the CoC and HSN and respectively on its established website. Awardees were chosen by a committee of County, County Department of Human Services, City, and CoC Executive Director, and a formerly homeless community member. Services under this proposal cycle will run from August 1, 2024 – July 31, 2025.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

In compliance with Section 576.405(a) of the Interim Rule, the County has engaged persons who are currently or formerly homeless in their planning process. Formerly homeless persons are active members of the Homeless Services Network, are represented on the CoC Board, and the HSN Steering Committee the Review and Ranking Committee and provide input for the Consolidated Application submitted to HUD for CoC funding. Programs serving the homeless are also required to have homeless or formerly homeless persons involved in policy setting and decision making processes. Both permanent supportive housing and street outreach programs are utilizing persons with lived experience as peers to provide additional support to participants. Persons with lived experience have also been involved in the development of the new vulnerability assessment tool as members of focus groups that have reviewed the new tool and have participated in individual interviews.

5. Describe performance standards for evaluating ESG.

The County utilizes the Integrated Disbursement and Information System (IDIS) to document program progress and monitor program performance on an ongoing basis. The County requires all ESG sub-recipients to submit data to HMIS as required by HUD. A Consolidated Annual Performance and Evaluation Report (CAPER) is prepared annually by the County. Each ESG funded project uses HMIS to run their CAPER and download it directly into SAGE for the County to produce that report. The CoC will assist the projects as needed to do the submission. The CAPER contains a summary of resources and programmatic accomplishments, the status of actions taken in concert with the CoC to implement the strategies contained in the Consolidated Plan, and evaluation of progress made in addressing identified priority needs and objectives.

Performance Standards are in alignment with the new measures implemented with the HEARTH Act including: reducing the duration of homelessness; reducing recidivism; reducing the number of people who become homeless; increasing employment and income; and stability in permanent housing.
