ADAM J BELLO
COUNTY EXECUTIVE

Office of the County Executive
MONROE COUNTY, NEW YORK

Hello Friends:

Thank you for reviewing the 2019 STOP DWI Report. As you can see, Monroe County continues its commitment to keeping our roads safe, through aggressive DWI enforcement, prevention, awareness and education. Together, the Monroe County Public Safety Department, Office of Probation, and STOP-DWI collaborate with the Sheriff's Office and other law enforcement agencies to discourage anyone from driving while impaired.

Monroe County Law Enforcement Agencies received nearly \$400K from the local STOP-DWI Program in 2019, resulting in more than 2,400 local DWI arrests. As part of their DWI enhancement enforcement efforts, local law enforcement also participated in several "Crackdown Weekends" in conjunction with the NYS STOP-DWI Foundation, spreading the message to all that driving while impaired will not be tolerated.

Nearly 2,000 people attended DWI Victim Impact Panels in 2019, which feature DWI victims addressing an audience of DWI offenders about the traumatic consequences of driving while impaired. These panels are open to the public for educational purposes, and often welcome high school and college students. There is no substitute for hearing directly from those who have been personally impacted by impaired driving incidents - these are some of the most impactful programming offered by the Monroe County STOP DWI effort. In addition, an outgrowth of these panels is the Victim Advocacy Program, which provided almost 200 hours of counseling and support to victims and survivors of DWI in 2019 alone.

Despite all of our progress, this is an issue that requires our constant vigilance and continued focus and effort, to ensure that we continue to have an impact. Each and every driver has the opportunity to make this community a safer and better place by choosing not to drive under the influence of alcohol and other drugs - and by helping your loved ones make safe choices. It is important to remember that we all have a role to play in saving lives. Thank you for your efforts.

Sincerely,

County Executive Adam Bello

The 2019 Monroe County STOP-DWI Annual Report is dedicated to the following DWI victims who volunteer to serve on the Monroe County DWI Victim Impact Panel (VIP):

Lorie Brown
Jane Butera
John Chirinko
Peggy Duffy
Mary Elkins
Ruth Gates
Don Halstead
Chris Humphrey
Bruce Lockhart
Sue Gaiter
Pete Navratil
Sarah Palermo
Mark Philipp
Carol Preston
Justin A. Randall, Jr.
Henry Rivera
Nilia Rohatsch
Tom Schamerhorn
Phil Schultz
Robin Scott
Bary Siegel
Lindsay Tomidy

We would like to thank you for your continued dedication and support.

MONROE COUNTY STOP-DWI Program

2019 OVERVIEW

Since 1982, the Monroe County STOP-DWI Program has served to educate the community regarding the dangers of impaired driving and provide funding to groups and organizations engaged in activities related to anti-alcohol/other drug-related crashes. STOP-DWI is funded 100% by local fines and fees collected from intoxicated drivers.

Monroe County STOP-DWI offers:

- Anti-impaired driving programs including speakers and videos
- High school mini-grants to assist with alcohol & other drug-free events
- An annual high school STOP-DWI media contest
- Handouts and printed material
- Exhibits and displays

Monroe County STOP-DWI supports the efforts of:

- Rochester Against Intoxicated Driving (RAID)
- Mothers Against Drunk Driving (MADD)
- Students Against Destructive Decisions (SADD)
- Finger Lakes Collegiate Task Force
- Coalition for Crime Victims of Monroe County
- Hilton Parma Drug Intervention & Community Education (HPDICE)
- Monroe County Office of Traffic Safety
- Parents Who Host Lose the Most
- Many Town Alliance
- Western New York Coalition for Crime Victims

Monroe County STOP-DWI provides funding to:

- Monroe County Law Enforcement Agencies
- Monroe County Office of Probation and Community Corrections
- Monroe County District Attorney's Office
- Pre-Trial Services Felony DWI Diversion Program and Day Reporting Center

This 2019 report summarizes information regarding the daily efforts of the STOP-DWI Program and centralizes vital statistical data relating to the state of DWI in Monroe County.

STOP-DWI

2019 PUBLIC INFORMATION AND EDUCATION

Displays: STOP-DWI and the Office of Traffic Safety offer comprehensive traffic safety displays. During 2019, displays were exhibited at area schools, shopping malls, industries, fairs, and town halls in which over 14,500 anti-impaired driving literature items and novelties were distributed.

Exhibits: In 2019, the “Ripple Effect, Prescription and Illicit Drugs” exhibits were displayed at area high schools with 6,000+ students viewing the effects of impaired driving on communities and families.

STOP-DWI Education Programs: In 2019, Seventy- programs were presented to 1,841 community members with a greater than 90% satisfaction rating.

High School Mini-Grants: In the spring of 2019, a total of \$3,000 was distributed among 12 high schools for their alcohol-free and other drug-free prom/graduation events.

High School DWI-PSA Contest: The Monroe County STOP-DWI Program sponsored its second annual High School anti-DWI CD Contest. The first, second and third place winners were from Gates/Chili High School. The three winning public service announcements were aired over one hundred on Entercom Radio. The students’ messages educated our community to the dangers impaired driving has on our community.

STOP-DWI Law Enforcement Awards Luncheon: One-hundred-eight people attended the luncheon, co-sponsored by the Traffic Safety Board, at Rick’s Prime Rib on March 6, 2019. Three police departments received awards for their DWI efforts: SUNY Brockport University Police, Greece Police Department and NYS Police. The STOP-DWI “Top Cop” was awarded to Officer Albert Weech, Rochester Police Department. Forty-Three officers were chosen by their departments to receive awards for their outstanding efforts to combat the problem of impaired driving. The luncheon and awards are intended to keep the officers motivated to focus on the problem of impaired driving in our community.

Victim Impact Panel (VIP) Appreciation Dinner: Fifty-three people attended the STOP-DWI-hosted VIP volunteer dinner at Hedges Restaurant on November 13, 2019. The gratitude offered to volunteers for their support and willingness to share their personal experiences is grossly understated and cannot be expressed to a satisfactory level. Thirty-four certificates of appreciation were presented to our volunteers.

“Lights on for Life” Motorcade: The annual motorcade was held Saturday, December 7, 2019, with many law enforcement vehicles, and various community members participating. We appreciate Rochester Against Impaired Driving (RAID) co-sponsored the event and by having refreshments donated for the attendees.

Media: In 2019, the STOP-DWI Program received a variety of media coverage during events such as the Victims' Rights Annual Candlelight Vigil, High School Video Contest, Motorcade and Crackdown Weekends' Press Releases. Many social media venues also ran the app message. Our goal is to raise awareness through media to prevent impaired driving crashes. We will continue to need the media support to keep this important message spreading in our community to save lives and quality of life.

December Impaired Driving Awareness Campaign: During the National Drunk/Drugged Driving Month of December, over fifteen hundred anti-impaired driving messages from local families affected by impaired drivers were aired, in an effort to remind Monroe County residents how important it is to drive safe and sober. This program paid to have messages aired on iHeart Radio and Entercom Radio. We also aired the NHTSA marijuana ad, "If you feel different, you drive different" throughout December, National Drugged/Drunk Driving Awareness Month.

NYS Awareness Campaigns: Monroe County STOP-DWI Program supported promotions at Amerks' and Red Wings games sponsored by NYS STOP-DWI Foundation Inc., with a grant from NHTSA through NYS Governor's Traffic Safety Committee (GTSC).

DWI VICTIM IMPACT PANEL (VIP)

The Monroe County DWI Victim Impact Panel (VIP) consists of three or four DWI victims who address an audience of DWI offenders about the impaired driving crashes in which they experienced injury or a loved one was killed. A law enforcement officer may also serve as a panelist alongside the victims. The goal of the Panel is to deliver a message to raise awareness of the ripple effect of impaired driving with the intent to save lives. This does not replace conventional sentencing but supplements it. The VIP is financially self-sufficient with fees collected which are allocated to the VIP Victim Advocate, Victim Honorarium, staff, Law Enforcement, equipment, and other supporting expenses.

The first DWI Victim Impact Panel was held in Monroe County in January 1992. The Panel is offered as a sentencing tool for all DWAI and DWI offenders and is open to the general public for educational purposes.

YEAR	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019	Cumulative Total*

* Total is cumulative since 1992.

DWI VICTIM IMPACT PANEL (VIP) **VICTIM ADVOCACY PROGRAM**

In 2019, the victim VIP Advocate attended 9 panels providing 83 hours of support and 99 hours of counseling to victims and survivors of DWI. The VIP Advocate assisted with community events to raise awareness and healing to victims and survivors. The Victim Advocate also provided 42 hours of victim support services via:

- Provides support and counseling services to DWI / VIP speakers.
- Provides Outreach to DWI victims and informs them of resources and events offered in the community such as Lights on for Life Motorcade and STOP DWI Night at Frontier Field.
- Coordinates and schedules speakers.
- Assists with screening and welcoming prospective new speakers.
- Provides on-site counseling support to victim speakers.
- Meetings with victims Crime Victim Resource Center and community
- Coordinating, supporting and facilitating attendance for victims at the annual retreat and peer mentoring trainings
- Meeting with the director to discuss victim support services and peer mentor support
- Developing peer mentor support program materials

LAW ENFORCEMENT

According to New York State Law, an individual is Driving While Ability Impaired (DWAI) if his/her Blood Alcohol Concentration (BAC) is between .05 and .07. He/she is considered Driving While Intoxicated (DWI) if his/her BAC is .08 or higher. He/she is considered Aggravated DWI if his/her BAC is .18 or higher. He/she is considered Driving While Ability Impaired by Drugs (DWAI-D) if the driver is impaired by drugs.

In 2019, Monroe County DWI/DWAI arrests totaled 2,406 which is a decrease from the 2,462 arrests made in 2018.

Monroe County Law Enforcement Agencies received a sum of \$383,945 from the STOP-DWI Program in 2019 for use in their DWI enhancement enforcement efforts.

Monroe County STOP-DWI Program received a grant in the amount of \$26,962 for Crackdown Weekends from the NYS STOP-DWI Foundation. This is a pass-through grant from the NYS Governor's Traffic Safety Committee (GTSC) awarded from the National Highway Traffic Safety Administration (NHTSA). Monroe County received funding which supported Crackdown efforts during Memorial Day, 4th of July, and Labor Day.

NOTE: The data in the table above indicate the number of TSLED tickets issued while the graphs to the right capture the number of people arrested. It should be noted that more than one alcohol or drug ticket can be issued to impaired drivers in a single event.

OFFICE OF PROBATION – COMMUNITY CORRECTIONS

The Monroe County Office of Probation -- Community Corrections received \$109,850 from STOP-DWI in 2019 to support services of two high risk DWI units. During 2019, these units supervised on average 878 high risk offenders at any given point during the year.

The DWI Felony units are comprised of eight Probation Officers who supervise offenders, two Officers who prepare DWI Pre-Sentence Investigations and two Senior Probation Officers who supervise offenders and have additional DWI related duties. Probation Officers assigned to these units maintain specialized caseloads in order to provide enhanced supervision. Officers in these units routinely surveil probationers to ensure that they are not driving without a valid license and/or without an ignition interlock device installed. Additionally, these Officers conduct unscheduled field visits and establish more frequent contact with probationers, their family members and treatment providers. Officers closely monitor a probationer's progress in treatment which is coupled with routine testing for the use of drugs or alcohol. On a quarterly basis, Officers check DMV records of DWI offenders to ensure they have not registered new vehicles without installing an ignition interlock device.

Of the two Senior Officers assigned to these units, one is the liaison to STOP-DWI. STOP-DWI funds half of this Officer's salary. This Officer provides assistance to STOP-DWI in the coordination of routine Victim Impact Panels. Duties include obtaining volunteers to work at the Victim Impact Panel. Volunteers provide assistance at the registration tables and collect payments for the panel. Volunteers also have offenders submit to Alco-sensor tests prior to being admitted. The Officer helps in securing the location used for the panels and the dates that the panels will be held. At the end of the year, this Officer provides information needed for financial reimbursement to STOP DWI. This Officer is also responsible for organizing DWI Surveillance details and maintaining statistics related to these details. This Officer records information related to the results of routine home visits such as the number of individuals who produce positive alcohol readings and the number of probationers who are found operating a motor vehicle without a valid driver's license and/or without an Ignition Interlock installed. In 2019, DWI Officers conducted 1,696 home visits and established contact with probationers on 938 of those visits. On 57 occasions, probationers had positive blood alcohol contents. Officers also received collateral information about the probationers during 589 visits.

The second Senior Probation Officer is the assigned Ignition Interlock Monitor for probation. On a daily basis, this Officer is required to review violation events from Ignition Interlock providers. Violations include, but are not limited to, breath tests resulting in a blood alcohol content reading, tampers and circumventions. This Officer ensures that the assigned supervision officer receives information related to the negative event so that the probationer can be immediately held accountable for their behavior. Violation events require that the assigned supervision officer notify the court of jurisdiction within five business days so that the behavior can properly addressed.

This Officer assists in the preparation of quarterly reports for the State of New York regarding the number of offenders who are required to install the Ignition Interlock Device.

Overall the Office of Probation supervised a total of 1,969 DWI offenders during 2019 which included misdemeanor DWI offenders. Furthermore, our Office supervised offenders convicted of Vehicular Assault, Vehicular Manslaughter, Leaving the Scene of an Accident in which an Injury Resulted in Death, and numerous offenders convicted of Aggravated Unlicensed Operator.

As of March 18, 2020, this Office monitored a total of 354 offenders that were using Ignition Interlock Devices (155 probationers and 199 conditional discharge offenders).

In 2019 the Office of Probation collected a total of \$401,168 in DWI fines.

Offenders Supervised by Felony DWI Team

Fines Collected in Thousands of Dollars

Surveillance

Probation Officers frequently conduct surveillance on DWI offenders to ensure compliance with the conditions of probation. DWI Surveillance Details are assembled to target offenders deemed at risk for repeated offenses. The Details were conducted with the goal of enforcing conditions of probation prohibiting unlicensed operation of a motor vehicle and the consumption of alcohol. In 2019, ten DWI Details conducted surveillance on 397 offenders.

During office visits, Probation Officers utilized security camera technology or conducted walking surveillances of probationers to see if they have driven to the building. Additionally, probationers are monitored at their homes, jobs, and other locations in the community during the day and night, weekdays and weekends. In total, 37 probationers were found to be driving without a license during these various surveillance details in 2019.

Alco-sensor tests enable officers to confirm the absence or presence of alcohol and, if appropriate, to quickly intervene through either a Violation of Probation and/or suitable treatment alternatives. Urine-screen tests are also conducted in the office to detect the use of alcohol, marijuana, cocaine, amphetamines, benzodiazepines, and morphine-based drugs. Early detection and expedient intervention further protect the community and enhances public safety.

The Office of Probation and Community Corrections is committed to continuing surveillance of high-risk probationers convicted of DWI offenses. The Office remains highly motivated to pursue the mission of ensuring public safety through vigorous supervision of sentenced offenders, particularly those sentenced to probation for DWI offenses.

- 961 Felony Arrests
- 127 Felony cases accepted by Pre-Trial Diversion Program
- 834 Cases kept for felony review (Includes 23 defendants that failed, declined to participate, failed to complete or later withdrew voluntarily from the Pre-Trial Diversion Program.)
- 517 Misdemeanor Dispositions: Includes plea offers made on felony cases after successful participation Pre-Trial Diversion Program, as well as misdemeanors* due to no prior felony conviction. (* thru 11/30/19)
- 104 Pre-Trial Favorable Termination: Number of defendants successfully completing the

PRE-TRIAL SERVICES CORPORATION

PRE-TRIAL FELONY DWI DIVERSION

Felony DWI Diversion is a deferred prosecution program whereby all criminal proceedings are delayed while the client engages in a planned treatment program. The client is monitored in the treatment program over a six- to eight-month period. Participation is voluntary and clients must agree to immediately surrender their driver's license upon entering the program and pay a program fee, if financially able. Clients are screened through the District Attorney's DWI Bureau before referral to the Diversion program.

Successful completion of Felony DWI Diversion is based on the client's ability to demonstrate significant attitudinal and behavioral change, and results in an offer to plead to a misdemeanor in satisfaction of the felony charge. If the client fails to follow through on the treatment plan and the Diversion contract requirements, the case is returned to court for prosecution. Diversion is offered only once.

Pre-Trial Felony DWI Diversion received \$49,432 in STOP-DWI funds in 2019. One hundred-twenty-nine cases were seen for intake in 2019. 115 cases or 80% of all terminations were closed successfully in the year.

Pre-Trial Services is committed to providing effective intervention with multiple DWI offenders and will continue to measure the long-term outcomes for the Felony DWI Diversion Program.

WEEKEND DWI SENTENCE PROGRAM AT PRE-TRIAL SERVICES

Structured to provide a sentencing option for those convicted of DWI, the Weekend Sentence program offers an intervention-focused approach. Those sentenced to this program attend structured classes from Friday night through Sunday afternoon, addressing important issues such as alcohol abuse, personal responsibility and reducing risk-taking behaviors. Judges sentence offenders for a specific number of weekends. Clients are required pay a program fee, if financially able. Both attendance and client progress are monitored closely by the staff and reported back to the court.

During 2019, 105 clients were sentenced to the program. Of those who completed within the year, 91% did so successfully. The average number of weekends spent in the program was seven.

STOP-DWI funds supplied \$98,865 to support this sentencing option in 2019.

MONROE COUNTY

2018 MOTOR VEHICLE FATALITIES

According to information received through the Monroe County Medical Examiner's Office, there were a total of 44 Traffic Fatalities in Monroe County during 2018 with sixteen or thirty-six (36%) percent were alcohol or other drug related.

In order to determine alcohol/other drug involvement, one or more of the following Department of Motor Vehicle guidelines was utilized:

- Alcohol/other drugs were listed as a contributing factor on the police report
- A summons was issued for drinking and driving, and/or other drugs
- A driver, pedestrian, or bicyclist fatality was found to have alcohol or other drugs present.
