*Director*

April 30, 2021

Dear Neighbor:

Monroe County plans to replace the existing culvert carrying **Aldrich Road over White Brook Tributary** in 2023.

Enclosed with this letter are a pamphlet describing the project and a comment form. Additional information regarding the project, including a brief 10 minute presentation, can be viewed on the Monroe County DOT website, Project Updates page:

<https://www2.monroecounty.gov/dot-construction>. Due to COVID-19 restrictions a public meeting will not be held for this project.

The existing culvert was originally constructed in 1921 and extended in 1952. The culvert has been inspected regularly and is in poor condition. It has been deemed by the Department to be near the end of its useful life. The culvert is proposed to be replaced with a similar new precast concrete structure.

Construction is scheduled to begin in the spring of 2023. During that time, Aldrich Road will be closed to vehicular and pedestrian traffic at the culvert site. There will be a posted detour around the closure utilizing Ayrault Road, Mason Road and NYS Rt. 31. The detour route is shown on the project pamphlet. The project is estimate to take approximately 4 months to complete.

If you have any questions regarding the project, please contact me at 585-753-7729, [herdzik@monroecounty.gov](mailto:herdzik@monroecounty.gov), or by mailing back the enclosed comment form no later than May 31, 2021.

Sincerely,

Henry Herdzik, P.E.  
Transportation Project Manager
