Office of the County Executive

Monroe County, New York

Cheryl Dinolfo
County Executive

November 15, 2016

To The Honorable
Monroe County Legislature
39 West Main Street
Room 407
Rochester, New York 14614

Honorable Legislators:

We are pleased to present for your review and approval the proposed 2017 Annual Budget for Monroe County.

This is the first budget that we are submitting and one we take great pride in presenting. By adhering to measures of strict fiscal discipline, our proposed budget provides stable property taxes for our hard-working families, holds our tax dollars accountable and ensures a high level of transparency.

A year ago, we made a promise to the residents of Monroe County to never raise the tax rate. We are proud to deliver on that promise for our community's taxpayers and their families and we will deliver the same results in the years to come. The 2017 Budget preserves the reduced rate set in place since 2008 of \$8.99 per \$1,000 of assessed value.

The 2017 budget is balanced and fiscally responsible, making County government more efficient, more sustainable and more accountable. It limits the size of government, controls spending to less than the rate of inflation and responsibly funds the vital services that contribute to our world-class quality of life. This budget is fully in compliance with both Monroe County's Taxpayer Protection Act and the New York State Property Tax Cap. Operating Budget spending, which now integrates the grant budget, totals under \$1.19 billion.

As part of our commitment to transparency, we have implemented a Truth in Budgeting initiative which makes several changes to the budget document from previous years. Previously, the grant budget was reported as a separate category of spending but this year will be included as a part of the operating budget to more accurately reflect our fiscal practices. Careful observers will also notice that several positions have been moved to the actual departments where the positions reside. It is important to note that no new positions have been created in the relocation process. Another change in the Truth in Budgeting initiative is the restoration of the Authorized Positions chart to accurately reflect the number of positions in County government.

Again, it is important to note that the number of authorized positions is lower in this budget than last year.

Additionally, 2017 will bring about the successful dissolution of three local development corporations (LDCs). This dissolution provides an estimated \$3.4 million in savings this year while also providing the opportunity for the County to move toward a pay-as-you-go cash capital funding model for Information Services and Public Safety Communications upgrades in the future.

Through a combination of dissolving LDCs, controlling spending and the continued streamlining of County services, the 2017 Budget holds taxpayer supported non-mandated spending – or the spending that we can control on a local level – below the rate of inflation. Even as pension costs and other mandates challenge all counties, the 2017 Budget reduces non-mandated spending by 3.2%, or \$2,203,768. We have successfully taken control of spending without eliminating any vital quality-of-life services.

Mandated costs make up the single largest segment of the 2017 Budget, comprising of 85% of Monroe County's spending for the coming year. Facing this staggering reality, it remains clear that the state needs to take more fiscal responsibility for their programs and mandates. We will continue to diligently work with New York State and the New York State Association of Counties (NYSAC) to advocate for lasting reforms to the nine mandated programs and services that now account for 99% of all property taxes collected state-wide.

We are proud that the 2017 Monroe County Budget delivers on the promise we made to taxpayers - to provide opportunity and stability for our families without raising taxes. By embracing fiscal discipline, we will continue our efforts to create jobs and increase efficiency within government while responsibly managing tax dollars to protect our community's residents in the years to come.

Sincerely,

A handwritten signature in blue ink that reads "Cheryl Dinolfo". The signature is written in a cursive, flowing style.

2017 MONROE COUNTY BUDGET
EXECUTIVE SUMMARY

GENERAL OVERVIEW OF THE BUDGET

Monroe County's 2017 Budget is a testament to the fiscal discipline that County Executive Dinolfo expects from her administration. While other counties across New York have been forced to raise taxes, cut services, and borrow more to address rising structural costs, the 2017 Monroe County Budget is balanced and fiscally responsible, making County government more efficient, more sustainable, and more accountable. The budget complies with both the New York State Property Tax Cap and the Monroe County Taxpayer Protection Act of 2007. And most notably, the 2017 County Budget holds the property tax rate flat.

The 2017 Budget freezes the property tax rate at \$8.99, controls spending growth to less than the rate of inflation, and responsibly funds the vital services that contribute to our community's world-class quality of life.

The Budget is also successful in reducing the County's long-term, structural deficit. County Executive Dinolfo has raised the bar in her first budget to face the challenges of an under-performing state pension fund and the ever-growing pressure of unfunded mandates. As a result of her commitment to growing the local economy, the 2017 Budget reduces the two-year forecasted structural deficit by \$3.1 million. Such a reduction is significant because the \$44.6 million forecasted two-year deficit is less than half – 42% – of the \$106.2 million deficit projected in 2012.

The 2017 Budget of \$1,184,005,570 represents an increase of 0.9% from the 2016 Adopted Budget, an increase well below the rate of inflation. Such controlled growth is a direct result of Monroe County's commitment to effectively manage limited resources while aggressively pursuing further efficiencies in County operations.

County Executive Dinolfo's decision to close down controversial local development corporations had a major positive impact on the 2017 budget. By eliminating contractual payment obligations and replacing them with lower debt service and well-planned operating expenditures, overall costs were reduced by \$3.4 million. This decision also created the opportunity to better plan capital project financing by strategically using cash capital. The combined impact was a \$9.4 million reduction in both mandated and non-mandated categories of spending.

The chart shown below details the 2017 Budget as it relates to compliance with the Taxpayer Protection Act:

*TAXPAYER PROTECTION ACT	Adopted 2016	Proposed 2017	Change	% Change
<u>BUDGET (\$ in millions)</u>				
Mandated	\$941.3	\$934.1	\$(7.2)	-0.8%
Non-Mandated	\$69.2	\$67.0	\$(2.2)	-3.2%
Non-Mandated User Fee Supported	\$94.6	\$97.1	\$2.5	2.7%
Sub-Total	\$1,105.1	\$1,098.2	\$(6.9)	-0.6%
Debt Service / Cash Capital	\$68.8	\$85.7	\$16.9	24.6%
Total Operating Budget	\$1,174.0	\$1,184.0	\$10.0	0.9%

*Numbers may reflect rounding

Mandated costs, which continue to be the single largest portion of the Budget year after year, comprise a staggering 85% of the 2017 Budget. The local burden of mandated spending continues to highlight the need for significant mandate reform in Albany.

To address the County's mandate-fueled structural resource gap for the coming year, the 2017 Budget recognizes revenue resulting from the casino exclusivity compact between the Seneca Nation and New York State, growth in the local real estate market, growth in the local retail sales market, and the responsible sale of property tax liens. These enhancements, in combination with cost controls, operational savings related to the dissolution of local development corporations, and other departmental efficiencies enabled Monroe County to successfully close a \$24.7 million structural resource gap for 2017.

The 2017 Budget provides a stable property tax rate, controls spending growth to less than the rate of inflation, and reduces the County's mandate-driven forecasted structural deficit by \$3.1 million, all while responsibly funding the important services local residents expect and deserve. However, our shared future holds many challenges. The multi-year forecast, while improved, urges caution regarding increases in personnel and other operating costs, threats to continued state and federal aid, and the on-going burden of unfunded mandates.

BUDGET DOCUMENT FORMAT

The budget document delineates mandated and non-mandated spending for each department. The budget for each elected office is also detailed and includes a summary of mandated and non-mandated services. In addition, the budget document contains a Multi-Year Forecast which shows the projected expenses and revenues for 2018 and 2019.

COUNTY SERVICES OVERVIEW

Below is an overview of services by Elected Official and their departments:

COUNTY EXECUTIVE

Included in the County Executive budget section are the departments of County government that are within the County Executive's management responsibility. Some of the major department highlights include:

Aviation: The Greater Rochester International Airport is a significant part of the region's economic development infrastructure. Through operating agreements with the airlines, the Airport is self-funded and requires no financial assistance from the County's general fund. In 2016, the Airport secured a \$40 million competitive grant from NYS DOT to modernize its security monitoring and communications infrastructure, and enhance travelers' and visitors' experience navigating their way to and from their boarding gates.

In 2017, grant-related construction will begin both inside and outside the airport terminal, including work on the access and circulation roadways, boarding gates, and concession areas.

Board of Elections: The Board of Elections conducts all national, state, county, city and town elections in Monroe County. In 2016, the department expanded the election information available on its web page, including Party Designation and Independent Petition Signature Handbooks, instructions on filing petition objections, and draw results for ballot position.

In 2017, the department will expand its efforts to recruit new Poll Workers to better meet the staffing needs for state and local primary elections and the general election.

Human Services (DHS): The Department of Human Services oversees federal and state mandated social service programs along with the County's investment in preventive and protective services. In 2016, the department concluded its analysis of Family Assessment Response (FAR) outcomes, validating that FAR is an effective alternative to certain reports of child maltreatment. Monroe County is a leader in FAR practices and will continue its commitment to FAR as an alternative and valid response to child protective reports.

In 2017, the department will implement policies to address the new unfunded state

mandate that requires Counties to inspect homeless shelters and hotels/motels used for emergency housing of individuals and families who are homeless.

Planning and Development: The Department of Planning and Development continues to provide the community with information and mapping, technical advice, project review, training and education, and coordinated local and regional planning activities. The department approved 60 projects in the first half of 2016, which will result in the investment of \$316 million in the community within three years and will create 377 new jobs.

In 2017, the department will complete seventeen public works and facilities projects in participating towns and villages, four of which will improve accessibility for persons with disabilities and the elderly.

Monroe Community Hospital (MCH): MCH is one of the largest publicly owned nursing home facilities in the State and is recognized as a leader in rehabilitation and long term care. In 2016, the Hospital procured new Electronic Medical Record software that will better accumulate utilization data, and in 2017 will transition their financial and accounting data to SAP, allowing the hospital to combine utilization and financial data for rate negotiation purposes and to improve service delivery.

Public Health: This department provides a wide variety of services designed to promote health and protect the public from disease and environmental hazards. Programs include disease prevention and control, environmental health, nursing services, special children's services, as well as the Medical Examiner's Office. In 2016, the Medical Examiner's Office expanded the drug screening capabilities of its toxicology lab in response to the shifting patterns of drug abuse in the region.

In 2017, the WIC program will open a new permanent office in the Town of Greece to better serve program participants and provide additional outreach to those who may be eligible.

Public Safety: The Department of Public Safety consolidates and manages functions related to the provision of public safety services to our community. These services include the 9-1-1 Center, radio communications system, emergency responder training and Probation. During 2016, while Weights & Measures inspectors collected petroleum samples from retail gas stations, they began also inspecting the petroleum pumps for credit card skimming devices.

In 2017, the department will procure and contract with a new Computer Aided Dispatch (CAD) system vendor to replace the current 9-1-1 dispatch system.

Environmental Services: The Department of Environmental Services includes Engineering & Facilities Management, Pure Waters, Solid Waste, and Fleet Services. In 2016, expanded hours at the Avion Drive ecopark have increased one-stop recycling of difficult-to-recycle household items.

In 2017, the Engineering & Facilities Management division will complete construction of the new MCC Downtown Campus, with the facility opening to students for the Fall semester.

Transportation: The Department of Transportation is responsible for maintaining almost 1,500 miles of County highways, 119 bridges, and 320 major culverts, plus the installation and operation of all traffic control devices on County highways and City streets. In 2016, the department sealed and resurfaced approximately 168 lane miles of roads.

In 2017, the DOT expects to complete the rehabilitation/replacement of five capital bridge and culvert projects, and design an additional nine projects.

Parks: The Parks Department operates 21 County parks totaling more than 11,200 acres, many of which have picnic and hiking areas, shelters, lodges, and sports facilities. In 2016, the department completed its design of the Phase I improvements at Seneca Park Zoo, and in 2017 will complete the construction elements of that phase of the project.

Veterans Service Agency: The Monroe County Veterans Service Agency provides a welcoming environment for veterans and their families to learn about the benefits they have earned through their service to our nation. Agency staff members assist veterans in pursuing burial benefits, disability compensation, pension payments, and property tax exemptions, as well as facilitate the Monroe County Veteran's Discount program.

In the first half of 2016, the Veterans Service Agency assisted veterans and dependents to collect federal benefit payments totaling \$2.3 million and expects the benefit recovery for all of 2016 to exceed \$6.8 million. In 2017, the agency expects to be granted access to the DoD Personnel Records Information Retrieval System for the purpose of submitting more accurate and timely claims to the VA.

COUNTY CLERK

The County Clerk is the County Registrar and the Clerk of the Supreme and County Courts. The Office has a high level of interaction with the public conducting a variety of transactions including deed, mortgage, passport, pistol permit, and motor vehicle filings, among others. In 2016, the Clerk's Office continued promotion of the "Renew Monroe!" program by processing passports for residents at convenient times and locations.

In 2017, the Office will continue to lobby the New York State Legislature to allow county-run Auto License Bureaus to retain the revenue they generate in order to maintain the current level of customer service they provide.

COUNTY LEGISLATURE

The County Legislature is comprised of 29 elected legislators representing the residents of Monroe County. The budget includes the appropriations for the legislators as well as the Office of the Legislature and Legislature Clerk, the Office of the Legislature President and staff support for both Republicans and Democrats.

DISTRICT ATTORNEY

The District Attorney (DA) is the Chief Prosecutor for Monroe County and oversees the prosecution of all crime in the County. In 2016, the DA's Office continued to support Project EXILE and the Gun-Involved Violence Elimination (GIVE) Initiative, a program aimed at reducing violent crime rates and gang related violence.

In 2017, the DA's Office will continue to seek significant state prison terms when appropriate for offenders convicted of violent felony offenses and for repeat offenders that are determined to be an ongoing threat to the safety and security of Monroe County.

SHERIFF

The Sheriff is a constitutional officer elected to a four-year term and serves as an officer of the court and conservator of the peace in Monroe County. In 2016, the Sheriff's Office replaced their Remote Operated Underwater Vehicle used by the Sheriff's SCUBA Team, and renovated the Sheriff's Mounted Unit building for necessary structural and electrical improvements.

In 2017, the Sheriff's Office plans to complete construction of the second and third floors of the Public Safety Building for new mental health inmate housing, training space, and records storage. Also, two new school districts – Greece and Webster – have requested Drug Abuse Resistance Education (DARE) instruction.

CONCLUSION

The 2017 County Budget is balanced and fiscally responsible. Budgeted spending is well below the rate of inflation, the property tax rate is flat at \$8.99, the long-term mandate-driven structural deficit is reduced, and quality of life services are responsibly funded. The Multi-Year Forecast section of this document demonstrates that although Monroe County is deficit-free in 2017, we continue to face the state-wide challenges of funding mandated programs and services.

COMMUNITY PROFILE

Monroe County and the City of Rochester are located in western New York State where the Genesee River meets the south shore of Lake Ontario. Brookings Institution ranks Rochester the 46th best metro economy in the world and 3rd best in the U.S., trailing only Houston and Dallas and outperforming areas such as New York City, Boston and Washington. This ranking is based on 2010-2011 growth rates for employment, income and output of goods and services (Jan 2012). Top-ranked public and private schools, a good economy, and strong employment growth are some of the reasons Kiplinger named Rochester the 5th Best City for Families (July 2012).

Xerox and CooperVision are two of the world's most recognizable names in business, and have significant operations in Monroe County. The community is also home to nationally recognized and growing companies like Wegmans, Paychex, LiDestri Foods and Harris Corporation. The University of Rochester, along with its Medical Center, is now the area's largest employer.

There are a variety of industries that make up Monroe County's diverse economic culture: BioTech, Alternative Energy and Fuel Cells, Business and Information Services, Food and Beverage Manufacturing, Telecommunications, Printing and Publishing. Monroe County ranks 2nd in the nation among the top 100 best government "Green Fleets" by *Government Fleet* magazine. In 2015, Vice President Biden announced that Rochester will headquarter the new Manufacturing Innovation Institute for Integrated Photonics. The Department of Defense sponsored manufacturing institute will help to spark new growth in our area. Already home to Harris Corporation, Sydor Optics and Optimax to name a few, Rochester will accelerate the growth of this industry in New York State.

We are a community of innovators on the cutting edge of research and discovery; a community of artists featuring world-renowned performers with a top-flight orchestra and one of the nation's premier schools of music; and a community of entrepreneurs, home to some of the world's best known brands and fastest growing companies. Business Insider reports Rochester, NY is the 13th "Most Innovative City in the U.S." (February 2013).

Creating jobs and enhancing our economic vitality and quality of life is our continued goal. Monroe County is a great place to live and a great place to do business.

Monroe County Today

As of July 1, 2016, the U.S. Census Bureau estimates Monroe County's 2015 population at 749,600 residents. Since 2010, the county's population growth is 0.7%. A business-friendly infrastructure, a community centered on partnership and collaboration, nationally-ranked colleges and universities, four-season weather and affordable housing are just a few of the many reasons people locate in Monroe County. A strong industrial history, emerging technology sector and an emphasis on high quality services, including higher education, ensure a technically sophisticated and reliable workforce.

Monroe County has an intricate transportation system designed to allow residents the freedom to travel across the county with ease. The average commute time for residents is 19.6 minutes. According to *The Business Journals*, our community is recognized as the shortest major metro commute in the nation. Multi-modal transportation is also available in Monroe County, at the Greater Rochester International Airport (GRIA), Amtrak and Rochester Genesee Regional Transportation Authority bus service. GRIA is the gateway to Rochester for those visiting the area for business or leisure and was recognized in 2011 by the travel website CheapFlights.com as being one of the top 12 Most Affordable Airports in the U.S.

Seven exceptional colleges and universities provide quality educational opportunities for students from throughout the Greater Rochester area, New York State, the nation and the world. These world-class institutions help support the local economy and bring a talented workforce of professionals into the community. The *US News and World Report* ranks The University of Rochester as one of the top 32 national universities in the country (2016).

Businesses locating here can benefit from some of the most competitive incentive programs available. Monroe County offers a wide variety of financing programs and incentive packages for businesses looking to expand or locate here. Large corporations, small companies and start-ups all benefit from the area's excellent educational resources, skilled and knowledgeable workforce, available and convenient infrastructure, and economic development programs, while enjoying an outstanding quality of life.

In addition, homeownership is affordable in Monroe County. A variety of urban and suburban neighborhoods offer an array of housing options at reasonable prices. From downtown lofts to suburban subdivisions to rural farmhouses, high quality housing is within reach for Monroe County residents. According to the New York State Association of Realtors, at \$141,000, the median home sales price is very affordable at 46% of the national average. In fact, when compared to other metropolitan areas throughout the country, the Rochester area ranks among the most reasonably priced, and is recognized as one of the most affordable housing markets in the country, based on percentage of house an average family can afford (Source: Economy.com).

Economic Profile of Monroe County

Throughout the twentieth century, Monroe County's economy was dominated by major manufacturers. As these companies restructured and transitioned, their highly skilled workers have fueled the growth of numerous small and medium-sized firms in a range of industries. US Census data shows 72% of the companies in Monroe County have less than ten employees, and Monroe County's manufacturing workforce is the third largest by county in New York State (NYS Department of Labor). Monroe County's higher education and medical services sectors continue to drive economic growth and job creation in the community.

The Center for Governmental Research (CGR) estimates that as the 6th largest private employer in New York State, the University of Rochester (UR) is not only the largest regional employer, but the catalyst for over 56,000 jobs overall. New research and patient care investments, totaling more than \$1.2 billion over the last five years, have significantly changed the footprint of the University of Rochester Medical Center as it aims to become one of the top 20 academic medical centers in the nation. UR has continued to expand its influence and has been a champion for economic development in the Mt. Hope Neighborhood. Its River and Medical Campuses continue to grow with new academic and medical buildings supporting cutting edge research and advanced medical care. UR attracts an average of \$373 million per year in external grant funding which is expected to more than double over the next ten years with the launch of the new Institute for Data Science (IDS). The IDS will give the UR capacity in the field of "big data" available in only a handful of institutions nationally. In 2013, UR paid more than \$1.5 billion in wages; spent an average of \$241 million per year on capital projects; purchased \$196 million in goods and services in the Rochester Metropolitan Area; and drew visitors that booked more than 24,700 hotel reservations.

Major manufacturers and local education and health care institutions continue to make significant local investments. During 2015, many projects involved renovations and upgrading of existing commercial stock for residential housing, education, services and manufacturing.

Bausch & Lomb Inc., a leading global eye health business including ophthalmic pharmaceuticals, contact lenses, lens care products, ophthalmic surgical devices and instruments, over the next three years will be investing \$117,974,000 in its City of Rochester campus to create four new technology high speed contact lens manufacturing lines. The project is projected to create 112 new jobs over the next three years.

Love Beets Production, a joint venture of LiDestri Foods and UK based G's Fresh Ltd., are constructing a 98,500 square foot specialty beet processing facility in the Town of Greece. The facility will process, package and distribute fresh, marinated and organic beets and beet products. The demand for beets will exceed current supply. After a three year conversion, it is hoped beets will be supplied predominately by Western New York State farms. The project includes the purchase of equipment for climate controlled storage, washing, cooking, peeling, processing and packaging lines. The \$18,050,000 project is projected to create 89 new jobs over the next three years.

Riverwood Tech Campus local real estate developers, Rainaldi Real Estate, are investing \$19,400,000 in the transformation of the long vacant, former Kodak Marketing Education Center on 150 acres in the Town of Henrietta. First opened in 1971, the long vacant property consists of 350,000 square feet of outdated and inefficient space. The project will create modern and efficient space for as many as 20 high tech, assembly and light industrial tenant companies.

Carestream Health Inc., a leading global provider of innovative medical imaging and health care information and technology solutions, will be investing \$11,930,000 to renovate and modernize its three Monroe County locations. The project will include the renovation of the company's world headquarters at 150 Verona Street and roof replacement at 1049 West Ridge Road in the City of Rochester, and the renovation of space at 1600 Lexington Avenue in the Town of Greece. The project will retain 1,163 jobs.

Highland Hospital of Rochester will be investing more than \$25,000,000 to create a state of the art perioperative suite and new observation unit. Founded in 1889 and now part of the University of Rochester, Highland Hospital currently employs more than 2,300 and is well known for its comprehensive orthopedic services, women's services, nationally ranked geriatrics program, regional leading gastric bypass surgery center, medical/radiation oncology, cardiology and neurology services.

Small and medium-sized technology firms, including telecommunications firms; biotech firms and information technology firms like Paychex, add significantly to the local economy. Computerworld magazine named Paychex one of the top 100 workplaces for information technology (IT) professionals. Fortune 100 magazine rated Wegmans Food Markets fourth among its Top 100 Best Places to Work. Dixon Schwabl has consistently ranked in the top 10 among Best Small Companies to Work for in America by the Great Place to Work Institute.

International trade by area exporters continues to be a significant component of the area's economic activity. Regional exports are estimated at over \$7.5 billion. Rochester is the second largest exporting region in the state (New York City is the largest). With two approved foreign trade zone sites in Monroe County, Monroe County Foreign Trade Zone #141 (MCFTZ) has been a catalyst for local export activity since its establishment in 1987.

Quality of Life

Monroe County is a dynamic, historically rich and culturally diverse metropolitan community, the third-largest urban area in the State of New York. *Kiplinger's* magazine has named Rochester as one of the best cities to raise a family. This high-tech community has also preserved many links with the past as it claims more sites on the National Register of Historic Places than any other city its size.

Monroe County is recognized nationally for its leadership in arts and culture. The community's vibrant cultural district includes: the world-renowned Eastman Theatre and Eastman School of Music, which was ranked as one of the Top 10 Music Programs by the Fiske Guide to Colleges (2011); Memorial Art Gallery; Susan B. Anthony House; Rochester Museum and Science Center; and the George Eastman House International Museum of

Photography and Film. The Strong National Museum of Play was ranked number one by FamilyFun magazine for children's museum on its Best Family Vacations 2016 FamilyFun Travel Awards and is home to the National Toy Hall of Fame. In addition, Monroe County's Seneca Park Zoo is one of the top family attractions in the area.

Monroe County is home to professional sports teams in baseball, hockey, soccer, lacrosse, and hosts the Buffalo Bills Training Camp. *SportsBusiness Journal* ranks our community in the top 20 for top minor league sports markets. The prestigious Oak Hill Country Club has ranked among "America's 100 Greatest Golf Courses" by *Golf Digest* magazine and has been home to some of golf's premier events including the Ryder Cup, the PGA Championship, the US Amateur Championship and the Senior PGA Championship.

According to VisitRochester, Monroe County's tourism promotion agency, nearly 20,000 people are employed in

tourism-related industry. The number released in 2015 by the New York State Department of Economic Development, Division of Tourism, reports visitor driven expenditures in Monroe County totaled over \$1 billion, which is 35% of the Finger Lakes region travelers spending. Monroe County hosts a number of festivals that attract thousands of tourists to the region each year, including the annual Lilac Festival, Xerox Rochester International Jazz Festival, Rochester Fringe Festival and Greentopia.

Monroe County is known for its extensive parks system, one of the most beautiful and scenic in the nation. The county operates 21 parks, including two dog parks, with nearly 12,000 acres of parkland. Four season outdoor recreation opportunities in the region range from sailboat racing and deep-water fishing on Lake Ontario, to camping, hunting and skiing in the Bristol Hills; and windsurfing and boating on the Finger Lakes. There are more than 100 wineries, breweries and distilleries in Monroe County and the Finger Lakes Region. Finger Lakes wineries boast wines that are among the best in the world. The climate of the Finger Lakes is particularly well-suited to white wine production. The area is also home to the New York Wine and Culinary Center, founded by Constellation Brands, Wegmans Food Markets, Rochester Institute of Technology and the New York Wine and Grape Foundation.

Monroe County continues to excel and grow as our community moves forward. Our future is bright with opportunity.

Vision for Monroe County

Monroe County is a community of choice that is economically prosperous with a diverse business base, outstanding educational opportunities, sound infrastructure, access to a wide range of recreational and cultural assets as well as quality affordable housing for its residents. Ours is a community that will encourage future generations to live, work and raise their families here. Through stable property taxes, more efficient government and more effective partnerships and collaborations, Monroe County government will create an environment that promotes aggressive economic development and job creation.

Mission for Monroe County Government

Through the dedicated and productive efforts of its workforce, Monroe County will provide high quality service to its residents in a cost-effective manner. By engaging the community and working together with people from all walks of life, Monroe County will create a government structure that lives within its means and promotes fiscal stability. By fostering a spirit of teamwork and collaboration with community partners, Monroe County government will return to its core values, ensuring a safe and healthy community, with a quality of life second to none.

Monroe County Legislature
Office of the Republican Majority

December 19, 2016

Dear Taxpayer,

On December 13, 2016, the County Legislature approved the 2017 County Budget. The Republican Majority in the County Legislature is pleased that this budget is evidence that Monroe County continues to meet taxpayers' expectation of strong fiscal leadership.

This budget maintains our commitment to keep the property tax rate stable for the tenth consecutive year while preserving quality of life services. The 2017 County Budget also complies with both the New York State Tax Cap and the Monroe County Taxpayer Protection Act. Earlier this year the dismantling of Local Development Corporations realized a savings of \$3.4 million in the 2017 budget. Through the budget, Monroe County was also able to close a \$24.7 million budget gap with the dissolution of Local Development Corporations along with the help of lower health insurance costs and growth in real estate valuations. In 2017 Monroe County will also be allocating an extra \$152,000 for child care subsidies.

With State and Federal mandates consuming 85% of the budget, the County controls just 15% of the budget. Thanks to the strong partnership between County Executive Cheryl Dinolfo and the Republican Majority, Monroe County's financial position remains strong while reducing our structural deficit by \$3.1 million and keeping the property tax rate flat.

The Republican Majority in the County Legislature and County Executive Cheryl Dinolfo remain focused and dedicated to serving and protecting the taxpayers of this great community. We are steadfast in our commitment to hold taxes stable and control spending while delivering essential services and maintaining a high quality of life.

Sincerely,

BUDGET PROCESS

Budget Preparation and Development

The procedures governing the preparation, submission and adoption of Monroe County's annual budget are stipulated in Article IV of the County Charter and Article VI of the Monroe County Administrative Code. The development of the capital budget involves a slightly different process and timing, as also stipulated in Article IV of the County Charter.

Budgeting is a year-long process. In January of each year, the Chief Financial Officer and Director of Management and Budget brief the County Executive on the financial outlook for the forthcoming and successive budget years. After consultation with the County Executive, detailed budget instructions and specific budget targets are issued to operating departments and authorized agencies by mid-to-late May to guide the preparation of the budget. In May and June, department heads and authorized agencies assess department/agency needs, prepare their respective operating budget requests and submit them to the Office of Management and Budget (OMB) on or before July 1st. OMB personnel, in continued consultation with department staff, analyze budgets during the months of July through October. Many decisions are impacted by federal, state and local changes, which make it imperative to use the latest and most accurate information available before finalizing the budget. Final budget decisions are made by the County Executive, who prepares a proposed budget for submission to the County Legislature on or before November 15th.

Budget Adoption

Following submission of the budget to the County Legislature, the Legislature must meet to deliberate on the budget and also must hold at least one public hearing prior to budget adoption. If the Legislature passes the budget as proposed, no further action is required on the part of the County Executive. If the Legislature changes the budget, the changes must be submitted to the County Executive for her consideration. The County Executive then has 48 hours to approve or disapprove each of the legislative changes. The Legislature can override a County Executive veto within the next 48 hours with a three-fifths majority vote.

If a budget has not been passed on or before the second Tuesday in December, the Legislature must meet every day until the budget is passed or until December 16th, whichever occurs first. If the budget is not passed by December 16th, then the budget as submitted by the County Executive, with any legislative changes agreed to by the County Executive, becomes the adopted budget for the next year. The Monroe County budget takes effect January 1st.

Budget Amendments

During the course of a year the budget is routinely amended. The major reasons are to accept grant funding and to respond to unanticipated program requirements which may necessitate changes of authorizations from one portion of the budget to another. Estimated grant funding may be budgeted through the normal cycle in anticipation of grant funding of a program, but when actual grant amounts are verified through the course of a year, the budget has to be amended to account for exact amounts. Budget amendments which involve the acceptance of additional revenues and corresponding changes of expenses or involve a transfer of expense appropriations between funds have to be approved by the County Legislature. Budget amendments which involve a transfer of expense appropriations among line items between departments may (if they are \$10,000 or less to a particular line item) be approved administratively with the approval of a department head and the Budget Director. Major transfers between departments (amounts in excess of \$10,000 to a particular line item) require the approval of the County Legislature. Since amendments to the budget are done routinely, the year-to-year comparison in the department budgets and in the financial detail is made from the amended previous year budget (rather than the original adopted) to the new budget.

During the budget year, quarterly reviews of key appropriation and revenue accounts deemed critical to maintaining a balanced budget are prepared by OMB and submitted to the Legislature. On the basis of these reviews, OMB, in cooperation with the Controller, prepares a fourth quarter reallocation to revise appropriations for review and approval by the Legislature in anticipation of the current year close-out.

Capital Budget

Monroe County has a six-year plan for capital improvements. This plan is updated each year in the form of a Capital Improvement Program (CIP). As required by Article IV of the County Charter, the administration is required to submit an updated CIP to the Legislature by May of each year, and the Legislature is required to approve the plan on or before the first regularly scheduled meeting in July. The first year of that six-year plan becomes the Capital Budget for the next fiscal year (beginning the following January).

Future implications of the CIP projects on the operating budget are noted in the CIP document. Generally, the implications of capital projects on the operating budget have been to either reduce the cost of maintenance or avoid future increases in the cost of maintaining facilities. For some projects, the implication has been to increase costs because of additional staffing and other expenses required to operate expanded facilities. Other projects result in additional operating costs, but generate additional operating revenues which offset these costs.

The CIP document is separate from this operating budget document. For more information, see the "Capital Program/Debt Service" analysis toward the end of this budget document.

ORGANIZATION STRUCTURE

The department is the principal organization level of the county. The organization of county departments is depicted in the chart on the preceding page. Departments are identified either as operating departments, which provide direct services to citizens, or staff departments, which perform functions relating to the support of the operating departments. The County Clerk, District Attorney and Sheriff are directly elected by popular vote as are the County Executive and the 29 County Legislators.

Departments may be separated into divisions, as necessary, to reach a level which facilitates analysis and understanding. The department level, however, is the level at which the County Legislature actually authorizes appropriations. Within each department and division, unique funds centers are established to identify specific activities of the department. The number of divisions and funds centers presented generally varies according to a department's size and complexity.

The breakdown for a portion of the Planning and Development Department is shown below. Note that the department is identified by a two-digit number shown in parentheses. For the departmental presentations, divisions are identified by a four-digit number.

FINANCIAL STRUCTURE

The county's financial system is organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise the assets, liabilities, fund balance, revenues and expenditures. The following fund types and account groups are used by the county.

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the county are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The following are the county's governmental fund types:

1. The General Fund is the county's principal operating fund and includes all operations not required to be recorded in other funds.
 - General Fund Grants This is an extension of the General Fund. This allows us to cross fiscal years based on grantor requirements.
2. Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or capital projects) that are legally restricted to expenditures for specified purposes. The county's Special Revenue Funds include the following:
 - The Library Fund accounts for the activities of the Monroe County Library System, which exists to serve member libraries in the county.
 - The Road Fund accounts for certain public works functions relating to maintenance and improvement of county highways.
3. The Debt Service Fund is used to account for reserve funds established for the retirement of outstanding debt, as well as activities in the county's coupon trust accounts. Other than for the proprietary funds, payments of principal and interest on bond anticipation notes, serial bonds, and capital notes are recorded and appropriated in this fund.
4. Capital Projects Funds are used to account for financial resources to be used for the acquisition of major equipment items and the construction of major capital facilities other than those accounted for in the proprietary funds.

PROPRIETARY FUND TYPES

Proprietary Funds are used to account for ongoing organizations or activities which are similar to those often found in the private sector. The following proprietary funds are used by the county:

1. Enterprise Funds are used to account for operations that provide services to the public and are financed primarily by user charges. The county's enterprise funds include Monroe Community Hospital, Pure Waters, the Airport and Solid Waste.
 - Monroe Community Hospital is a health-related facility for the care and treatment of the chronically ill.

- Pure Waters includes the financing of wastewater management public improvements, as well as operations and maintenance services which benefit the properties against which user fees are charged.
 - The Greater Rochester International Airport is served by a number of major air carriers and commuter lines providing air carrier services, as well as other related facilities and services. The facility, which is owned by the county, has been leased to the Monroe County Airport Authority, but under the Lease and Operating Agreement, continues to be operated by the county through the Airport Enterprise Fund.
 - Solid Waste finances the county's waste disposal and recycling operations.
2. Internal Service Funds are used to account for special activities or services provided by one department of the county to other departments or to other governments on a cost reimbursement basis. Examples of what is included in this category are the following:
- Building Operations provides for the operation and maintenance of county-owned buildings including the Hall of Justice, County Office Building, Public Safety Building, Ebenezer Watts House, Monitoring and Reaction Center, Civic Center Complex, Crime Lab, Pediatrics and Visitation Center and the Health and Human Services Building.
 - Central Services provides interdepartmental and public mailing services.
 - Fleet Services provides for and services county-owned vehicles and motor equipment.
 - Information Services provides central information services, including computer and telephone systems and support.
 - Risk Management provides for the county's insurance requirements for general liability, workers' compensation and unemployment coverage. These funds are also used to account for certain claims and judgments.

ACCOUNTING MEASUREMENT FOCUS

Governmental funds are accounted for using the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized when measurable and available to pay current liabilities. Expenditures are recognized when the related fund liability is incurred, except for principal and interest on long-term debt which are recorded as expenditures when paid, and compensated absences which are recognized as a liability in the applicable fund when due and payable.

Proprietary funds are accounted for using the accrual basis of accounting. Under this basis of accounting, revenues are recognized when earned and expenses are recorded when the liabilities are incurred.

BUDGET FORMAT

The budget document consists of two major parts: the narrative program description or "Department" budget and the line item or "Financial Detail" portion.

The program budget is organized by elected official. Departments under each elected official are presented in alphabetical order. For each department, an organization chart is presented which shows the breakdown of the department into its organizational components (divisions). For small departments that are not subdivided organizationally, the organization chart reflects the primary functions, or activities of the department. Pie charts for each department display operating budget appropriations by division or category. In addition, there is a pie chart depicting the percentage of Mandated vs. Non-Mandated Services performed by each department along with a general description of these services.

Budget information is presented for each major organizational component within a department. While most budget pages follow the format described below, the format for some pages may vary slightly to include fee schedules or relevant statistical information in the form of bar charts, additional pie charts, or tables. Generally, the page format contains the following components:

Descriptions of each major organizational component summarize the functions of the department or division and include relevant information regarding any recent or proposed organizational or programmatic changes. Descriptions may also be provided for the department's funds centers.

Mission, Accomplishments and Objectives detail the philosophy of each department as well as what the department has accomplished in 2016 and the goals for 2017.

Budget Summary (financial information) presents appropriations by major category of expense, revenue by major source, and the net county support required by the department. Depending on the structure of the department, budget summaries may also appear for each division within the department. The net county support amount is the difference between a department's appropriations and its anticipated revenue and represents the amount of support required from property taxes and other general fund revenues. Financial data is presented for the 2016 budget as amended and the 2017 budget as proposed.

Performance Measures present data about the organization's input, output, service quality and efficiencies. Measures for the previous year, current year and budget year are presented.

Staff tables (a separate section at the back of this document) show the personnel for 2017 by title, number of full-time equivalent positions, and pay group. Salary Schedules (a separate section at the back of this document) relate pay groups to annual salary amounts.

The Financial Detail portion of the budget document shows expenses and revenues in a line item format for major organizational components (divisions) within each department. Departments are presented in order by financial system account number. The financial data shows the actual expenses and revenues for 2015, the appropriations and revenues in the 2016 budget as amended, each department's funding request and revenue estimates for 2017, and the County Executive's proposed budget for 2017.

DEFINITION OF TERMS

ADOPTED BUDGET

This is the annual budget plan for the upcoming fiscal year as formally approved by the County Legislature pursuant to the provisions of Article IV of the County Charter and in Article VI of the County Administrative Code.

AMENDED BUDGET

This is the budget with changes in appropriations and revenues which occur after adoption of the budget by the County Legislature. Generally these changes result from appropriation transfers among commitment line items and the acceptance of grant funds during the year.

APPROPRIATED FUND BALANCE

The amount of fund balance estimated to be available from previous years and designated for use in the current year. The equation for a balanced budget is: Appropriations = Estimated Revenues + Appropriated Fund Balance.

APPROPRIATIONS

An authorization granted by the County Legislature to make expenditures and to incur obligations for specific purposes. An appropriation is limited in amount and to the time period during which it may be expended. Appropriations are divided into budgetary categories, each of which represents a unique type of expense and which facilitates an accounting of the use of county resources.

ASSESSED VALUATION

A value set upon real estate or other property by a government as a basis for levying taxes. In some cases the value may only be a fraction of the property's market value.

ASSESSED VALUE TAX RATE

The amount of tax levied for each \$1,000 of assessed valuation.

ASSET EQUIPMENT

One of the major categories of appropriations. This category includes equipment designated as fixed assets. Examples are: office, computer, construction, plant, laboratory, grounds or motor vehicle, landscaping, law enforcement, safety, tools and shop equipment.

ATTRIBUTABLE REVENUE

The revenue generated as a direct consequence of the provision of a specific governmental activity, such as fees, federal or state aid for programs and income from sales. If the government no longer provided the service, the revenue would also stop.

AUTHORIZED POSITION

The status assigned to a position that has been created by either the County Legislature or the County Executive.

BUDGET

A plan of financial operation including estimates of proposed expenditures for a given period and the proposed means of financing them. It is generally a financial plan for a single fiscal year. For additional information, see Operating Budget and Capital Budget.

CAPITAL BUDGET

The annual spending plan for major improvements and construction projects which are defined as capital projects (see below). It provides project details, project priority ratings, costs and funding sources.

CAPITAL FUND

An authorization by the County Legislature to spend a defined amount for a particular item or category of items (i.e.; "construct a new building" or "reconstruct several culverts"). Each fund has a separate authorizing resolution by the Legislature. The source of funding is usually the sale of bonds or notes, but it might also include federal or state aid or funding by the City of Rochester, the Monroe County Water Authority, a town or a village.

CAPITAL IMPROVEMENT PROGRAM (CIP)

The six-year spending plan for major improvements and construction projects. It provides detail at summary level by functional area and department, funding source and year. The first year of a capital improvement program becomes the proposed capital budget for the next fiscal year.

CAPITAL PROJECT

Any object which is acquired, constructed or renovated having a useful life of three years or longer as defined under the New York State Local Finance Law, Section 11, with a "Period of Probable Usefulness".

CASH CAPITAL (PROVISION FOR CAPITAL PROJECTS)

One of the major categories of appropriations. Funds designated specifically for capital projects in order to avoid long-term debt financing are "Cash Capital".

COMMITMENT ITEM

A sub-category of expense (i.e.; salaries, overtime and longevity) within a Commitment Item Class (i.e.; Personnel Services).

COMMITMENT ITEM CLASS

Categories of budget appropriation. Monroe County’s financial platform changed with the implementation of SAP on January 1, 2006. The Financial Detail section is presented using the following major classes:

<u>Code</u>	<u>Commitment Item</u>
501000	Personnel Services
503000	Provision for Capital Projects
504000	Contractual Services
505000	Supplies and Materials
506000	Debt Service
507000/961200	Employee Benefits
508000/900000	Interdepartmental Charges
541000	Asset Equipment

CONSTITUTIONAL DEBT LIMIT

In accordance with Article VIII of the State Constitution and Title 9 of Article 2 of the Local Finance Law, this limits the amount of debt which can be incurred to 7% of the five-year average full value of taxable real property.

CONSTITUTIONAL TAX LIMIT

In accordance with Section 10 of Article VIII of the State Constitution, this limits the amount Monroe County may raise in real estate taxes in any fiscal year, exclusive of debt service, to 1.5% of the five-year average full value of taxable real estate of the county.

CONTINGENCY ACCOUNT

A budgetary reserve established for unforeseen expenditures not otherwise budgeted. The County Legislature must approve each expense against this account.

CONTRACTED DEBT SERVICE

The reimbursement to other parties for principal and interest payments made by these parties on amounts borrowed for capital purposes.

CONTRACTUAL SERVICES

One of the major categories of appropriations. Examples of contractual services are travel, mileage, memberships, equipment maintenance, rental of equipment, telephones, utilities, contracts for services, and rental of space.

DEBT SERVICE

One of the major categories of appropriations. The principal and interest payments for obligations incurred by borrowing to finance capital projects. These payments are similar to mortgage payments on a home.

DEPARTMENT

The highest organizational level for the provision and delivery of a specific government service or closely related services. A department may be comprised of divisions and/or funds centers.

DIVISION

The major organizational component of a department.

EMPLOYEE BENEFITS

One of the major categories of appropriations. Employee Benefits include retirement, social security, dental and retired dental, and medical and retired medical.

ENTERPRISE FUND

A governmental accounting fund in which services provided are financed and operated similarly to those of a private business. User charges provide the majority of revenues necessary to support its operation.

EQUALIZATION RATE

A means for converting the assessed value of property to its full value.

EXECUTIVE'S MESSAGE

A general discussion of the proposed budget as presented in writing by the County Executive to the Legislature.

FEE FOR SERVICE (FS)

A sub-category within Interdepartmental Charges. Specific services (other than Internal Service or ICAP charges) charged by a county department or division to another county department or division. A positive expense appears in the funds center incurring the charge while a negative expense (Service Chargeback) appears in the funds center performing the service.

FINANCIAL DETAIL (LINE ITEM BUDGET)

The part of the budget document that provides line item information on appropriations and revenues for each department. Actual figures are given for the preceding fiscal year, while financial data is also provided for the current year's amended budget, and the department request and the County Executive's proposal for the budget year.

FULL-TIME EQUIVALENT (FTE)

The staffing of employee positions, in terms of productive work hours.

FULL VALUATION

The term used to indicate a property appraisal at 100% of market value at a specified prior point in time.

FULL VALUE TAX RATE

The amount of tax levied for each \$1,000 of full valuation.

FUND

A self-balancing group of related accounts.

FUND BALANCE

In fund accounting, Fund Balance = Assets - Liabilities.

FUNDS CENTER

An organizational component of a division.

GENERAL FUND

The accounts of the county are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The General Fund is the county's principal fund, accounting for all financial resources not required to be recorded in other funds. Other types of funds consist of Enterprise, Debt Service, Internal Service and Special Revenue Funds.

GRANT

Funding from sources outside the county (federal, state or private) to conduct a specific program to achieve a specific purpose.

HOTEL ROOM OCCUPANCY TAX

This is a tax calculated as a percentage of the cost of room occupancy on a daily basis (hotel, motel, bed and breakfast, etc.). The rate of taxation is 6% in addition to the standard combined sales tax rate (see the analysis of the Hotel Room Occupancy Tax in the Tax Analyses part of this budget document).

ICAP (INDIRECT COST ALLOCATION PLAN)

A sub-category within Interdepartmental Charges. This federally approved plan refers to the allocation of expenses of staff departments. A positive expense appears in the funds center incurring the charge while a negative expense (Service Chargeback) appears in the funds center of the staff department.

INTEREST ON INDEBTEDNESS

One of the sub-categories of appropriations under Debt Service. Interest on Indebtedness includes the annual interest payment on bonds and notes issued by the county to finance capital projects.

INTERDEPARTMENTAL CHARGES

One of the major categories of appropriations. The Interdepartmental Charges appropriation represents the expense to one county department for services or supplies provided by another county department. This category is divided into three types of expenditures: 1) Fee for Service charges, 2) Internal Services charges, and 3) ICAP charges. Each of these sub-categories is defined under its own heading.

INTERNAL SERVICES (IS)

A sub-category within Interdepartmental Charges. Services charged by a county department or division (classified as part of an Internal Service Fund) to other county departments. Internal Services departments or divisions include Facilities Management, Information Services and Unallocated Insurances. These services are consumed internally in the operations of county departments and are principally financed by charges to user departments. A positive expense appears in the funds center incurring the charge while a negative expense (Service Chargeback) appears in the funds center of the internal service department or division.

INTERNAL SERVICES DISTRIBUTION

An allocation of the budgeted costs of the Internal Services operations to the users of the services.

LINE ITEM BUDGET (SEE "FINANCIAL DETAIL")

MANDATED SERVICES

Mandated services are those which the county is required to provide through either federal or state law. The level of control of these services can range from no control to some control over the level of service provided. Federal/state initiatives - services that are significantly reimbursed by federal/state aid - are also included as mandated services.

NET COUNTY SUPPORT

The difference between appropriations and attributable revenue which must be raised through the property tax levy or non-attributable revenue.

NON-ATTRIBUTABLE REVENUE

The revenue flowing into the county which is not the direct consequence of providing a specific governmental service. Examples include Sales Tax, Off-Track Betting earnings and interest earned on investments. This revenue, together with the property tax, provides the net county support for programs.

NON-MANDATED SERVICES

Non-mandated services are those for which there is no federal or state requirement, nor are otherwise initiated by another level of government.

OPERATING BUDGET

The annual spending and program plan for county operations and services. It includes appropriations by category of expense and revenue estimates to support county operations and services.

PAY GROUP

Designation within the salary schedule establishing the compensation range for each class of position.

PERSONNEL SERVICES

One of the major categories of appropriations. Personnel Services appropriations include salaries for full-time and part-time employees, overtime costs, shift differential, holiday pay, longevity, educational reimbursement and mandated training.

PRINCIPAL ON INDEBTEDNESS

One of the sub-categories of appropriations under Debt Service. Principal is the amount originally borrowed to finance capital projects and principal payments redeem part of the amount borrowed.

PROGRAM BUDGET

The main part of the Monroe County budget consists of department budgets which describe the programs that the county administers. Each department, division and funds center has a description which is intended to explain the services it provides or the program it carries out.

PROPOSED BUDGET

The budget plan for the upcoming fiscal year recommended by the County Executive to the County Legislature for its formal approval. The budget is "proposed" until it is formally approved or "adopted" by the County Legislature.

PROVISION FOR CAPITAL PROJECTS (SEE "CASH CAPITAL")**REAL PROPERTY TAX**

This is a tax on real estate based on the assessed value and the full or partial taxable status of property. Rates of taxation for county purposes vary among the taxing jurisdictions in the county depending on the assessment practice of each jurisdiction. See the analysis of the Monroe County Real Property Tax in the Tax Analyses portion of this budget.

REVENUES

The general category for all income sources which finance county services.

SALES TAX

A tax as a percentage of retail sales (with the general exceptions of food, pharmaceuticals, and other medical supplies) is levied by the State of New York and Monroe County. See the analysis of the Monroe County Sales Tax in the Tax Analyses portion of this budget.

SALES TAX CREDIT

The City of Rochester, villages, and school districts in Monroe County receive cash payments for their entire share of sales tax. In towns outside of villages, property owners receive the benefit of the aggregate first \$55 million sales tax directly through a credit which reduces their property tax bills and represents their proportionate share of sales tax allocated to the town. Beginning in 1996, the town aggregate amount over \$55 million is distributed to the town governments in direct cash payments.

SEASONAL EMPLOYEE

The status assigned to an employee working a portion of the fiscal year and entitled to minimal fringe benefits.

SERVICE CHARGEBACKS

This includes three different types of interdepartmental charges: Internal Service charges, ICAP charges and other Fee for Service charges (see separate definitions for each). In each case a department will utilize staff and resources in their own budget to perform a service for another department or division. The department being charged for the service will show a positive expense under its interdepartmental charges budget. The department performing the service will show a negative expense in its budget. These negative expenses are categorized as Service Chargebacks. This presentation of the budget coincides with the accounting presentation in the county financial system.

STAFF

A section of the budget that lists the proposed personnel by title, number of positions and pay group.

SUPPLIES AND MATERIALS

One of the major categories of appropriations. Examples of Supplies and Materials appropriations are consumable items such as office, construction, technical, institutional, medical and laboratory, landscaping, law enforcement, safety, recreational, chemical supplies, computer software, fuel and gasoline, motor oil, vehicle parts, clothing, books and periodicals and non fixed asset equipment.

TAX LEVY

The total amount to be raised by the general real estate or property tax.

TAX RATE

The amount of tax levied for each \$1,000 of assessed or full valuation.

UNALLOCATED EXPENSE/REVENUE

Appropriations and revenues not directly related to any department operations are included in the Unallocated Expense/Unallocated Revenue part of the budget. Examples of such appropriations are the contingency account, the contribution to the Rochester-Genesee Regional Transportation Authority, and several debt service accounts for purposes such as the Water Authority and the Outdoor Sports Facility. Revenues include the real property tax, sales tax, interest earned on investments and several other categories.

UNIT CHARGES

The charges to users in Pure Waters districts based upon water consumption and/or assessed value.

USER FEE

The payment of a fee for direct receipt of a public service by the party benefiting from the service.

Financial Strategies for Monroe County

1. Maintain Stable Tax Rate

Aggressive efforts to control costs and enhance revenues from outside the County Tax Base will be continued, enabling the county to maintain the property tax rate at or below the 2017 rate of \$8.99 and provide quality services to its residents.

To this end, Monroe County will:

- Pursue cost-saving and revenue-enhancing measures that reduce the need for county taxpayer funding;
- Pursue federal, state, and other funding and financing strategies that reduce the need for county taxpayer funding;
- Pursue legislative reforms at all levels of government that facilitate the county's ability to deliver services efficiently and effectively.

Collaboration with other governments in and outside of Monroe County, as well as with local businesses and educational institutions, is critical to the success of these efforts.

2. Continue Multi-Year Budget Forecasting

The Monroe County budget document will include an annual budget plus a two-year budget forecast. This will assist policy-makers in their assessment of the proposed budget as well as highlight the potential impact of – and opportunities for change in – existing and proposed local, state and federal programs and policies. The net result will be a better basis for decision-making that supports sustainable programmatic and fiscal health in Monroe County.

3. Manage County Reserves and Fund Balances

In accordance with Government Accounting Standards Board (GASB) Statement 54, governmental fund balances will be classified into the specifically defined categories of non-spendable, restricted, committed, assigned, and unassigned.

The GASB 54 Fund Balance Policy for the County of Monroe will be to apply applicable expenditures against, in order, any non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance. The County Legislature may commit fund balance for a specific purpose by formal resolution, while the assignment of fund balance for a specific intent is delegated to the Director of Finance-Chief Financial Officer.

To maintain fund balance stability, the Fund Balance Policy also establishes a lower and upper threshold of \$25 million to \$35 million for the combined assigned and unassigned fund balance categories within the General Fund. Fund balances accumulating in excess of the upper threshold may be used in subsequent budgets to provide property tax stability, capital project funding, and/or debt reduction.

4. Continue Conservative Cash and Debt Management Practices

The County administration's debt policy provides that debt shall be issued to finance capital projects where funding sources are not immediately available. The debt will be structured in the most efficient manner to limit the impact on the taxpayer and will take payment of existing debt obligations into consideration as well as the total projected operating cost of the county. The use of cash capital through the operating budget will be utilized to finance projects with a short useful life or with costs estimated at \$100,000 or less or for portions of the cost of other projects as financial and budgetary conditions permit without placing undue pressures on the taxpayers. Any and all debt issues will be structured and sold in accordance with sound debt management practices.

5. Maintain Appropriate Internal Controls

The system of internal controls will be maintained and monitored for enhancement opportunities to ensure compliance with all applicable laws and prudent stewardship of public funds. All employees will be responsible and accountable for the safekeeping of public assets and a professional internal audit function will be maintained to monitor the system of controls.

6. Enhance Economic Development Efforts

Economic development efforts will be fully coordinated and aggressively advanced in order to strengthen the underlying economic fundamentals of Monroe County. These efforts will contribute to Monroe County's ability to retain and attract business, labor and residents, maintain a stable tax rate and provide quality services to its residents.

7. Track Performance Towards Goals

Performance measures and targets will be established to measure, manage and promote attainment of Monroe County's financial goals.

MONROE COUNTY PROCUREMENT POLICY

1. Background

This policy has been developed to ensure that Monroe County is in compliance with New York State General Municipal Law concerning the procurement of goods and services as defined herein.

In accordance with New York State General Municipal Law §103, all purchase contracts involving an expenditure of more than \$20,000¹ and all contracts for public works involving an expenditure of more than \$35,000² must be publicly bid. This policy prescribes the manner in which expenditures for purchase contracts and public works contracts not subject to public bidding requirements are awarded, as well as contracts for professional services, which are not subject to public bidding requirements, and which are subject to approval by the County Legislature and/or the County Executive. This policy supersedes any policy previously issued and approved.

Goods and services that are not required to be procured pursuant to competitive bidding must be procured in a manner as to assure the prudent and economical use of public funds in the best interest of the taxpayers; to facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and to guard against favoritism, improvidence, extravagance, fraud and corruption. These internal policies and procedures are updated annually and apply to all procurements of goods and services which are not required to be made pursuant to the competitive bidding requirements of General Municipal Law §103 or of any other general, special or local law.

2. Guidelines for Securing Competitive Quotations for Purchase and Public Works Contracts

All County employees involved in the procurement process shall follow this policy for all purchase and public works contracts less than the public bidding limits of \$20,000 and \$35,000, respectively.

All purchases of twenty-five dollars (\$25) or less may be made directly with petty cash, subject to the Petty Cash Guidelines established by the Monroe County Controller.

Purchases of commodities above twenty-five dollars (\$25) up to and including one thousand dollars (\$1,000) may be made at the discretion of the various departments. The purchase of infrequent and limited services, such as repairs and maintenance, above twenty-five dollars (\$25) up to and including one thousand dollars (\$1,000) may be made at the discretion of the various departments. A written cost quotation shall be obtained before any purchase and shall be maintained by the requesting department. This policy recognizes that the potential cost savings from competition can be quickly outweighed by the costs inherent in seeking multiple quotations.

For all purchase and public works contracts in excess of \$1,000 and below the public bidding limits, the County will seek to secure at least three (3) legitimate and competitive written quotations, and shall make an award based on the lowest responsive and responsible quotation. Any deviation from this policy shall have written justification from the Purchasing Manager and shall be included in the procurement record.

3. When Competitive Bidding May Not Apply

In accordance with General Municipal Law, there are instances in which public bidding is not required. These instances include:

- purchases through New York State contracts
- commodity and installation/repair purchases through federal, state, county or political subdivision contracts³

1 Chapter 56 N.Y. Laws of 2010

2 Chapter 494 N.Y. Laws of 2009

3 Chapter 308 N.Y. Laws of 2012

- purchases made by Monroe Community Hospital (MCH) pursuant to Public Health Law
- items to be purchased from a “sole source”
- items procured through a “true lease”
- surplus supplies, materials or equipment purchased from another governmental or public benefit entity
- supplies, materials or equipment purchased from state correctional institutions or from qualified charitable not-for-profit agencies for the blind or disabled
- purchases or public works required in an emergency, subject to the requirements of the emergency purchase order procedures
- standardization of an item as approved by the County Legislature
- energy performance contracts
- professional services contracts

4. **Professional Services**

Professional services are not subject to public bidding requirements but are subject to approval by the Monroe County Legislature and/or the County Executive. Professional Services generally include services rendered by architects and engineers, and certain other services requiring specialized or technical skills, expertise or knowledge, the exercise of professional judgment or a high degree of creativity. Insurance coverage (health, fire, liability and workers’ compensation) is considered a professional service. General guidelines for determining professional services are as follows:

- a) Whether the services are subject to State licensing or testing requirements;
- b) Whether substantial formal education or training is a necessary prerequisite to the performance of the services;
- c) Whether the services require a relationship of personal trust and confidence between the contractor and municipal officials.

For all professional services agreements of \$20,000 or less, a Request for Proposals (RFP), Request for Qualifications (RFQ) or Expression of Interest (EOI) is not required but may be used when practical. A written proposal, quotation or statement of work shall be obtained by the requesting department.

For all professional services agreements greater than \$20,000, an RFP, RFQ, or EOI is required unless waived by the County Executive or her designee. A waiver may be issued only in the event of a public emergency, as defined under General Municipal Law or the New York State Defense Emergency Act. The County Executive or her designee shall notify the Monroe County Legislature within 90 days of the issuance of any waiver.

Professional services contracts in excess of \$20,000⁴ are subject to approval by the Monroe County Legislature.

5. **Vendor Contacts**

A firm, individual or other entity that reviews a County-created public bid document, RFP, RFQ or EOI in draft or final form prior to issuance may not submit a response on such subject matter, or serve as a subcontractor or consultant to a responding firm, individual or other entity for the first five years of the contract period.

A firm, individual or other entity, or a subcontractor or consultant thereto, may not have substantive contact with a County employee or officer, but for the Purchasing Manager or his or her designee, concerning the subject matter of a public bid, RFP, RFQ or EOI during a restrictive period beginning thirty (30) days prior to the issuance of said public bid, RFP, RFQ or EOI and continuing until the selection committee has made a selection or the bid has been opened and the results made public.

No County employee or officer, but for the Purchasing Manager or his or her designee, may have any substantive contact with a responding firm, individual or other entity, or a subcontractor or consultant thereto, concerning the

⁴ Monroe County Local Law #2 of 2014

subject matter of a public bid, RFP, RFQ or EOI during a restrictive period beginning thirty (30) days prior to the issuance of a public bid, RFP, RFQ or EOI and continuing until the selection committee has made a selection or the bid has been opened and the results made public.

Prior to serving on any RFP, RFQ or EOI selection committee, all members thereof must affirm in writing that they have had no substantive contact with any responding firm, individual or other entity, or a known subcontractor or consultant thereto, concerning the subject matter of a procurement, for the thirty (30) days prior to the issuance of a RFP, RFQ or EOI to the present, and that they will continue to have no substantive contact therewith until the selection committee has made a selection.

Violations of this policy must be reported in writing to the Purchasing Manager by any County employee or officer with knowledge of the violation. Any County employee or officer who violates this policy will be subject to disciplinary action, up to and including, termination of employment.

Violations of this policy by a firm, individual or other entity, or a subcontractor or consultant thereto, may result in the exclusion of any response to a public bid, RFP, RFQ or EOI submitted on their behalf and/or debarment from responding to a County-issued procurement process for up to five (5) years. Any contract or agreement entered with a firm, individual or other entity subsequent to a violation of this policy during the procurement process is null and void.

6. **Exceptions**

Contracts for the procurement of all supplies, services, materials, equipment and public works entered into by Monroe County that involve the expenditure of federal or state funds, shall be conducted in accordance with any mandatory applicable regulations of the funder.

Exceptions to this policy shall only be made upon the written approval of the County Attorney.

7. **Purchasing Authority**

In accordance with Monroe County Local Law #3 of 1989, the Purchasing Manager is responsible for purchasing in Monroe County.

**FUND SUMMARY AND TAX LEVY COMPUTATION
2017 BUDGET**

This schedule presents appropriations and revenues by fund. A fund is a self-balancing group of accounts. For fund accounting purposes the entire real estate tax levy is received into the General Fund. The "Transfer From Other Funds" column includes the amounts required from the General Fund to support other funds. The Pure Waters Fund is supported by unit charges to users.

MONROE COUNTY REAL PROPERTY TAX

Several factors influence the amount of county tax that a real property owner in Monroe County will pay:

- **Assessed Value** is the value placed on the property by city or town assessors. As a result of different assessing practices in each jurisdiction, there is a different relationship of assessed value to full value among jurisdictions within the county. In order to apportion the county tax levy across jurisdictions, the different assessed values are "equalized" to full value.
- **Full Value** represents the estimated market value of all the real property in a municipality at some prior point in time. Full value is based on surveys conducted by the State Board of Real Property Services in which actual field appraisals are performed. From these surveys, equalization rates are established by the state to convert assessed value to full value. As a result of changes in assessed value and equalization rates during this past year, full value has increased in Monroe County by approximately 2.49%.

It should be noted that a change in full value does not mean that individual properties have gained (or lost) real market value. Full value is a measurement tool used to compare properties from one jurisdiction to another. The importance of full value is its use in equitably apportioning the county tax levy.

- **County Tax Levy** is the total amount of money to be raised by the general real property tax. The share of the tax levy for each jurisdiction is based on its percent of the county's total full value. For example, the Town of Penfield represents 7.36% of the county's full value for 2017 therefore, 7.36% of the 2017 county tax levy is allocated to Penfield.

Once the 2017 county tax levy is determined, the full value tax rate is calculated by dividing the tax levy by the total full value expressed in thousands of dollars.

<u>Tax Levy</u>		<u>Full Value</u>	=	<u>F.V. Tax Rate</u>
\$376,355,114	÷	\$41,863,750,170		\$8.99 per \$1,000 of full value

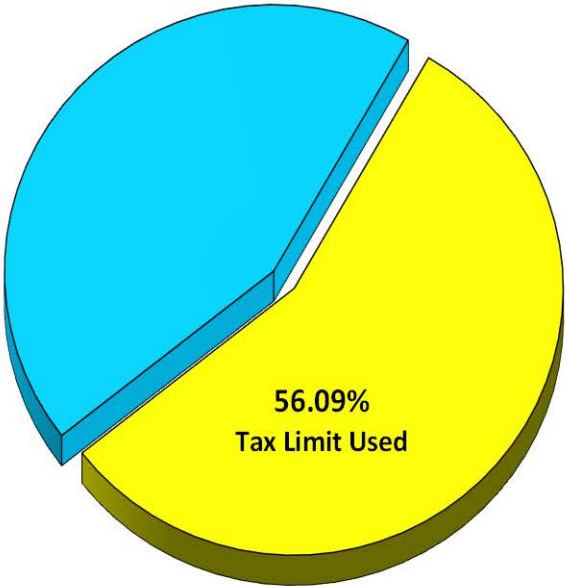

Full value tax rates can be compared from one jurisdiction to another, while assessed value tax rates cannot. The assessed value tax rate is the rate that appears on a homeowner's tax bill and is used to compute the tax bill. The tax bill is computed by dividing the assessed value of a home by 1,000 and multiplying that number by the assessed value tax rate. Sales Tax Credits, the share of total sales tax collections credited to towns, are then applied to reduce the county property tax liability for residents of towns outside villages.

**MONROE COUNTY
CONSTITUTIONAL TAX LIMIT**

The Constitutional Tax Limit of the county is determined in accordance with Section 10 of Article VIII of the New York State Constitution. This limits the amount counties may raise in real estate taxes in any fiscal year, exclusive of debt service, to 1.5% of the five-year average full value of taxable real estate of the county. In the calculation, the Sales Tax Credit to towns is an offset to the tax levy for operating purposes.

LOCAL GOVERNMENT EXEMPTION IMPACT REPORT

On July 7, 2008, Governor David A. Patterson signed into law Chapter 258 of the Laws of 2008. This law added Section 495 to the Real Property Tax Law, requiring counties, cities, towns, villages and school districts to attach to their budget an Exemption Report. The Exemption Report presentation is an effort to provide increased transparency to taxpayers in regard to the amount and impact of exemptions on the local tax base.

Date: **October 21, 2016**
Taxing Jurisdiction: **Monroe County**
Fiscal Year Beginning: **January 1, 2017**
Total equalized value in taxing jurisdiction: **\$52,029,601,657**

MONROE COUNTY SALES TAX

RATE

New York State's sales tax rate is 4%. Monroe County's sales tax rate is 4%. The 4% rate in Monroe County has been in effect since March 1993.

DISTRIBUTION

Sales tax sharing is permitted by New York State law. Forty-three of 57 counties share sales taxes with local governments. Only five counties, including Monroe, include school districts in their distribution agreements.

The chart below details the 2017 estimated share of sales tax collections (entire 4% tax) for each sharing partner:

2017 Sales Tax Sharing Agreement Distribution

Although referred to as the "county" sales tax, less than one-third is actually retained by the county. More than two-thirds of the tax, the highest percentage in New York, is distributed to the City, towns, and villages, including a full 15% distributed to school districts, with no influence on how the funds are spent.

DISTRIBUTION FORMULAS

Sales tax receipts are divided into two separate components for distribution calculation purposes, the "**First three cents**" and the "**Additional one cent**". The total share is noted in the Unallocated Revenue portion of the budget (12-1209).

"First three cents" Component (Morin-Ryan Act Formula)

- The 3% tax component is subject to a complex distribution formula whereby approximately 82.4% is distributed to political sub-divisions within the county and approximately 17.6% is retained by the county to finance the county budget. The Morin-Ryan Act of 1985 details the current formula which included the following stipulations:
 - The City of Rochester receives half the annual growth in sales tax collections.
 - The remaining half is divided among the county, city, towns (including sales tax credits up to \$55 million), villages and suburban school districts, with the villages and school districts "held harmless". According to this "hold harmless" provision, the county must compensate suburban schools and villages for any portion of the distribution they may have lost under the Morin-Ryan Act formula.
 - The city share of sales tax may never exceed 35.63% of total collections.

"Additional one cent" Component (Parity Formula)

- The additional 1% tax was fully enacted in March 1993.
- Beginning in December 1999 (calendar year 2000), after distributing 9.25% of the additional one cent to suburban school districts (5%), towns (3%) and villages (1.25%), the remaining balance (90.75%) is divided between the City of Rochester and the county so that when added to the "**first three cents**" component, the total share (4 cents) for the city and county is equal.

MONROE COUNTY HOTEL ROOM OCCUPANCY TAX

The current Hotel Room Occupancy Tax levied by Monroe County is 6% (this is levied in addition to the retail sales tax). The tax is collected from hotel operators quarterly based on the calendar year.

The revenue derived from the tax is allocated to support agencies, corporations, associations and services whose activities promote or enhance tourism and quality of life in Monroe County. State law provides local authority for distribution of revenue from the general fund.

Authorized Agencies

Genesee Country Village and Museum

\$30,000

Genesee Country Village and Museum, the largest living history museum in New York State and one of the largest in the nation, preserves and presents the lifestyles, customs, trade and crafts, horticulture, foodways and sport and recreation of the 19th century in the Genesee Country region. The Historic Village includes 68 historic structures, with trained staff interpreters in period clothing to demonstrate and describe the daily life in the 1800s. Monroe County funding provides essential operational and programming support, which allows the museum to continue to conserve, curate and interpret the history and heritage of Western New York and the Genesee Valley region for the benefit of this and future generations.

George Eastman House

\$30,000

A National Historic Landmark, the George Eastman House combines the world's leading collections of photography and film with the historic Colonial Revival mansion and gardens that were home to George Eastman from 1905-1932. The museum collects and preserves objects that are of significance to photography, motion pictures, and the legacy of George Eastman; builds information resources for both scholarly research and recreational inquiry; and keeps and cares for images and technology that tell the story of photography and its related media in history and culture.

Geva Theatre Center

\$30,000

Geva Theatre Center, Monroe County's non-profit professional theatre and the most-attended producing theatre in the northeast United States outside of Manhattan, presents a season of six Wilson Stage productions and one holiday production each year. Selections include dramas, comedies, classics, musicals and both regional and world premieres. Geva also hosts local community theatres in Theatre ROCS and for fundraisers and special projects. In addition, Geva Theatre Center produces plays, musicals and innovative programs in the Fielding Stage. Geva recently completed the final phase of its multi-year renovations project, which successfully updated the functionality of its historic building while preserving its outwards appearance. Geva provides sign-interpreted and open captioned performances for the deaf and hard of hearing and audio-described performances for the blind and visually impaired members of the audience. Geva maintains a strong commitment to educational programs, community outreach and new play development. Funding from Monroe County significantly helps Geva Theatre Center maintain its strong cultural leadership in the community.

Memorial Art Gallery

\$60,000

The Memorial Art Gallery maintains a valuable collection of 12,000 art objects spanning 5,000 years and representing diverse cultures and periods of art history. In addition to exhibiting its own collection, the Gallery also hosts important traveling exhibitions organized by its own staff and by other institutions. The Gallery provides guided tours of the collection and special exhibitions, maintains a 46,000-volume art reference library, and provides teacher training and curriculum consultation for public and private schools. In addition, the Gallery offers public programs of interest to the community's diverse audiences. Monroe County funding helps the Gallery maintain its facility and extensive art collection and offer reduced price admission on Thursday evenings.

Mid-Sized Arts Support

\$45,000

The budget includes a county contribution for arts and cultural organizations with annual budgets between \$95,000 and \$1.6 million.

Monroe County Cornell Cooperative Extension

\$60,000

The Cornell Cooperative Extension of Monroe County provides research-based information and educational programming to ensure the vitality of agriculture, strengthen families, promote health and well-being, responsibly improve home and community landscapes, and enhance our natural environment. Citizens in our community acquire enhanced life skills and increased knowledge through education programs, resources, and community services extended from Cornell University specialists and leading edge research. Primary focus areas include agriculture, horticulture, youth development and nutrition.

Rochester Museum and Science Center

\$900,000

The Rochester Museum and Science Center (RMSC) is a premier educational and cultural institution, serving Monroe County children and families, schools and community groups through exhibitions and programs that explore science and technology, the natural environment and our region's cultural heritage. The RMSC's East Avenue campus includes the Museum, with major permanent and topical hands-on exhibitions, programs and theater presentations; the Strasenburgh Planetarium, with a state of the art Challenger Learning Center; the Gannett Building, housing the fully accredited RMSC Preschool, Science Linkages and the Genesee Community Charter School; the Eisenhart Auditorium, host to many community events; and herb and flower gardens that provide a refreshing urban greenspace.

Rochester Philharmonic Orchestra

\$180,000

The Rochester Philharmonic Orchestra (RPO) ranks among the top 20 major American symphony orchestras. The central mission of the RPO is to present symphonic and other music of the highest artistic quality and the presentation of educational concerts. Monroe County funding provides a series of free or low-cost educational concerts for area school students in addition to underwriting a series of free concerts in county parks for the enjoyment of the community.

Strong National Museum of Play

\$60,000

The Strong is a highly interactive, collections-based educational institution devoted solely to the study and interpretation of play, its place in American cultural history, and its critical role in learning and human development. Guided by strategic planning, benchmarking, and ongoing market research, The Strong explores play to encourage learning, creativity, and discovery. The museum's collection of 450,000 toys, dolls, games, and other play related artifacts is the largest and most comprehensive in the world, and positions The Strong as the nation's foremost authority on play. The Strong is home to the International Center for the History of Electronic Games, the World Video Game Hall of Fame, the National Toy Hall of Fame, the Brian Sutton-Smith Library and Archives of Play, the Woodbury School, and the *American Journal of Play* – all of which interlock to provide a multifaceted array of exhibitions, research, and other interpretive and educational activities that serve a diverse audience who studies play.

Susan B. Anthony Museum & House

\$60,000

The National Susan B. Anthony Museum & House shares the story of Susan B. Anthony's lifelong struggle to gain voting rights for women and equal rights for all. Her vision is kept alive and relevant by preserving and sharing Anthony's National Historic Landmark home; collecting artifacts and research materials directly related to her life and work; and making these resources available to the public through tours, publications, the internet, and interpretive programs. The House is open to visitors to inspire one and all with the remarkable story of Susan B. Anthony's unrelenting courage and determination.

Tourism
\$9,000

Monroe County receives funds from Hotel Room Occupancy Tax revenues in order to promote and enhance tourism. Appropriations provide for the County's participation in local promotional activities.

WXXI Public Broadcasting Council
\$20,000

WXXI Public Broadcasting Council owns and operates three television channels within Monroe County: WXXI-TV (DT 21.1, cable 1221), WXXI-Create (DT 21.3, cable 1276), and WXXI-WORLD (DT 21.2, cable 1275). It also operates cable City 12 in partnership with the City of Rochester. WXXI's radio services include: AM 1370, Classical 91.5 FM, WXXY FM 90.3 (Houghton), WRUR-FM 88.5 (a broadcast partnership with the University of Rochester), and WEOS 89.5 FM (Geneva) and WITH 90.1 FM (Ithaca) – partnership with Hobart & William Smith Colleges. It also hosts two HD channels and Reachout Radio, a closed-circuit, 24-hour radio reading service for those who are visually impaired. WXXI is Rochester's source for PBS and NPR programming.

WXXI's Educational Outreach Center provides workshops for parents, caregivers, and educators to improve readiness for school. It also delivers instructional programming, Ready to Learn, Adult Basic Education, on-demand educational videos, online resources, social media offerings, information family learning events, youth media production, in-person outreach initiatives, and local educational productions. WXXI serves as the Finger Lakes Regional Adult Education Network (RAEN) for New York State Education Department (NYSED), which provides professional development opportunities for educators of Adult Basic Education, GED, and Workforce Development programs. In addition, WXXI hosts a robust website (WXXI.org) that features streaming of its radio services, video on-demand, TV and radio schedules, podcasts, and blogs.

DEPARTMENT: Aviation (81) Greater Rochester International Airport

DEPARTMENT DESCRIPTION

The Greater Rochester International Airport (ROC) is a major commercial air facility in New York State. The county leases the airport's facilities to the Monroe County Airport Authority (MCAA) which sublets land and terminal space to airlines, concessionaires and various other parties. The Aviation Department is responsible for day-to-day operations of the airport including administrative services, building and field maintenance, security and emergency response to the MCAA under contract. The airport is self-funded and requires no financial support from the county general fund. The airport facilities include the three-story garage used as long term parking, three on-airport surface lots used for short term parking, weekly parking, employee parking and Airport Shuttle Lot parking, as well as three lots off-airport which are used for Airport Economy Shuttle Lot parking and overflow parking. The budget presented here is for operating costs provided by the Department of Aviation to the MCAA. All revenue from airlines, concessionaires, parking, etc. is paid to the MCAA and is not shown in this document.

Mission

The Monroe County Department of Aviation provides and operates a safe, secure and efficient air transportation facility for the benefit of the local community, the surrounding region and the air transportation industry to enhance economic well being and quality of life.

2016 Major Accomplishments

- Aggressively pursued funding by submitting a transformative infrastructure project proposal for a maximum project award of \$40 million through the New York State Upstate Airport Economic Development and Revitalization solicitation. Proposal endorsed by the Finger Lakes Regional Economic Development Council Initiatives.
- Awarded \$428,000 New York State Department of Transportation (NYSDOT) grant to refurbish the Monroe County Airport Authority (MCAA) corporate aviation hangar.
- Continued strong air service development initiatives to attract additional air service for the ROC community to key destinations; specifically southwest Florida.
- Completed Airport Viaduct Rehabilitations, the elevated roadway that traverses the front of the passenger terminal, a key component to passenger circulation and safety.
- Relocated Taxiway H to eliminate non-standard taxiway geometry as recommended by the Airport Master Plan to improve aircraft safety. Rehabilitated portions of the North Ramp to improve safety for aircraft movement.
- Purchased a 3,000 gallon Airport Rescue and Fire Fighting (ARFF) vehicle. Accepted delivery of scheduled replacement equipment to be used for snow removal. This scheduled and planned heavy equipment replacement program allows the Airport's airfield to remain operational and functional year round.
- Commenced terminal improvements that address restroom rehabilitation and security related renovations creating an employee access control point and streamlining employee badging services.
- Upgraded the antiquated airport Parking Access Revenue Control System (PARCS) with new user-friendly technology.
- Held community outreach events at the airport including the 17th Annual Lifetime Assistance "Airport Games", Rochester Wings General Aviation Safety Seminars, Honor Flight Rochester Mission #46-51, ROC Your Flight with Arc & TSA program and a host of airport tours for community organizations.

2017 Major Objectives

- Conduct safe and efficient airport operations and attract new air services to the community.
- Achieve zero discrepancy FAA Part 139 Certification Inspection, the most important airport certification. The airport's aggressive strategy centered on this inspection keeps capital and operating costs low.
- Continue research initiatives that will maximize non-airline revenues and maintain airline rates and charges at reasonable levels, including marketing airport real estate for aviation related development.
- Increase passenger boardings and utilization of ROC.
- Ensure airport compliance with government environmental policies.
- Review and address customer satisfaction issues throughout the year.
- Progress projects defined in the 2017-2022 Monroe County Capital Improvement Program (CIP); this includes projects that are federally funded, Passenger Facility Charge (PFC) funded and locally funded.

ENPLANEMENTS BY YEAR (Total Number of Boarding Passengers)

A common and valuable measure of an airport's activity is registered in terms of the number of passengers boarded each year (enplanements). The actual number of enplanements in 2015 was 1,189,502. The estimated number for 2016 is 1,214,000; the estimated number for 2017 is 1,235,000.

DIVISION DESCRIPTIONS

Administration

This division administers all airport field and terminal operations with the exception of air traffic control, which is the responsibility of the Federal Aviation Administration (FAA). Specific responsibilities include the development of procedures and policy alternatives, management of county personnel and operations, marketing and public relations programming and the coordination of activities performed under a variety of leases. Administration staff is engaged to some degree in all facets of airport operations and capital improvements.

Also included are debt service payments to reflect only those capital improvement projects that were not transferred to MCAA in 1989. Detailed information on projects currently serviced by debt is available in the Capital Program/Debt Service section of the budget document.

Airport Security

This division provides services for public safety and general property security and meets FAA requirements concerning the security of aircraft and air travelers. Law enforcement is provided on a 24-hour basis by the Sheriff's Office. A central communication and emergency dispatching center located in the east terminal building provides support to all security and emergency services.

Crash/Fire/Rescue

This division provides a firefighting and rescue station for airfield operation as required by FAA regulations. The Rescue and Firefighting team also responds to non-aircraft related emergencies occurring anywhere on the airport premises. The team responds to nearly 400 emergencies annually and is required by the FAA to respond to all aircraft emergencies within three minutes. In an effort to reduce and prevent airport and airfield emergencies, this team conducts safety programs for all airport employees and inspects all critical areas and equipment. Personnel of this division also continually conduct in-house training programs and joint training programs with the City of Rochester and various town fire departments to ensure a coordinated emergency response effort to the Airport when required.

Field Operations

This division conducts regular inspections of the airfield in accordance with FAA mandated guidelines and maintains a safe airfield environment in all weather conditions. County personnel assigned to this division maintain runways, taxiways, ramps, access roads and landscaping on the airfield. Specific activities include repair of lighting systems, maintenance of turf and pavement and removal of snow and ice.

Custodial Operations

A full-time staff provides maintenance and custodial responsibilities for public portions of the terminal building and other airport facilities. Specific activities include office cleaning, snow removal, cleaning of sidewalks and roadways, terminal and roadway landscaping and the maintenance and repair of terminal equipment, furnishings and fixtures. Personnel monitor all facets of terminal operations to ensure that any day-to-day problems are corrected with minimal inconvenience to airport users.

Building Operations

Building Operations provides services for the plumbing, heating, air conditioning and electrical systems at the Airport. Maintenance services are provided to six buildings, including the Airport Terminal, Regional Transportation Operations Center, Rescue One Firehouse and several smaller freight buildings.

BOARD OF ELECTIONS

2017 Budget - \$6,455,273

DEPARTMENT: Board of Elections (20)

DEPARTMENT DESCRIPTION

The Board of Elections conducts all national, state, county, city and town elections in Monroe County. Elections now require compliance with extensive federal laws and regulations. New York State legislation identifies additional requirements and implementation procedures. In addition, the Board of Elections provides machines, support and relevant materials to villages, school districts, fire districts, water districts, union districts and other organizations, both private and public. It currently maintains official election records on 436,500 voters and directs all aspects of voter registration, redistricting and administration of elections. Our updated automated records provide a historical and legal source for governmental agencies and individuals requiring documentation for employment, residency or citizenship.

The Board of Elections continues to provide support for financial disclosure filings for all political and campaign committees supporting candidates within Monroe County.

The Board of Elections trained and managed over 3,400 Election Inspectors for 2016.

Monroe County owns, maintains and programs its voting machines. The fleet of 900 Image Cast Machines, which includes 425 Ballot Marking Devices, is centrally stored in our Service Center facility. Ongoing preventive maintenance and testing is performed throughout the year. In addition, we still maintain and store 150 lever voting machines in a secondary facility.

The National Voter Registration Act, NYS Motor Voter/Agency Law and Help America Vote Act afford the opportunity for the Monroe County Board of Elections to provide easy access to the voter registration process and maximize participation in the electoral process.

Mission

We will provide, as a New York State mandated department of Monroe County, through a skilled and dedicated staff, in collaboration with federal, state and local municipalities, for the highest degree of voter participation in honest and fair elections for all citizens of New York in compliance with all election laws and regulations.

2016 Major Accomplishments

- Continued to expand the election information available on our web site. This included Party Designating and Independent Petition Signature Handbooks, instructions on filing specific objections to filed petitions and the results of the draw for ballot positions. There was also an expanded effort to recruit Poll Workers through the website, including the ability for interested voters to request further information online.
- Continued to work with the New York State Board of Elections to pilot and implement an electronic solution to the required 3% manual audit after each election.
- Continued to update our written standard procedures for all office clerical functions, including the processing of registration forms, the filing of candidate petitions and the review process for such petitions, including the processing of any objections filed with regard to any petition. Developed training videos for staff with regard to voter registration form information input into the voter registration system and the process for researching background information for the review of affidavit ballots.
- Assisted all local school districts in implementing the use of the optical scanning voting equipment, mandated by a new state law to be effective with the 2016 elections.
- Continued efforts to customize the centralized high speed counting system for Absentee Ballots that is part of the integrated system using our Dominion Voting and Election Management System (EMS) in order to improve and consolidate our Election night reporting and Election Certification process.
- Continued to make improvements to our Poll Worker recruitment program by expanding the gathering of e-mail addresses, cell phone numbers and other information that provides for a better means of communication for organizing Poll Workers with coordinators.

- Continued development work on procedures that use information gathered from our NTS systems, Dominion EMS systems and direct input to create electronic input files for creation of ballots.
- Continued work on a pilot project for the implementation of E-Poll Books.

2017 Major Objectives

- Continue to expand the election information available on our web site, which is an ongoing process to ensure that we are providing all possible information to voters.
- Continue to expand efforts to recruit Poll Workers to meet the need to adequately staff the State and Local Primary Election and the General Election.
- Further update our written standard procedures for all office clerical functions, including the in-house development of more training videos.
- After reducing the number of lever voting machines in 2015, we will attempt to further reduce our inventory, in order to reduce the need for storage space as the use of such machines continues to be phased out.

DIVISION DESCRIPTIONS

Administration

Administration provides the managerial direction to the department through development of policies, procedures and oversight for all elections. Elections are administered in accordance with New York State Election Law and Federal Statute. Additionally, Administration division responsibilities include the development, coordination and implementation of programs for the purpose of maximizing voter participation through voter outreach programs.

Elections Support

The Elections Support division registers voters, trains election inspectors, tabulates election results and ensures the integrity of the election process. Instructional booklets, training manuals and financial disclosure information are provided for election inspectors, candidates and campaign treasurers to ensure that campaign financial reports are filed by legal deadlines and that candidates are informed of all necessary requirements and pertinent dates. A computerized election tabulating system has been implemented which provides the public, candidates and media with immediate updated election results.

The staff at the Service Center maintains and programs voting machines for use in primary, special and general elections as well as providing technical assistance to villages, school districts, fire districts and other community-based elections.

The Elections Support division also secures storage, maintenance and conducts an annual audit of official election records of Monroe County voters, including current registration, enrollments and annual redistricting. Through the use of computerized verification systems, all state reports are filed accurately and within legal deadlines and information can be quickly provided in response to Election Day inquiries from the public.

DEPARTMENT: Communications (18)

DEPARTMENT DESCRIPTION

The Department of Communications consolidates a number of county communication functions: Freedom of Information procedures, public information activities, emergency response, graphic coordination and special events planning.

Mission

The Department of Communications is the central source of information on Monroe County operations for all of its customers in the general public, the media and within Monroe County government. The department promotes the policies, programs and agenda of the Monroe County Administration, contributing to the success of those programs by developing community and internal support for them.

2016 Accomplishments

- Promoted recycling awareness by informing the public of recycling techniques and encouraged residential recycling throughout the county. Continuing efforts include prescription drug drop-offs, household hazardous waste collection events, and a new effort to reduce the dangers of full propane tanks being recycled. These efforts will include input from the Monroe County Recycling Advisory Committee.
- Re-launched the Monroe County Summer Reading Program which connects children with opportunities to read during the summer. Each child was encouraged to read several books and write an age appropriate response regarding their favorite book. Participants were rewarded with prizes in partnership with the Seneca Park Zoo and the Rochester Red Wings.
- Supported several public safety exercises, including NYS evaluated Nuclear Response Exercises in conjunction with federal, state, and local partners to improve cross-agency communication and cooperation.
- Promoted back-to-school immunization clinics offered by the Monroe County Department of Health in partnership with the Rochester City School District. These clinics provided immunizations to students who are at risk of being prevented from attending school due to missing vaccinations. This year's effort led to a record number of vaccinations.
- Supported the public relations efforts of the Greater Rochester International Airport in relation to a successful application to the NYS Department of Transportation for \$40 million in grant funding to make major upgrades to improve passenger experience.

2017 Major Objectives

- Continue to interface with the Department of Finance and the Office of Management and Budget to communicate the County Executive's implementation of a fiscally responsible governing strategy.
- Continue to collaborate with the Department of Planning and Development, in addition to community stakeholders, to advance vital economic development initiatives and secure local jobs.
- Continue to expand upon successful community outreach and collaborative efforts with local organizations, groups and agencies to further improve Monroe County's world-class quality of life.

DIVISION DESCRIPTIONS

Administration

Communications provides information about county programs and initiatives to the media and the general public. The division prepares and distributes press releases, schedules news conferences, arranges public appearances and writes and edits a variety of informational materials for public distribution.

The division, in addition to the coordination of public and media inquiries, addresses all requests under the Freedom of Information and Open Meeting laws. Staff is trained to coordinate public information during emergencies involving storms, nuclear power emergencies or other disasters.

Handicapped Parking Education Program

The Handicapped Parking Education Program funds education and public awareness projects to reduce illegal use of handicapped parking spots.

CULTURAL AND EDUCATIONAL SERVICES

2017 Budget - \$42,826,001

DEPARTMENT: Cultural and Educational Services (89)
DIVISION: Monroe Community College (8901)

DIVISION DESCRIPTION

Established in 1961, Monroe Community College (MCC) is part of the statewide system of 30 community colleges. The primary mission of the community college system is to extend affordable higher education opportunities to citizens.

For the 2016-2017 school year, full time tuition will increase \$300 to \$4,100 for resident students. Tuition revenue now supports 47.9% of the total college budget. Monroe County and the State of New York are primary funders for the remainder of the budget. The county contribution will remain the same at \$19,130,000, with state base aid increasing \$100 to \$2,697 per full time student. The state aid rental reimbursement level is 11% under the 50% state support levels contained in the community college funding regulations. MCC’s projected enrollment for 2016-2017 is 12,048 full time equivalent (FTE) students; 10,793 FTEs are projected at the Brighton campus, which includes the Applied Technology Center and Public Safety Training Facility students, and 1,255 FTEs are projected at the Damon City Center campus.

Each year there is an operating budget review process. The College Board of Trustees and the College President submit the operating budget to the Monroe County Executive and to the County Legislature for review and approval. Prior to the beginning of the college fiscal year, which begins in September, the budget is reviewed and final appropriations are authorized by the Legislature. **The county contribution to MCC was approved by the Monroe County Legislature through Resolution #193 of 2016, which was adopted on August 9, 2016.**

Monroe County is also responsible for sponsor support associated with residents who attend other New York State community colleges outside of the county. Likewise, other counties sending students to MCC are obligated to support their students.

This division also includes debt service expenses generated by MCC capital projects authorized under the county’s Capital Improvement Program.

DEPARTMENT: Cultural and Educational Services (89)

DIVISION: Libraries (8904)

DIVISION DESCRIPTION

Monroe County funding for Libraries is tracked in two funds centers: the Monroe County Library System (MCLS) and the Rochester Public Library Central Services. The annual budget allocation is contained in a separate library fund.

Libraries in Monroe County are part of an independent federation united by a contract. The Monroe County Library System provides centralized services to all city, town and village libraries. MCLS was established in 1952 and is managed by an 11-member Board of Trustees and a Director under contract with the Board. The Rochester Public Library (RPL) and its Board share the same Director. The RPL includes the Central Library and city community branches. Monroe County provides the majority of the funding to support the Central Library. Under a 1968 agreement between Monroe County and the City of Rochester, RPL provides central library services to MCLS.

MCLS and the Central Library have moved aggressively to utilize new technologies to expand the depth and breadth of access to quality information in the county.

2016 Major Accomplishments

- Continued to expand MCLS and Central Library services beyond its current cultural and educational program focus. In 2016, the MCLS was awarded a literacy grant creating mobile career readiness centers that rotate through member library locations. At the Central Library, ongoing partnership with UR Community Health resulted in a Greater Rochester Health Foundation grant to construct a Community Health Information Center at the Bausch & Lomb building.
- Partnered with the County Executive's Office for the eighth year to sponsor a county-wide Summer Reading Program. This partnership developed a multipage insert in the *Roc Parent* magazine advertising summer MCLS activities and resulted in more than 16,000 youth registrants, and over 63,000 participants in MCLS summer reading events. This year, youth were encouraged to "Read Around the County," with a game board rewarding visits to multiple member libraries during the summer.
- The MCLS' commitment to e-content continues to expand, this year adding Indie New York and SELF-e Select, providing access through the catalog to regional self-published authors. New material is added regularly, featuring self-published authors from Monroe County. This addition compliments the expanding number of books, magazines, audiobooks, TV shows and movies online. Patrons are projected to download over 500,000 items in our digital collection in 2016. Use of our MCLS Mobile application includes over 2,800 unique users averaging 225,000 queries each month.
- Obtained and distributed \$566,136 in State Library Construction funds to member libraries in 2015-16, including the Irondequoit Public Library, Parma Public Library and Rochester Public Library.
- The MCLS continues to expand its broadband capacity to serve the public, with all member libraries providing a minimum of 15 megabits per second (Mbps), per site. For the first time, the MCLS expanded its broadband support for community-based wireless access, adding additional bandwidth for personal devices at 23 sites averaging 15 Mbps per site. The MCLS increased bandwidth capacity at 13 locations this year and improved patron internet speed and availability across the system. The MCLS was a partner in the Rochester City School District's NYS Broadband application in April 2016, and continues to pursue funding support for Wi-Fi device lending pilot programs at member library locations.
- The Central Library celebrated the start of construction for Phases 2 and 3 of its Master Space Plan, with public bids for both phases below construction budgets. By January 2017, the Rundel Memorial Library building will house a merged Arts and Literature Division, and will have expanded public access areas, restoring many spaces to the original footprint from the 1930's. An expanded Teen Center and media lab (ImagineYOU) at the Bausch & Lomb library building will serve the diverse and expanding needs for digital learning for youth.

2017 Major Objectives

- Continue to expand and market available digital lending platforms and e-content for the MCLS, including expansion of streaming content services. Promote online support of library services, including event registrations and room reservations, across the system.
- Completion of Phase 2 and 3 of the Central Library Master Space Plan will result in design of the final phase, creation of a Technology Center. The continued goal of the Plan is to improve public access to collections and services, and to enhance patron experiences and use of the Central Library.
- The MCLS will begin a new five-year contract with its current Integrated Library System (ILS) vendor beginning in 2017. The MCLS and ILS vendor have an aggressive multi-year development plan to enhance and expand staff and public benefit from the ILS system, including development of a web-based acquisitions platform; enhanced statistical analysis and reporting of data; online borrower registration; and improved search functionality.
- The MCLS will begin a new Strategic Plan in 2017. New York State requires all systems to have a five year plan on file, with this cycle running from 2017-2021. The top priorities as determined by MCLS member libraries are communication, training & development, and technology & collaboration. Goals to be met during 2017 include establishing an MCLS Advocacy Team; developing library advocacy toolkits for member library staff, trustees and friends; providing library advocacy training programs for community members; delivering web-based staff and trustee training; and combining advocacy and training opportunities with the Rochester Regional Library Council.

SECTION DESCRIPTIONS

Monroe County Library System

This section funds services that are directly related to the administration of activities with a system-wide impact. Included in the services funded are an automated circulation system and administration of contracts and activities that provide technical services. These technical services include the centralized ordering, cataloging and processing of library material, and the management of the system-wide bibliographic database.

Mission

The Monroe County Library System is a coalition of member libraries that provides materials and programs to meet the informational, educational and recreational needs of individuals, member libraries and local governments through: 1) collaborative ventures for cost effective delivery of quality services, 2) centralized delivery of selected services, and 3) the fostering of fast, accurate access to materials and services in a seamless, consistent and uniform manner.

Rochester Public Library Central Services

Under a 1968 agreement between Monroe County and the City of Rochester, RPL provides central library services to the Monroe County Library System. The county reimburses RPL for the new costs of the services provided.

RPL's Central Services are available to all county residents through support and consultant services to all libraries in the county.

Public services provided at the Central Library include loan of library materials and information services to library users. The entire collection of books, periodicals, pamphlets, newspapers, films, recordings, art reproductions and other non-print materials of the Central Library are available to all residents of the county, either through direct use or via interlibrary loan to community libraries.

Mission

The Rochester Public Library enriches the quality of life in Rochester and Monroe County by providing educational, recreational, aesthetic and informational materials, services and programs to help people follow their own lines of inquiry and enlightenment.

Through a partnership of public and private resources, the library assists the city and county in meeting the needs of the community by operating the central and branch libraries, conducting outreach programs and providing services to member libraries of the Monroe County Library System.

In all its endeavors, the library maintains and promotes the principles of intellectual freedom and equality of access.

DEPARTMENT: Environmental Services (84)

DEPARTMENT DESCRIPTION

Protecting the county's land and water from pollution represents the most basic aspect of environmental protection. The sheer magnitude of the waste generated by our society from residences and industries demands a coordinated and comprehensive approach to the problem. The Monroe County Department of Environmental Services' holistic approach to waste management combines advanced wastewater and solid waste management in one sophisticated organization. The department's progress is the result of dedicated individual effort and close cooperation on the part of industry, federal, state and local governments.

The Division of Pure Waters' treatment plants produce wastewater effluent which consistently meets state and federal standards for water quality. The Pure Waters Division strives to protect the environment through effective programs of waste management and abatement. The division also strives toward a standard of excellence for clean water, pollution control and effective solid waste management.

The department's wastewater treatment system and solid waste programs stand as evidence of the county's commitment toward a clean environment and economic stability. The benefits of these investments are obvious, as demonstrated by sportfishing thriving in Lake Ontario and tributary creeks.

The future role of the department will be to continue to provide dependable wastewater treatment and solid waste disposal for area homes and businesses at the lowest possible cost. Effective toxic reduction in both the wastewater and solid waste streams will become increasingly important for the success of the department's programs.

The department will be challenged in coming years. Meeting new environmental standards with existing facilities will require careful planning for new processes and construction. An aging sewer infrastructure is being given the attention it deserves. The department's ongoing effort in inflow and infiltration reduction planning and efficient collection operation has laid the groundwork for future efforts.

The success of these programs will be a reflection of the department's efforts to communicate the environmental and economic needs of the community.

Mission

The mission of the Department of Environmental Services is to enhance the environment, preserve natural resources, reduce environmental impacts of county government, provide leadership in promoting regional environmental sustainability and protect the public health of the community. Accomplishing this will require effective and efficient use of the waste disposal facilities, provide environmental education and public awareness programs, evaluate and implement new cost effective and environmentally beneficial technologies, recruit and train an enthusiastic and competent workforce and ensure that infrastructure, services and resources meet the demands of the county population and its visitors.

2016 Major Accomplishments

Solid Waste Management

- Expanded hours of operation at the Avion Drive ecopark have increased one-stop recycling of difficult-to-recycle household items. Approximately 95,820 residents have been served by the ecopark since its inception in 2011, and over 3,138 tons of materials have been recycled or disposed of safely.
- Conducted additional county pharmaceutical collections in conjunction with Monroe County's Household Hazardous Waste Program including coordination with NYS Department of Environmental Conservation (DEC), NYS Department of Health (DOH), Environmental Protection Agency (EPA) and other departments and municipalities.
- Distributed to all municipal offices and libraries information on how to utilize single-stream recycling and the ecopark.

Engineering and Facilities Management

- Continued construction of the Monroe Community College (MCC) Downtown Campus Project.
- Completed construction of the County Office Building Renovations – Phase II.
- Completed installation of new LED lighting systems throughout Frontier Field.
- Completed construction of the Civic Center Complex Improvements Project including Chiller Plant renovations and major electrical system upgrades.

Pure Waters

- Completed construction of the Lake/Merrill Pump Station Project.
- Completed construction of the Eastside Combined Sewer Overflow Abatement Program (CSOAP) Tunnel System & Pedestrian Bridge Improvements Projects.
- Completed construction of the new Pure Waters Operations Center located at the Monroe County Fleet Center.
- Implemented the Enterprise Asset Management System within SAP to maintain the resiliency and reliability of Pure Waters infrastructure.
- Completed construction of the Northwest Quadrant (NWQ) Secondary Clarifier Improvements Project.
- Completed construction of the Frank E. Van Lare (FEV) Primary Tank; Thickener; and Aeration System Improvements Projects.
- Completed construction of the Riverdale Basin Station Improvement Project.

2017 Major Objectives

Solid Waste Management

- Continue the expansion process of the Mill Seat Landfill.
- Implement the installation of a solar park on the site of the former Gloria Dr. Landfill to generate over 4MW of green electricity.
- Increase knowledge and utilization of single-stream recycling with the public and waste collection industry.

Engineering and Facilities Management

- Complete construction of the MCC Downtown Campus.
- Begin construction of the County Office Building Renovations Project (Phase III - HVAC).
- Begin construction of the Hall of Justice Sally Port; Public Safety Building 2nd and 3rd Floor Improvements and Ames Building Renovation Projects.

Pure Waters

- Complete construction of the Westside CSOAP Tunnel System Improvements.
- Complete construction of the John Street, Irondequoit Bay, Scottsville Road, and Timpat Pump Station improvement projects.
- Continue design of the NWQ Treatment Plant Aeration Improvements.
- Implement the installation of a solar park on the NWQ site to generate over 6MW of green electricity.

SECTION DESCRIPTIONS

Administration

In 2015, the Monroe County Legislature adopted the Monroe County Final Local Solid Waste Management Plan. Its purpose is to identify the path to pursue for managing solid waste generated in the county during a ten (10) year planning period that is consistent with New York State’s solid waste management policy. In addition to current program and facility updates, it weighs the costs and benefits of implementing various waste management and monitoring practices such as organics separation, “Pay As You Throw” programs, waste and recyclables reporting mechanisms and an assessment of energy and climate change impacts of various solid waste management options. The Solid Waste staff monitors industry trends, private facility development and regulatory changes, gathers waste generation data from facilities for reporting by the county, administers recycling operations, including the contract for operating the county’s Recycling Center, and provides customer service and billing services.

Transfer/Haul/Disposal

This section handles all activities associated with solid waste transfer operations, hauling of solid waste to disposal sites and disposal tipping fees. The county is responsible for the disposal of refuse collected by the City of Rochester and also accepts refuse from local municipalities, private collectors operating in area towns and villages, and individuals. Solid waste from these organizations and individuals is received at the Monroe County Resource Recovery Facility (RRF) Transfer Station, loaded onto hauling vehicles and transported to the Mill Seat Landfill where it is disposed of in an environmentally-friendly and regulatory-compliant fashion. The county charges tipping fees for all waste received at the RRF Transfer Station. These tipping fees are utilized to pay for solid waste transfer, haul and disposal.

Mill Seat Landfill

The Mill Seat Landfill is designed and operated to protect the environment and ensure the safe and responsible disposal of solid waste and wastewater biosolids. Waste Management of New York operates the landfill under a life lease agreement and has assumed responsibilities related to engineering and construction of additional liners, daily operations, honoring existing host agreements and closure responsibility. The landfill operating permit, however, remains in the county's name. In the event Waste Management meets a specific annual tonnage threshold, the county will receive a royalty. This section includes the expenses associated with host community agreements that the county must pay which are reimbursed by Waste Management.

The current permitted (1,945 tons/day or 776,250 tons/year) Mill Seat Landfill Footprint occupies 98.6 acres and is estimated to reach capacity by 2018. A Permit Modification was submitted to the New York State Department of Environmental Conservation to construct and operate a proposed 118.3 acres expansion immediately south of the existing Mill Seat Landfill for an additional 32 years. Permits are anticipated in 2017.

As part of the county's green energy program, Waste Management Renewable Energy, LLC began operating a 4.8 MW Landfill Gas (LFG) Energy Facility at the landfill in 2007 that was expanded to 6.4 MW in 2008.

Recycling

This section includes all expenses associated with recycling activities to meet the goals of Monroe County's Solid Waste Master Plan. The county's Recycling Center has been operating since December 1992 to process recyclables and prepare them for market. Curbside recycling programs and drop-off centers will continue to operate to divert paper, glass, metal, and plastic from the waste stream to comply with the 1992 mandatory county-wide recycling programs. Recyclable markets are expected to remain stable, however, private facilities will continue diverting materials away from the county's Recycling Center. The economic feasibility of collecting and marketing additional materials is being studied in an effort to increase the percentage of materials recycled from the county waste stream. The county operates one 10,000 cubic yard registered leaf composting facility. Moving forward, the county will continue to assist local businesses, industries and institutions to reduce their waste with waste minimization and recycling plans. The county also has plans to implement a public education campaign to encourage residents and businesses to reduce their waste, increase recycling participation, reduce yard waste through grasscycling and composting, and increase recycling participation through compliance and enforcement of local recycling and reuse laws.

Municipal Solid Waste Processing Center

The Monroe County Resource Recovery Facility (RRF), designed to extract refuse-derived fuel and other marketable materials from the solid waste stream, operated on a limited basis from 1979 until 1984; in 1984, those operations were suspended and the facility began operating strictly as a transfer station. In addition to its use as a solid waste transfer station, it is used to receive tires for reuse/disposal. In 2008, the Monroe County Legislature approved a service agreement with Cascades Recovery for the operation and maintenance of the RRF. In addition to the Solid Waste Transfer Haul Operation, the agreement included a Recyclables Processing Operation within the RRF. These operations consist of processing source-separated recyclables, dry targeted industrial, commercial and institutional waste and construction and demolition of debris, wood and pallets. The Metro Waste Paper Recovery U.S., Inc. agreement enhances recycling to the private sector and decreases direct county operational costs through diversion of materials that otherwise would be directed to a landfill.

Debt Service

This section of the Solid Waste budget outlines the payment of debt service on borrowings associated with services related to the planning of other solid waste management facilities and programs identified in the county's Solid Waste Master Plan.

DEPARTMENT: Environmental Services (84)
DIVISION: Engineering (8300) and Facilities Management (8600)

DIVISION DESCRIPTION

The Division of Engineering and Facilities Management provides project management/delivery services to various county departments for capital project and initiatives.

The division also provides operations and maintenance services for county-owned and leased buildings including custodial, building maintenance, heating, ventilation and air conditioning (HVAC) services, fire alarm and security maintenance, and construction services in the County Office Building, Hall of Justice, County Public Safety Building, Crime Lab, Health and Social Services Buildings, and Frontier Field. HVAC services are also provided to the Civic Center Complex, Blue Cross Arena, Monroe Community College, Public Safety Training Facility, Monroe County Jail, Monroe County Correctional Facility and the Greater Rochester International Airport as well as Pure Waters facilities and Fleet Center.

While organizationally a division of the Department of Environmental Services, Engineering and Facilities Management operate as a central county resource. All expenses for management of leased and owned buildings are charged back to the residing departments. A portion of the cost of this division is billed to the operating budgets of customer departments and various capital funds.

SECTION DESCRIPTION

Engineering Administration

Engineering Administration provides professional services to county departments that require technical support in the areas of capital planning, design, construction, code compliance and surveying for capital improvements to county facilities and infrastructure.

Building Operations

This section provides supervision and administrative support for Building Operations, including Code Enforcement. This section also assists with the design of fire, intrusion, card-access and closed-circuit television (CCTV) systems.

Security

Security functions are budgeted under one unit. This provides for all contracted guards under one management structure, centralized cost accounting and control for security expenses, uniform procedures and increased flexibility in responding to emergency situations.

Fire Alarm/Security Maintenance

The Fire Alarm/Security Maintenance section provides repairs and maintenance to county facilities that have card access, fire alarms and CCTV systems.

Record Retention

The Record Retention section is an off-site record storage facility that provides daily pick-up and delivery of records. The administration of this section is included in the Engineering and Facilities Management budget. All expenses associated with this budget line are charged back to the user departments by interdepartmental charges.

Maintenance and Construction

This section provides repairs and renovations to county buildings. Specific activities include the repair of mechanical, electrical, plumbing and heating, ventilation and air conditioning systems; the maintenance of interior areas; and work related to changes in office spaces.

BUILDING SECTION DESCRIPTIONS

Civic Center Complex

The Civic Center Complex consists of the Hall of Justice, County Public Safety Building and an underground parking garage. It is served by a central utility plan, which distributes electric power and water and provides heat, ventilation, air conditioning and fire protection. The Civic Center Complex also provides chilled water for air conditioning of the Blue Cross Arena.

Hall of Justice

The Hall of Justice is located in the Civic Center Complex at 99 Exchange Street in Rochester. It contains state, county, and city courtrooms, Judges' chambers and other offices related to the judiciary.

Watts Building

The Watts Building, including the Ebenezer Watts House, was built between 1825 and 1827 and is located at 49 South Fitzhugh Street. It is the oldest surviving residence structure in downtown Rochester. This building contains the District Attorney's Office and the Ebenezer Watts Conference Center.

County Office Building

The County Office Building is located at 39 West Main Street in Rochester. This historic building was constructed from 1894 to 1896 as the third Monroe County Courthouse. It now houses the central administrative offices of county government. These include the offices of the County Executive, County Legislature, County Clerk, Board of Elections, Communications, Human Resources, Law and Finance, including the Office of Management and Budget and the Office of the Controller.

CityPlace

CityPlace is located at 50 West Main Street in Rochester. This historic building was constructed from 1904 through 1907 as the Duffy-McInerney Retail Dry Goods Store. This building is leased by the county and contains several county offices, including the Department of Transportation, Department of Environmental Services, Information Services and the administrative offices for Public Safety, Probation, Planning and Development and the Child Support Enforcement Unit (CSEU).

Health and Social Services Building

The Health and Social Services Building is located at 111 Westfall Road in Rochester. It contains the Departments of Public Health and Human Services.

County Public Safety Building

In 2000, Monroe County purchased the city's former Public Safety Building and began a series of phased building renovations. Now known as the County Public Safety Building, located at 85 Exchange Street, the building contains Parts I and II of City Court, Monroe County Sheriff's Offices, and portions of the Monroe County Jail.

691 St. Paul St.

In 2003, the Department of Human Services offices at 255 N. Goodman Street and 50 Genesee Street were consolidated at 691 St. Paul Street. Engineering and Facilities Management provide the property management services for the building.

County Pediatrics & Visitation Center

The Pediatrics & Visitation Center is located at 451 E. Henrietta Road on the campus of the Monroe Community Hospital. The facility houses services from the Departments of Public Health and Human Services that provide a combination of pediatric health services, health care coordination, mental health services, developmental screening, a supervised visitation center, birth parent education, extended health care for children and youth transitioning out of foster care and supervised visitation to victims of domestic violence and their children.

County Crime Laboratory

The Monroe County Crime Laboratory is located at 85 West Broad Street in Rochester. The facility was commissioned in 2011 and replaced the previous Crime Lab located in the County Public Safety Building. The high-performance, state-of-the-art green facility houses laboratory staff that provides regional forensic services to Monroe and neighboring counties.

Frontier Field

The Frontier Field facility is maintained and supported by the Monroe County Department of Environmental Services. The Field is home to the Rochester Red Wings, the AAA affiliate of the Minnesota Twins. Rochester Community Baseball, Inc. leases the facility from the county.

DEPARTMENT: Environmental Services (84)

DIVISION: Pure Waters (8500)

DIVISION DESCRIPTION

Pure Waters was established by the County Legislature to implement the Pure Waters Master Plan to reduce the levels of pollution to safe public health levels in Irondequoit Bay, the Genesee River, areas of Lake Ontario and other waters in Monroe County. The Division of Pure Waters consists of four geographic districts containing over 1,100 miles of collection sewers, 100 miles of major interceptors, 30 miles of deep tunnels, two wastewater treatment plants (Northwest Quadrant and Frank E. Van Lare), 61 pump stations and the sewer collection systems for the Rochester and Gates-Chili-Ogden districts. Collection sewers in the other districts are operated, maintained and funded by local municipalities.

The County Legislature, which also serves as the Pure Waters Administrative Board, oversees the districts, approves contracts, holds public hearings, establishes the annual rates and approves the division's operating budget. Support services, such as finance, personnel and purchasing, are provided by other county departments and expensed as interdepartmental charges. Engineering services, including project design, construction supervision, and operation and maintenance improvements, are provided by the Division of Engineering either directly or through contractual services with private engineering firms. Debt service in each district repays the notes and bonds used to finance construction projects.

[C] Amount per parcel or tax account

Pure Waters includes four separate districts. The districts obtain the majority of their revenue from user charges. Suburban district charges have three components. The first component is the charge for operation and maintenance (O&M) in the district. This charge is in terms of dollars per 1,000 gallons of water consumption. The second component is a charge to cover debt service (capital) costs in the district. This charge is in terms of a rate per unit, where a unit is equivalent to a single-family house. The third component is an amount charged per parcel or tax account. The Rochester Pure Waters District has only two types of charges. One is a water use charge which is in terms of dollars per 1,000 gallons of water consumption. The capital component is a charge per \$1,000 of assessed value.

DEPARTMENT: Environmental Services (84)
DIVISION: Pure Waters (8500)
SECTION: Administration (857201)

SECTION DESCRIPTION

Pure Waters Administration plans, controls and directs the county’s comprehensive wastewater collection and treatment program. Pure Waters personnel develop and implement system-wide improvements to maximize efficiency while operating within state and federal regulations. The administrative staff also maintains over 240,000 customer files for revenue collection; receives and reviews all requisitions and the resulting purchase orders for supplies and materials; functions as liaison between Pure Waters operational units, vendors and county support departments; develops the annual budget, monitors projected to actual results throughout the year, maintains required accounting records and performs personnel and payroll functions for all districts. Since 2011, all personnel and materials are budgeted in Pure Waters Administration. This significant change was done to improve accountability and chargebacks to the various areas and programs supported by the section.

Appropriations for department support services from county departments such as Finance, Human Resources, Information Services and Law are reflected in interfund transfers. These and the other administrative expenses are proportionately charged back to the Pure Waters districts.

SECTION: Industrial Waste and Laboratory (857202)

SECTION DESCRIPTION

Industrial Waste enforces the Monroe County Sewer Use Law, which regulates industrial discharges into the sewer system. This section has a federally-approved pre-treatment program designating it as the controlling authority. The laboratory provides technical support and laboratory services to the two wastewater treatment plants: Frank E. Van Lare and Northwest Quadrant, plus the pre-treatment program. This section manages the Household Hazardous Waste Collection Programs and Stormwater Management Programs. Expenses in this section are supported by service charges to the user districts, and Stormwater Coalition membership fees from participating municipalities.

UNIT DESCRIPTIONS

Industrial Waste

This section has the responsibility to implement and provide enforcement of the local Sewer Use Law, as well as the United States Environment Protection Agency (USEPA) Pretreatment Program, as required by the operating permits of the two wastewater treatment plants. This section permits, monitors and inspects industrial users of the sewer system to ensure compliance with local and federal regulations. This activity helps protect Monroe County employees, facilities and the receiving waters from potentially dangerous and toxic wastewater discharges. This section also performs sampling and monitoring activities associated with closure conditions for the Northeast Quadrant Landfill. This section is responsible for the operation of the Household Hazardous Waste Collections and the county's Stormwater Management Program.

Environmental Laboratory

This section provides central laboratory technical and analytical support to the two wastewater treatment plants, the Monroe County Health Department, the Industrial Waste Control Section and the Mill Seat and Northeast Quadrant (Gloria Drive) Landfills. The laboratory performs a variety of determinations on influent and fully-treated wastewater, industrial discharges, groundwater, leachate, biosolids, ash and other materials. The lab also tests underground and surface water with special attention given to public and private drinking water supplies, public bathing beaches and closed landfills. Underground and surface water monitoring includes the Irondequoit and Lake Ontario West drainage basins, as well as the Genesee River and the New York State Barge Canal. These analyses are required by the operating permits of the treatment plants and landfill. This activity is permitted and regulated by the New York State Department of Health. The laboratory has the ability to determine pollutant levels of nutrients, heavy metals, purgeable organics and other pollutants. The output of the laboratory documents the high levels of treatment and control that DES provides in our ongoing efforts to protect and preserve Monroe County's natural resources.

SECTION: Geographic Information Services (GIS) (857203)

SECTION DESCRIPTION

This division was created to develop and maintain a county-wide Geographic Information System. GIS promulgates standards for the development and distribution of data. It provides support to county departments and other agencies in the areas of GIS implementation, operation and applications development and asset management. GIS is consolidated with Pure Waters.

DIVISION: Pure Waters (8500)
SECTION: Northwest Quadrant District (8573)

SECTION DESCRIPTION

The Northwest Quadrant Pure Waters District includes 40 miles of interceptor sewers which collect sewage from municipal sewer systems, four major pump stations and a wastewater treatment plant. The treatment plant has an average capacity of 16 million gallons per day (MGD) with a peak capacity of 45 MGD. The system serves a population of 150,000 in an area of 222 square miles including the towns of Clarkson, Greece, Hamlin, Parma, Sweden, northwestern Gates and Spencerport.

The treatment plant continues to achieve a degree of pollutant removals higher than the standards established by state and federal health laws. Continuous process improvement controls operational costs and ensures process equipment is well maintained to guarantee that the plant continues to meet high standards.

UNIT DESCRIPTIONS

Special Expense Administration

This unit provides an accounting of district appropriations to pay for debt incurred for building sewage treatment facilities, for personnel assigned to perform work in the Northwest Quadrant District and for interfund transfers.

Personnel, supplies and materials are utilized to perform the tasks associated with the operation and maintenance of both the Northwest Quadrant Treatment Plant and the sewer collection system reside in Pure Waters Administration. The expenses are charged on the basis of actual work as determined from labor accounting through the unit's or the department's work order/asset management system.

Maintenance

The unit maintains the operational systems, buildings and grounds of the treatment plant and pump stations. Through daily inspections and a preventive maintenance program, it seeks to minimize the time during which equipment and systems are out of service.

Operations

Wastewater treatment plant operations involve two major processes: liquid handling and solids handling. The liquid process removes solid matter from raw sewage and produces biosolids and treated water effluent. The solids process involves chemical treatment, dewatering and disposal at the Mill Seat and High Acres Landfill.

SECTION: Irondequoit Bay/South Central District (8574)

SECTION DESCRIPTION

In 1997, the South Central Pure Waters District was combined with the Irondequoit Bay Pure Waters District. Encompassing the towns of Brighton, Irondequoit, Penfield, Perinton, Pittsford and Henrietta, this district provides for the conveyance of wastewater for a population of more than 260,000 residents. The district's infrastructure consists of the Cross-Irondequoit Pump Station, ten Remote Pump Stations, the Cross-Irondequoit Tunnel and 50 miles of interceptor sewers.

UNIT DESCRIPTIONS

Special Expense Administration

This unit provides an accounting of district appropriations for payment of debt incurred for the construction of sewage collection facilities and of the debt remaining on town facilities the district has taken over. The district pays the Rochester District for treatment of its sewage at the Frank E. Van Lare Treatment plant. The amount is a percentage of the plant's operating and debt service expenses based on sewage flow to the plant. This arrangement has eliminated the need for separate treatment facilities in the Irondequoit Bay/South Central District.

Personnel, supplies and materials utilized to perform the tasks associated with the operation and maintenance in the Irondequoit Bay/South Central District reside in Pure Waters Administration. The expenses are charged on the basis of actual work as determined from labor accounting through our work order/asset management system.

Pump Station Operations

The Cross-Irondequoit Pump Station controls the rate of flow into the Frank E. Van Lare treatment plant by regulating pumping and storage of wastewater in the interceptor system to avoid overburdening the plant. Staff regularly inspect the pump stations and interceptor sewers and perform preventive maintenance on the equipment.

DEPARTMENT: Environmental Services (84)
DIVISION: Pure Waters (8500)
SECTION: Rochester District (8575)

SECTION DESCRIPTION

The Rochester Pure Waters District operates the Frank E. Van Lare Treatment Plant in the City of Rochester. The facility serves the Gates-Chili-Ogden and Irondequoit Bay/South Central districts as well as the Rochester District. Costs are distributed among the two districts according to the volume of sewage contributed by each. The plant services an estimated population of 481,000 in an area of 196 square miles and has an average treatment capacity of 135 MGD. The treatment plant continues achieving a high degree of efficiency of pollutant removals; higher than the standards established by various state and federal health laws. This is accomplished by engaging in continuous process improvements. The plant has the ability to treat 200 MGD through the conventional process and an additional 400 MGD during excess wet weather flows. In 1999, a permit was issued which stresses the need to control metals and other organic pollutants as well as to monitor excess weather flows.

This section also operates and maintains the sewer collection system in the City of Rochester. The system includes 572 miles of combined sewers, 128 miles of separate sanitary and storm sewers, 15 sewage pump stations, three screening facilities and 30 miles of Combined Sewer Overflow Abatement Program (CSOAP) tunnel system.

UNIT DESCRIPTIONS

Special Expense Administration

This unit provides accounting of district appropriations to pay for construction debt, charges from other districts for use of their facilities, special construction project costs, special services and for personnel assigned to special jobs at the Frank E. Van Lare Treatment Plant.

Sewage is sent from southwestern portions of the Rochester District into the Irondequoit Bay system for transmission to the Frank E. Van Lare Treatment Plant. The Rochester District pays a share of the Irondequoit Bay District operating and debt service costs in proportion to its use of the Irondequoit Bay System.

Sewer bills are added to the Monroe County and town tax system and are prepared by utilizing water consumption data supplied by the City of Rochester.

Personnel, supplies and materials utilized to perform the tasks associated with the operation and maintenance of both the Frank E. Van Lare Treatment Plant and the sewer collection system reside in Pure Waters Administration. The expenses are charged on the basis of actual work as determined from labor accounting through the unit's or the department's work order/asset management system.

Maintenance

This unit maintains the mechanical, electrical and instrumentation systems, buildings and grounds of the treatment plant and pump stations. Also maintained in this unit are: 61 remote pump stations, 31 tunnel facilities and other equipment installations. Construction crews repair house laterals, replace deteriorated or damaged sewers, catch basins and manholes and install new sewer connections. Through daily inspections and preventive maintenance programs, they seek to minimize the time during which equipment and systems are out of service.

This unit services 736 miles of surface sewers, house laterals, 16,000 manholes and 24,000 catch basins of the Rochester collection system. It seeks to clean and inspect 25% of the system, or about 300,000 feet of main sewers per year, and operates the combined sewer overflow abatement system. The development and review permit office manages all new sewer installations.

Operations

Wastewater treatment operations at the Frank E. Van Lare plant involve two major processes: liquid handling and solids handling. The liquid process removes solid matter from raw sewage and produces biosolids and treated water effluent. The solids process involves drying and disposing of the biosolids, through landfilling.

DEPARTMENT: Environmental Services (84)
DIVISION: Pure Waters (8500)
SECTION: Gates-Chili-Ogden District (8571)

SECTION DESCRIPTION

The Gates-Chili-Ogden Pure Waters District includes the G-C-O pump station, forcemain and sewer system. This section operates and maintains the Gates-Chili-Ogden pump station in the Town of Chili. The pump station transmits sewage from the towns of Gates, Chili and Ogden and the western Henrietta portion of the Irondequoit Bay/South Central Pure Waters District. It serves an area of 99 square miles with a population of approximately 55,000. It has an average capacity of 15 MGD with a peak capacity of 40 MGD.

In 1998, the G-C-O treatment plant was shut down and converted into a pump station and forcemain. The sewage formerly treated at G-C-O is transmitted to the Frank E. Van Lare treatment plant for processing. Sewage in the Gates-Chili-Ogden Pure Waters District is collected through a system of 325 miles of sewers, 7,000 manholes and 32 remote pump stations. This section funds the operations and maintenance of that collection system.

UNIT DESCRIPTIONS

Special Expense Administration

This unit provides an accounting of district appropriations to pay for debt incurred for constructing sewage collection systems, treatment facilities, and charges for personnel who are assigned to jobs in the Gates-Chili-Ogden District, and for interfund transfers.

The district sends approximately 20% of sewage collected to the Northwest Quadrant treatment plant and the remainder to the Frank E. Van Lare treatment plant, and pays the appropriate share of the plant operating and debt service costs in proportion to its use of these facilities.

Personnel, supplies and materials utilized to perform the tasks associated with the operation and maintenance of the Gates-Chili-Ogden sanitary sewer collection system reside in Pure Waters Administration. The expenses are charged on the basis of actual work as determined from labor accounting through our work order/asset management system.

Pump Station Operations

The Gates-Chili-Ogden Pump Station pumps flow from the district to the Frank E. Van Lare treatment plant. Pump stations and interceptor sewers are regularly inspected along with preventive maintenance on equipment.

DIVISION DESCRIPTION

Fleet Maintenance Operations is a division of DES that maintains and repairs most county licensed and non-licensed motor vehicles, construction and snow removal equipment, firefighting and small engine equipment, except for vehicles and equipment for the Sheriff's fleet. Fleet operates and maintains two "green" fueling stations located respectively at the Van Lare Wastewater Treatment Plant and adjacent to the Greater Rochester International Airport (GRIA) on Scottsville Road. Funding for the acquisition of county vehicles purchased through the Fleet Maintenance budget is charged back to departments. Repurposing vehicles and equipment is coordinated by Fleet Operations. Leased vehicles are charged directly to the originating department. Repairs to light, medium and heavy equipment are performed at the combined Fleet Center maintenance garage, located on Paul Road.

DEPARTMENT: Finance (12)

DEPARTMENT DESCRIPTION

Under the administration of the Director of Finance – Chief Financial Officer, the department serves to supervise and control the financial affairs of the county. This includes coordinating and managing the functions of the Office of the Controller, the Office of Management and Budget, Internal Audit, and the Divisions of Treasury, Real Property Tax Service and Purchasing, as well as Debt Management.

Mission

To maximize the ability of Monroe County government to promote the social and economic well being of the community in a financially responsible and sustainable fashion, minimizing the reliance on county taxpayer resources.

2016 Major Accomplishments

- Issued \$55,420,000 in Public Improvement Bonds with a net interest rate of 2.15% and a \$5,115,000 Public Improvement Bond Anticipation Note with an interest rate of 1.07%.
- Secured special New York State legislation allowing Monroe County to bond for the prepayment of its contractual obligations to Upstate Telecommunications Corporation, Monroe Security & Safety Systems LDC, and Monroe NewPower. Proceeds from the prepayment were then used by the LDCs to defease their respective outstanding bonds.
- Issued the Comprehensive Annual Financial Report (CAFR), which documents and communicates Monroe County's financial and various operating performances for the year ended December 31, 2015. The CAFR includes the county's audited financial statements for the year ended December 31, 2015, on which the county received an unmodified opinion from its independent auditors.
- Began process of digitizing invoices and payment vouchers, thereby reducing paper documents and storage.
- Began testing the process of integrating cash receipt and credit card transactions directly with the county's financial system, SAP.
- Reviewed and filed with the IRS new ObamaCare tax reporting forms.
- Developed new budget reports within the Business Warehouse module of SAP, and delivered training for department users.
- Prepared and delivered a series of training sessions on Finance, Budget, and Auditing for the county's Leadership Academy.
- Completed training for attorneys, abstract companies, County Clerk's Office, resulting in proper completion of RP-5217 forms.
- Added the Sheriff's Office, Monroe Community Hospital and Real Property Division to Contract HQ, the county's electronic contract system.
- Implemented the Online Contracts initiative, making all new, renewal and amendatory professional services and purchasing contracts available to the public. Assumed responsibility for M3S and UTC procurement and contracting.
- Produced the 2016 Budget Document on CD (and the Internet), marking the 17th consecutive year that the budget has been available in this format.

2017 Major Objectives

- Continue to develop additional financial reports utilizing SAP's Business Warehouse module.
 - Issue the CAFR for year-end December 31, 2016, aiming to achieve an unmodified opinion on the financial statements.
 - Work with New York State Tax and Finance with regards to the Form RP-5217 Real Property Transfer Report and necessary changes to the form online and content. Develop process to make digital subdivision maps available to surveyors and engineers.
 - Continue implementing electronic Purchase Orders and Requests for Quotations, making the process more efficient while reducing paper and postage consumption.
 - Develop an automated RFP system as a module in Contract HQ.

DIVISION DESCRIPTIONS

Office of the Chief Financial Officer

The Office of the Chief Financial Officer is responsible for formulating, evaluating and examining financial policies; directing investment, cash flow and borrowing programs; and supervising and coordinating the operations of the department. Assistance is given to other departments in order to improve their financial operations.

The Office of the Chief Financial Officer will implement and/or continue the fundamental strategies of financial management as articulated in the Financial Strategies section of the Monroe County Budget.

Office of the Controller

The Office of the Controller is responsible for the accounting of all fiscal affairs of the county, and for providing financial statements in accordance with accounting principles generally accepted in the United States. This division is responsible for monitoring and safeguarding county assets through effective internal controls. The Controller's Office maintains and operates the county's central financial information system, disburses county funds, including payroll, and monitors county revenue and cash flow. The office assists and works jointly with other departments within the county to accomplish the overall goals and objectives of the county's Finance Department.

Internal Audit

Internal Audit is an independent appraisal function established within the Finance Department. Internal Audit evaluates the adequacy of the county's internal control environment, the operating environment, related accounting, financial and operational policies, and reports the results accordingly.

Treasury

Treasury is responsible for collection of county taxes in the City of Rochester and town and county taxes in the county's nineteen towns. Treasury is also responsible for the efficient collection of delinquent taxes, interest and PILOTS.

All county revenues are received, posted and deposited on a daily basis. Treasury administers the county's trust funds as well as more than 240 court and bail trust funds. Additionally, tax information is provided on a daily basis to the general public at the information counter, via the Internet and by phone.

Treasury also has agreements with all suburban school districts for the preparation of school tax bills and collection of school taxes from September through November.

Real Property Tax Service

Real Property Tax Service (RPTS) maintains assessment rolls, apportions the county levy among the 21 assessing jurisdictions in the county, advises local assessors on procedural and legal changes, updates tax maps, processes title change data and reviews both new subdivision and re-subdivision maps for filing. RPTS also investigates applications for correction of assessment errors as well as refunds, calculates tax rates on behalf of the towns, special benefit districts, Pure Waters districts and various special or delinquent charges.

RPTS calculates the apportionment of the semi-annual mortgage tax distribution, prepares tax warrants, state mandated reports, and participates in the training of local assessors. RPTS supports an on-line assessment processing system for the local assessors. RPTS processes Certificates of Residency for annual community college chargebacks to towns.

Real Estate is responsible for negotiating all the purchase, sale and leasing of real estate for all county departments. Real Estate acquires all easements necessary for highway, bridge and sewer projects. Real Estate provides property management for all county leased space.

The Survey Office is responsible for review of all subdivision maps for filing. This office provides a variety of survey and monument information to the survey and engineering community. This office provides survey services for all county departments. The Survey Office also oversees all county geodetic monuments and corresponding information throughout the county.

Purchasing

Purchasing is responsible for buying supplies, materials, equipment and services for all county departments in accordance with the requirements of competitive bidding and advertising as contained in the county's Administrative Code and New York State Law. Through the Monroe County web site, Purchasing provides information regarding upcoming and current bids, how to do business with the county and contract information for local municipalities and political subdivisions participating in the county's cooperative purchasing program. Purchasing establishes specifications and standards and identifies appropriate suppliers for the goods and services. It ensures that receiving departments have sufficient appropriations available to pay for their purchases.

Central Services, also budgeted within Purchasing, is administered by the Purchasing Manager. It provides funding and management for the County Office Building and CityPlace mailrooms. Expenses for these services are entirely charged back to user departments.

Purchasing also includes the Contracts Office, which coordinates the Request for Proposals/Qualifications process and the development of professional services contracts for county departments.

Office of Management and Budget

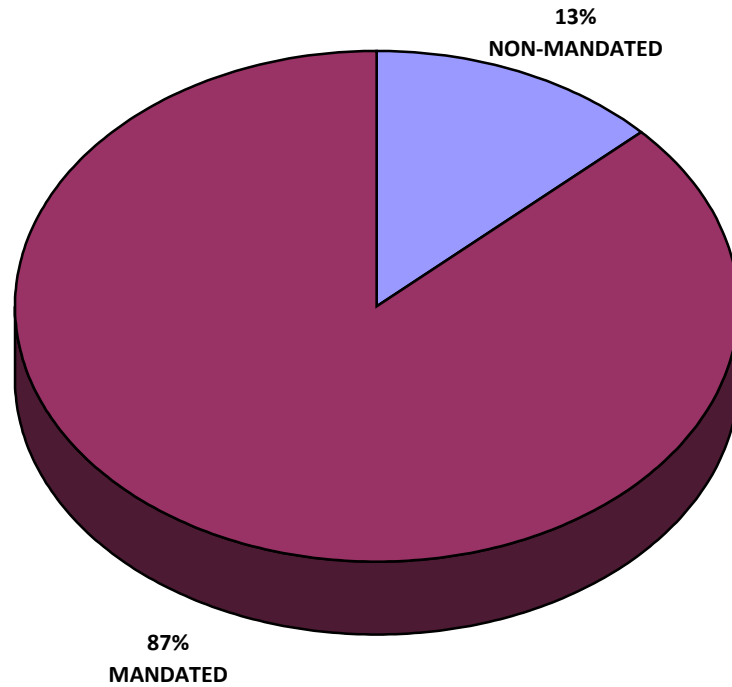

The Office of Management and Budget (OMB) prepares, publishes and administers the annual budget. The division monitors expenditures and revenues and conducts analyses of county operations for the purpose of improving efficiency and effectiveness. A typical annual work plan also includes the preparation of multi-year budget forecasts, analyses of the effect of the New York State budget on the county budget, and preparation of financial information and analyses for presentation to the credit rating agencies. OMB reviews recommendations to the County Legislature as well as contracts for services to ensure consistency with county financial and management objectives and policies.

SECTION DESCRIPTIONS – APPROPRIATIONS

County General

These appropriations include the Contingency Account, erroneous assessments and other miscellaneous expenses. The Contingency Account provides for unexpected expenses which may arise during the year. The account is established and administered in accordance with Article IV of the County Administrative Code. Expenditures against this account require approval by the County Legislature. Erroneous Assessments are repayments of property tax that result from factual or recording errors or failures to comply with certain legal requirements and are budgeted in this expense object along with successful challenges to assessments.

Appropriations also include costs for memberships by the county in organizations, the costs associated with the issuance of bonds and notes, taxes and assessments paid on county-owned properties acquired after the taxable status date and costs to administer the employee benefit parking program, flexible spending program, prescription drug program and health savings accounts.

Contribution to Other Funds

The Facilities Management Division provides office space, building maintenance and utilities to operating departments. Each building charges user departments for the above services based upon a percentage of space occupied by the users. Generally, reimbursements to the buildings from user departments do not support the entire cost of operating every building. Therefore, a contribution from the general fund is required to balance these Internal Service funds.

Contribution to the Rochester-Genesee Regional Transportation Authority

The county provides assistance to support the operating costs of the Authority's subsidiary, the Regional Transit Service. The level of county assistance is mandated under Article 2, Section 18-b of the New York State Transportation Law as the local match to operating assistance provided by the State of New York.

Debt Service – Water Authority

In 1969, the County Legislature agreed to issue \$27 million in bonds on behalf of the Monroe County Water Authority to finance construction projects. Since that time, the Water Authority annually submits project proposals to the county for inclusion in the Capital Improvement Program. The county has been able to borrow at interest rates lower than the Water Authority would have been able to obtain. The Water Authority repays the county the amount of debt principal and interest costs paid each year by the county on the Authority's behalf; this reimbursement is budgeted as revenue in this division. This agreement helps reduce the cost of providing water treatment and distribution facilities in the county.

Debt Service – Medical Examiner/Lab Building

This item was moved to the Medical Examiner's Office within the department of Public Health for 2017.

Debt Service – Resource Recovery Facility

This item was moved to the division of Solid Waste within the department of Environmental Services for 2017.

Debt Service – Frontier Field

This item was moved to the Frontier Field account within the department of Environmental Services for 2017.

Debt Service – Other

Other debt service funding is provided for other county projects and County General account borrowings.

SECTION DESCRIPTIONS – REVENUE

Real Property Tax

This is the tax levied on real estate owners for county purposes. See the Tax Analyses part of the budget for more information on the real property tax.

Property Tax Penalties

This represents the interest charges collected on overdue taxes as well as the interest, penalties and other charges attached to the original tax amount at the tax sale date (precedent to tax foreclosure action).

Payments in Lieu of Tax

The county receives designated payments, instead of taxes, from two major sources; Urban Development Corporation (UDC) subsidized housing projects and County of Monroe Industrial Development Agency (COMIDA) contract agreements. Payments in lieu of taxes serve as an incentive for industrial development and special types of residential construction. The payments change from year to year with the number of COMIDA contracts and the aging of existing contracts for which higher payments are required.

Sales Tax

The current county sales tax levy is 4%. The first 3% is allocated through a complex formula (Morin/Ryan Sales Tax Adjustment Act of 1985) to the county, the City of Rochester, towns, villages and suburban school districts. Effective September 1, 1992 the county, as authorized by state law, increased the sales tax rate in Monroe County by 0.5%. An additional 0.5% was authorized effective March 1, 1993, bringing the rate of increase to a full 1%. Under the current law, authorization for this 1% increase needs to be renewed every two years by the state. The additional 1% is also distributed to all sharing partners, based on prescribed formulas.

See the Tax Analyses portion of the budget for more information on the sales tax.

OTB Distributed Earnings

The Western Regional Off-Track Betting Corporation distributes 50% of its net revenues among participating counties on the basis of wagering originating in the respective counties. The remaining 50% is distributed based on population.

Other Revenue

This category may include revenue from rental of county property, revenue associated with the recovery of municipal tax refunds for erroneously assessed property, the sale of property tax liens, the sale of assets, Medicare Part D, Interest, and revenue not specifically attributable to a department.

DEPARTMENT: Finance – Unallocated Expense & Revenue (12)

Division: Unallocated – Insurances (1255 – 1280)

DIVISION DESCRIPTION:

The Insurances Division serves as a cost center for the financial management of the county’s five self-insurance programs: Workers’ Compensation, Unemployment, Liability, Medical and Dental. These programs are part of a modified self-insured approach used by the county which combines direct payment of judgments and claims with the purchase of certain policies that afford coverage against extraordinarily high claims. The insurance budgets are composed of estimates for direct payments of claims, premiums for policies against “excess claims” and other specific types of liability coverage such as property damage and administrative costs including professional service contracts. While there are no personnel directly assigned to this division, there is a charge from the Law Department for staff time required for the administration of insurance policies and the litigation of cases. The cost of maintaining the county’s insurance programs is distributed to departments through interdepartmental charges.

SECTION DESCRIPTIONS

Medical Insurance

Beginning in 2014 Monroe County moved to self-insurance for all active employees for their Medical coverage. All retirees not enrolled in Medicare Advantage plans also moved to the self insured plans. Self insurance reduces administrative costs and avoids certain Obamacare taxes. The cost of medical coverage is charged to each county department based on the number of employees who elect Medical coverage and the type of coverage selected.

Dental Insurance

Since January 1980, all county employees are able to receive dental insurance coverage as a fringe benefit. In 1996, the maximum annual benefit was increased to \$1,000 per employee and each employee's dependents. In addition retirees also receive the same benefit. This program is self-insured and the cost is charged to each county department as a cost for each employee who elects to have dental coverage.

Unemployment Insurance

In 1976, amendments to the Federal Unemployment Tax Act extended for unemployment compensation to government employees. The county has chosen to meet these costs by reimbursing the state for the actual costs for benefits paid to former employees rather than paying the state system a 4.4% premium on the first \$7,000 earned by each county employee. The costs of the unemployment benefit self-insurance program are charged back to each department on the basis of the relative cost of claims which each department has experienced in the recent past.

Workers' Compensation

Monroe County is self-insured for routine compensation claims from county employees who have been injured on the job. In addition to the annual appropriation to cover the estimated expense for these claims, the county maintains an insurance policy to meet the expenses of extraordinary claims. The cost of the Workers' Compensation self-insurance program is charged to each department on the basis of the relative cost of claims which each department has experienced in the recent past.

Liability Insurance

Monroe County is self-insured against routine general and vehicle liability claims, and it maintains an insurance policy which covers only extraordinary claims. This program is administered by the Law Department with the administrative costs charged back to the program.

Risk Management Fund

The county maintains a risk management fund for payment of tort claims and judgments for which it is self-insured.

HUMAN RESOURCES

2017 Budget - \$2,263,024

The percentages above do not reflect the deduction of Service Chargebacks.

DEPARTMENT: Human Resources (17)

DEPARTMENT DESCRIPTION

The Department of Human Resources is responsible for the personnel function for Monroe County government as well as civil service administration for all 68 jurisdictions within the county, except the City of Rochester, which includes all Monroe County towns, villages, school districts, the Rochester City School District, fire districts, libraries, Monroe Community College (MCC), and the Monroe County Water Authority.

The Department of Human Resources contains six major functional units: the Benefits Unit, the Civil Service Exam Administration Unit, the Equal Employment Opportunity Unit, the Labor Relations Unit, the Payroll Unit and the Personnel Support Unit.

Mission

The Department of Human Resources will provide responsive, customer-friendly, and equitable service for its customers (hiring authorities, exam candidates, and public employees) in compliance with State Constitutional and other mandates while maximizing the efficient use of taxpayer funds.

2016 Major Accomplishments

- Implemented Employee Self Service/Manager Self Service (ESS/MSS) SAP functionality for Finance, Environmental Services, Transportation, Information Services and Human Resources departments, eliminating paper timecards.
- Achieved Gold Level Fit Friendly Work-Site designation from the American Heart Association in recognition of the county's best-in-class workplace wellness initiative.
- Implemented continuous recruitment of entry level clerical title to provide jurisdictions access to a larger candidate pool and reduce time between exam and hiring for job seekers.
- Streamlined police/deputy sheriff testing process to assist departments with selecting the most qualified candidates.
- Prepared and filed first ever Obamacare tax reporting forms 1095-C for all employees and retirees covered by county health insurance.
- Settled Federation of Social Workers (FSW) collective bargaining agreement.
- Implemented new Request-to-Fill process to speed decision making and provide instant feedback.
- Implemented new online onboarding system to streamline hiring process.
- Implemented Retiree Health Reimbursement Accounts (HRAs) to provide freedom of choice for the retirees and significantly reduce administrative burden on the county.
- Completed the scanning of all county personnel files to better preserve records and allow for quicker access to information.
- Department representatives were finalists for the Wealth of Health Award and Human Resources Executive of the Year.

2017 Major Objectives

- Implement ESS/MSS SAP functionality for additional county departments to totally eliminate paper time cards.
- Implement electronic onboarding system to more efficiently process new-hire paperwork.
- Continue collective bargaining process to control wage growth, provide more cost effective health insurance plans, limit retiree health insurance liability and restore management rights to labor agreements.
- Conduct Civil Service training seminars for customer jurisdictions.
- Expand Retiree HRA program to county retirees, offering them flexibility, freedom of choice, and provide greater cost control for the county to combat health care costs.
- Conduct full-scale health insurance dependent audit of all employees and retirees and a coordination of benefits audit to ensure only eligible individuals are covered.

FEES AND CHARGES

Applicants for Civil Service examinations incur a \$25 per application charge for uniformed services and a \$15 per application charge for all other positions to cover mandated costs for the preparation and scoring of such examinations.

An exception to the processing fee will be made for persons receiving Supplemental Security Income (SSI) payments or public assistance (Safety Net or Family Assistance), certified as Workforce Investment Act (WIA) eligible, or for those who are unemployed and primarily responsible for the support of a household. Employees covered by certain union contracts may also be eligible for a different processing fee as outlined in the agreements between the county and the respective unions. For example, employees eligible for county promotional examinations have a fee schedule of \$0.

DIVISION DESCRIPTIONS

Civil Service Exam and Personnel Support

Civil Service Exam and Personnel Support is responsible for administering all aspects of the state's constitutionally mandated Civil Service system on behalf of the Monroe County Civil Service Commission. This includes exam administration, list maintenance, position and jurisdiction classification, application review, payroll certification and interpretation of the Commission's rules. Civil Service Exam and Personnel Support is both an enforcement and customer service agent for county departments and the 68 civil jurisdictions of the Commission which includes all Monroe County towns, villages, school districts, the Rochester City School District, fire districts, libraries, Monroe Community College and the Monroe County Water Authority.

Employment Support Services

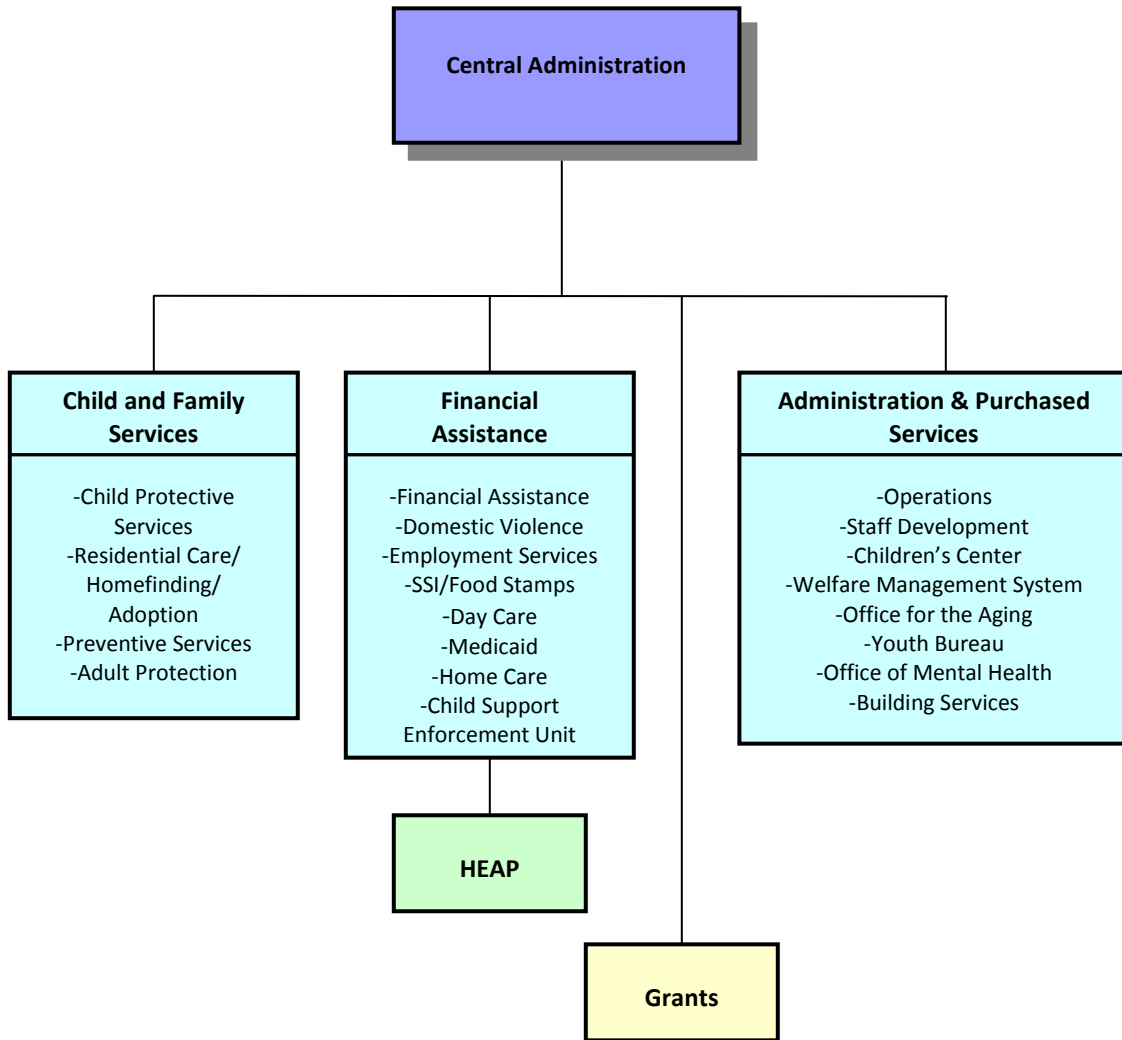

Employment Support Services is responsible for the payroll, benefits, labor relations and equal employment opportunity functions of Human Resources. Training, compliance and awareness of various laws, rules, regulations and contract provisions governing terms and conditions of employment are important aspects of this division. This division is also responsible for managing the county's Leadership Academy and wellness initiatives.

NON-MANDATED	\$ 1,237,883
MANDATED	535,767,471
SUBTOTAL	<u>537,005,354</u>

DEBT SERVICE	351,686
SERVICE CHARGEBACKS	(1,504,631)
TOTAL BUDGET	<u>\$ 535,852,409</u>

The Department of Human Services is almost entirely classified as mandated services through state and federal regulation. Although the services themselves are mandated, some programs have flexibility in the amount of service given.

The main service classified as non-mandated is the Building Services Division which is charged back to all users of the building.

DEPARTMENT: Human Services (51)

DEPARTMENT DESCRIPTION

The Department of Human Services (DHS) has as its goal a common sense human service delivery system that is comprehensive, responsive, coordinated and based on measurable results. DHS provides various forms of assistance and intervention to citizens of Monroe County to assist them in maximizing independence, safety and physical and emotional well-being.

The department is comprised of child, youth and adult development, welfare and mental health services. Mandated and non-mandated offices, services and programs are organized under one leadership and organizational structure to optimize Monroe County's ability to meet and exceed required outcomes and our core priorities: safety, self-sufficiency and healthy development, and effective and efficient utilization of limited resources. DHS is organized into three supervisory divisions: Child and Family Services, Financial Assistance, and Administration and Purchased Services.

Mission

The Monroe County Department of Human Services develops, provides and coordinates services for eligible Monroe County residents to assist them in maximizing independence, safety and physical and emotional well-being.

2016 Major Accomplishments

Child and Family Services

- Concluded analysis of the Family Assessment Response (FAR) to allegations of child maltreatment. Outcomes demonstrate that FAR is a valid alternative response to some reports of child maltreatment. When comparing all FAR eligible cases, those cases served through FAR, as opposed to those served through a traditional Child Protective Services (CPS) Investigative Response, were less likely to have a neglect petition filed a year after closing and less likely to have children removed to foster care a year after closing. Monroe County is seen as a leader of FAR practice in New York State and will continue its commitment to FAR as an alternative, but valid response to child protective reports.
- Therapeutic level foster care has been established with Hillside Children's Center and North American Family Institute (NAFI). Hillside is fully operational and NAFI is preparing to accept referrals this summer. We have been able to step down 3 youth from Residential Treatment Centers, so far, with 6 additional youth planned for step down over the next 2-3 months, resulting in a significant cost savings to Monroe County.
- Worked to develop and implement a pilot of Nassau County's Blind Removal Process to assess its impact on Disproportionate Minority Representation (DMR) data using 4 identified CPS Investigation teams. Early results suggest that our caseworkers' assessments of safety have been upheld under detailed review. We will continue our pilot and assess outcomes to determine if there are trends to address in our practice.

Financial Assistance

- Continued to decrease the Safety Net caseload through efforts such as linking employable clients to jobs by expanding initiatives with community partners such as RochesterWorks! and Greater Rochester Chamber of Commerce, to link successful work experience clients with compatible training programs leading to employment, and implementing a Restoration to Self Sufficiency (RSSP) program that includes activities for the disabled and improved management of services for families who have received state funded assistance for five or more years to lead more individuals to move to self-sufficiency.
- Fully integrated the State's Child Care Time and Attendance (CCTA) system to approve and process payments. Implementation of a fully task-based system changed the process for recertification, resulting in efficiencies that result in timely processing of case transactions. Overdue recertifications reduced by 30% in 2016 over 2015. Instituted a policy to review unauthorized attendance sheets and advise providers of the reasons for non-payment upfront, to reduce the frustration when care is unable to be authorized by the agency. Increased cooperation with our community partner, Workforce Development Institute, resulting in an easier transition of cases. All these efforts have resulted in improved communication and outcomes, for both parents and providers.

- Implementation of Temporary Assistance for Needy Families (TANF) Shelter Supplement was launched during 2016. This program, awarded through the State Office of Temporary and Disability Assistance (OTDA) allows for diversion from emergency housing placements for families being threatened with eviction. The shelter supplement will allow Monroe County to supplement ongoing rent for a family, avoiding an episode of homelessness and costly shelter stays. Up to 125 families are served with this supplement.
- Increased focus on customer service by providing quarterly Customer Service surveys in our waiting rooms, which on average serve 45,000 individuals each month, in order to improve the experiences for both customers and staff. Instituted Silent Monitoring of our customer service phones and the creation of standard greetings to provide staff with guidance for the excellent customer service that is expected. These greetings will ensure that all customers receive the same level of service regardless of where they call within the Division.
- In 2016, USDA Supplemental Nutrition Assistance Program (SNAP) work requirements were put into effect in New York State. As a result, approximately 7,500 SNAP recipients are required to meet federal work requirements in order to keep their benefits. Monroe County received a small administrative allocation to support this activity from New York State and has otherwise managed this significant increase in workload without additional staff.
- Focus on Child Support Enforcement has resulted in an increase of both Support and Paternity Establishment Percentages (SEP and PEP). As of June 2016, SEP was 91.62% and PEP was 95.62%. This was accomplished by more efficient case processing, enhanced case review and diligent monitoring of case closure. The Division also ramped up efforts to highlight the benefits of child support for families in poverty, particularly when transitioning towards self-sufficiency, with significant community outreach during National Child Support Awareness month in August of 2016. Child Support Enforcement Unit (CSEU) staff presented information on child support throughout the month at local festivals, churches and the Rochester Public Market and sent informational mailings to community based organizations and agencies.

Office for the Aging

- Utilizing New York State Office for the Aging's Balanced Incentive Program funding, Monroe County Office for the Aging (MCOFA) contracted with additional staff members and replaced the phone system of a provider agency in order to handle the increased call volumes, screening and resource and referral requests in anticipation of the roll-out of a new statewide data collection system later this year.
- Completed a comprehensive needs assessment with consumers of MCOFA services and as a result improved monitoring practices and will continue to work towards "re-imagining" senior centers in an effort to incorporate additional behavioral health resource materials and education into the congregate meal programs.
- Continued to work with area Managed Long Term Care Plans (MLTC) to increase funding for and access to congregate meals and nutrition counseling for individuals served through MLTCs.

Youth Bureau

- Evaluated the validity and importance of the programs it funds, redefined priorities based on challenging funding levels, and executed a new RFP process which changed the historical structure of the Youth Bureau.
- Continued to take the lead in serving youth and providing opportunities for Positive Youth Development in Monroe County through increased membership in the Monroe Mentors program and, a second successful year of winter "coats for kids". Also continued to provide youth with hands on service opportunities through intergenerational events including the fishing derby, fall clean up and senior ball, Global Youth Services Day, summer reading programs and summer internships.
- Continued its CHOICES program with the Spencerport School District increasing its student participation in the process. Working with the district administration, counselors and students, the YB provided guidance and support for this innovative peer mentoring programming.
- Supported victims of sex-trafficking in Monroe County through its partnership with the Center for Youth (CFY) under the Safe Harbor initiative. This is the third year of a State Office of Children and Family Services (OCFS) grant funded program allowing Monroe County to lead the way for the rest of NYS with this important work.

Office of Mental Health

- Partnered with various stakeholders to ensure transformative state-driven initiatives transition appropriately to Medicaid managed care environment, inpatient psychiatric system of care transitions to community-based living and recovery support services, and Delivery System Reform Payment Program (DSRIP) are implemented locally to best meet the behavioral health needs of the community. Monroe County Office of Mental Health (MCOMH) staff members have participated on various workgroups associated with DSRIP to inform local service delivery models, sharing behavioral health utilization data and behavioral health content knowledge to ensure services are implemented in ways that meet local community needs. New York State Office of Mental Health (NYS OMH) continues their commitment to pre-investment dollars associated with the downsizing of state operated inpatient psychiatric units and MCOMH has worked closely with community stakeholders to implement services to meet the needs of individuals who will achieve their recovery goals within the community. Partnered with Behavioral Health organizations to support the transition to Medicaid Managed Care and continued to develop strategies for supporting this transition.
- In an effort to ensure that the behavioral needs of the local community are being adequately understood, MCOMH continued its partnership with the Department of Public Health and county school districts to include eleven Adverse Childhood Experiences (ACEs) questions on the Youth Risk Behavior Survey. In depth analysis of the results were then shared with a wide variety of schools, caregiver groups, health coalitions and other stakeholders. Additionally, MCOMH staff has partnered with the Rochester City School District to drive community-based interventions around attendance and the development of Community Schools. Community Schools foster the importance of schools as centers for meeting the needs of youth and families. MCOMH remains a key stakeholder in the development of these trauma-responsive initiatives.
- Continued working with Monroe County departments on the implementation plan for roll out of Health Homes and the transition of Medicaid Managed Care. This roll out is anticipated for the end of 2016.
- MCOMH is committed to internal operational efficiency and supporting the transformation of the behavioral health and developmental disability services via the use of technology and software. Beginning in late 2015 and extending throughout, MCOMH rolled out the use of Tableau, a data visualization software. All behavioral health providers within the Monroe County community will have user-specific access to Tableau, providing access to payment and claims information, behavioral health utilization analysis and population health data. This information will inform the transition to Medicaid Managed Care and support the development of service delivery models that best meet the needs of community members with behavioral health needs. MCOMH continues to expand the use of Tableau to support internal operations by placing data at the fingertips of MCOMH staff members to support their daily work.

2017 Major Objectives

Child and Family Services

- Continue to analyze the process of billing clinical services to health insurance. In 2016, Child and Family Services (CFS) contracted with a vendor to assess preventive contracts for the possibility of billing clinical services provided within preventive contracts to Medicaid/health insurance. Several preventive providers are contracted with to provide both clinical and case management type services. Moving payments for clinical services to health insurance could afford significant cost savings to Monroe County. If this transition is determined to be feasible, CFS will begin the process of modifying contracts to reflect a change in how services are billed.
- Partner with the State OCFS to review local processes and practices with the goal of improving outcomes on state mandated ongoing monitoring assessments (OMA).
- Partner with OCFS to identify areas for improvement related to permanency and demonstrate gains in key areas. Monroe County performed well and met or exceeded national outcomes in three of four standards related to foster care and preventive services and is committed to working with New York State to realize improvements in the remaining area.

Financial Assistance

- Create policies to address the new mandate issued by NYS OTDA which assigns the inspection of shelters and hotels/motels used for temporary housing to the county including working with community partners to meet the new requirements for inspections as well as requesting and reviewing the temporary housing providers' operating and safety plans.
- Focus on finding operational and systems efficiencies to manage SNAP caseload. The Governor's increase in SNAP eligibility guidelines to include households earning 150% of the Federal Poverty Level is estimated to result in some 30,000 additional Monroe County families being SNAP eligible. SNAP provides a strong safety net for many low income individuals and families and the caseload has more than doubled since 2007. By utilizing USDA grant funds to purchase kiosks, SNAP applicants and recipients will be able to scan their own documents, make copies, obtain receipts, and use "Self-Check-in" software for scheduled SNAP appointments without having to wait in line. This will help improve efficiency by reducing wait times and result in more timely receipt of eligibility paperwork.
- Work to create a menu of services that will assist clients transitioning from public assistance by supporting them in areas around budgeting, credit counseling, banking assistance, crisis intervention, diversion and family planning. Creating a system that helps former assistance recipients address issues as they arise so they don't result in a loss of employment will help families progress in their self-sufficiency journey and not return to public assistance programs.

Office for the Aging

- Collaborate with graduate and undergraduate students at St. John Fisher College to review Monroe County's senior centers by analyzing the current system and surveying current participants as well as other older adults in the community with the goal of rebranding and remarketing our Nutrition, Senior Center Recreation and Education and Wellness programs for today's older adults, including rebranding "Senior Center" and embracing aging.

Youth Bureau

- Continue to enhance and actively promote opportunities and activities for youth to develop skill sets, training, assets, and knowledge to effectively engage with different generational, geographical, and social community members. In 2017, the Youth Bureau's roles as a leader, coordinator and systems broker for Monroe County youth organizations, centers, and programs will continue through the coordination and planning of various new opportunities.
- Grow collaborations and partnerships with county and community partners to explore and create new opportunities for positive youth development. These collaborations and partnerships include Monroe County Departments, as well as community organizations, businesses, and agencies.

Office of Mental Health

- Continue the goal of reducing forensic court-ordered expenditures via process improvements, clinical review, case advocacy and provider collaboration. Work closely with the courts and state forensic units to promote process efficiencies for individuals accessing this level of care and ensure that clinical status updates are available and acted upon as quickly as possible. Continue to work with DHS leadership and the Conference of Local Mental Hygiene Directors to advocate for changes to state policy around shared forensic costs.
- Initiate prevention interventions to reduce the risk of suicide and addiction by working with multiple stakeholders to develop a County-wide Suicide Prevention Coalition, with MCOMH being one of the co-chairs of this coalition. During 2017, the coalition will further define its mission and vision and implement recommendations from its strategic planning, continue to partner with multiple stakeholders in response to opiate addiction and the risks associated with opiate addiction. MCOMH will continue implementing new services to support individuals and families impacted by addiction and support individualized paths to recovery, as well as support the enhanced availability of medication assisted treatment to support recovery within the local community.
- Continue to support the transformative initiatives impacting behavioral health services, ensuring services are delivered locally in a way that best meets community needs, including assessing all existing contracted behavioral health programs to determine if the current service delivery model meets current community needs.

DEPARTMENT: Human Services (51)
DIVISION: Social Services (5100)

DESCRIPTION

This page reflects accounting at the department level and consolidates revenues received from the state and federal government in the form of block grants or capped allocations designated to fund various children and family services. These funds support both administrative and programmatic activities, and as a result, most of the allocations are distributed as revenue to multiple budget accounts. Budget accounts receiving revenue from one or more of these sources include: Central Administration (5101), Child and Family Services (5102), Financial Assistance (5103), Operations (5105), Staff Development (5107), Welfare Management System Support (5109), Day Care (5113), Adolescent Care (5114), Child Welfare (5115) and Purchase of Services (5116). The distributed revenue is identified in the Budget Summary of each account in italics as "Revenue Shifted to Division (5100)." This represents the sum of all the Federal and State Allocation amounts. State Protective/Preventive funding is included even though it is not a fixed allocation amount because it is received in one amount rather than specified to each reimbursed account.

DEPARTMENT: Human Services (51)
DIVISION: Central Administration (5101)

DIVISION DESCRIPTION

Staff in this division provide upper management and administrative support services to the Department of Human Services. The Commissioner of Human Services supervises the planning and delivery of all department programs, provides central policy direction and manages department personnel. Staff in this division also perform financial analysis, develop the department's annual budget request and perform other business process related activities. In 2016, charges to DHS for staff located in the Finance Department are shown in Interdepartment Charges; for 2017 staff are now in DHS shown in Personnel Services.

Administrative revenues which are received in one payment have been budgeted as one amount. For accounting purposes they are located in Division 5102, Child and Family Services, and Division 5103, Financial Assistance. For the budget presentation they are distributed to the division they support and displayed as revenue shifted with the appropriate divisions noted. This is similar to the ongoing treatment of allocations at the department level 5100.

DEPARTMENT: Human Services (51)
DIVISION: Child and Family Services (5102)

DIVISION DESCRIPTION

The Child and Family Services division provides direct and purchased services to increase safety and well-being, ensures permanency and enhances development for vulnerable children and families. The federal Adoption and Safe Families Act (ASFA) was the most comprehensive child welfare legislation in two decades and is having profound impacts on Child Protective Services, Foster Care and Adoption. Three themes are central to ASFA. The first is that every decision about whether to keep a child at home, place the child in foster care or return the child home from foster care must be based on careful review and documentation of safety. The second theme is that every child has the right to a permanent, loving home whether with biological parents, other relatives or in an adoptive home. Child and Family Services is obligated to work toward this goal for all children. The third theme is timeliness. By creating tight timelines, ASFA requires that efforts to achieve safety and permanency be infused with a sense of urgency. As a result of both ASFA and major permanency legislation that took effect in late 2005, services to children are now subject to more frequent administrative and legal reviews.

The Child and Family Services division also administers a contract to provide non-secure group homes for Persons in Need of Supervision (PINS) children who are awaiting Family Court action. This contract is budgeted in Adolescent Care (5114). In addition, preventive programs, budgeted in Purchase of Services, offer services to youth at risk of residential placement (including Youth and Family Partnership and Family Access and Connection Team) to support families in keeping these youth safe in the community.

SECTION DESCRIPTION

Administration

This section is responsible for directing programs and personnel dedicated to the delivery of social services to eligible families, children and individuals. The Director of Child and Family Services is responsible for coordinating with other community, public and private agencies to ensure that human service needs are being met efficiently, to reduce service gaps and to minimize duplication of efforts.

Program Support

This section monitors relevant input in three distinct state databases, interprets and distributes reports from the state, provides staff training and functions as a liaison between the county and state including management of federal, state and local program audits. It ensures accuracy of all foster care payment authorizations. It also maintains adoption subsidy cases, makes determinations of eligibility for federal reimbursement for foster care expenses and monitors internal claiming to maximize federal funding.

Residential Care/Homefinding/Adoption

Staff working in this section provide a variety of specialized foster care services. They are responsible for recruiting, training, certifying and monitoring foster homes and identifying foster homes for specific youth entering foster care or moving within foster care placements. They are also responsible for arranging and monitoring placements in residential care facilities for PINS and Juvenile Delinquent (JD) children, as well as children with behavioral health needs that cannot be managed at a lower level of care, who are placed in voluntary child care agencies. Finally, they are responsible for locating adoptive homes, monitoring pre-adoptive placements and completing the adoption process for children who have been freed for adoption.

Preventive Services

Preventive Services are provided to children identified as being at risk of foster care placement, to children whose length of time in foster care can be shortened with this assistance and to children recently returned home from foster care to prevent their replacement into care. The staff in this section screen all preventive services cases, track the progress of children being served and monitor program effectiveness. Services to the families may be either purchased or provided directly by DHS staff. Preventive day care can also be provided as an additional supportive service as part of the case plan.

Child Protective Intake and After-Hours

Child Protective Services (CPS) maintains a local unit that assigns child protective referrals reported to the New York State Central Registry 24 hours per day, seven days a week. Staff in this unit assign these referrals to the appropriate investigative unit and initiate immediate investigations when necessary outside of regular business hours, including nights, weekends and holidays.

Child Protective Investigation

Staff in this section investigate reports of child abuse and neglect. These investigations must be initiated within 24 hours of receipt. Investigations include contacts with parents, children and collateral sources (e.g. doctors, schools), as well as with the source of the report. Families are referred to preventive services or community-based service organizations, where appropriate. Children at imminent risk may be placed in foster care or with fit and willing relatives. CPS cases where there is evidence of child abuse or maltreatment are "indicated" cases. If a report is indicated a decision is made whether or not there needs to be family court involvement. If the court is petitioned, the case is then transferred to Child Protective Management.

Child Protective Management

Once cases are indicated and a court petition filed, they are the responsibility of the Child Protective Management teams. Families, most of whom DHS is ordered by family court to supervise, are provided with supportive and rehabilitative services. Children may be placed in foster care, with relatives or remain at home depending on the severity of the parents' needs and the availability of other family members to care for them. The goal of these teams is to provide safe, permanent homes for children either with their own parents, with relatives or by freeing them for adoption, if necessary.

Adult Protective

Adult Protective Services are provided to individuals 18 years of age or older who have physical or mental impairments and are unable to manage their own resources, carry out the activities of daily living or protect themselves from neglectful or abusive situations. Staff provide counseling as needed, help obtain appropriate legal and medical care and arrange for financial help and alternate living arrangements as necessary.

DEPARTMENT: Human Services (51)
DIVISION: Financial Assistance (5103)

DIVISION DESCRIPTION

The Financial Assistance division is responsible for the delivery of Temporary Assistance, Medicaid, Supplemental Nutrition Assistance Program (SNAP), previously known as Food Stamps, and Day Care; and for ensuring that only persons eligible for public assistance services are provided such aid. This division also includes employment, domestic violence, managed health care services and child support.

SECTION DESCRIPTIONS

Financial Assistance Administration

This section plans and directs the programs which provide Temporary Assistance, SNAP, Day Care and other assistance to individuals and families eligible for public assistance.

Financial Assistance Operations

This section is responsible for processing applications for Temporary Assistance, SNAP, income eligible child care, providing case management to certify continued client eligibility and for executing grant changes in response to changing circumstances. Determining eligibility for emergency services including the payment of fuel and utility bills, temporary housing, household furnishings, clothing and food are other major responsibilities carried out by this section. Also included are alcohol and substance abuse assessments. Eligibility assistance is provided to community Medicaid and SNAP applicants 65+ and Chronic Care Medicaid applicants utilizing Alternate Level of Care (ALC) beds or in a nursing home. The Fair Hearing function is also located in this section. New York State regulations mandate that an applicant or recipient of any social service program may appeal any negative decision or action and be provided an opportunity to have a hearing concerning the appeal.

Medicaid Administration

Medicaid Managed Care is a mandatory program to enroll Medicaid recipients in the pre-paid, cost saving Health Maintenance Organizations (HMO) as an alternative to fee-for-service Medicaid. In 2013, Monroe County began using the state's contractor, Maximus, to handle managed care enrollment functions. Staff continues to perform the more difficult managed care enrollment, disenrollment and third party insurance and recovery process to collect improperly paid claims and capitation fees – activities not performed by Maximus. The Disability Review Program gathers medical information so that New York State can make determinations of disability based on Social Security definitions in order to secure retroactive federal Medicaid reimbursement. It also assists Temporary Assistance (TA) recipients with the Supplemental Security Income (SSI) application process. The Third Party function monitors Medicare and private health insurance policies as a means of reducing Medicaid payments. A Medicaid recovery process is also conducted to collect improperly paid claims.

Since 2014 much of the work of the Home Care Unit, including eligibility and maintenance activities for the Personal Care Assistance (PCA) program, has been contracted out to a local provider. The provider authorizes the home care services funded through a variety of program sources. Service authorizations include aid services, cleaning services, meals and long term care benefits to individuals and families at risk of more costly placement.

Care Management

The Care Management workgroup is responsible for the ongoing TA case maintenance activities including case re-certifications, adding and deleting household members and address changes. Staff ensure that client documentation of eligibility is current and work cooperatively with the employment services group to move TA clients from welfare to self-sufficiency. In order to address the safety needs of victims of domestic violence and their children, there is a liaison function which has the responsibility to ensure that all Family Assistance applicants have access to domestic violence support services.

Emergency Shelter Program

This program provides a single point of entry for the homeless seeking shelter placements. Staff liaisons work with provider agencies to maximize the use of available beds, assist residents in securing financial assistance and locate safe housing and/or relocation services. Staff are required by new 2016 OTDA regulations to inspect emergency housing providers to ensure that safe and sanitary housing is being provided.

Employment Services

The Employment Services Unit administers the state work rules for public assistance clients which requires appropriate applicants/recipients to seek work and/or participate in employability development programs. The work performed by this unit directly affects the public assistance caseloads. Employment services are also provided for SNAP applicants and recipients.

SNAP Employment and Training

Contracts in this section provide mandatory job readiness training, job placement and job retention services for SNAP recipients.

SNAP

This group authorizes SNAP benefits for all non-public assistance households in Monroe County. They also manage compliance with newly reinstated Able Bodied Adults Without Dependents (ABAWD) federal work rules.

Child Care Block Grant

Day care is provided to Family Assistance recipients engaged in a work activity and to enable low-income parents to obtain or maintain employment. The staff in this section determine subsidy eligibility for families with children beginning at six weeks of age and continuing through age 12. Staff also manage eligibility for the Child Care Facilitated Enrollment Project (Work Force Development Institute funding). This project expands access to day care subsidies for working families with income up to 275% of the Federal Poverty Level.

DHS – Child Support Enforcement

The Child Support Enforcement Unit (CSEU) seeks to establish paternity for children born out of wedlock, and to establish and enforce support orders issued by Family Court and other courts for the benefit of families in receipt of public assistance benefits and for other custodians of children in this community and elsewhere. Legal services for court proceedings are provided to DHS and to other parties upon request and for a fee.

SECTION DESCRIPTIONS

Special Programs Administration

The Special Programs area coordinates with the Financial Assistance Division and the Child and Family Services division. This section houses costs shared by fraud investigations, special client services, publication services, records management, customer service, internal security and the overall operations area of the department.

Special Investigations Unit

The Special Investigations Unit performs services relating to client use of public assistance. The unit conducts validation checks of active cases and new applications to verify eligibility (close or open case decisions), investigates charges of fraud or misuse of public funds and claims of lost or stolen checks. The unit operates the Automated Finger Imaging System utilized by New York State to prevent individuals from receiving duplicate assistance. The unit also works with the Law Department and the District Attorney in all legal issues resulting from fraud investigation.

Records Management

This section is responsible for coordinating and storing case files and retrieving required files for use by all divisions, primarily Child and Family Services and Financial Assistance. Additionally, this section manages the elimination of files the department is no longer required to keep.

Staff Development (5107)

DIVISION DESCRIPTION

Human Resources and Staff Development areas are included in this division. Human Resources administers the payroll, benefits, policies and procedures, interprets Civil Service Law and is responsible for on-site employee and labor relations.

Employee orientation and training of Human Services staff is required under New York State Law Part 386. Staff Development plans, develops, coordinates and delivers program specific in-service training programs for employees. This division provides an agency orientation for all new Financial Assistance and Child and Family Services staff. Trainers from this division interview and recommend for hire caseworker and examiner staff and coordinate their activities with Human Resources regarding Civil Service and personnel activities. The division assists administration with organizational development, staffing, and performance management projects. This division also coordinates and monitors continuing education and degree-oriented programs for staff to enhance their professional and managerial skill development.

SECTION DESCRIPTION

Systems Support Group

The Systems Support Group is a team of analysts whose primary responsibility is to provide ongoing support for four major state computer applications. In addition, this staff works closely with various state entities to develop and implement enhancements to the existing systems and applications. The Systems Support Group provides management analysis functions for Human Services administrators and implements automated processes for on-line staff.

Benefit Issuance Control System

The Benefit Issuance and Control System (BICS) is operated and maintained by a team of computer operators. The BICS staff receives files created by data fed into state applications from the Welfare Management System program on a daily basis. From these files, BICS staff generates eligibility documents and accompanying reports for on-line staff each month. The BICS staff also produces vouchers and rosters each month for the Business Process Team. The BICS staff produces monthly state reports in printed and electronic formats for staff at all Human Services sites.

Technical Support Group

The Technical Support Group is a team of technicians that is responsible for ensuring the daily availability of state and county networks and for the initial trouble-shooting of personal computers, printers and servers at all Human Services sites. This staff is also responsible for the inventory, user and system security, installations, relocations and hardware and software upgrades for this equipment.

DIVISION: Safety Net Assistance (5110)

DIVISION DESCRIPTION

Safety Net Assistance is a state program that provides assistance to individuals not eligible for federal aid, such as Family Assistance or Supplemental Security Income. Although Safety Net is primarily for adults with no children, Family Assistance participants who exceed the five year limit can receive non-cash benefits under this program. Safety Net Assistance recipients are limited to two years for cash assistance. After two years, non-cash assistance can be provided. Beginning April 2011, the state reduced reimbursement on the main portion of the benefit from 50% to 29%.

The average monthly caseload budgeted for 2016 was 7,325. For 2017, the average caseload is projected to be 6,911.

DIVISION: Family Assistance (5111)

DIVISION DESCRIPTION

Family Assistance is a state program for needy families funded through the Temporary Assistance to Needy Families (TANF) federal block grant. The major components of Family Assistance include: maximum five year lifetime participation, job assessments and mandatory work activities for recipients with children over three months of age, domestic violence screening, standardized drug screening and the requirement for teen parents to live at home. Employed Family Assistance recipients retain a portion of their earned income. Although federal TANF funding is distributed to the states as a block grant, it is anticipated that there are sufficient funds to fund Family Assistance statewide. Up until 2011, revenue estimates were based on the traditional formula driven methodology: 50% federal, 25% state, 25% local. As of April 2011, the state has shifted its use of TANF funding and is fully financing Family Assistance.

The average monthly caseload budgeted for 2016 was 6,294. For 2017, the average caseload is projected to be 5,779.

DIVISION: Medicaid (5112)

DIVISION DESCRIPTION

The Medicaid program provides medical services for those who are elderly or have a physical or mental disability and for qualifying children and adults who cannot afford to purchase health care services for themselves.

Monroe County is participating in the state formula for a Medicaid Cap. New York State has phased out annual increases previously paid by counties. The annual county payment has been stable since 2014. The county will continue to be responsible for the direct payment of certain services and for the administration of the Medicaid program. These costs are 100% reimbursed through a combination of federal and state funds. When repayments equal the appropriation level, no further revenues are needed.

DIVISION: Day Care (5113)

DIVISION DESCRIPTION

Day care is purchased from all types of legal child care providers for children beginning at six weeks of age and continuing through age 12. The funds in this division provide child care for Family Assistance recipients so they can work or participate in required employment activities, for families that are making the transition from public assistance to self-sufficiency and for low income working parents. Day care is also provided when it is needed as part of a child services plan for children who have been abused or maltreated or whose caretaker is seriously ill in order to allow a child to remain at home rather than entering foster care.

Day care is primarily funded through the New York State Child Care Block Grant (NYSCCBG). The NYSCCBG allocation reimburses 75% of the cost of Family Assistance day care and 100% of Transitional and Low Income day care up to the level of the block grant allocation amount. Protective/Preventive day care is not included in the NYSCCBG funding mechanism but continues to be funded through a combination of other federal and state revenue sources and local funding.

Due to economic conditions continuing for 2017, new subsidy cases are approved as funding is available. Day care for 2017 is projected at an average of approximately 7,078 children.

Funds set aside in 2017 by the state for the Facilitated Enrollment Grant are expected to be similar to the 2016 grant. Children will be served as funding is available. Estimates of children to be served for 2017 are not included. The Facilitated Enrollment Grant has an eligibility level of up to 275% of the Federal Poverty Level.

SECTION DESCRIPTIONS

JD/PINS Care

A Person in Need of Supervision is a youth, up to age 18, whose behavior is incorrigible and who is beyond lawful parental control. A Juvenile Delinquent is a youth between the ages of 7 and 16 years who has committed an act, which if it had been committed by an adult, would be considered criminal. Children are placed at various levels of care depending on the severity of the crime and individual circumstances.

In general, Family Court, upon recommendation from the Office of Probation-Community Corrections, places PINS children into various levels of care including foster homes, group homes and residential treatment centers/institutions. These youth and their families usually have been served by a diversion program prior to placement. Where the diversion has not been successful or when a judge believes the problem is too severe to attempt diversion, a placement is ordered.

JD youth are typically placed in a juvenile justice facility run by the NYS Office of Children and Family Services. However, they may be placed by Family Court in a lower level of care when an environment appears either too restrictive or the child's emotional needs would be better served through a child welfare residential institution.

Juvenile Justice Facilities

Children who have been adjudicated as Juvenile Delinquents or Juvenile Offenders by Family Court become the responsibility of the OCFS for placement. There are several levels of care within the structure. Children with severe behavioral or management problems – generally visible through the crime they have committed – are placed in secure facilities. Those with less severe problems or those who have benefited from higher levels of care can be placed in the least restrictive option – family foster care.

Non-Secure Detention

This category includes the county's contract with Hillside Children's Center to provide group and family situations for children requiring temporary placement pending a Family Court appearance related to Persons in Need of Supervision matters.

DEPARTMENT: Human Services (51)
DIVISION: Child Welfare (5115)

DIVISION DESCRIPTION

This division includes the costs of services to children who need out-of-home assistance because of family problems, illness, neglect or abuse. Services include foster family care placements, adoption subsidies and care in institutions, such as Villa of Hope (formerly St. Joseph's Villa) and Hillside Children's Center. Additional services to children and their families, to prevent residential foster care placement, are located in the Purchase of Services division (5116). Monroe County promotes collaborative efforts between Human Services, including Mental Health and Probation, to provide a system of intensive, in-home, community based services. The number of children in care continues to decline, while costs per child increase. Also, fewer children are eligible for Federal, income based, reimbursement.

SECTION DESCRIPTIONS

Adoption Subsidy

Human Services is the public agency responsible for placement of children in permanent, adoptive homes, once they are freed for adoption. Subsidies are available for families wishing to adopt children who have special needs and hard to place children. Medical subsidies are also available to help families adopt children with on-going medical or psychiatric needs.

Foster Care

Temporary residential care for children is provided in foster family homes, group homes and residences and in institutions. Over half of the placements are child abuse or neglect-related. Although family foster care is substantially less expensive than institutional care, for some children with multiple service needs, family care is not appropriate.

Transitional and Residential Care

Transitional care is available to persons with mental or developmental disabilities who are in foster care and have reached the age of 21 and have no other appropriate placement alternative. Youth between the ages of 5 and 21 requiring fully integrated longer-term mental health treatment services may be placed in a residential treatment facility.

Independent Living Program

Youth leaving foster care receive intensive preparation and follow-up services designed to prevent the need to return to foster care. An agency works with youth on independent living skills, and with the youth and his/her parents where necessary to help with preparation from care to independent living arrangements.

Special Children's Services – Maintenance

Payment of maintenance costs (room and board) for school-age children placed by school districts in residential facilities is the responsibility of the counties. Rates are established by New York State. The county's role is restricted to payment and claims for reimbursement.

DEPARTMENT: Human Services (51)
DIVISION: Purchase of Services (5116)

DIVISION DESCRIPTION

Human Services enters into contracts for those services beyond its capacity or expertise to deliver. These services primarily involve preventive and protective services for both adults and children. There is continued emphasis on diversified programming to prevent foster care placement. The Monroe County Family Access and Connection Team in collaboration with Probation and Mental Health, is a cornerstone of the division along with the Supervision and Treatment Services for Juveniles Program. Community Optional Preventive Services (COPS) makes use of donated funds to leverage COPS state reimbursement, budgeted in miscellaneous revenue below.

SECTION DESCRIPTIONS

Homemaker/Housekeeper

Homemaker services and housekeeping services are purchased to help families and individuals remain in their own homes and avoid foster care placements or some level of out-of-home adult care, including hospitalization. Trained homemakers perform home and personal care tasks for clients.

Preventive and Protective Services

Preventive services for children consist of supportive and rehabilitative services provided to children and their families to prevent foster care placement or to enable a child to return to the family from foster care. The assumption underlying these efforts is that a child's best interest is staying with the biological family rather than in foster care if the family can resolve its problems with community based services. A family may receive preventive services alone or as part of a child services plan accompanying other services, such as day care or foster care. Protective services are provided on behalf of a child who has been neglected, abused or maltreated and consist of counseling, therapy, emergency shelter, legal representation, etc. Preventive and Protective services for adults assist persons, often the elderly, who are unable to protect their own interest and/or have problems that prevent them from functioning effectively in the community.

Adoption

Human Services is the public agency responsible for placement of children in permanent, adoptive homes, once they are freed for adoption. Adoption programs promote permanency planning and prevention of long-term foster care placement. Adoptive services include: evaluation of placement needs, identifying and securing adoptive homes, training and counseling prospective parents and instituting necessary legal proceedings.

Domestic Violence

Funding for this program provides residential and non-residential services to victims of domestic violence. The program serves residents not eligible for public assistance.

Title XX – Other

This category provides interpreter services and transportation services to families in need, in order for them to attend preventive and/or day care services.

DEPARTMENT: Human Services (51)
DIVISION: Home Energy Assistance Program (5117)

DIVISION DESCRIPTION

This division distributes funds available for relief from excessive energy costs to eligible low income households in Monroe County. Human Services works, in conjunction with the Office for the Aging and other community agencies, to certify applicants and provide administrative services for allocation of funds. The program is 100% federally funded. The Public Assistance Benefits payments are made by the state. Localities continue to budget for the administration of the program. Staff continue to be authorized, and partially funded, so that no delays in service will occur. Additional funding will be appropriated when received.

DEPARTMENT: Human Services (51)
DIVISION: Grants (5118)

DIVISION DESCRIPTION

The number of grants administered by the department varies annually depending on federal/state funding levels and initiatives. Monroe County has been fortunate to be the recipient of a number of grants designed to improve the quality of life for its residents.

In general, grants require no local revenues although occasionally some matching funds may be necessary. Most grants span specific time frames, generally one year. Grant funding for 2017 will be amended when fully received. All grants accepted in 2016 are listed in the descriptions.

GRANT DESCRIPTIONS

Safe Harbor Plan for Sexually Exploited Children

The Safe Harbor Plan establishes short-term safe housing that offers 24-hour crisis intervention, medical care and other services to child victims of human trafficking within Monroe County. The Safe Harbor Plan will work with the Statewide Steering Committee on implementation of the Plan.

Child Protective Services Staff to Client Ratio

Additional state aid is provided to social services districts to improve the staff to client ratio in the child protection workforce. Funds are utilized to conduct investigations of suspected child abuse or neglect.

DEPARTMENT: Human Services (51)
DIVISION: Administration & Purchased Services
Office for the Aging (5500)

DIVISION DESCRIPTION

The Office for the Aging has the responsibility to plan, coordinate, fund and advocate for a comprehensive system of services that reflects the needs of older county residents. Each year a service plan is developed with services targeted to persons with the greatest economic and social need, and with emphasis placed on serving minority individuals. An 18-member Council for Elders, appointed by the County Executive, assists in determining funding and programmatic priorities.

Program Description

The Office for the Aging receives funding from a variety of sources including federal, state and participant contributions to provide services in various program areas. The county's administrative expenses are included within program areas. A brief description of the programs sponsored through this office and their funding sources follows.

Administration & Program Management

This section is responsible for the fiscal and programmatic planning and administration of all operations included within the strategic framework of the Office for the Aging. This section includes management support and service monitoring and providing information, assistance and technical support to subcontractors and constituents. In addition, this section provides health advocacy surrounding a variety of health care topics including Medicare, Medicaid and private health insurance programs. This section also provides direct services in nutrition and counseling education, senior center sanitation training and weatherization assistance.

Aging Contract Services

This area is the location for grants which are expected to be short term. The ongoing funding areas have been further defined.

Support Service Contracts

These programs provide funding in order to assist seniors with numerous activities including: legal and financial counseling, care management, personal care, respite, escorted transportation services and information and assistance.

Nutrition Service Contracts

This program is responsible for the Congregate and Home Delivered Meal Programs. The Congregate Meal Program provides hot, nutritious meals in a group setting to persons age 60 years and older and their spouses. The Home Delivered Meal Program funds the provision of at least one home delivered meal, seven days a week, to eligible homebound persons age 60 years and older.

Education, Training, Wellness Contracts

This program is responsible for providing, through subcontractors, a variety of health, education and caregiver training, subsidized employment and job training and health promotion and disease prevention programming.

Youth Bureau (5600)

DIVISION DESCRIPTION

The Rochester-Monroe County Youth Bureau plans for and administers comprehensive youth services dedicated to improving the lives of children and youth. Among the services funded are youth development programs, risk prevention programs, juvenile justice diversion programs, homeless youth services, annual asset building recognition, positive youth development, recreational services and intergenerational events. A Child and Family Service Plan recommending funding level priorities is also updated and submitted to the state which is used by the Youth Board and staff to evaluate programs. The board is appointed by the Monroe County Executive and the Mayor of the City of Rochester.

SECTION DESCRIPTIONS

Administration

The Administration provides contract management, monitoring and assessment, capacity building, technical assistance, positive youth development, asset building activities and special events, collaboration and coordination with other funders and county departments, and support for the citizen member Youth Board. It oversees the updates of the Child and Family Services Plan for youth services. Additionally, this organization seeks out external funding sources, coordinates program development and performs financial and clerical functions for the Youth Bureau.

Runaway and Homeless Youth Services

Runaway/Homeless Youth (RHY) funds provide for the coordination, planning and monitoring of a continuum of community-based services targeted toward youth, in accordance with the RHY Act. The Youth Bureau oversees and monitors current program services, as well as plans for the development of enhanced/new services to address gaps and obstacles to better serve the target population. Through this funding, the county contracts with non-profit agencies to provide 24-hour crisis counseling, shelter, case management, transitional housing and support services.

The Youth Emergency Housing Project provides older homeless youth with needed services to encourage youth to access independent living sites and permanent housing. The county's RHY Coordinator oversees the daily RHY process and serves as conduit for the Youth Bureau, as well as hosts the monthly RHY meetings for RHY service providers.

Youth Contracts

Appropriations fund town, city and county contracts for recreational and positive youth development services in accordance with NYS OCFS regulations. These projects provide constructive use of leisure time activities, crisis counseling, case management, school and neighborhood based services, shelter for runaways, youth advocacy, positive youth development and asset building, after-school programs, cultural and educational programs and municipal youth employment services. Funding levels for Youth Contracts are consistent with the state's level of support.

Included are contracts with non-profit agencies for projects meeting delinquency prevention and risk reduction criteria as defined by NYS OCFS. Programs provided by these projects include housing for homeless youth, prevention/education programs, crisis intervention, violence prevention and positive youth development. Delinquency Prevention also allows the Youth Bureau to facilitate the development and implementation of youth/adult partnerships through the Youth As Resources (YAR) Program, a youth-led approach to community solutions, and also provides implementation of asset-based actions.

In addition, appropriations fund efforts that support the creation of youth-adult partnerships; increased supports and opportunities provided by community members, organizations and institutions; and improved practices and approaches to working with youth to engage youth as active participants in creating community solutions and improvements. Project funds come through a state/federal partnership. This funding strengthens and develops further asset initiatives and asset building in the towns, villages and city within the county. Youth focused and/or intergenerational (IGL) events enhance and bring focus to positive youth development. Events include: ANYSYB Youth Lobbying Day, IGL Fishing Derby, Legislative Youth Awards, Summer Reading Program, Explore Monroe, Wilson Day, IGL Holiday Seniors Ball, CHOICES, IGL Fall Clean-Up, Monroe Mentors, YAR Service Learning Project grants, Annual RHY Holiday Dinner, Coats for Kids, and the Community Toy Give Away.

SECTION DESCRIPTIONS

Administration

This section is responsible for the fiscal and programmatic planning and oversight of all operations included in the network of mental hygiene services. In an effort to develop services which address the priority needs of the community, on-going planning is conducted in collaboration with consumers, state representatives, families, providers and other service delivery systems that evaluate the mental hygiene needs of the community. The Director of Mental Health makes funding level and service development recommendations based on this evaluation process.

The Office of Mental Health works with the New York State Office of Mental Health, Office of Alcoholism and Substance Abuse Services and Office for Persons With Developmental Disabilities (OPWDD) and is responsible for the interpretation, implementation and oversight of state mental hygiene policy at the local level.

The Office of Mental Health contracts with Coordinated Care Services, Inc. (CCSI) for the management and coordination of community mental health, alcoholism and substance abuse and developmental disabilities services in accordance with the local mental hygiene services plan. CCSI maintains subcontracts with community agencies for a comprehensive range of services within each of the mental hygiene disability areas.

Socio-Legal Center

The Socio-Legal Center provides a variety of mental health related services and supports to the criminal justice system and to individuals with mental illness involved in the criminal justice system and their families. Contracts are maintained with psychiatrists to provide competency to stand trial and court-ordered psychiatric evaluations and testimony to the courts as needed. The Center also offers consultation and training to the courts, other criminal justice agencies and support to the Mental Health Court. The Socio-Legal Center serves as a community collaborative, drawing upon partnerships with other agencies serving a forensic mental health population to better meet their needs. The Center is also responsible for monitoring admissions to the forensic mental health unit, appropriateness of discharge plans and in setting quality indicators and standards across the forensic mental health system.

The Assisted Outpatient Treatment (AOT) program (also known as “Kendra’s Law”) is operated at the Center. The AOT program serves individuals with serious mental illness who, due to noncompliance with outpatient treatment, may require supervision in the community. The AOT program seeks to link individuals with mental health treatment in the community on a voluntary basis if possible. If voluntary linkage is not possible, the AOT program may seek court-ordered outpatient treatment for those who meet the criteria for an AOT order. Transition management is available to individuals with serious mental illness, to ensure that necessary services (e.g., mental health treatment, medications, basic needs) are available upon release from incarceration. A Medication Grant Program, administered by the Center, makes psychiatric medications available at no cost to individuals until public benefits are in place.

Mental Health Services

On behalf of the Office of Mental Health, CCSI maintains subcontracts with numerous community agencies for the provision of a range of mental health emergency, crisis, outpatient treatment, residential and community support programs for adults, children and youth. Community support programs include a wide range of service options such as vocational support, respite, family support, self-help, consumer initiatives, socialization and recreation opportunities. There are a number of specialized mental health programs, targeting specific populations: children, older adults, multicultural populations, persons with co-occurring disorders (mental illness/substance use disorders), homeless and those involved with the criminal justice system. Community mental health services are aimed at offering individuals and families treatment and support services that are person-centered and that assist them in recovery and successful living in the community, avoiding unnecessary hospitalization or out-of-home placement. Mental Health services are funded through state aid, county support and agency voluntary contributions.

Developmental Disabilities Services

On behalf of the Office of Mental Health, CCSI maintains subcontracts with several not-for-profit community agencies for the provision of Developmental Disabilities services to residents of Monroe County. Local assistance funding, which consists of state aid, county support and voluntary match dollars, supports pre-vocational and vocational day services and advocacy services.

Pre-vocational and vocational services include day training and sheltered workshop programs. These programs provide a range of skills training, work opportunities and support services according to individual needs and preferences, aimed at assisting individuals in maximizing their individual vocational potential. Support services are provided for individuals with disabilities and their families, including information and referral, advocacy, public education and awareness, and assistance in ensuring client rights.

Alcohol and Other Drug Services

On behalf of the Office of Mental Health, CCSI maintains subcontracts with numerous community agencies for the provision of alcoholism and substance abuse services. Programs offered by these subcontractor agencies include inpatient detoxification/withdrawal, outpatient and residential treatment, community residential living, prevention, intervention, education and information and referral services. Funding for these services includes state aid, county support and voluntary match contributions.

Residential services include residential treatment homes, halfway houses and supportive apartments. A number of these programs include specialized services which target females (pregnant or with children), individuals with co-occurring disorders, deaf/hard of hearing, HIV positive, criminal justice and monolingual Spanish-speaking populations. Outpatient treatment services target a number of these populations as well. Funded outpatient programs serve a high percentage of Medicaid and uninsured clients.

Prevention, intervention, education, and information and referral programs are provided for both adults and youth. These services range from general community education and awareness activities to intervention programs designed to reach specific target populations such as youth, children of alcoholics, deaf/hard of hearing and multicultural populations. Prevention/intervention services are offered at a variety of school and community sites.

Criminal Court Ordered Cases

The Criminal Court Ordered Cases division funds the county share of costs for criminal court or family court ordered inpatient hospitalization for mental health evaluation and treatment.

The New York State Office of Mental Health and Office of Persons With Developmental Disabilities bill counties for forensic incarceration of inmates. A psychiatric evaluation, rather than a court order, determines whether an inmate requires treatment and should be transferred to a psychiatric facility.

DEPARTMENT: Information Services (19)

DEPARTMENT DESCRIPTION

Information Services provides solutions to meet the county's requirements for digital information for both internal departments and external customers such as towns, villages, the City of Rochester and citizens. The department performs business process reengineering and user needs assessments, then matches information requirements with cost-effective information technology. Information Services coordinates the installation, operation and maintenance of county mainframe, mid-range and micro-computers. It is also responsible for monitoring and evaluating technological developments and formulating standards and guidelines for computing within Monroe County government.

Departments are charged for their use of information services resources. The charges include telephone connections and use, information systems consulting services, network access and leases of computing equipment, such as personal computers, terminals, printers and multifunction devices. Costs for general use applications, such as payroll, are also allocated to other departments via utilization based charges.

Mission

Monroe County will use information technology to simplify and streamline government operations, enable county employees to provide quality services to our customers and deliver information and services to constituents at home, at work and in the community.

2016 Major Accomplishments

- Network support services brought in-house to support entire county directly by IS.
- Completed implementation of SAP employee/manager self service project for first five departments – IS, Human Resources, Finance, Transportation and Environmental Services.
- Completed SAP-Vital Records System Integration project for Health Department.
- Implemented support services for Village of Webster.
- Worked with the Purchasing Office to develop an online portal for viewing contracts.
- Completed 911 computer refresh.
- Continued implementation of cyber security initiatives including vulnerability scanning.

DIVISION DESCRIPTIONS

Office of the Chief Information Officer

The Chief Information Officer oversees the strategic planning and implementation of departmental technology initiatives, provides central policy direction for county departments and manages IS department personnel and budget. Staff members identify information requirements that span the boundaries of departmental jurisdictions and perform administrative functions, such as equipment ordering, hardware and software inventory management and equipment maintenance negotiations with service providers.

County-wide Lease and Maintenance

This is a holding account for the costs of county-wide hardware leases, contracts for all hardware, county-wide software maintenance and client licenses and common computer supplies which are used by other county departments. It was established to separate the costs of support to other departments from the costs of operating the central Information Services department.

Computer leases for county-wide hardware, maintenance and data lines are centrally budgeted in this account and charged back to the respective departments receiving the services. This allows for better control on expenditures and increased flexibility to meet the rapidly changing information technology environment.

Operations

Operations provides end-user support services, information technology solutions, consulting services and project management for other departments. They also assist in locating solutions to satisfy business requirements and maintain the existing base of information systems used throughout the county.

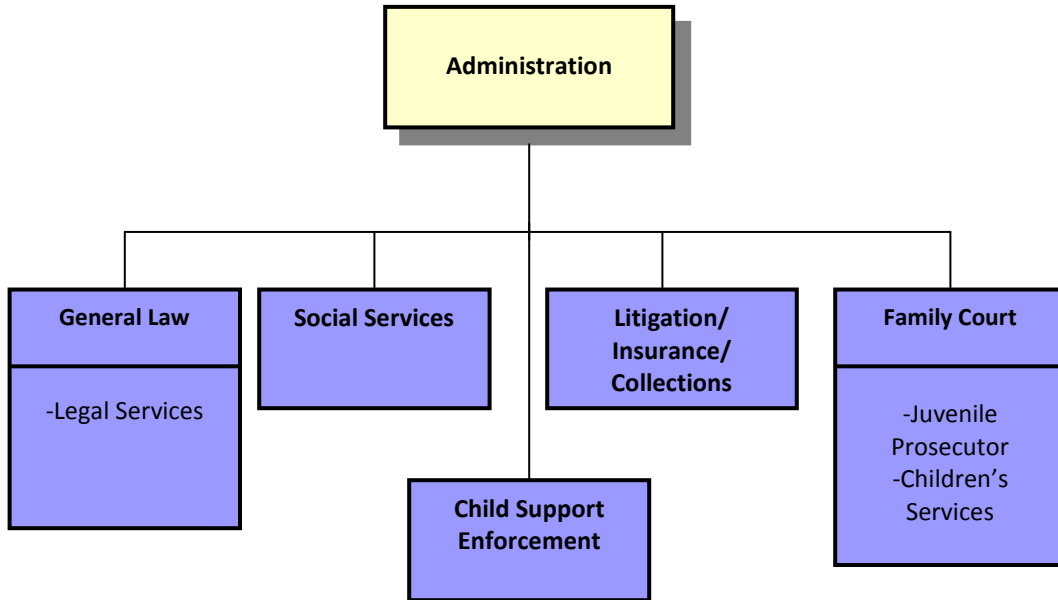

Staff in this division investigate new technology and developments in existing technology in order to develop standards for county hardware, software and connectivity. They manage and operate county computers of various client locations, install new equipment, troubleshoot problems with existing equipment, provide Help Desk support for county computer users and provide management of telephone services.

DIVISION DESCRIPTIONS

Administration

The County Attorney directs the activities of all divisions of the Law Department, develops policies and procedures and supervises the staff. Administrative support staff perform personnel/payroll, budgetary and office management functions.

General Law – Legal Services

The goal of this division is to provide legal advice and analysis to the County Executive, county departments and offices, the County Legislature and all bodies created or authorized by the County Legislature and all county officers and employees on county related matters. This division renders legal opinions, drafts state and local legislation, reviews legislative communications, reviews contracts, specifications and other legal documents and is responsible for special legal projects. This division is also responsible for all real property transactions involving the county. These transactions include acquisition/sale of real property, easements, negotiation and drafting of leases involving the county and condemnation actions for the acquisition by the county of interests in real property.

General Law – Social Services

The goals of this division are to provide professional legal representation to DHS social service areas in order to advocate within the confines of the law for results that maximize the delivery of their services (Public Assistance, Medicaid, conservatorships) at the lowest cost; and to maximize the collection of monies owed DHS at the lowest cost.

Litigation/Insurance/Collections

The goal of this division is to provide litigation, collection and insurance services to the County of Monroe and all its officers and employees in litigation matters, in order to maximize recoveries and minimize payments. This division represents the county in human rights cases and administrative hearings. The division is also responsible for administering the county's self-insurance program and procuring insurance coverage in those areas for which the county is not self-insured. Outcome measures include the percentage of cases concluded within reserved values.

Child Support Enforcement Unit

The Child Support Enforcement Unit (CSEU) seeks to establish paternity for children born out of wedlock, and to establish and enforce support orders issued by Family Court and other courts for the benefit of families in receipt of public assistance benefits and for other custodians of children in this community and elsewhere. Legal services for court proceedings are provided to DHS by attorneys in the Law Department, with expenses subsequently reimbursed by DHS. CSEU administrative staff and related expenses appear within DHS Financial Assistance (5103).

Family Court – Juvenile Prosecutor's Office

The Juvenile Prosecutor's Office (JPO) is responsible for prosecuting youth under the age of 16 who commit an act that would constitute a crime if committed by an adult. The goals of this division are to protect the community, address the needs of crime victims, hold delinquent youth accountable for their actions and develop the competencies of delinquent youth in an effort to reduce their risk of re-offending. In addition to prosecuting juvenile delinquency cases, the JPO attorneys present evidence in violation of probation cases, assist crime victims, provide advice to law enforcement agencies and appear as required in Juvenile Drug Treatment Court and Domestic Violence Court. The JPO attorneys have a strong presence in the community, contributing to the planning and implementation of strategies to reduce juvenile crime.

Family Court – Children's Services

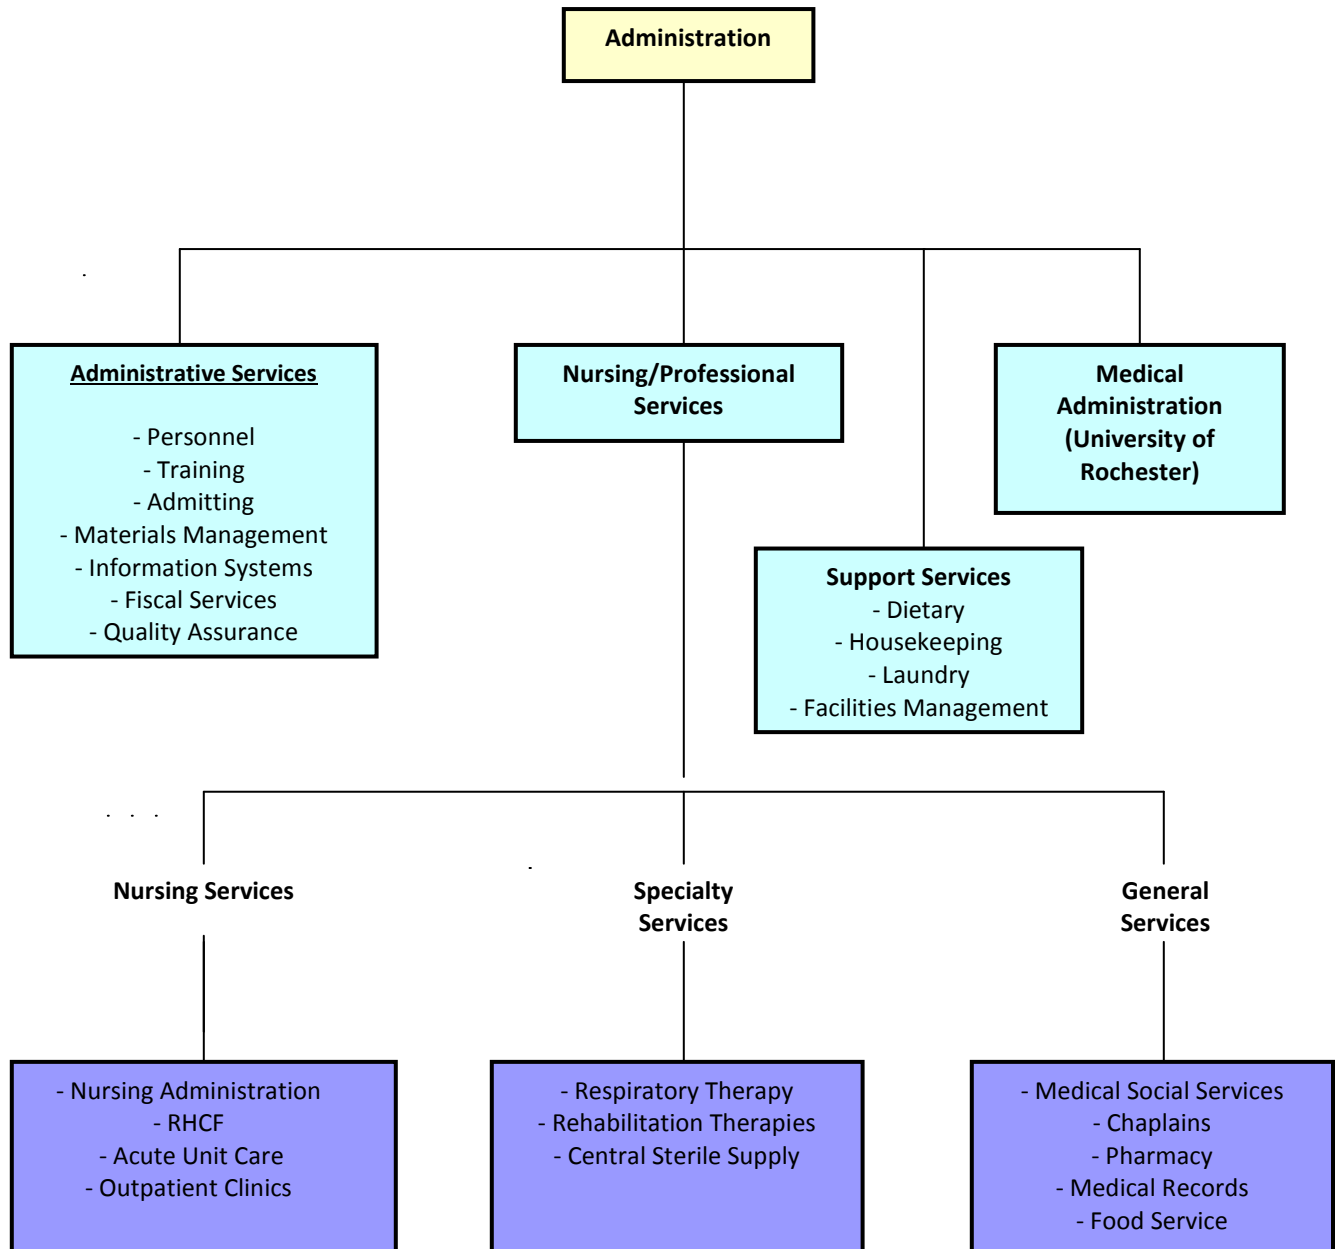

The goal of this division is to provide legal services to Social Services on all child welfare matters to protect the children of Monroe County. This division provides legal support in matters before Family Court seeking relief on behalf of children who have been the victims of abuse or neglect. Children's Services also represents Social Services in the court review of the status of children placed in foster care either voluntarily, through a guardianship proceeding, or by termination of parental rights by court order or parental surrender. Division legal staff appear in juvenile delinquency and Persons in Need of Supervision (PINS) proceedings involving Social Services, represent Social Services in administrative fair hearings regarding child protective and foster care issues, and prosecute and defend appeals involving legal issues related to child welfare.

MONROE COMMUNITY HOSPITAL

2017 Budget - \$85,417,943

DEPARTMENT: Monroe Community Hospital (62)

DEPARTMENT DESCRIPTION

Monroe Community Hospital (MCH) provides multi-disciplinary services for the extended care and treatment of people of all ages. MCH is licensed as both an Acute Care Hospital and Nursing Home. In part due to its dual licensure, and in part due to the fact that since 1965 MCH has had a formal affiliation with the University of Rochester to meet all of the medical and dental needs of its residents, MCH has become a highly specialized facility for individuals requiring chronic medical care. As the only provider of such services in our community, MCH serves as a critical component of the region's entire health care delivery system. MCH's acceptance of such complex patients provides the community a cost-effective alternative and eases overcrowded conditions in the region's emergency departments and acute care hospitals. The primary mission of the facility is to provide high-quality, comprehensive patient-centered care with the emphasis on functional restoration.

Mission

Our mission is to provide compassionate, leading edge, and comprehensive person-centered care to a diverse population. We promote wellness, independence, and a quality of life enriched by our standing as renowned educational center.

2016 Major Accomplishments

- Maintained facility compliance with the New York State Health Department Acute Hospital regulations.
- MCH was found to be in substantial compliance with the New York State Health Department survey of the Residential Health Care Facility.
- Continued to partner with regional health care organizations in the Delivery System Reform Incentive Payment (DSRIP) Program, attending meetings and educational events.
- Reorganized the nursing department by creating eight nursing units each with a Nurse Manager, a Care Coordinator, and an Assessment Nurse. This reorganization will provide the ability to enhance revenue by maximizing case mix and providing better individualized care to meet resident need.
- MCH continued to work toward the objective of reducing agency costs and staff turnover. Key clinical positions were targeted for incentive pay programs to address the difficulty of recruiting and retaining staff.
- Completed a Request for Proposal (RFP) and selected a vendor for a new eMR (Electronic Medical Records) system for clinical care tracking and financial reporting modules. Implementation will be in 2017.
- Renewed/replaced a long standing Affiliation Agreement for medical services with the University of Rochester Medical Center.
- Successfully appealed two deficiency citations from the NYS Department of Health.
- Implemented a comprehensive sophisticated clinical assessment to be administered by the new Therapeutic Program Coordinator.
- Renewed/replaced existing contracts (via RFP) for laboratory and x-ray services at a net cost savings.
- Created a "Clinical Screener" position to both better assess admissions and market the facility in the community.
- Started discussions with Optum toward securing an Institutional Special Needs Plan (ISNP) health care delivery and reimbursement model.

2017 Major Objectives

- Continue to partner with other area providers pending the New York State Department of Health's award for the Delivery System Reform Incentive Payment (DSRIP) Program.
- Following recent selection of a new eMR (Electronic Medical Records) system for clinical care tracking and financial reporting modules, continue implementation of the new system.
- Create and implement new clinical programming in areas that may include, but are not necessarily limited to, incontinence management, behavior management, hydration, and patient self-medication.
- Following anticipated negotiation of the Optum Institutional Special Needs Plan (ISNP) contract, market, and implement the program to residents of MCH. An ISNP is designed to reduce health care costs through a reduction in high cost hospitalizations as well as enhance other metrics used for quality of care. Successful reductions in health care costs would be passed on to MCH as a percentage through a Shared Savings program.
- Meet all regulatory requirements for acute care hospitals and nursing homes.
- Continue a reduction of employee turnover and a corresponding decrease in projected use of agency (non-employee) staffing and costs.
- Complete a facility wide study for the Hospital building and plant, inclusive of key mechanical systems, which was delayed from 2016.
- Strive to achieve the national benchmarks for the CMS Quality Measures.
- Continue to work on renovations to areas of the Friendship building.

DIVISION DESCRIPTION

Monroe Community Hospital

Monroe Community Hospital includes Administrative Services, Nursing/Professional Services, Support Services, and Medical Administration. Administrative and financial management of the Hospital are the primary responsibilities of Administrative Services. Administrative Services directs personnel and training programs, maintains patient information, performs admission and discharge functions and operates the Hospital's management information systems. It is also responsible for developing hospital goals in conjunction with the medical staff and other health care providers to meet present and future needs of the community and to ensure the quality of life for hospital residents. Other responsibilities include patient billing, reimbursement analysis, purchasing and the storing and issuing of supplies and equipment.

Nursing/Professional Services provides nursing and other direct services to patients. Additional responsibilities include directing and organizing the nursing staff in carrying out supportive and restorative nursing care; operating the Acute Care Unit; Residential Health Care Facility; Outpatient Clinic and rehabilitation programs; and developing ongoing training programs for all nursing staff.

Support Services ensures that the physical complex is maintained in a safe, clean and code-compliant manner and that adequate communications are maintained for the facility.

Medical Administration provides for all medical and dental needs of hospital residents through an affiliation agreement with the University of Rochester and Strong Memorial Hospital.

DEPARTMENT: Office of Public Integrity (29)

DEPARTMENT DESCRIPTION

The Office of Public Integrity was created in 2016 to promote greater accountability and transparency in county government. The Office of Public Integrity identifies deficiencies and provides recommendations for improvement and corrective action. In addition, the office develops and provides employee training on topics such as ethics awareness, internal control, and risk management. This office will maintain a Confidential Hotline to provide a secure means of reporting suspicious activity concerning County programs and operations and provide a protection policy to employees who report a belief that their organization is engaged in or willfully permits unethical or unlawful activities. Suspicious activity may include instances of fraud, waste and abuse, mismanagement, or a danger to the public's health and safety.

Mission

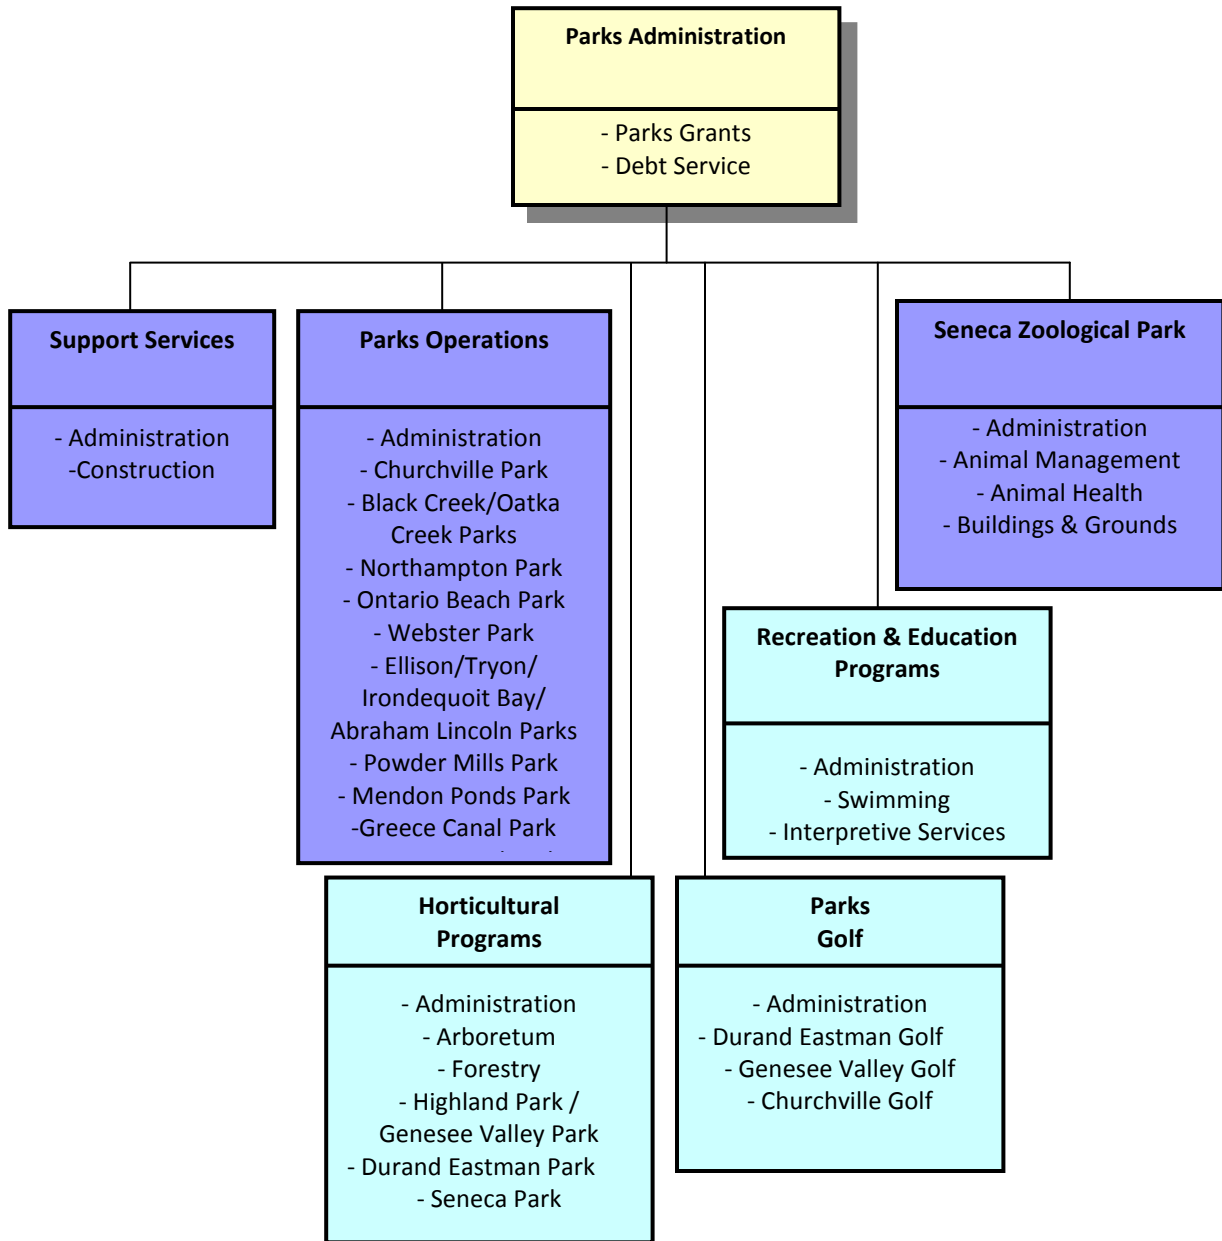

The Office of Public Integrity will promote and defend the veracity, efficiency and accountability of the County of Monroe and its operations. The Office of Public Integrity is committed to identifying and investigating allegations of waste, fraud and abuse by county employees, as well as, outside vendors conducting business with the county. The Office of Public Integrity will promote an atmosphere of honesty and integrity within county government.

SECTION DESCRIPTIONS

Administration

This section includes the Administration staff and clerical support staff. It serves as a cost center for particular district-wide administrative expenses such as workers' compensation benefits and various interfund transfers. Management objectives focus on maintaining standards of appearance, cleanliness, safety, security and performance for all recreational facilities and equipment. The wide range of activities in Parks Operations requires a high level of coordination in order to provide efficient and effective management.

Churchville Park

Churchville Park occupies 724 acres of land in southwestern Monroe County with a portion of the park located in the Village of Churchville. Facilities include four tennis courts, playground areas, a disc golf course, softball fields, five soccer fields, five lodges, eight picnic areas, an ice skating rink, fishing and canoe access to Black Creek.

Black Creek Park/Oatka Creek Park

Black Creek Park, situated in the Towns of Chili and Riga, features 1,505 acres of rolling hills, wetlands and forests. Facilities include hiking, bridle and cross-country ski trails, picnic areas and two small ponds. Black Creek Park also offers two lodges, a picnic shelter and playground.

Oatka Creek Park, comprising 461 acres of land in the Town of Wheatland, offers a natural setting providing for excellent trout fishing in Oatka Creek. Facilities include a lodge and hiking and cross-country ski areas.

Northampton Park

Located in the Towns of Sweden and Ogden, this 973 acre park includes hiking, bridle and cross-country ski trails, two lodges, a special permit camping area, playgrounds, two soccer fields, two softball fields, a model airplane field and a lighted downhill ski hill. Springdale Farm, a demonstration farm operated under contract with Heritage Christian Services, is located in Northampton Park. It is also the site for the Monroe County Agricultural Festival.

Ontario Beach Park

The central feature of this park is its supervised natural sand beach located on Lake Ontario. Its 39 acres also include a boat launch to the Genesee River, an antique carousel, soccer field, two softball fields, seven picnic shelters and a performance pavilion. Ontario Beach Park is owned by the City of Rochester, but maintained and operated by Monroe County through the Parks Operating Agreement of 1961.

Webster Park

Located in the Town of Webster on the shore of Lake Ontario, Webster Park's 550 acres include five lodges, eight shelters, playgrounds, tennis courts, ball fields, hiking and cross-country ski trails and special permit youth and family campgrounds. Also available is a fishing pier and access to Lake Ontario.

Ellison Park/Ellison Wetlands/Tryon Park/Devils Cove Park/Irondequoit Bay Park West/Abraham Lincoln Park

Ellison Park, in the Towns of Brighton and Penfield, offers 447 acres with tennis courts, softball fields, four lodges, eight picnic shelters, playgrounds and hiking, bridle and cross-country ski trails, a dog park and a disc golf course.

Tryon Park contains 82 undeveloped acres on the western shore of Irondequoit Bay within the City of Rochester. The park is owned by the City of Rochester, but maintained and operated by Monroe County under a 1975 amendment to the Parks Operating Agreement of 1961. It offers trails and natural scenic areas.

Irondequoit Bay Park West and Abraham Lincoln Park consist of 292 natural undeveloped acres offering woodlands and access to the Irondequoit Bay shoreline.

Powder Mills Park

Located in the Town of Perinton, Powder Mills Park contains 380 acres which include five shelters, seven lodges, hiking and cross-country ski trails, picnic areas, playgrounds, a fish hatchery and a lighted downhill ski hill.

Mendon Ponds Park

The largest county park is Mendon Ponds located in the Towns of Pittsford and Mendon. Its 2,462 acres have been designated as a National Natural Landmark by the United States Department of the Interior due to its unique geological glacial landforms. Facilities include hiking, bridle and cross-country ski trails, boat launch, fishing and picnic areas, two softball fields, eight picnic shelters and six lodges.

Greece Canal Park

Greece Canal Park's 577 acres are located in the Town of Greece with facilities for picnics and hiking. Development of the park has occurred in phases over a period of years. This park includes softball fields, a soccer field, tennis courts, two lodges, a picnic shelter, playgrounds, a dog park and special permit youth camping.

SECTION DESCRIPTIONS

Administration

The Administration section supervises and directs the division’s horticulturists and support staff. It is responsible for maintaining efficiency and productivity within the division and encourages professional enrichment through seminars and training programs.

Arboretum

The Arboretum, begun in the 1880s, is one of the oldest and largest municipal arboreta in the United States. Arboretum staff collect and nurture plants, trees and shrubs for the Monroe County Parks System, performing horticultural research and offering public service education through workshops, guided tours and publications. Among its specific activities is the care and maintenance of the world’s largest lilac collection located at Highland Park. The arboretum section includes not only the arboreta located in Durand Eastman Park and Highland Park, but also the Lamberton Conservatory at Highland Park which offers seasonal and permanent displays of flowers.

Forestry

The Forestry staff is responsible for the maintenance of healthy and desirable trees and shrubs throughout the park system. Forestry personnel regularly survey park areas to assess existing conditions. Trees and plant life which are diseased or have become hazardous to the public are replaced with new specimens by the staff. The staff also identifies park areas which are appropriate settings for new plantings. Additional tree and plant life is continually propagated and developed for the beautification and conservation of the county's parkland.

Highland Park/Genesee Valley Park

Highland Park is the horticultural showcase of the Parks Department. Its 150 acres contain the Garden Center of Rochester headquartered in the historic Warner "Castle", the Lamberton Conservatory, a portion of the county's Arboretum, and various botanical and floral collections. Highland Park supports the world's largest lilac collection and attracts thousands of visitors to the annual Lilac Festival occurring during May. Located on the southern edge of Rochester, its facilities include hiking paths, an ice skating rink, and a softball field. Highland Park is owned by the City of Rochester but maintained and operated by the county through the Parks Operating Agreement of 1961.

Genesee Valley Park offers fishing and boating facilities, as well as playing fields for soccer, cricket and softball. It contains eight picnic shelters in addition to trails for hiking, biking and cross-country skiing. Genesee Valley Park is owned by the City of Rochester but maintained and operated by the county through the Parks Operating Agreement of 1961.

Durand Eastman Park

Situated on the shore of Lake Ontario, Durand Eastman Park contains botanical collections, steep wooded slopes, small lakes and scenic vistas. Recreational facilities include hiking, bridle and cross-country ski trails, eight picnic shelters and playground areas. Durand Eastman Park is owned by the City of Rochester (with the exception of several county-owned portions) but is maintained by the county through the Parks Operating Agreement of 1961.

Seneca Park

Seneca Park offers a scenic view of the Genesee River Gorge. The lower park has the focal point of the pond and is bordered by three rustic shelters. There is also a trail system for hiking, which parallels the steep river gorge terrain. Park Operations is responsible for park maintenance outside the immediate area of the zoo. Activities include groundskeeping, landscaping and building maintenance.

DEPARTMENT: Planning and Development (14)

DEPARTMENT DESCRIPTION

The Planning and Development Department provides and coordinates a broad range of programs focusing on job retention and creation, employment and training services, land use planning and resource conservation as well as housing and neighborhood preservation. The department integrates planning services with economic and community development activities through partnerships with local governments and the private sector.

Mission

The department provides planning and development information and assistance, project administration and employment services that improve the quality of life for county residents through public and private sector cooperation.

2016 Major Accomplishments

Planning Services Division

- Prepared the 2017-2022 Capital Improvement Program (CIP). Initiated migration of the CIP database application to a web-based platform to improve efficiency in preparation of the annual document. Prepared the State Environmental Quality Review (SEQR) Status report for the Capital Budget.
- Improved the development review process for municipal proposals by streamlining and automating internal processes and revising forms resulting in the successful execution of over 500 reports.
- Completed the annual additions to Monroe County Agricultural Districts and coordinated the review and consolidation of the three Western Agricultural Districts. Provided five land use and decision-making workshops to over 150 municipal board members and professionals.
- Enhanced the Monroe County Fishing website and increase distribution of fishing brochures to at least four different states. Continued to work with Visit Rochester to promote sportfishing and tourism in the county.
- Completed the 2015 Municipal Land Use Report.

Economic Development Division

- Approved 60 projects through June of 2016, which will result in the investment of \$316 million in the community within three years and will create 377 new jobs and retain 1,472 existing jobs; leveraged over 99% in private funds.
- Monroe County Finger Lakes Procurement Technical Assistance Center (MCFL PTAC) assisted 44 Monroe County small businesses which secured \$56.4 million in government contracts in 2015.
- Monroe County Sports Commission (MCSC) brought new visitors to the county by assisting such events as the Atlantic Hockey Championships, the NYS Summer Special Olympics, Professional Women's Bowling Association Rochester Open, the Eastern Zone Short-Course All-Star Swimming Championship and the Twilight Criterium.

Community Development Division

- Fourteen families received down payment or closing cost assistance, totaling \$43,846 which allowed them to achieve the American dream of home ownership and purchase a first home.

- Completed 64 housing rehabilitation projects in participating towns and villages, totaling \$1,013,748 which improved housing conditions for low to moderate-income homeowners.
- Completed 21 public works and facilities projects in participating towns and villages, six of which improved accessibility for persons with disabilities and the elderly.
- Expended \$520,000 of HOME Investment Partnerships Program (HOME) funding that contributed to the construction and/or rehabilitation of 124 units of affordable rental housing.

Workforce Development Division

- 7,390 job seekers found employment with the help of RochesterWorks!; including 375 youths enrolled in the Summer Employment Program.
- 715 job seekers and employees received training and/or upgraded skills.
- Continued implementation of the Finger Lakes Hired Initiative, a four-year project serving 1,500 job seekers with an emphasis on training and placing the long-term unemployed in the sectors of advanced manufacturing, healthcare and information technology.
- The Workforce Innovation and Performance Committee has started development of career pathway models in the sectors of healthcare and advanced manufacturing.

2017 Objectives

Planning Services Division

- Prepare the 2018-2023 CIP. Complete the web-based database management system to improve efficiency in the preparation of the CIP. Complete the SEQR Status Report for the Capital Budget.
- Provide at least four land use decision making workshops to 150 municipal board members and professionals.
- Improve sportfishing promotion through the Monroe County Fishery Advisory Board and distribution of the county fishing brochure.
- Prepare the 2016 Municipal Land Use Report.

Economic Development Division

- Increase number of companies that receive benefits through county economic development programs.
- Increase job creation at local businesses through incentive programs.
- Increase awareness of all economic development programs through presentations to accountants, attorneys, bankers and civic groups.
- Continue joint calling efforts with the City of Rochester Economic Development staff, Greater Rochester Enterprise, Empire State Development and MCFL PTAC.
- MCFL PTAC will continue joint calling efforts with federal agencies: Defense Logistics Agency, Defense Contract Management Agency, U.S. Small Business Administration, Veterans Administration, along with large government contractors, New York State Empire Development, City of Rochester, Greater Rochester Enterprise and Veterans Business Council.
- Increase marketing efforts for the Monroe County Foreign Trade Zone through improved collaboration with the International Business Council.
- Work with Greater Rochester International Airport to secure additional low-cost air carriers.

Community Development Division

- Complete 17 public works and facilities projects in participating towns and villages, four of which will improve accessibility for persons with disabilities and the elderly.
- Maintain the number and dollar value of housing rehabilitation projects.
- Provide First Time Homebuyer subsidy to 18 program participants to enable them to purchase their first homes.
- Increase development of quality, affordable rental housing for low and moderate income people in municipalities that do not currently provide affordable rental units developed with County CDBG and/or HOME funding.

Workforce Development Division

- Continue to identify current and future career and employment opportunities, with a focus on advanced manufacturing, healthcare, and information technology and work with local employers to address their needs.
- Better assess skill gaps by continuing to provide meaningful training with available resources to job seekers to develop marketable skills, including development of career pathways in industry sectors.
- Deliver the tools needed, including enhanced workshops and technology, to support the job search process and placement for both job seekers and recruiting employers.

PUBLIC DEFENDER

2017 Budget - \$8,014,596

DEPARTMENT: Office of the Public Defender (26)

DEPARTMENT DESCRIPTION

The Public Defender is appointed by the County Legislature for a two-year term. The Public Defender's Office represents indigent individuals in criminal court proceedings, Family Court and Surrogate Court. Services are mandated by state and federal law, but are subject to some county control. The Public Defender heads a professional staff which includes attorneys and support staff.

Mission

In compliance with federal and state constitutions, the Monroe County Public Defender's Office is a legal service component of Monroe County government which: provides quality legal representation to its clients; advocates for the protection of the constitutional rights of its clients; contributes to the efficient and effective operation of the criminal justice system in Monroe County; advocates and works toward achieving results that have the greatest likelihood to help rehabilitate clients and prevent them from committing new crimes; and creates a work environment that supports the empowerment and teamwork of its employees.

2016 Major Accomplishments

- Provided counsel at the first appearance in the town and village courts to over 8,200 defendants, requiring the office to operate 24 hours per day, seven days per week.
- As an accredited Continuing Legal Education (CLE) provider, conducted over 30 free CLE programs for attorneys in the criminal defense community. Received the Raymond J. Pauley Award from the Monroe County Bar Association to recognize the office for its quality CLE programs.
- Continued the Criminal Appeals *Pro Bono* Program and Family Court Appeals *Pro Bono* Program whereby local firms agree to handle a limited number of appeals *pro bono*, saving Monroe County taxpayers tens of thousands of dollars.

2017 Major Objectives

- Continue to provide quality legal services to clients.
- Continue to develop high quality, free continuing legal education programs for the defense community.
- Explore additional ways technology can assist the office and its operations to allow greater efficiencies.

DEPARTMENT: Public Health (58)

DEPARTMENT DESCRIPTION

The Department of Public Health provides a wide range of services designed to promote and protect the public's health. Services focus on promoting health through education, preventive services and enforcement of health codes and medical policies. Categories of service include administration and special services, nursing services (including clinic services), environmental health, epidemiology and disease control, special children's services and medical examiner services.

Mission

The Department of Public Health provides direct public health services and leadership to ensure improved health status of all Monroe County residents and of the environment. The department strives to achieve excellence in its performance to advance Monroe County as a leader in the field of public health, to collaborate with community partners on important health issues and to closely monitor the changing health care environment to ensure that public health issues are quickly recognized and addressed.

2016 Major Accomplishments

Administration and Special Services

- Competitively selected by the National Association of City and County Health Officials (NACCHO) to be the third county in the nation to develop and complete a Local Radiation Shelter Tabletop Exercise.
- Coordinated development of the department's Zika Action Plan (ZAP) and purchased mosquito surveillance traps to assist in implementing this plan.

Nursing Services

- **Immunization** - Increased the rate of completion of the 3-dose Human Papilloma Virus series by 4.7% over 2015.
- **Tuberculosis (TB)** - Developed inter-municipal agreements with Genesee and Orleans County Health departments to provide TB Clinical services.
- **Sexually Transmitted Disease (STD)** - 95% of persons newly diagnosed with HIV, and those out of care for their HIV, were successfully linked to care.
- **Women, Infants and Children (WIC) Program** - Increased the rate of mothers who initiate breastfeeding to 72%.

Office of the Medical Examiner

- Renegotiated contract with per diem pathologists, reducing our reliance on their services.
- In response to the opiate crisis, the Toxicology Lab has added ten (10) "designer" fentanyl/opiate analogs to its drug screen panels.

Environmental Health

- Aided school districts on lead sampling techniques and procedures.
- Performed Zika mosquito surveillance.
- Provided regulatory approval services for the City of Rochester's new algae control and prevention strategy for Cobbs Hill and Highland reservoirs.

SECTION DESCRIPTIONS

Clinic Administration

Clinic Administration’s responsibilities include ensuring regulatory compliance for licensure as a Licensed Home Care Services Agency and an Article 28 Diagnostic and Treatment Center, HIPAA compliance, community consultation and leadership, program planning, data analysis, staff supervision and administration of budgets, contracts, grants and special projects.

Tuberculosis Control Programs

The goal of these programs is to control and prevent the transmission of TB infection and the incidence of TB disease. This is accomplished by providing effective screening, comprehensive treatment of both active disease and latent infection, nursing case management, contract investigations, professional consultations, directly observed therapy, outreach and preventive services for all people affected by TB in Monroe County. Programs are partially supported by grants from the New York State Department of Health (NYSDOH).

STD/HIV Prevention and Control Programs

The goal of these programs is to reduce the rates of STD/HIV in Monroe County by providing confidential, high quality STD/HIV prevention services; targeted case management of reportable sexually transmitted infections; disease surveillance; treatment, including behavioral counseling; and education and outreach interventions targeted to reduce transmission and link clients to appropriate care in the community. Several grants from the New York State of Department of Health and the Center for Disease Control (CDC) partially support these programs.

HIV Surveillance Program

The goal of this program is to confirm cases of HIV and AIDS in Monroe County through case review and determination of risk factors, demographics and lab results. Provider education for mandatory HIV reporting is offered as needed. This program is supported by a grant from the NYSDOH.

Immunization Program

The goal of the Immunization Program is to prevent vaccine preventable disease by immunizing adults and children, educating residents about vaccine preventable diseases and promoting improved immunization rates. The program provides immunization clinics for adults and children; perinatal Hepatitis B case management and follow up; offsite outreach clinics to vaccinate at-risk populations including flu clinics in schools throughout the community; immunization education, information and consultations to community providers, schools and the general public; immunization audits of provider practices related to immunization rates and practices; and follow up designed to guide audited practices in improving their immunization rates. This program co-leads the Monroe County Immunization Coalition which encourages and supports vaccine practices. A CDC/NYS grant, the Immunization Action Plan, partially funds this program.

Foster Care (Starlight) Pediatric Clinic

Starlight Pediatric Clinic provides comprehensive primary medical care for children in foster care homes in Monroe County. The goal of this program is to provide coordinated, trauma-sensitive care to foster the physical, developmental, emotional and social well-being of these vulnerable children. This program improves children's access to quality health care and provides intensive health case management. These efforts promote placement stability and permanency, reduce lengths of stay and help prevent placements in higher level, non-family centered settings.

Nutrition

The Nutrition program includes the following components: Women, Infant and Children (WIC); Breastfeeding Peer Counselor; and Healthy Lifestyle grants. These components target low-income, nutritionally at-risk, pregnant, breast feeding and post-partum women and their infants/children up to age five. The Nutrition Programs provide (1) nutrition and health education counseling; (2) supplemental food for low-income infants and children up to age five; (3) supplemental food for low-income pregnant, breastfeeding and post-partum women; (4) infant feeding education with an emphasis on breastfeeding promotion and support through paraprofessional peer counselors; and (5) referrals to other community services to improve the nutritional health as needed. Programs are fully grant funded.

Nurse Family Partnership

The Nurse Family Partnership is an evidence-based nurse home visitation program serving low-income, first-time mothers and their children. Visits begin early in the pregnancy, by 28 weeks gestation, and continue through the child's second birthday. Goals of the program are to improve pregnancy outcomes, parenting skills, infant health, child development and economic self-sufficiency for mothers and their children. This program is supported by grants from the NYSDOH.

DEPARTMENT: Public Health (58)**DIVISION: Office of the Medical Examiner (5804)****DIVISION DESCRIPTION**

The Office of the Medical Examiner (OME) is responsible for the investigation and certification of all suspicious and unattended deaths in the community. To these ends, advances in forensic science have been incorporated into the work process to provide the most accurate and efficient results possible. The Medical Examiner and staff may provide court testimony on the results of these investigations. The office also provides forensic autopsies on a contractual basis for multiple counties in the region. The goal of the OME is to perform forensic death investigations for Monroe and the surrounding contractual counties and to provide data that can be utilized for public health and educational ends. The OME also maintains an educational component, speaking with various community groups and offering educational programs to various schools in the area. The OME has also been involved in the planning process in working to mitigate any potential public health emergencies, especially significant fatalities associated with a pandemic flu event.

SECTION DESCRIPTIONS

Forensic Pathology and Administration

Comprehensive, sophisticated, medical-legal death investigation services, forensic pathology, toxicology and other ancillary expert services are provided in over 3,000 investigations per year. This section is responsible for all administrative and policy setting activities for the Office of the Medical Examiner. In addition, staff interacts with the community by providing lectures/demonstrations to schools and other organizations as requested. Data are obtained and can be provided to the community to help plan and implement programs to limit or reduce mortality.

Medical Examiner grants, primarily from the New York State Division of Criminal Justice Services, the United States Department of Justice, Office of Justice Programs and the New York State Governors Traffic Safety Committee, will be accepted and appropriated as received. They historically provide funding for staff, employee continuing education and operational supplies for the Forensic Toxicology Laboratory as well as technology improvements and training for the Autopsy and Field Services sections.

Forensic Laboratory

The Forensic Toxicology Laboratory analyzes samples from alcohol and drug impaired driving and samples from sexual assault cases in addition to postmortem samples. The Toxicology Lab is responsible for screening blood and other body fluids/tissues for the presence of drugs or other foreign chemicals and determining the amount of drugs present once they have been identified. These laboratory results are used in the determination of cause and manner of death in Medical Examiner cases, in the prosecution of alcohol and drug impaired driving cases and in the investigation of possible cases of drug facilitated sexual assault. Data from the Forensic Toxicology Laboratory are used to identify and analyze patterns of drug abuse in the community. The laboratory also works closely with the Governor's Traffic Safety Committee on issues related to alcohol and drug impaired driving.

Autopsy

The autopsy section assists the pathologists in performing examinations of remains, including photographing, taking radiographs and collecting additional specimens for testing. Items of evidence are also secured and processed to ensure proper documentation of custody is maintained. When available, resources are also used to evaluate unidentified remains in the custody of the OME in an attempt to positively identify them.

Medical Examiner Field Services

The Field Services section responds to a death location and initiates investigations to determine the cause of death. These death locations can vary from in-house scenes to detailed skeletal excavations in remote areas of the county. Cases requiring further investigation are transported to the OME for more detailed inquiry. The Field Services area also provides coverage for other Department of Public Health operations by triaging calls from the public requesting assistance after normal business hours, on weekends and holidays and by issuing burial permits to funeral directors during non-business hours to allow for the timely disposition of remains.

An additional late fee of \$25.00 will be applied to all fees less than \$100.00 that are received past the date due.

An additional late fee of \$50.00 will be applied to all fees of \$100.00 or greater that are received past the due date.

SECTION DESCRIPTIONS

Environmental Health Administration

This section is responsible for program administration, budget control, staff development and planning. It serves as the Records Access Office for all Freedom of Information Law (FOIL) requests directed to the Monroe County Department of Public Health.

Grants funded in this section include Drinking Water Enhancement, Healthy Neighborhoods and Adolescent Tobacco Use Prevention Act.

Environmental Health Engineering

The Bureau of Engineering inspects and monitors public water supplies, inspects public swimming pools and bathing beaches, including monitoring Ontario and Durand beaches and has responsibility for the predictive closure model. Staff provides oversight for individual wastewater treatment system construction and performs site evaluations, soil testing, plan review and inspection of new systems and repairs. They respond to complaints about drinking water (public and private), public bathing facilities and sewage overflows, and provide drinking water sampling as requested. Staff provides information to the public for water supplies and individual wastewater treatment systems.

Environmental Health Engineering regulates the public water systems and provides review and approval of plans related to water main extensions, cross connection prevention devices, and public bathing facilities. Additionally, this program reviews and approves plans of new on-site wastewater treatment systems for residential properties, realty subdivisions, commercial projects and provides agency support for rehabilitation of former or current waste sites. Plans are also reviewed and approved for public sanitary sewer extensions for realty subdivisions, commercial properties, and for new and replacement sanitary sewer projects. This program provides comments on projects for the Community Development Review Committee, and administers the Drinking Water Enhancement Grant and the NYS Bathing Beach Grant sponsored by the NYSDOH.

Staff support the Environmental Management Council, the Water Quality Coordinating Committee, Water Quality Management Agency and several Monroe County Watershed groups.

Grant work includes the Rochester Embayment Remedial Action Plan (RAP) Grant, used to support water quality programming.

Staff also analyze and provide information on health impacts related to indoor and outdoor air quality and exposure to hazardous materials as well as provide information and enforcement to support the Monroe County Pesticide Neighbor Notification Law.

Staff provide information to the public for indoor and outdoor air concerns and inspects properties as requested and provide information via the Freedom of Information Act for engineering related materials.

Temporary Residences and Institutions

Migrant farmworker housing, children's camps, day care centers (food only), temporary residences, tanning facilities, campgrounds and mobile home parks are inspected, and permits issued where required, to ensure housing and sanitation standards are followed. Violations are recorded and enforcement actions are taken to correct any deficiencies. Additionally, this section also responds to complaints for smoking violations at work sites and public places and enforces New York's Adolescent Tobacco Use Prevention Act.

Food Protection Service/Food Worker Certification Program

The goal of this program is to reduce the incidence of food borne illness through activities that eliminate or decrease significant public health hazards and improve sanitary conditions in food service establishments. Activities include routine inspections of all food service establishments and complaint investigations in these facilities. This program also investigates potential food borne disease outbreaks to determine implicated foods and causative organisms.

The Food Worker Certification program is designed to ensure that trained food handlers are present in all food service establishments to oversee the food handling practices of employees. All food service operators are required to have trained workers present at all times during the operation of the kitchen and bar facilities. The program offers two levels of certification: Level 1-Food Manager and Level 2-Food Worker, as well as recertification classes in both levels.

General Sanitation and Housing, Rabies and Rodent Control

The General Sanitation and Housing program investigates complaints and initiates actions to ensure that housing and sanitation violations are corrected. Additionally, this program responds to animal bite complaints and submits samples for rabies analysis if required. Rabies clinics for household pets are conducted. Rodent complaints are investigated and limited rodent baiting is provided in some instances. This section provides education and surveillance activities as needed for West Nile Virus, Lyme Disease and other arthropod borne diseases affecting Monroe County residents.

Lead Programs

These programs include county and grant funding in order to screen children for possible lead poisoning and ensure that medical and environmental follow-up occurs as required.

The goal of these programs are to protect children (birth-18) from exposure to lead hazards by serving as a resource for current information, educating health professionals and the community at large, providing case management and ensuring professional adherence to lead regulations, and providing environmental assessment and enforcement of lead hazard reduction measures to ensure a lead safe environment for children in Monroe County.

Grants funded in this section include: the New York State Department of Health Lead Poisoning Prevention Program Grant and the Childhood Lead Poisoning Primary Prevention Program Grant that provides lead inspections and healthy home interventions to families to prevent children from reaching levels of exposure that require mandated response.

This program also administers a federally funded Housing and Urban Development (HUD) Lead Based Paint Hazard Control Grant that provides funding to property owners for the reduction of lead paint and other healthy home related environmental hazards.

DEPARTMENT: Public Health (58)
DIVISION: Special Children's Services (5807)

DIVISION DESCRIPTION

Special Children's Services are federally-mandated programs under the Individuals with Disabilities Education Act (IDEA) for children who are diagnosed with or at risk of developmental delays. Through early intervention, the functional abilities of the children are maximized and the need for costly services later in childhood is reduced.

Early Intervention Program

This program ensures that families of infants and toddlers with suspected or confirmed developmental delays receive services appropriate to their needs through the provision of service coordination and development of Individual Family Service Plans (IFSP).

Staff provide initial service coordination and municipal oversight to children and families eligible for the program to ensure that the child's and the family's needs are met and that the Early Intervention services provided are effective and appropriate.

Preschool Special Education Program

This program ensures that children ages 3-5 with disabilities receive special education services appropriate to their needs in a cost effective manner, through the development of Individualized Education Plans (IEP).

Ages 3 – 5

Under section 4410 of the Education Law, school districts are responsible for eligibility and placement determinations for preschool children. Committees on Preschool Special Education (CPSE) exist in each school district. Evaluations are conducted and service recommendations are made by the CPSE participants.

Ages 5 – 21

School-age children receiving special education may be eligible for the summer program as determined by the school district Committee on Special Education (CSE). On an annual basis, 10% of these costs are charged back to the county by the State Education Department.

DEPARTMENT: Public Health (58)
DIVISION: Epidemiology/Disease Control (5809)

DIVISION DESCRIPTION

The Division of Epidemiology and Disease Control provides expertise in epidemiology and data analysis to the department and the community by analyzing and disseminating public health data. The division publishes community health assessments, develops community health improvement plans with input from stakeholders, and provides public health data for community organizations to utilize for grant writing, education and policy development.

The division conducts surveillance, epidemiological investigations and community intervention to prevent and control communicable diseases in accordance with New York State Department of Health requirements. Staff serve as a resource within the department for data analysis and to the community for communicable disease reporting requirements, treatment guidelines and emerging health threats.

SECTION DESCRIPTIONS

Epidemiology & Disease Control Administration

Division administration oversees the data analysis and surveillance activities to rapidly detect emerging infections and outbreaks, and ensure trends and needs are being identified and addressed. Data analysis and mapping are used to develop mitigation efforts and inform recommendations and policy so that resources can be targeted to have a positive impact on the health of county residents.

Staff works with partners and providers in the community to ensure adherence to state and CDC communicable disease treatment guidelines and reporting requirements.

Community Health Improvement

Staff in the section work with partners to complete the Community Health Assessment (CHA), and develop and implement the Community Health Improvement Plan (CHIP). Both of these activities are required by NYSDOH. Additional activities include conducting the Youth Risk Behavior and Mothers and Babies Health surveys, and analyzing data sets available to MCDPH. Staff collaborate with other MCDPH divisions and community partners in providing information for grant applications, program evaluation, and for mobilizing change around health issues through education and awareness.

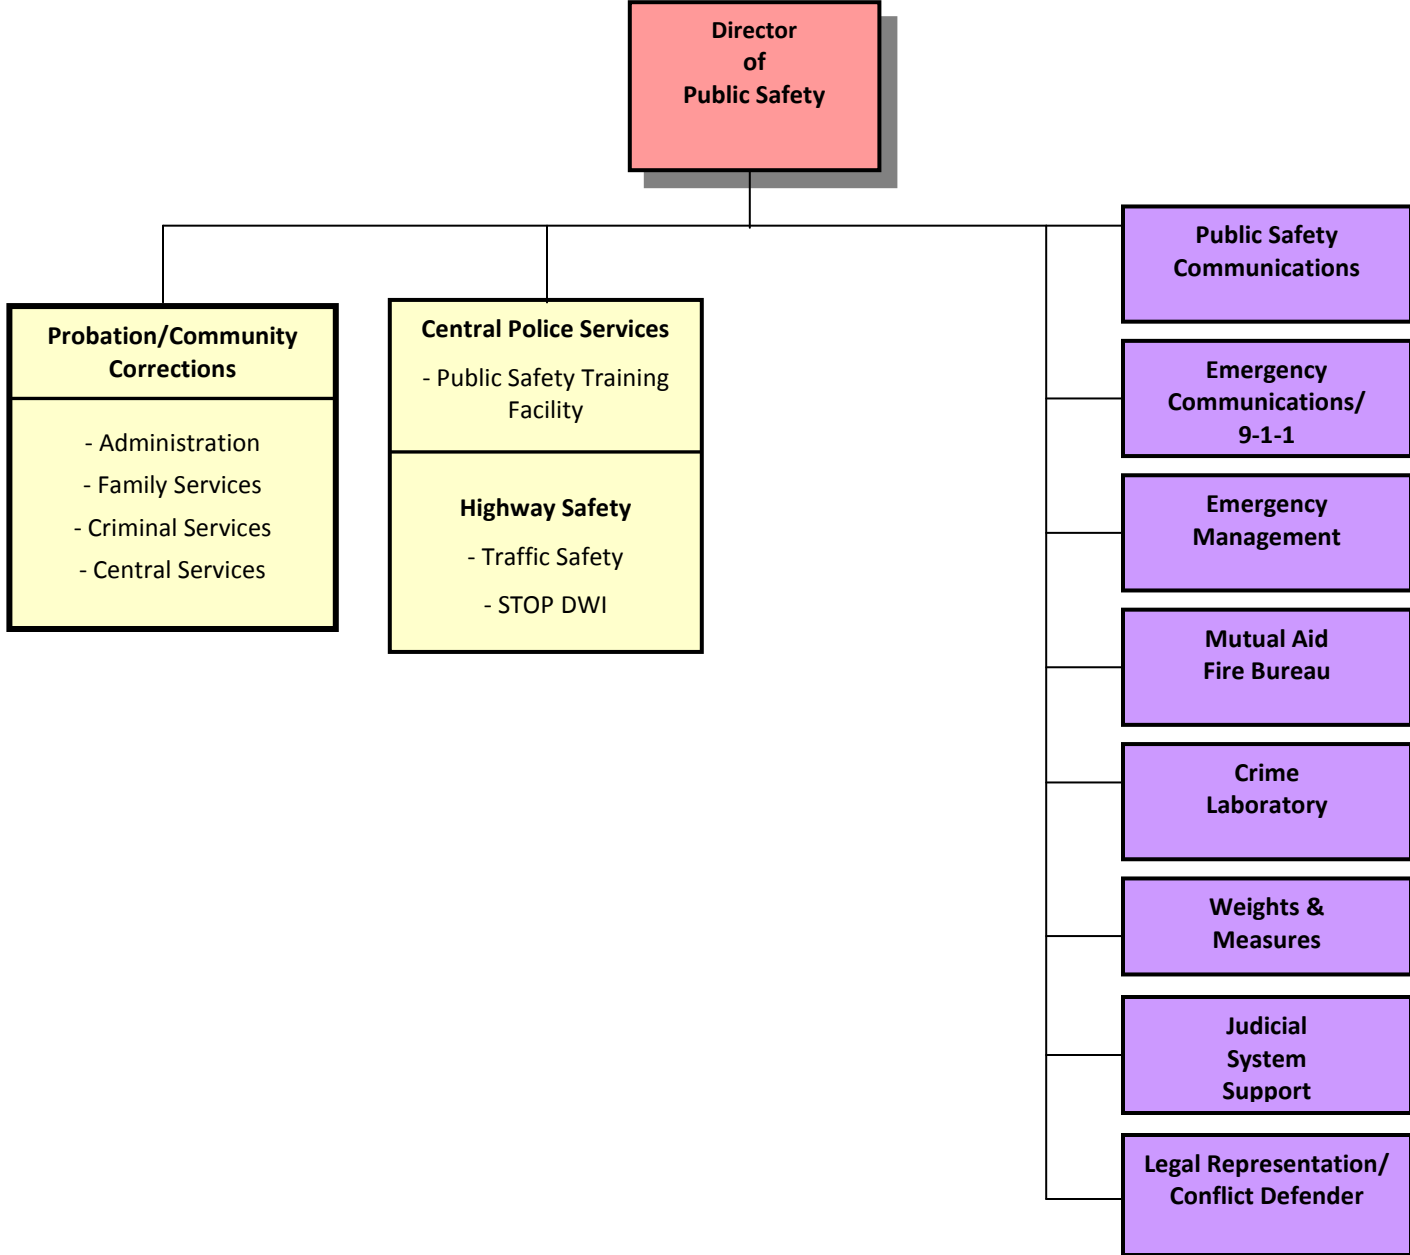

The Disease Control Unit investigates reports of communicable disease and conducts surveillance to identify epidemiological trends and emerging threats in the community. They provide guidance to local providers and the community in the management of infectious diseases to ensure prevention and control.

DEPARTMENT: Public Safety (24)

DEPARTMENT DESCRIPTION

The Department of Public Safety consolidates and manages functions related to the provision of public safety services. The offices of the Sheriff, District Attorney and Public Defender, which are headed by elected or County Legislature-appointed officials, are managed as separate departments. The Department of Public Safety is responsible for planning, funding, implementing and servicing the support infrastructure for public safety agencies and responders.

The largest divisions of the Public Safety Department are the Office of Probation/Community Corrections, Public Safety Communications, and Emergency Communications (9-1-1). Other Public Safety services include: Office of Emergency Management; the Fire Bureau; the Crime Laboratory; Weights and Measures; Central Police Services which includes Traffic Safety and STOP-DWI; Legal Representation/Conflict Defender; and Judicial System Support for the Unified Court System and the State Appellate Court.

The Public Safety Department provides support services and tools to first responders through coordinated efforts with all agencies and disciplines to ensure their protection in serving the entire community. Public Safety takes a multi-agency, multidisciplinary approach to systems and program planning. These coordinated efforts result in overall taxpayer savings.

Mission

The Monroe County Department of Public Safety, through the effective, dedicated efforts of its divisions, contractors, employees, volunteers and the community, provides response, education, prevention, technical support, interagency coordination and direct services that meet or exceed the expectations of the courts, individuals and the public and private agencies' service recipients in order to enhance the quality of life in Monroe County.

2016 Major Accomplishments

- The Crime Laboratory management staff participated in a state technical working group on evidence backlogs, which included sharing best practices on submission policies and back log reductions. Statistics on the types of drugs examined by the Crime Laboratory have been expanded to provide more data to local law enforcement agencies. Also, the Crime Laboratory partnership with FBI's Western New York Regional Computer Forensic Laboratory will increase the capacity to serve the Finger Lakes Region.
- The Monroe County Fire Bureau continued development and delivery of training for fire department responses to crude oil incidents. Although no crude oil responses have been necessary to date, the Fire Bureau worked with NYS Dept. of Environmental Conservation and O'Brien and Greer Company to develop maps for areas in the county where crude oil rail cars travel, outlining potential incident locations to assist responders with preplanning. The Fire Bureau participated in two crude oil derailment table-top exercises and assisted the Office of Fire Prevention and Control to develop a database to track the availability of firefighting foam needed in these incidents.
- The Fire Bureau and EMS completed the distribution of cyanide antidote kits to strategic locations in Monroe County; cyanide antidote kits are primarily used for first responder and fire victims suffering from smoke inhalation and are administered prior to being transported to hospital, as a lifesaving technique. Cyanide antidote kits were administered to fire victims three times in 2016.
- New York State has selected the Monroe County 9-1-1 Center to be the beta site to electronically transmit data from alarm companies via the Automated Secure Alarm Protocol (ASAP). This original project schedule has been delayed by New York State, but testing is planned for late 2016.
- An Expression of Interest was released for the upcoming Computer Aided Dispatch replacement project. Project planning activities will include reviewing the Expression of Interest and issuing a Request for Proposal.
- Along with radio console installations at the primary and back-up 9-1-1 Centers, renovations at the primary 911 Center afforded the opportunity to utilize the new 9-1-1 back-up center at the airport and included replacing all desktop computers at the primary center.

- A coverage study was completed to recommend three additional sites for the trunked radio system with Statewide Interoperable Grant funding. Site selection and Environmental Assessments are scheduled to be completed in 2016.
- While Weights and Measures Inspectors collect petroleum from retail gas stations for Quality Testing, they are now checking the petroleum pumps for “Credit Card Skimming Devices”.

2017 Major Objectives

- The Crime Laboratory will utilize process mapping and other backlog reduction best practices to increase efficiency; Meanwhile, proposed Executive Law 8117 will require law enforcement agencies to submit sexual offense kits to the lab within 10 days and require the lab to process the kit and enter eligible profiles into the Combined DNA Index System within 90 days after receipt.
- In 2017, a new Computer Aided Dispatch (CAD) system vendor will be selected and contract negotiations completed to begin the Planning Phase of the CAD replacement project.
- Adding coverage with three additional radio sites will require design/engineering, construction and installation of new equipment in 2017.
- The challenge of testing for the replacement of Mobile Data Computers in local agency police vehicles will include Windows 10 compatibility concerns. Equipment replacement is scheduled to begin in 2017.
- The Fire Bureau will develop plans to accommodate an increase in New York State mandated training hours and sessions required for Firefighter I; Similarly, the Fire Bureau will develop a strategy to accomplish the new state required curriculum for regional hazardous material response team members.
- The EMS coordinator will develop training content for EMS, fire, 9-1-1 and law enforcement that is Sharable Content Objective Reference Model (SCORM) compliant to utilize current Learning Management Systems (LMS). SCORM allows the content and system to communicate with each other which avoids redundancy by building consistent training from a single source.

DIVISION: Office of the Director of Public Safety (2401)

DIVISION DESCRIPTION

Created by County Charter, Section C6-18, the Director of Public Safety administers the county's provision of public safety services with the exception of those services provided by the Sheriff, District Attorney and Public Defender. The Director develops county public safety policy and promotes cooperation among county, municipal, state, federal and international public safety agencies and officials. The Director also chairs or is a member of various multi-agency, multi-disciplinary regional public safety teams, councils and boards. The Director provides divisional oversight, budgetary review, grant coordination, technical assistance, planning guidance, training services and management for all divisions of the department. The Director or his representatives respond to the community's or responders' needs or requests.

DEPARTMENT: Public Safety**DIVISION: Legal Representation/Conflict Defender (2402)****DIVISION DESCRIPTION**

The Legal Representation Division was conceptually developed through collaboration with the Monroe County Bar Association reflecting an enhanced effort by the county to coordinate and fund the work of private attorneys who are appointed by the courts to represent indigent clients pursuant to state and federal constitutional law. While the Public Defender's Office provides legal services to indigent persons, occasions often arise in which two or more such individuals are accused of involvement in the same crime which may result in a conflict of interest.

To better serve the client community and to reduce the costs associated with rates paid to private counsel, effective January 1, 2004, the county and the Monroe County Bar Association amended the Joint Plan for Conflict Assignments to create a Conflict Defender Office. This office employs attorneys to represent clients in conflict cases in Family Court, misdemeanor cases in Rochester City Court and all Appellate Courts. Other expenditures involve payment of attorney fees, preparation costs for legal transcripts and expenses associated with providing expert testimony (psychiatric evaluations, etc.). Expenditures also include payment of foreign language and hearing impaired interpreters for services rendered in the local criminal courts. Under Judiciary Law, the county is responsible for payment of these expenses.

DEPARTMENT: Public Safety (24)
DIVISION: Office of Probation – Community Corrections (2403)

DIVISION DESCRIPTION

The Office of Probation – Community Corrections (Probation) provides a multitude of state mandated services. Among the activities performed are preliminary services and investigations of all eligible clients of Family Court, investigation services to the Criminal Courts and supervision and treatment services to all clients sentenced to probation. All Probation efforts have the underlying objective of identifying services and programs that encourage the offender to become a law-abiding citizen. Probation officers are New York State designated Peace Officers, responsible for offender risk management and risk reduction.

Probation is dedicated to assisting the courts in rendering decisions and then enforcing the orders of the court. Officers are responsible for client screening, initial risk and needs assessment and recommendations prior to final court disposition. Officers enforce the conditions of the probation sentence, refer clients to treatment, and monitor progress and report violations to the sentencing court. For appropriate persons, programs exist as alternatives to traditional court processing. Staff collaborates extensively with the state regulatory agency, NYS Division of Criminal Justice Services – Office of Probation and Correctional Alternatives, Office of Children and Family Services, law enforcement agencies, victims, community/neighborhood organizations, governmental entities, judges, schools, treatment agencies, and offenders and families to enhance the public safety of Monroe County.

Probation staff is deployed to various units: Administration, Family Services, Criminal Services, Central Services, and Alternatives to Incarceration. Probation officers and other staff perform field work with offices located at the Hall of Justice, Monroe County CityPlace, 1099 Jay Street and various schools, neighborhood centers and police stations.

While probation is the community’s primary alternative to incarceration, detention or placement, the Alternatives to Incarceration (ATI) programs are designed to provide enhanced, safe options in lieu of costly jail detention.

Probation contractually manages other services such as alternatives to monetary bail, diversion programming (including assessment, counseling, and referral services) and supervised release programming for eligible defendants. Probation also oversees county security operations to ensure employee, contractor and visitor safety at county facilities.

SECTION DESCRIPTIONS

Administration

Responsibilities of the Administration Section include overall management of personnel and operations, policy development and implementation, enforcement of state laws and regulations, financial planning and budget management, contract and grant administration, juvenile and criminal justice system planning and research, staff safety and security, incident management, management of firearms matters, fleet assignments and management, community complaint resolution, management of data systems and communication with the judiciary and other officials. Critical programming, relating to pretrial or reentry services, is managed by Administration.

The Finance Unit administers collections and disbursement of restitution, surcharges and fines. The Central Intake Unit processes thousands of court orders, ensures the prompt assignment of adult and juvenile cases, maintains records and coordinates data exchanges with the courts, prosecutors and other agencies.

Family Services

All Family Services Section activities are completed with a goal of preventing delinquency, further involvement in juvenile justice system, detention or placement while supporting family intervention services and “system of care” values.

Family Services Section probation officers provide a variety of services to judges, families and youth relating to Juvenile Delinquency (JD) arrests (ages 7-16) or Persons In Need of Supervision (PINS) complaints and petitions (ages 7-18). Probation is designated as Monroe County’s PINS lead agency to assist families, schools and police in seeking help for ungovernable or truant youth. Through a collaborative Probation/Human Services (DHS)/Mental Health team, referred to as the Family Access and Connection Team (FACT), officers and staff provide assessment, triage and diversion/supervision services in lieu of Family Court petitions to avoid costly and ineffective detention and institutional placement.

Other programs provide similar alternatives for JD youth and more intensive intervention with PINS youth. The Alternatives to Detention (ATD) team is a similar collaborative team whereby safe release of the JD to the family is monitored and supervised to ensure adherence to judges’ orders.

Several specialized supervision efforts provide more intensive services to higher risk youth including the Juvenile Intensive Supervision Program (funded by DHS), the Enhanced Supervision Program and the Juvenile-Risk Intervention Services Coordination (J-RISC) initiative. Some probation officers provide services directly within city and some suburban high schools and community centers.

Criminal Services

The Criminal Services Section conducts presentence investigations based on court orders from Supreme, County, City, Town, or Village Courts for all defendants convicted of a felony, defendants whose sentence exceeds 90 days incarceration, persons sentenced to probation and those convicted as an eligible youth prior to a determination of Youthful Offender status. Courts may also order presentence investigations on any case they deem appropriate, as judges rely on the information when making prison, jail or probation sentencing decisions. Certain felony cases where state imprisonment is imminent receive expedited presentence investigations in an effort to speed the sentencing process and reduce local jail costs.

Supervising probation officers enforce the order and conditions of probation as imposed by the sentencing judges. Probation officers work to manage offender risk through regular contact with the probationer, home visits, surveillance, and collateral contacts with family, police and other persons, urinalysis and breath testing and through other means. Risk to the community is reduced through referral for substance abuse and mental health treatment, educational or vocational programming, job placement and housing and by probation officers’ efforts to effect change in criminal thinking and decision-making.

Specialized caseloads are supervised intensively for higher-risk probationers, including: sex offenders, domestic violence batterers, arson offenders, repeat DWI offenders (including Ignition Interlock orders), those diverted from prison sentences through Rockefeller Drug Law reform, persons with mental illness and chemical addiction. Probation officers work evenings and weekends to conduct curfew checks and surveillance on sex offenders, DWI offenders and other high risk offenders.

Central Services

This section provides services to both adult and juvenile offenders and supports operations of all other sections with services such as: Electric Monitoring, including Global Positions System (GPS) monitoring; Family Offense Intake services that assist victims of domestic violence to prepare petitions for Orders of Protection; execution of Violations of Probation Warrants; searches for contraband/firearms in Probationer's homes/vehicles and various crime reduction efforts such as Gun Involved Violence Elimination (GIVE), Project Exile, Trust Information Programs and Services (TIPS), Uplift, Second Chance, After-School Probation patrols, bike patrols, etc. Staff development (training) services and Probation K9 Program are managed in this section.

DEPARTMENT: Public Safety (24)
DIVISION: Highway Safety – STOP DWI/Traffic Safety (2405)

DIVISION DESCRIPTION

Monroe County’s Special Traffic Options Program-Driving While Intoxicated (STOP-DWI) seeks to reduce the number of deaths and injuries resulting from traffic crashes caused by intoxicated drivers. The program emphasizes DWI enforcement, prosecution and treatment for DWI defendants, public information, prevention education and DWI data collection. The goal of the STOP-DWI unit is to educate county residents to understand the impact of intoxicated driving on their lives and the community by disseminating information to diverse audiences to help prevent intoxicated driving crashes and the resulting injuries and deaths from these crashes. STOP-DWI also supports DWI law enforcement and prosecution efforts via direct funding or grants administered by the STOP-DWI Coordinator.

The Felony Diversion program is a voluntary, deferred prosecution program offering an opportunity to earn a reduced plea to defendants charged with Felony DWI. Clients are assessed, qualified and recommended for diversion, then referred, monitored and evaluated in treatment. The Day Reporting program offers a sentencing option for those convicted of DWI through an intervention-focused approach via structured weekend classes addressing issues such as alcohol abuse, personal responsibility and reducing risk-taking behaviors.

The Governor’s Traffic Safety Council grant provides funding for public information, education and enforcement presentations to promote highway safety in Monroe County. The Office of Traffic Safety seeks to promote occupant restraint use, motorcycle safety, teen safe driving, older driver safety, railway crossing safety, bicycle and pedestrian safety and to discourage aggressive/distracted driving.

STOP-DWI and the Office of Traffic Safety staff visit schools, attend events, sponsor media campaigns and offer contests to distribute information and deliver preventive education to the community.

DEPARTMENT: Public Safety (24)
DIVISION: Public Safety Communications (2406)

DIVISION DESCRIPTION

Public Safety Communications is responsible for the planning, operation and maintenance of radio, data, paging and microwave communications systems used by Monroe County departments, the City of Rochester, all municipal law enforcement agencies and most of the fire protection and emergency medical services in the county. Technicians routinely respond to service calls on user equipment and infrastructure, along with calls for on-scene communications during emergencies and special events. This division works comprehensively with the Emergency Communications/9-1-1 Center and all public safety agencies to ensure the safety of the general public and the responders through their most important tool -- communications. Public Safety Communications is responsible for the public safety community's "Communications Infrastructure" 24 hours per day/7 days per week/365 days per year.

Public Safety Communications has the mobile capacity to respond and assist surrounding and outside counties in the event of a major disaster.

DEPARTMENT: Public Safety (24)
DIVISION: 9-1-1 Emergency Communications (2407)

DIVISION DESCRIPTION

The county funds the 9-1-1 Emergency Communications System and oversees the operation of the Emergency Communications Department (ECD). The ECD is the point of central reception and response to 9-1-1 dialed calls, dispatch of emergency equipment and relay or transfer of service calls to the appropriate public service agencies. Over one million dispatches are made to police, fire and emergency services each year. For over 25 years, the City of Rochester has operated the ECD under a contractual agreement with the county.

Through the Director of Public Safety, this division administers the operating contract with the city, coordinates the participation of other public service agencies and executes subscriber agreements. With ever changing technology, the Director must develop long range plans for system development and enhancement by utilizing the 9-1-1 Operating Practices Board advisory policy recommendations.

DEPARTMENT: Public Safety (24)
DIVISION: Judicial System Support (2410)

DIVISION DESCRIPTION

Judicial System Support includes funding for court-related services and programs. Under state law, the cost associated with housing the court system, which includes building maintenance, utilities and other indirect charges, is a local responsibility. The state also requires that the county pay a fee to town justices for services related to the arraignment and preliminary hearing of felony cases.

DIVISION: Central Police Support Services (2411)

The Principal Central Police Services Administrator provides support services to assist the Law Enforcement Council to develop policies and coordinate strategies for the county’s municipal police agencies: Rochester City Police; the Monroe County Sheriff’s Office; Brighton, Gates, Greece, Irondequoit, Ogden and Webster Town Police; and Brockport, East Rochester and Fairport Village Police. Services include program evaluation, contract administration, joint purchasing, communication coordination, centralized information sharing and police officer training. Until fiber development is completed throughout Monroe County, wireless services are provided to local department vehicles in order to access mobile data. All basic police recruit, in-service, management, supervisory, technical and specialized police training is performed for the local law enforcement agencies through State University of New York (SUNY) accredited Monroe Community College at the Public Safety Training Facility, located at 1190 Scottsville Road. Specialized team training at Rush Range is also supported.

DEPARTMENT: Public Safety (24)
DIVISION: Fire Bureau (2412)

DIVISION DESCRIPTION

The Fire Bureau trains over 3,000 firefighters and officers in the 37 towns, village and suburban fire districts outside the City of Rochester. Highly specialized volunteers are trained as members of the county’s Hazardous Material (HAZMAT) Response Team, available twenty-four hours per day, seven days per week. The HAZMAT Team is fully equipped and certified to respond to any chemical, nuclear or biological incident. This team conducts Weapons of Mass Destruction training with the Sheriff’s Bomb/Hazardous Devices Unit and Special Weapons and Tactics (SWAT) team, the FBI and U.S. military. The county HAZMAT team has the distinction of being recognized by New York State as a regional response team in Western New York.

The Fire Bureau Coordinator reviews and updates the Mutual Aid Fire Plan and responds to major fires and disasters with manpower, equipment and command post operations in compliance with the National Incident Management System (NIMS). The Fire Bureau assists Incident Commanders and Command Post operations in local community Fire Districts as Monroe County Fire Departments answer over 36,000 emergencies each year. Coordinated Emergency Medical Services are provided to county agencies by this division.

The Fire Bureau oversees the implementation of the county’s Arson Control Plan, which was adopted pursuant to state law. This plan allows for development of public awareness programs to educate residents on the effects of arson on the community. The Fire Bureau provides support for fire investigation services, such as the Juvenile Fire Setter Intervention Program, the District Attorney’s Office, Sheriff’s Office and Monroe County Crime Laboratory to investigate and prosecute arson crimes.

Expenses for the Fire Bureau are reimbursed through the Local Government Services Charge, a component of the county property tax bill. Monroe Community College reimburses the county for Fire Instructor Training at the Public Safety Training Facility (PSTF).

DEPARTMENT: Public Safety (24)
DIVISION: Emergency Management (2413)

DIVISION DESCRIPTION

In accordance with State Executive Law 2-B, the Office of Emergency Management (OEM) executes Emergency Management services within Monroe County. The office delivers an all-hazard, comprehensive program of mitigation, readiness, response and recovery functions in accordance with professional Emergency Management standards. Program components are coordinated with towns, villages, the City of Rochester, county departments, public safety providers and non-government agencies.

State Law requires utilities that operate nuclear reactors to pay fees that are used to enhance county resources. Emergency Services receives this funding to support public safety activities related to federal regulatory requirements for local government.

OEM coordinates various grants available to the community; implements and monitors the county's compliance with the National Incident Management System (NIMS); and oversees a comprehensive training and exercise program following the Homeland Security Exercise and Evaluation Program (HSEEP) directive. OEM is responsible for community education related to emergency preparedness, including the Community Emergency Response Team (CERT) training program. The County Emergency Preparedness Administrator is a Certified Emergency Manager. This ensures the county's ongoing receipt of Federal Homeland Security Grant Program Awards which support general Emergency Management program costs and specific initiatives.

OEM assists in coordinating emergency management and public safety response throughout the Metropolitan Statistical Area into numerous Western New York counties. As such, OEM has implemented and deployed crisis information management software to all county municipalities, first responder agencies, multiple private sector partners, other Western New York Counties, and New York State Department of Homeland Security and Emergency Services.

DIVISION: Monroe County Crime Laboratory (2414)

DIVISION DESCRIPTION

The Monroe County Crime Laboratory is a regional crime laboratory serving an eight county area (Monroe, Genesee, Livingston, Ontario, Seneca, Wayne, Wyoming and Yates). The laboratory provides analytical and physical examination of a wide variety of evidence collected during criminal investigations, including all controlled drugs seized in the region. Traditional testing and analysis includes Biology/DNA, criminalistics/trace evidence, drug chemistry, firearms, fire debris, digital evidence, vehicle examination and fingerprints. The staff gives technical aid and provides expert testimony to law enforcement agencies, the courts and other governmental agencies in the region. This division receives partial funding through the State Aid to Localities Program.

DIVISION: Weights and Measures (2415)

DIVISION DESCRIPTION

Weights and Measures protects consumers and businesses within Monroe County under the marketing laws of New York State. The objective of Weights and Measures is to verify that all commercial measuring devices including scales, petroleum/gasoline pumps and taxi meters operationally conform to the standards certified by the National Institute of Standards and Technology. This division is also responsible for collecting samples of motor fuel for testing under the New York State petroleum-testing program, ensuring the correct weight of pre-packaged commodities and inspecting scanner devices for pricing accuracy.

The monitoring of commercial business enterprise standards requires frequent inspection and testing of all weighing and measuring devices within the county. Inaccurate measuring devices and meters are reported and ordered for repair by the inspectors. Civil penalties are imposed for non-fraudulent violations while fraudulent cases are referred to the District Attorney for prosecution.

DEPARTMENT: Transportation (80)

DEPARTMENT DESCRIPTION

The Department of Transportation is responsible for the safe and efficient operation of approximately 1,487 lane miles of county highways, 119 bridges and 320 major culverts. It is also responsible for the installation, operation and maintenance of all traffic control devices on county highways and on the streets within the City of Rochester, including 776 traffic signal devices, as well as the operation of the Colonel Patrick O'Rorke Bridge.

Mission

The Department of Transportation constructs, operates and maintains a safe and efficient highway, bridge and traffic network to move people and goods throughout the county to enhance community growth, economic well-being and quality of life.

2016 Major Accomplishments

- Completed highway sealing and resurfacing projects covering approximately 168 lane miles, the rehabilitation of one road totaling four (4) lane miles, and the reconstruction/rehabilitation of one road totaling two (2) lane miles.
- Reduced the number of deficient bridges and culverts by completing major rehabilitation or reconstruction of one (1) bridge and four (4) culverts.
- Continued/completed the design of eight (8) highways, five (5) bridges and seven (7) culverts.
- Continued the multi-year replacement program of regulatory, warning and street name signs to meet the federal requirements for retroreflectivity, letter size and location. Through 2016, all regulatory and warning signs on county highway and city streets that needed replacement are complete. Completed street name signs for the county and approximately 60% of the city.
- Provided pavement marking services (striping over 17 million linear feet of 4" lines) and sign fabrication services for county, town and city roads and other county departments, using the new custom pavement marking striping truck.
- Processed 800 highway permits and issued and resolved over 5,600 service requests for signals, signs and highways.
- Completed the design and initiated construction of the Wireless Intelligent Transportation System (ITS) and ITS Upgrade Projects to install additional traffic monitoring cameras, connected new intersections to the centralized traffic signal system using both wired and wireless technology, and provided for bicycle detection on designated bike routes.
- Completed design and initiated the construction of the Accessible Pedestrian Device project to install advanced feature pedestrian buttons with location tones, verbal acknowledgement of the buttons being pressed and verbal instructions on when pedestrians, particularly the blind and visually impaired, should initiate their crossing.
- Completed the design of the Regional Traffic Operations Center (RTOC) building rehabilitation project to preserve the long term life of the facility.
- Completed the installation of countdown pedestrian signal indications at remaining signals (project addressed 448 intersections: 2,000 crosswalks, 4,000 indications).
- Updated the High Accident Location Program database, identifying locations where recent accident rates indicate a safety study is justified, conducting a study, and identifying and countermeasures to implement as appropriate.
- Worked closely with state and regional transportation affiliates to secure over \$19 million in federal formula funding for FY 2017 through FY 2020 for transportation projects. Also received \$1.2 million in PAVE NY funding from the State through being a key advocate with the New York State County Highway Superintendents Association (NYSCHSA).

2017 Major Objectives

- Complete highway sealing, resurfacing, rehabilitation and reconstruction of 192 lane miles of county highways, initiate/continue/complete the design of five (5) highway capital projects and complete/initiate the rehabilitation/reconstruction of four (4) capital highway projects.
- Complete the bridge/culvert maintenance program; continue/complete the design of ten (10) capital bridge and culvert projects and the rehabilitation/replacement of five (5) capital bridge and culvert projects.
- Complete the construction of the Wireless ITS, ITS Upgrade, and Accessible Pedestrian Device projects to install additional traffic monitoring cameras, connect new intersections to the centralized traffic signal system using wired and wireless technology, provide video bicycle detection, and install advance featured pedestrian buttons at select intersections/crosswalks to serve the blind and visually impaired pedestrian.
- Complete the construction of the RTOC building rehabilitation project.
- Continue to update the High Accident Location Program database, identify locations where recent accident rates indicate a traffic safety study is justified and explore potential safety countermeasures where traffic safety problems are identified.
- Initiate the design of two (2) highway lighting rehabilitation projects to upgrade portions of the expressway lighting system, installing more efficient (LED) and reliable lighting fixtures, conduit and wiring.
- Manage 19 groups (28 In-Bloom sites), 33 groups (35 Adopt-A-Highway roads) and (82 centerline miles).
- Continue to provide traffic engineering services, sign fabrication services and pavement marking services to the city, towns, villages and other county departments.
- Continue the evaluation and implementation of the upgrade of approximately 80,000 traffic signs (working on street name signs in the city) to meet National Manual of Uniform Traffic Control Devices Standards. Complete the relocation of warning signs to meet the current Federal and State requirements.
- Work closely with State/Federal legislators and officials to provide input on transportation funding needs to maximize funding opportunities.

DEPARTMENT: Transportation (80)
DIVISION: Administration / Planning (8001)

DIVISION DESCRIPTION

The Division of Administration and Planning is responsible for the management of administrative activities of the department. Specific responsibilities include the development of policy alternatives and work procedures, the supervision and planning of all transportation activities and the administration of various financial and personnel activities.

This division prepares the department Capital Improvement Program and solicits, coordinates and manages county, state and federal funding. This division is also responsible for preparing the department’s legislative referrals.

DIVISION: Traffic Operations and Permits (8002)

DIVISION DESCRIPTION

The Division of Traffic Operations & Permits is responsible for the traffic investigations section that responds to and investigates citizen requests and processes all traffic regulatory device changes; the sign fabrication and installation section manufactures, installs and maintains all traffic signs on city and county streets; the pavement markings section is responsible for the installation of markings on county roads and is reimbursed for marking city streets and town roads; and the highway permits section reviews plans and traffic impact reports of all new developments bordering a county highway and the issuance of and inspection for permits. Design and inspection support is also provided to the department.

SECTION DESCRIPTIONS

Traffic Investigations

The goal of this program is to review, conduct and update traffic information to ensure appropriate traffic control devices are in place on a city or county roadway. This section investigates the need for additional and modified traffic signs in response to citizen requests and it processes all traffic regulatory device changes for city streets and county highways. Outcome measures for this program include the number of traffic impact reports reviewed and traffic investigations conducted.

Sign Fabrication/Installation

The goal of this program is to fabricate and install traffic sign control devices to ensure a safe road network throughout the city and county. This section manufactures and installs all road signs along county highways and city streets; and, upon request, for towns, villages and other county departments. This section also maintains approximately 80,000 traffic signs on county highways and city streets, (plus parking signs in the City of Rochester and 12 post mounted driver speed feedback signs). Outcome measures for this program include the number of signs fabricated, installed and the number of sign service requests resolved.

Pavement Markings

The goal of this program is to install and maintain traffic pavement markings to ensure a safe road network throughout the city and county. This section schedules and performs work required to maintain lane delineation, passing zones, stop bars, crosswalks and railroad crossing symbols on county, city and town roads, as well as installation of markings on airport runways and county parking lots. County highways require the application of pavement markings every one to six years depending on traffic flow and the type of marking. Outcome measures for this program include the number of linear feet of 4" line paint markings applied.

Highway - Permits

The goal of this program is to issue and inspect permits for work in the county right-of-way to ensure a safe and efficient roadway system, while allowing for economic and community growth. This section conducts design reviews of proposed highway developments, issues highway permits, inspects the highway work performed by the permittee, maintains records, collects permit fees and ensures contractor conformance with county requirements during construction. Design and inspection support is also provided to the department, as well as drafting assistance for various projects. Outcome measures for this program include the number of traffic impact reports reviewed, highway permit project reviews completed and permits issued.

DIVISION: Highway Engineering and Operations (8003)

DIVISION DESCRIPTION

The Division of Highway Engineering and Operations includes the highway engineering section which is responsible for the administration, design and construction supervision of the capital highway and spot safety program and the highway maintenance work completed by towns, vendors and contractor forces; the snow and ice control section oversees work contracted to the towns for snow and ice removal; the road maintenance section is responsible for maintaining a safe and serviceable highway system; and the Consolidated Local Street and Highway Improvement Program (CHIPS), a NYS funded program, is responsible for highway resurfacing, recycling, reconstruction, bridge rehabilitation and replacement.

SECTION DESCRIPTIONS

Highway Engineering

The goal of this program is to improve the condition of county roads by constructing and maintaining a safe and efficient road network in order to move people and goods throughout the county. This section is responsible for the planning, design and construction of all county highway improvement projects and the review and coordination of traffic features (signs, striping and traffic signals) for major arterial city street projects. It is also responsible for the planning, design and management (or construction supervision) of highway maintenance work performed by town and contractor forces. The Capital Highway Design and Construction Section is responsible for the administration of the capital highway and spot safety program, including planning, design and construction supervision activities. Outcome measures for these programs include lane miles of highways reconstructed, rehabilitated, resurfaced and sealed.

Snow and Ice Control

This division funds the cost of snow and ice removal and snow fence installation to ensure safe travel on the county highway system during the winter season. The county enters into agreements with each town for the provision of snow and ice control services. Contract amounts reflect prevailing wage agreements in the towns, equipment rental rates determined by the state, current state bid prices for salt and the number of highway lane miles plowed and cleared in each town. Outcome measures for this program include the number of lane miles cleared of snow and salted.

Road Maintenance

The goal of this program is to improve the condition of county highways and bridges by constructing and maintaining a safe and efficient road and bridge network in order to move people and goods throughout the county. This section maintains a safe and serviceable highway system and is responsible for day-to-day maintenance of the approximate 1,489 lane mile Monroe County Highway System, including 119 bridges and numerous culverts. Major activities include drainage improvements, crack filling, pothole patching, spray patching, hot grader patching, shoulder improvements, headwall repairs, vegetation and debris cleaning at bridges and culverts, scupper cleaning, and other structural repair/maintenance activities. Outcome measures for this program include the number of highway service requests resolved and the culvert and bridge maintenance projects completed.

Consolidated Local Street and Highway Improvement Program (CHIPS)

The goal of this program is to improve the condition of county roads by constructing and maintaining a safe and efficient road network in order to move people and goods throughout the county. This section collects the state-aid for capital expenditures under provisions of the Consolidated Local Street and Highway Improvement Program (CHIPS). The state allocates a specific sum of aid for capital projects with greater durability (highway resurfacing, recycling, reconstruction, bridge rehabilitation and replacement) and longevity (minimum useful life of ten years) than might be expected from routine maintenance efforts. Outcome measures for this program include the lane miles rehabilitated, resurfaced or sealed.

DEPARTMENT: Transportation (80)
DIVISION: Traffic Signal Engineering and Operations (8004)

DIVISION DESCRIPTION

The Division of Traffic Signal Engineering & Operations is responsible for the construction and maintenance of traffic signals and flasher devices located on county highways and the City of Rochester streets; oversees the Computerized Signal System that continuously monitors traffic signals, and traffic flow; and conducts traffic engineering studies and analyses. This division is also responsible for operating and maintaining light fixtures along the Rochester area expressway system, including fixtures outside the city and within the city and some light fixtures on state and county arterial roads.

SECTION DESCRIPTIONS

Traffic Studies

The goal of this program is to review, conduct and update traffic information to ensure appropriate traffic control devices are in place on a city or county roadway. This section conducts traffic engineering studies and analyses, as well as maintaining an ongoing traffic count program and a high accident identification program on county highways and city streets. Outcome measures for this program include the number of traffic studies conducted, machine counts collected and high accident location studies.

Traffic Control Center

The goal of this program is to operate traffic signals throughout the city and county and to ensure the safe and efficient movement of the public and goods. This section, housed in the Regional Traffic Control Center, continuously monitors 500 traffic signals primarily located along major city streets (323), on selected county highways in the towns of Brighton, Gates, Greece, Henrietta, Irondequoit, Penfield and Perinton (102), and on selected New York State highways (75). This computerized system monitors traffic flow and

adjusts signal-timing patterns to meet traffic flow conditions. The highway system is also monitored through a network of 159 traffic monitoring cameras (101 county-owned) utilized by both Monroe County DOT and the New York State Department of Transportation, and located in the City of Rochester and in the Towns of Brighton, Chili, Gates, Greece, Henrietta, Irondequoit and Webster. In addition, phasing and timing modifications are made for the remaining 131 signals and 146 flashers not on the system. Outcome measures include the number of timing sheets processed, intersection modelled and stakeouts requests resolved.

Signal Maintenance/Operations

The goal of this program is to operate and maintain traffic signal control devices to ensure a safe road network throughout the county. This section is responsible for the construction and maintenance of 631 traffic signals and 146 flasher devices, two speed feedback trailers and 101 traffic monitoring cameras located on state highways, county highways and city streets. Work also includes the testing and repair of all signal components. Included in this section is the maintenance responsibility for all components of the computerized signal system, the traffic monitoring camera system and electrical maintenance support for the O’Rorke Bridge. Outcome measures for this program include the number of traffic signal service calls resolved, signal locations serviced, traffic signal intersections upgraded and signals replaced.

Highway Lighting

The goal of this program is to operate, maintain and upgrade county/city-based expressway lighting systems in order to have safe, efficient and reliable lights. The county currently maintains 4,609 light fixtures on the expressways, including 2,901 outside the city and 1,708 within the city limits. This section funds the cost of operating and maintaining the lighting system on some state arterial highways (757 fixtures) and some county highways (239 fixtures). This division is responsible for the operation and maintenance of the county highway lighting system on expressways and includes the cost of energy and maintenance for lighting on some county and state-owned arterial highways. Outcome measures are a percentage of lights working, knockdowns repaired or upgraded.

City of Rochester Programs

County funded programs which support expressway lighting in the city (1,708 fixtures) and the rehabilitation and reconstruction of the city arterial street system include:

131 K-Debt Service - Debt service on city street and bridge capital projects which the county has undertaken in accordance with the New York State Highway Law, Section 131.

Expressway Lighting - County cost for operating the expressway lighting system within the city.

DEPARTMENT: Transportation (80)
DIVISION: Bridge Engineering and Operations (8005)

DIVISION DESCRIPTION

The Division of Bridge Engineering & Operations includes the section for engineering that is responsible for the programming, administration, design and construction supervision of the capital bridge and culvert improvement programs; oversees the inspections of bridges/culverts and manages the guiderail inspection/design, installation and repair; and the O’Rorke Bridge section is responsible for the operation and maintenance of the Colonel Patrick O’Rorke Memorial Bridge on behalf of NYSDOT.

SECTION DESCRIPTIONS

Bridge Engineering and Operations

The goal of this program is to improve the condition of county bridges and culverts by programming, pursuing funding options, constructing, and maintaining and operating a safe and efficient bridge and culvert network to move people and goods throughout the county. This section is responsible for the planning, engineering, and inspection of 119 bridges including the Irondequoit Bay Outlet Bridge and the co-maintenance of additional 59 bridges, the majority with NYS DOT and NYS Thruway and 320 culverts. This section designs bridges, reviews plans, inspects, inventories, programs and monitors bridges and culvert construction projects in the Capital Improvement Program. Outcome measures for this program include the percent of deficient bridges and culverts, linear feet of guiderail repaired and treated and culvert and bridge projects completed.

O'Rorke Bridge Operations

The goal of this program is to operate a safe and efficient bridge in order to move people and goods across the Genesee River. The bridge operates 24 hours per day, seven days per week from April 1 through December 15, and other times with 12 hours advance notice. It is estimated that 500 bridge lifts will be required in 2017. The lower part of the Genesee River is classified by the U. S. Coast Guard as a navigational channel and federal law requires that the waterway be unobstructed (CFR 117.785). This division is reimbursed by NYSDOT for the operation and maintenance of the Colonel Patrick O'Rorke Bridge. Outcome measures for this program include the number of O'Rorke Bridge lifts completed.

The Veterans Service Agency is a mandated department as outlined by New York State guidelines.

DEPARTMENT: Veterans Service Agency (74)

DEPARTMENT DESCRIPTION

Monroe County Veterans Service Agency (VSA) provides a warm, welcoming environment for veteran families to learn about the benefits they earned through military service. Accredited Service Officers serve veteran families in a number of ways:

- Actively assist veterans in pursuing claims for burial benefits, disability compensation, pension benefits, real property tax exemptions and other benefits;
- Conduct presentations for veteran organizations, local businesses, public events, area colleges, civic groups and more to keep veterans informed of agency functions and new laws affecting their benefits;
- Help veterans obtain their Monroe County Veterans Discount Card, coordinate with local nursing homes to ensure veteran residents are in receipt of applicable benefits, facilitate memorial decorations and procurement of discharge papers, and much more.

The agency advocates on behalf of all Monroe County veterans to ensure they receive the maximum benefits to which they are entitled under federal, state and local law.

Mission

The mission of Monroe County Veterans Service Agency is to educate veterans and their families about the benefits they have earned; to represent and guide them in obtaining benefits and services both through the U.S. Department of Veterans Affairs (VA) and the community; and to make veterans and their families an economic force in education, employment and business development.

2016 Major Accomplishments

- Assisted veterans and dependents in collecting federal benefit payments. Between January 1, 2016 and June 30, 2016, this figure totals \$2,297,088 in new payments made by the VA directly to the veterans of this community (these figures do not include benefit awards from previous years that continue to pay monthly). The total benefit recovery for 2016 is anticipated to exceed \$6.8 million.
- Completed the first full year for the PFC Dwyer Veteran Peer-to-Peer Support Program which is socially-focused and geared towards improving a veteran's quality of life through supportive friendships. Although it is not clinical in nature, it is therapeutic for veteran clients. It also takes the issue of suicide prevention into account and should positively impact that epidemic as well. Highlights include: One to One veteran "matches", Female Veterans Social Group, Male Veterans Social Group, Vets Driving Vets, and MCC Peer Support Program.
- New in 2016, the Veterans Discount Card Program went "on the road". In an effort to make the Veterans Discount Cards more accessible to the general public, VSA brought the machine to outreach events across the country.
- With dozens of Veterans Service Providers in the Finger Lakes region, Monroe County VSA participates in NY Serves, which is a Division of the Unite US platform. NY Serves is a web-based referral network system managed by a social worker from the Veterans Outreach Center, Inc. It enables VSA to connect more effectively, efficiently, and measurably with other organizations for making and receiving referrals for veteran clients.
- In conjunction with Oak Hill Country Club and the Simpson Cup Foundation, Monroe County VSA participated in the International Wounded Veteran Golf Tournament which received national news and sports coverage. A division of the Ryder Cup series, this golf competition is designed to raise money for the Simpson Cup Foundation which helps wounded veterans find employment within the professional golf industry; it also draws attention to the funding for local veterans' organizations. Monroe County VSA has been instrumental in helping to plan the local veteran-attendee component of this international event.

2017 Major Objectives

- Begin working on a professional video project to record veterans “sharing their story.” This project will involve graduate students from RIT creating state-of-the-art video diaries of veterans talking about their military experiences. These testimonials will be shown on the flat screen television in the VSA waiting room, intermingled with other accounts of veterans’ experiences in the PFC Dwyer Veteran Peer-to-Peer Support Program. By publicly sharing these military narratives, veterans who visit VSA may feel a sense of commonality and camaraderie that would encourage them to enroll in the Peer Support Program. With client approval, we would also share these videos with YNN for showcasing in biweekly on-air segments. This project will honor the veterans we serve and educate the public simultaneously.
- Gain access to the Department of Defense Personnel Records Information Retrieval System (DPRIS) network. DPRIS provides a conduit for the secure electronic retrieval of document images from the Military Services’ Official Military Personnel File (OMPF) systems, and narrative data from the Joint Services Records Research Center (JSRRC), in response to requests initiated by authorized and approved government agency users, authorized subordinate agencies, and veterans. This will enable VSA to gain instant access to important military records for the purposes of submitting faster, more accurate claims to the VA.
- Continue to identify specific pockets of the population that we need to serve, including National Guard and Reserve units, local domestic abuse agencies as their work relates to post-traumatic stress, and companies that are considered veteran-friendly for possible lunch-and-learn series.

MONROE COUNTY CLERK

2017 Budget - \$7,301,649

DEPARTMENT: Monroe County Clerk (21)

DEPARTMENT DESCRIPTION

The Monroe County Clerk is the County Registrar and Clerk of the Supreme and County Courts. The Clerk is responsible for filing, recording and storing official documents and acts as agent for state and federal governments for passports, pistol permits, sporting licenses and motor vehicle related transactions, including the issuance and renewal of driver's licenses and vehicle registrations.

The County Clerk's Office is comprised of the Downtown Operations Division, located in the County Office Building, and the Auto License Bureau (ALB) with several branches strategically located throughout the county.

Mission

The Office of the County Clerk provides accurate and timely processing of transactions, delivery of information and responsible records management to the public in a customer-friendly atmosphere to ensure the fulfillment of federal, state and county laws, while adapting to new technology and the needs of the community by enhancing the accessibility of vital information.

2016 Major Accomplishments

Downtown Operations

- Established the Vacant and Abandoned Property Task Force in partnership with the Empire Justice Center, bringing together experts and leaders from the legal community, government, and community organizations to improve coordination and share best practices to tackle the issue of vacant and zombie properties. The Task Force's work immediately resulted in improved information-sharing between the Clerk's Office and governmental partners throughout the county.
- Released a Report on Vacant and Abandoned Properties which included strategies, new initiatives, and ideas for future action that will be used to improve local responses to the crisis.
- Upgraded the Clerk's Office's primary record-keeping software, CountyFusion, to support e-filing, enhance support for e-recording, maintain a high level of security for private information, and make the database's web interface compatible with modern browsers and operating systems.
- Established procedures to process paper to plastic card pistol permit conversions, including review by trained staff and correcting or gathering additional information from the applicant.
- Introduced e-filing of certain civil court documents. This will result in shorter lines for those visiting the Clerk's Office in person, have no impact on local fees collected and retained, and increase convenience for the legal community.
- Improved the availability of records related to the foreclosure process through the clerk's database's online interface and instituted automatic retrieval and distribution of new filings to town supervisors at certain key points in the foreclosure process.
- Reinstated regular meetings and open communications with professionals who interact daily with the Clerk's Office, to ensure that internal methods and processes instituted by all parties are collaborative.
- Successfully processed more than 5,000 Veteran's Discount Cards to date, and worked with Veteran's Outreach Center to enhance the Veteran's Discount Card program in addition to increasing local business participation.
- Worked to raise public awareness of issues and programs including deed scam sales that target new homebuyers by reselling documents available at the Clerk's Office for little or no cost at an outrageous markup, and youth programs to file Doing Business As (DBA) paperwork and learn about entrepreneurship.
- Continued promotion of the "Renew Monroe!" program by processing passports for residents at convenient times and locations including the last Saturday of every month, outreach events in the community and passport services in partnership with the Towns of Greece and Pittsford, in addition to daily in-office services.

- Enhanced the partnership with the Integrated Domestic Violence Court by providing faster filing and service of Orders of Protection, enhancing the safety of victims of domestic violence.

Auto License Bureau

- Brought in approximately \$200,000 from new revenue sources through the efforts of key Department of Motor Vehicles (DMV) staff to attract new dealer and fleet customers to the Monroe County-operated DMV branches.
- Continued training local auto dealers and businesses with fleets, expanded in office service hours for processing their transactions, and enhanced auto dealer outreach efforts to encourage dealers to process transactions in local DMV offices.
- Raised public awareness of important services offered at locally-operated DMV branches, including signing up as an organ donor, Saturday hours on the final day of motorcycle registration renewal, and free exchange of peeling, unreadable license plates.
- Significantly expanded the ability to process transactions paperlessly, including most vehicle and boat registration renewals.
- Successfully processed approximately 12,000 Enhanced Driver's License applications which facilitate travel by land or sea to Canada, Mexico and some Caribbean nations, adding to the 100,000 processed since their introduction a decade ago.
- Continued Mobile DMV outreach, processing a wide variety of transactions at the 2016 Rochester International Auto Show, in partnership with the Rochester Auto Dealers Association (RADA), as well as at snowmobile and marina community events.
- Increased public awareness for the New York State Organ and Tissue Donation program and Cancer Mission 2020 by providing customers with detailed information on these significant causes and participated in Project Homeless Connect, to provide DMV services to those in need.
- Sponsored blood drives with the American Red Cross and offered a free car seat safety check to dozens of families during National Car Seat Safety Awareness Week.

2017 Major Objectives

Downtown Operations

- Restructure the Pistol Permit Unit within the Clerk's Office to provide more resources to the growing number of customers accessing these services, with a special focus on accelerating the paper to plastic card pistol permit conversions.
- Complete a survey of aging microfilm records and develop a strategy to duplicate records from salvageable originals and accelerating the digitization of pre-1980s records.
- Improve the preservation and presentation of historically and culturally significant records within the collection of the Monroe County Clerk's Office, including original documents related to Nathaniel Rochester and the Eastman Kodak Company.
- Provide additional outreach events offering passport services, DBA forms, plastic pistol permit cards, name changes and Veteran Discount Cards to improve ease of access to these important services.
- Provide additional training opportunities to educate customers on how to record documents electronically and increase the number of electronic filers.
- Continue to increase the number of forms and tools available to customers online.

Auto License Bureau

- Return a downtown DMV satellite office to the City of Rochester, replacing the limited Metro Mobile service, exploring the cost and legal and regulatory requirements of establishing a permanent presence downtown and thus contributing to the renaissance currently taking place within the former Inner Loop.

- Implement a coordinated effort with the Clerk’s Office administration and key ALB branch management to better promote the services and advantages Monroe County DMV branches can provide to automotive dealers.
- Institute a more structured, formalized and comprehensive training program for new employees of the Auto License Bureau, particularly Motor Vehicle Representative trainees.
- Implement prescription drug take-back facilities within DMV offices as the Clerk’s Office’s contribution towards facing the opioid drug abuse epidemic.
- Explore the feasibility of using existing Q-Matic line management systems to implement a reservation system to decrease wait times and improve customer satisfaction.
- Continue to lobby the New York State Legislature to allow county-run Auto License Bureaus to retain the revenue they generate in order to maintain the current level of customer service they provide.
- Expand the training program for local auto dealers encouraging more dealers to process transactions in local DMV offices.
- Continue fraud detection efforts with enhanced training curriculum for all staff.

DIVISION DESCRIPTIONS

Legislature and Legislature Clerk

The Legislature Clerk staff prepares legislative calendars, records legislative activities and publishes official records to provide an accurate and timely account of all legislative and committee meetings. Staff maintains office hours when the Legislature is not in session and answers public requests for information. Salary expenses for most of the Legislators are budgeted in this division.

Legislature President's Office

The President of the Legislature is elected by a majority of the Legislature as set forth in the County Charter. The President supervises the Clerk of the County Legislature and other Legislative staff, presides at meetings of the Legislature, can participate in committees as a voting member and appoints members and chairpersons of committees, commissions, task forces or other such groups created by the Legislature.

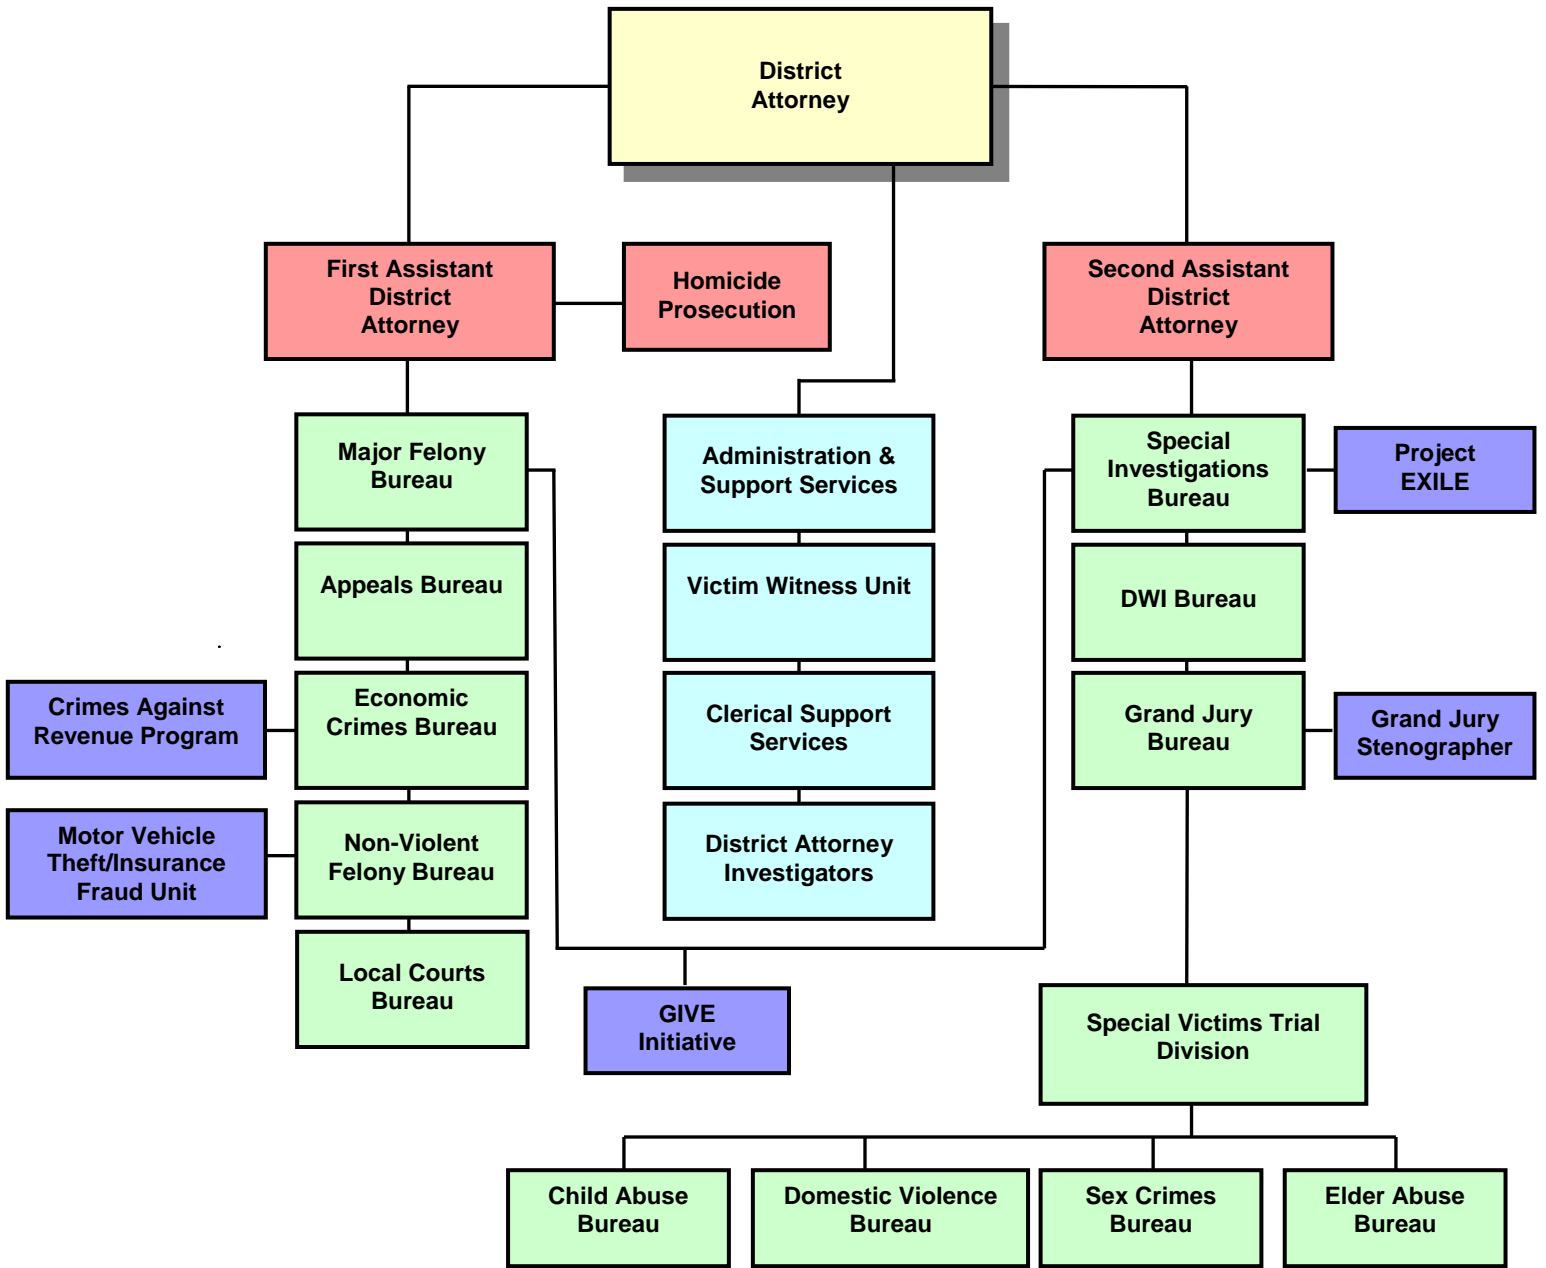

Republican Staff

The Republican Staff provides its party's Legislators with independent research personnel skilled in public policy and financial analysis. They collect data on public policy matters and identify policy options. Staff members prepare critical reviews and analyses of proposed legislation, programs, the annual operating and capital budgets, and the Capital Improvement Program to identify cost containment options.

Democratic Staff

The Democratic Staff provides its party's Legislators with independent research personnel skilled in public policy and financial analysis. They collect data on public policy matters and identify policy options. Staff members prepare critical reviews and analyses of proposed legislation, programs, the annual operating and capital budgets, and the Capital Improvement Program to identify cost containment options.

DEPARTMENT: Office of District Attorney (25)

DEPARTMENT DESCRIPTION

The District Attorney is a constitutional officer elected to a four-year term as Chief Prosecutor for Monroe County. The office oversees the prosecution of all crimes committed in the county. The work performed by this department is mandated by state law, but the county exercises some control over service levels. The operating divisions in the department are grouped according to functional objectives reflected in the department's organizational chart.

The District Attorney's Office will continue to pursue established priorities such as the delivery of specialized services to the victims and witnesses of crime and the enhancement of prosecutorial efforts in cases involving violent felonies, drug abuse and homicide.

MISSION

With the efficient utilization of limited resources, the Monroe County District Attorney's Office provides effective prosecution services which enhance our community's respect for the rule of law and secure the appropriate disposition of cases while ensuring the rights of victims.

2016 Major Accomplishments

- Continued success in obtaining convictions in homicide cases, with 44 homicide convictions in 2015 and 20 homicide convictions through May 31, 2016.
- 251 felony trials in 2015; 82 felony trials through May 31, 2016.
- Closed over 4,700 felony cases in 2015; over 2,000 closed through May 31, 2016.
- Continuation of the GIVE (Gun Involved Violence Elimination) Initiative which started its third year on July 1, 2016. As part of the GIVE Initiative, the District Attorneys Office:
 - Continued to fund the Boys & Girls Club of Rochester's Project STEP-UP Program, a summer program to help at-risk youth resist peer pressure to get involved with guns, drugs and gang activities.
 - Continued to participate in Project T.I.P.S. which stands for Trust, Information, Programs, and Services. Project T.I.P.S. is designed to build trust among the residents and law enforcement personnel in an effort to encourage information sharing and reduce crime.
 - Participated in a pilot program known as Swift, Certain and Fair. The District Attorney's Office, together with the Rochester Police Department and the Monroe County Office of Probation and Community Corrections evaluate and choose gun offenders between the ages of 16 and 24 whose behavior is most likely to improve after participation in the program, which establishes clear and immediate sanctions for violations of probation.
- Continued participation in Project EXILE.
- Continuation of the Motor Vehicle Theft and Insurance Fraud Prosecution Program, a program which is partially responsible for a continued decrease in the number of reported motor vehicle thefts in Monroe County.
- Continuation of the asset forfeiture program to include funds being held by state and local law enforcement agencies.
- Secured continued funding for the Crimes Against Revenue Prosecution Program to prosecute individuals and businesses that fail to pay sales, employment and NYS income tax, and to recover from them the taxes they owe to Monroe County and New York State.
- Improved the domestic violence prosecution by adding a District Attorney Investigator to provide advocacy for victims by explaining legal proceedings and referring them to the appropriate community organization for assistance.
- Issued a Request for Proposals, selected by a vendor, and began contract negotiations for a new District Attorney Case Management System, which will be funded by the Capital Improvement Program.

2017 Major Objectives

- Continue to screen and appropriately prosecute violent and non-violent felony cases, seeking outcomes that at all times protect the community and reduce the incidence of recidivism.
- Continue to seek significant state prison terms when appropriate for offenders convicted of violent felony offenses and for repeat offenders that are determined to be an ongoing threat to the safety and security of the citizens of Monroe County.
- Continue working with the Rochester Police Department, the Monroe County Sheriff's Office, the Monroe County Probation Office, and Federal and State law enforcement agencies on the GIVE Initiative program.
- Continue to participate in Project EXILE in cooperation with the U.S. Attorney's Office.
- Continue to pursue outreach initiatives that provide opportunities for the District Attorney and Assistant District Attorney(s) to attend community gatherings, speak to assembled audiences and receive public feedback.
- Transition to a new Case Management System to streamline the processes associated with prosecution by taking advantage of advances in technology.
- Continue the Motor Vehicle Theft and Insurance Fraud Prosecution Program.
- Continue to seek out new sources of grant funding for crime-fighting initiatives and funding to expand existing programs.
- Continue aggressive asset forfeiture program aimed at confiscating the proceeds of illegal drug dealing activities and using the funds obtained to enhance operations and investigations in the District Attorney's Office.
- Continue to make county roads safer by offering individuals who have received tickets for distracted driving the opportunity to attend a four hour presentation showing collisions, personal stories, scientific evidence, legal consequences and perspectives from medical personnel, as well as classroom discussion concerning the ramifications of distracted driving.

DIVISION DESCRIPTIONS

Monroe County District Attorney's Office

The Monroe County District Attorney's (DA's) Office is charged with prosecuting felony and misdemeanor crimes and violations perpetrated against the citizens of Monroe County. In addition, as a non-mandated service, the office prosecutes traffic infractions in many of the town and village justice courts in the county. With a staff of 81 authorized attorneys, the DA's office is one of the largest law firms in Monroe County. Based on caseload (over 4,800 new felony case referrals and over 15,200 non-felony arraignments in 2015), the Monroe County District Attorney's Office ranks in the top ten offices in counties statewide by case volume.

The District Attorney is a constitutional officer elected to a four-year term as Chief Prosecutor for Monroe County. The First and Second Assistant District Attorneys are appointed by the District Attorney and are each responsible for the supervision of several bureaus. The First Assistant District Attorney oversees all homicide prosecutions, evaluates each homicide arrest to determine the best prosecution strategies to insure a conviction and assigns such cases to other experienced Assistant District Attorneys (ADAs) on staff. The office is structured into a number of specialized bureaus, with each bureau overseen by a bureau chief. Bureau chiefs report to either the First Assistant District Attorney or to the Second Assistant District Attorney.

Administration and Support Services

Administration and Support Services manages the DA's budget, undertakes grant writing and grants management, oversees personnel procedures and provides clerical, data entry and other support services as required. All expenses involving the operation of the District Attorney's office, including the majority of the supplies and infrastructure support (phones, computers and publication services, for example) are funded through this organizational unit. Additional support services funded within this division include the Victim Witness Unit, the Clerical Support Services Unit and the District Attorney Investigators Unit.

The Victim Witness Unit assists the victims of serious crimes by helping them cope with the demands of the criminal justice system after what is often a traumatic and life-altering event. The Victim Witness Unit regularly makes referrals to counseling, arranges rides to and from court, provides interpreters when needed, assists in preparation of victim impact statements and makes referrals for assistance from the NYS Crime Victims Board. In addition to these roles, the staff of the Victim Witness Unit work closely with the District Attorney's Office and Probation to obtain court orders for the restitution of losses.

District Attorney Investigators are designated police officers who conduct critical investigative work designed to supplement and enhance the prosecutorial efforts of the District Attorney's Office. District Attorney Investigators locate additional witnesses, interview witnesses and transport victims and witnesses to court appearances. The investigators also undertake sealed investigations under the direction of the District Attorney and provide assistance to other police and government agencies in auto theft, insurance fraud and domestic violence cases.

Clerical Support Services personnel provide secretarial support to trial attorneys assigned to the various specialized prosecution bureaus and are also charged with updating and maintaining all case records tracked by the office's information management system.

Grand Jury Bureau

Grand Jury administrative staff assist all felony attorneys in scheduling cases for Grand Jury presentation and work closely with the Office of the Commissioner of Jurors to ensure the smooth operation of the several Grand Juries that are empanelled each court term in Monroe County. The ADA who supervises the bureau also advises prosecutors on presentation procedures and techniques and coordinates the work of Grand Jury stenographers, as well as personally presenting hundreds of cases to Grand Juries each year and overseeing felony cases transferred by courts to the statutorily created Judicial Diversion Part.

Appeals Bureau

The Appeals Bureau responds to all appeals made in felony cases and makes appellate motions on behalf of prosecutors assigned to the other bureaus. The Appeals Bureau handles all fugitive matters, extradition cases, Federal Habeas Corpus requests and Freedom of Information Act inquiries. Prosecutors assigned to this bureau argue cases before all appellate courts, including the US Supreme Court. Appeals Bureau ADAs also work with and advise prosecutors during trial when legal issues arise which may affect the ultimate disposition of a case.

DWI Bureau

The DWI Bureau prosecutes all defendants charged with felony DWI, vehicular assault and vehicular homicide, in addition to other crimes associated with the unlawful use of a motor vehicle (i.e., Aggravated Unlicensed Operation of a Motor Vehicle).

Special Victims Trial Division

The Special Victims Trial Division includes the Child Abuse Bureau, Sex Crimes Bureau, Domestic Violence Bureau and Elder Abuse Bureau. This division allows prosecutors who specialize in certain areas of the law to receive direct support from colleagues with associated legal expertise. The Special Victims Trial Division is designed to ensure that the victims of these crimes receive the specialized services and attention they need.

Administration

The Special Victims Trial Division Administration (SVTDA) provides vital material support and services to the bureaus within the Special Victims Trial Division. The SVTDA is directed by a Chief and Deputy Chief who oversee and prosecute a number of cases in conjunction with their duties within the SVTDA. In addition to a variety of clerical and transcript services, the staff within the SVTDA arrange for expert witnesses, assist prosecutors in the administrative aspects of forensic evidence testing and provide enhanced specialized training for ADAs assigned to the Special Victims Trial Division.

Domestic Violence Bureau

The Domestic Violence Bureau prosecutes all felony domestic violence cases. ADAs assigned to this bureau also work closely with law enforcement, the Domestic Violence Consortium and other interested community groups to hold offenders accountable and prevent and reduce the incidence of domestic violence. Crimes that would typically be prosecuted by this bureau include the felony classifications of criminal contempt, assault, stalking, kidnapping, criminal mischief and burglary in addition to related misdemeanor offenses. The bureau has increased its use of evidence-based prosecution strategies in attacking domestic violence, which reduces the need for the eyewitness testimony of the often traumatized and intimidated victims and witnesses, who are commonly involved in this type of crime.

Child Abuse Bureau

The Child Abuse Bureau is responsible for prosecuting all felony cases involving the physical and sexual abuse of children, as well as crimes involving child neglect and/or endangerment. ADAs assigned to this bureau also work closely with law enforcement, the Bivona Child Advocacy Center and other interested community groups to hold child abuse offenders accountable and prevent and reduce the incidence of child abuse in the community.

Elder Abuse Bureau

The Elder Abuse Bureau prosecutes felonies involving victims who are age 65 and over. This includes violent and nonviolent felonies with a focus on physical abuse, property crimes and financial exploitation where the victim is targeted based on their advanced age. This bureau works with various agencies, including the Victim Witness Bureau, to ensure that the needs of victims are being met throughout the criminal proceedings and beyond.

Sex Crimes Bureau

The Sex Crimes Bureau investigates and prosecutes cases involving adult sexual assaults and other related crimes. This bureau is comprised of trial attorneys with specialized knowledge and training in sex crimes, who work closely with victim advocates to support the victim throughout the criminal process in an effort to minimize trauma.

Local Courts Bureau

The Local Courts Bureau prosecutes all misdemeanors and violations in city, town and village courts, and handles traffic matters in most village and town justice courts. Those assigned to this bureau staff seven City Court Parts, as well as Drug Court and the Integrated Domestic Violence Court and the 48 judges who preside over cases in the various town and village courts located in Monroe County.

Non-Violent Felony Bureau

The Non-Violent Felony Bureau prosecutes felony cases that do not involve bodily harm or the threat of bodily harm to victims. These crimes include burglary, auto theft, grand larceny, robberies not involving the use of a firearm, felony criminal mischief and fraud cases not prosecuted by another specialized bureau. A sub-unit of this bureau, the Motor Vehicle Theft and Insurance Fraud Prosecution Program, targets the twin problems of motor vehicle theft and auto insurance fraud through a grant from the State of New York.

Major Felony Bureau

The Major Felony Bureau prosecutes career criminals and violent felony offenders for crimes including homicide, robbery, burglary, assault and cases involving the use of firearms in the commission of a felony. In addition, this bureau is also responsible for the prosecution of felony level arson cases (both reckless and intentional), and all assaults on law enforcement officers and weapons cases that result in serious physical injury.

The **GIVE (Gun Involved Violence Elimination) Initiative**, funded by the New York State Division of Criminal Justice Services (DCJS), uses integrated, evidence based strategies to target the offenders who are responsible for the majority of gun violence and the areas of the county where the most gun violence is occurring. The District Attorney's Office, together with our GIVE partners (the Rochester Police Department, the Monroe County Sheriff's Office and Monroe County Probation) are working to coordinate efforts with key stakeholders and other violence prevention efforts in the county to reduce the occurrence of gun crimes that threaten the safety of our citizens each day. ADAs funded through this program are assigned to the Major Felony and the Special Investigations Bureau.

Special Investigations Bureau

The Special Investigations Bureau prosecutes all felony drug and gun cases, obtains court orders for wiretaps when required and works with arresting agencies to seize the assets of convicted drug dealers. This bureau is also responsible for initiating the majority of the asset forfeiture cases in which the District Attorney's Office has a claim.

In addition to the above, ADAs in the Special Investigations Bureau participate in Project EXILE and prosecute felonies involving the illegal possession and sale of firearms. The Bureau works with the US Attorney's Office to prosecute some of these cases in Federal Court in order to obtain longer prison sentences than State Courts may allow.

Economic Crime Bureau

The Economic Crime Bureau prosecutes cases of major fraud (involving amounts in excess of \$10,000) on the part of individuals, businesses, or their employees. This bureau also investigates and prosecutes identity theft cases, felony insurance fraud, welfare fraud, prevailing wage cases under the labor law and bank robberies not involving the use of firearms. In addition to the prosecution of these crimes, the Economic Crime Bureau works in cooperation with the County Child Support Enforcement Unit to identify and prosecute child support delinquency cases.

The District Attorney's Office receives a grant from the State of New York to pursue the prosecution of those individuals and businesses who violate New York State income, sales, excise and employment tax laws, with a goal of recovering lost revenue for the state's citizens. The Crimes Against Revenue Prosecution Program (CARP Program), has been extremely successful in recovering lost taxpayer revenues and has been renewed for 2016. Since its inception, the CARP Program is responsible for the collection of over \$4.3 million in restitution.

DEPARTMENT: SHERIFF (38)

DEPARTMENT DESCRIPTION

The Office of the Sheriff consists of an administrative division and five bureaus – Civil, Police, Jail, Court Security and Staff Services. The Civil Bureau is the enforcement arm of the courts in all civil matters. The Police Bureau provides law enforcement services throughout the county and operates specialized patrols at the airport, in county parks and on navigable waterways. The Jail Bureau provides housing for inmates remanded by the courts. It also transports prisoners to and from courts and to state correctional institutions. Court Security provides safety and protection in the courtrooms of the Hall of Justice and the Appellate Court Building on East Avenue. Staff Services provides administrative support services to all bureaus within the Sheriff's Office.

Mission

The Monroe County Sheriff's Office (MCSO) is committed to securing a safe community and maintaining the trust and respect of those we serve by providing exemplary law enforcement and correctional services.

2016 Major Accomplishments

- Completed construction of the new Sheriff Zone A Substation.
- Renovated Sheriff's Mounted Barn and made necessary structural and electrical improvements.
- Relocated Sheriff's Special Operations to the Monroe County Fleet Complex.
- Secured grant funding, research and purchase replacement ROV (Remote Operated Underwater Vehicle) for use by Sheriff's Office SCUBA Team.
- Completed design phase for the Jail Visits expansion and City Court holding cells.
- Completed energy performance improvement project for the downtown jail.
- Developed leadership and management skills throughout the agency by conducting multiple in-service training sessions to supervisors in the areas of: Legal Updates, Body Worn Cameras, License Plate Readers and new policies.
- Promoted the physical and mental health wellness amongst employees. Coordinated for staff to receive specialized training on "Emotional Survival for Law Enforcement." This program was used to develop further training that will be provided to all new hires and made available to family members as well.
- Continued audit of records being stored at Data Vault / Iron Mountain to improve record keeping and reduce storage fees.
- Initiated project to upgrade the current Records Management System that is provided and maintained for the MCSO, as well as all Town and Village Police Departments (with the exception of Gates Police Department).
- Developed policy and procedures for the use of Body Cameras for patrol deputies and implemented the program.

2017 Major Objectives

- Increase the customer base for service/collection work and revenue by having members of the Civil Bureau visit each Town and Village Court within Monroe County and advising them of our function and responsibilities as a Monroe County Civil Enforcement Officer.
- Install redundant electrical service in the Jail Tower in the event of a power outage.
- Complete design phase of Tower Pump Stations for the new Jail tower and old mainframe.
- Complete construction of the Tower Sub Units currently in the design and architectural drawing phase to expand our housing options for hard to place inmates.
- Complete construction of the second and third floors of the County Public Safety Building to provide space for mental health inmate housing, training, officers and records storage.
- Complete construction within the Monroe County Jail Visits and City Court holding.
- Start providing Drug Abuse Resistance Education (DARE) instructions in Greece and Webster Schools.
- Pursue grant funding for needed equipment such as compact portable litters, remote surveillance cameras, additional license plate readers and forensic computer storage system.
- Continue to research options for scheduling software to improve personnel management.
- Complete the I/LEADS Record Management System (RMS) upgrade.

DEPARTMENT: Sheriff (38)
DIVISION: Civil Bureau (3802)

DIVISION DESCRIPTION

The Civil Bureau is authorized by statute to act as the enforcement officer for all courts within the County of Monroe. The responsibilities delegated to this bureau are in two distinct areas. One is the service of process such as summons, subpoenas, notices, petitions and orders. The second area, enforcement, involves executing evictions on personal and real property, sales of personal or real property seized by the Sheriff and orders, and warrants of arrest for civil contempt. The Sheriff is mandated by law to perform these services with a productive, dedicated and accountable workforce.

Revenue is attained through receipt of fees and mileage for service and/or executing and poundage (the retention of 5 percent of every dollar collected via an execution). The Civil Bureau also must perform service of process and other acts at no charge by mandate of law, such as, orders of protection, process for other Sheriffs' departments, governmental agencies and the Legal Aid Society.

Through consistent internal review and audit, and proactive marketing of services, the Civil Bureau continually strives to maximize revenue received from the public and private sector.

Road Patrol Calls for Service

SECTION DESCRIPTIONS

Administration

Management personnel in this section supervise Patrol Division staff and Tactical Unit activities, respond to public inquiries concerning the division, and maintain liaisons with other police and emergency units throughout the county. Building space charges, tuition reimbursements and debt service charged to the Police Bureau are consolidated in this section's budget.

Road Patrol Zone A

Road Patrol Zone B

Road Patrol Zone C

The uniformed deputies of the Road Patrol's three zones are the largest and most visible segment of the Police Bureau. Working primarily in municipalities that have no police force of their own, the Road Patrol enforces traffic laws, patrols neighborhoods, investigates complaints and crimes, and conducts community education programs.

Criminal Investigation

The Criminal Investigation Section (CIS) investigates all felony and violent crimes reported to the Sheriff's Office, investigates all criminal complaints within the Jail and performs other investigative duties as required. Upon request from local police departments, this section also provides specialized investigative services for solution of major crimes.

Community Services

This section performs the community outreach functions for the Police Bureau which include developing and implementing crime prevention and safety programs, communicating with county residents on police-community matters, coordinating and teaching the county's Drug Abuse Resistance Education (DARE) and conflict resolution programs, and providing juvenile counseling. Community Services programs enhance positive community attitudes toward law enforcement and instill a sense of community security.

Tactical Unit

Five special police activities make up the Tactical Unit. The Special Weapons and Tactics (SWAT) unit responds with special techniques and weapons to critical situations. The Hazardous Devices Squad performs the technical functions necessary to handle and neutralize explosives. The SCUBA Squad locates and retrieves drowning victims, submerged vehicles, weapons and other evidence. The K-9 Unit uses trained dogs for searches and in situations where the life of an officer might be placed in jeopardy. A Hostage Recovery Team works to free those held against their will. No staff is permanently assigned to the Tactical Unit. When an adverse situation develops, specially trained deputies from throughout the department are called upon for their expertise. Funding reflects the cost of supplies and materials associated with these activities.

Navigation Enforcement

The navigable waterways in Monroe County are patrolled by the Sheriff's Office during the summer boating season. These deputies enforce laws and speed limits, render assistance to boaters in distress and provide safe boating instruction. Most expenses related to this activity are 50% state reimbursable.

Traffic Enforcement

The Sheriff's Traffic Enforcement Unit is a combination of Sheriff's Tactical Accident Reduction (STAR) and the day-time traffic unit. The day-time traffic unit is an expansion of the STAR Unit with patrols during the day-time hours. This unit directs the county effort to reduce the occurrence, frequency and severity of traffic accidents, especially when alcohol is a contributing factor. The effort involves identification of high-risk accident locations, intensified patrol and enforcement activities and evaluation of the impact of stricter enforcement on the incidence of traffic accidents.

Victim Assistance Program

The Sheriff's Victim Assistance Program is a comprehensive program that engages victims at the scene or immediately thereafter, and walks them through the criminal justice system as needed. Direct services provided by this program include: crisis support; outreach through the home, workplace and hospital; information and referrals; case status information; short term counseling for victims and their families; advocacy; court procedure information and accompaniment; assistance with property recovery; reimbursement assistance for lost wages and medical bills.

Special Services

This section supervises the operations and personnel of the marine and parks security programs. Staff patrol county parks during the summer season, enforcing laws and maintaining peace and order. Remote park areas are patrolled on horseback to provide increased security. To segregate expenses for purposes of reimbursement, the Navigation Enforcement staff is in a separate account.

Airport Security

The Airport Security Unit patrols the Greater Rochester International Airport complex, provides law enforcement support to the pre-board screening process and directs the flow of traffic on airport roadways.

DEPARTMENT: Sheriff (38)
DIVISION: Jail Bureau (3804)

DIVISION DESCRIPTION

The Jail Bureau is responsible for the care and custody of inmates confined by the courts, the New York State Division of Parole and the U.S. Marshal. The inmate population of the Monroe County Jail and the Monroe Correctional Facility consists of non-sentenced inmates awaiting trial or sentencing, sentenced prisoners serving a maximum one-year sentence, parole violators and federal detainees. The Jail Bureau provides staff and facilities for security, prisoner transport, medical care, inmate rehabilitation and support activities.

SECTION DESCRIPTIONS

Administration

The Jail Bureau functions under the supervision of the Jail Superintendent who ensures that the jail is operated in compliance with state laws and minimum standards established by the State Commission of Correction. Command staff reporting to the Superintendent are responsible for the daily operation of the sentenced and non-sentenced facilities. The Superintendent, assisted by sworn officers and civilian personnel, supervises jail personnel, and is responsible for the safety, security and efficient operation of both facilities. Staff perform budgetary, payroll and other administrative functions. Building space charges, temporary help, tuition reimbursement and debt service for the jail facility are consolidated in this section's budget.

Prisoner Transport

Jail Bureau staff transport inmates from facilities to and from courts, medical facilities and other penal institutions and guard inmates while in courtrooms and hospitals.

Prisoner Services

Prisoner Services develops and coordinates programs and services to help inmates adjust to incarceration and prepare for re-entry into the community. The staff provides and arranges for academic and vocational instruction, recreational activities, religious services, job placement and work release programs. A comprehensive chemical dependency program for the sentenced population aggressively combats this prevalent inmate problem.

Security Unit

This section guards inmates and maintains security within the jail. Activities of security personnel include monitoring inmate housing areas, booking inmates, processing unarraigned inmates and supervising inmate activities.

Jail Visitation Program

This program provides for closely supervised visits, promoting inmate morale and maintaining important ties with family and friends.

Food Services

A contracted vendor produces three meals a day for the jail inmates. Special meals are prepared for those requiring medical, religious or vegetarian diets.

Medical Unit

Physical, mental health and dental needs of inmates are contractually provided while they are in custody. Daily sick calls are provided with further treatment, where appropriate.

Jail Records

The maintenance of documents related to prisoner commitment and discharge is performed by Jail Records. Bail money is also collected in this area.

Jail Service Maintenance

This section maintains the jail buildings, equipment and operating systems for the health and safety of inmates and the jail staff. This includes maintenance of all HVAC, plumbing, electrical and jail security and control systems.

Quartermaster

The staff of the Quartermaster orders and distributes equipment and supplies required by the Jail Bureau. They also maintain life-saving and firefighting equipment, riot control equipment and the department's weapons.

DEPARTMENT: Sheriff (38)
DIVISION: Court Security (3805)

DIVISION DESCRIPTION

Under state law, the county must provide security services to County Court, Supreme Court, City Court, Family Court and Surrogate Court. In addition, an agreement is in place to provide security services for the Appellate Court Building. Although court operations are a state function, the security of the courts remain a local responsibility with cost reimbursed by New York State. Under supervision of the Monroe County Sheriff, Court Security personnel maintain security and enforce the laws in the courtroom and adjoining areas, provide for the protection of judges and all court participants, screen for weapons by operating metal detectors at all building entrances, guard and transport juries, place persons into custody on order of a judge and are responsible for all emergency responses at the Hall of Justice and the Appellate Court Building on East Avenue.

DEPARTMENT: Sheriff (38)
DIVISION: Staff Services Bureau (3806)

DIVISION DESCRIPTION

The Staff Services Bureau is charged with providing administrative support services to all bureaus within the Sheriff's Office. Functions include agency training, recruitment and selection, policy development, internal inspections, accreditation efforts, facilities management, information services, health and safety and capital improvement budgeting. Other units within the Staff Services Bureau include Criminal Records, Property and Evidence, Fleet Services and Quartermaster. Due to the division's multi-bureau oversight, Staff Services impacts every employee within the Sheriff's Office.

SECTION DESCRIPTIONS

Administration

Administrative functions relative to the activities of fleet maintenance, 911 liaison, staff services, property management, records maintenance and quartermaster are performed by this section. These functions also include the formalization of department directives and monitoring of vehicle assignments.

Information Services

Information Services provides funding for software and hardware not included in the county Information Services budget. This unit is responsible for the budget, management and maintenance of the Sheriff's software systems.

Fleet Maintenance

The fleet consists of over 300 cars, trucks, vans and motorcycles plus an assortment of scooters, boats, trailers and small motors. The budget for this section includes funds for the purchase of replacement vehicles, as well as repair and replacement of parts and lubricants.

Records

The Records section performs the central records retention and control functions of the department. Files are maintained on all complaints to which Sheriff's personnel respond and on all traffic summonses, persons arrested and pistol permit applicants. Criminal record checks are provided through fingerprint comparisons, photos and computer database searches.

Property Clerk

The Property Clerk's Office secures all property (excluding prisoner property) taken or received into custody by the Sheriff's Office. When no longer needed by the department, property is returned to its owners, legally disposed of or auctioned off.

Police Quartermaster

The Quartermaster operates as the central receiving and distribution center for equipment and supplies. Inventories of office supplies, uniforms, weapons and ammunition are maintained for departmental use.

MULTI-YEAR BUDGET FORECAST

OVERVIEW

The purpose of the Multi-Year Budget Forecast is to provide an analysis of what the future financial picture looks like. Since the objective of the forecast is to predict the results from events that have not occurred, it is based on educated assumptions.

The model used for this forecast does not anticipate changes in current service mandates, but because of existing fiscal conditions it projects revenues from federal and state sources decreasing as a proportion of expense. The costs of existing services are forecasted forward and are compared with expected revenue to determine the forecasted deficit.

While the projection is supported by the most current data available, changes in economic conditions and changes in federal and state funding sources are among the many factors that can affect the forecast presented. In addition, the model does not presume or speculate what changes the County Legislature or County Executive will make that will impact expenses or revenues. These projections do not assume the cost containment or revenue enhancement strategies that may be implemented in the ensuing years.

Given the assumptions noted, the county's cumulative gap through 2019 is projected to be \$44.6 million. This gap is predominately due to the increased cost of providing mandated services, which comprise 85% of the total budget, and increases in Personnel Service costs. It is anticipated that revenue will not keep pace with these increased costs, nor be sufficient to replace any loss in aid.

FORECAST TRENDS/ASSUMPTIONS

Public Assistance Benefits

Public Assistance Benefits include several programs. Family Assistance and Safety Net Assistance are the federal and state mandated welfare programs that provide families and individuals with financial support. No local share is required for Family Assistance, but Safety Net Assistance requires a 71% local share. The cost of both programs is forecasted to increase 1% each year. Social services programs for children and families including Child Welfare, Adolescent Care, Daycare, and Preventive/Protective Services have varying levels of federal and state reimbursement. The cost of the Residential Foster Care program is expected to increase 3% each year and the other programs are projected at the 2017 level. Lastly, Special Children's Services, comprised of Early Intervention and Pre-School Special Education, are forecasted to increase 2.25% per year.

Personal Services/Employee Benefits

The county negotiates with various unions with regard to wage increases and benefit packages for employees. The economic climate and the current financial condition of the county weigh heavily during negotiations. By choosing to self-insure for all active employees and all retirees not enrolled in Medicare Advantage plans, Monroe County averted high rate increases as well as reduced administrative costs and avoided certain Obamacare taxes. Pension costs continue to remain at high levels. Monroe County has been able to moderate the impact of this huge growth by opting into New York State's pension stabilization program.

Expenses (equipment, contractual, supplies, services)

Expenses for equipment and supplies constitute a very small percentage of the total appropriations. The majority of appropriations in this category are for contracts and services required to maintain the activities of each department. The forecast assumes maintenance of effort budget with a nominal increase. Funding for certain inter-municipal agreements are represented in this area.

Debt Service

Debt Service reflects primarily the principal and interest payments required for borrowings on capital projects. Capital projects are approved by the County Legislature as part of the Capital Improvement Program and the Capital Budget. The forecast reflects existing debt service schedules as well as anticipated borrowing needs for authorized projects and initiatives identified in the 2017-2022 Capital Improvement Program.

Departmental Revenues

Components of this category include revenues attributable to departments which support their appropriations. Revenues come from a variety of sources such as federal and state aid, fees and intergovernmental revenues. In some cases the forecasted revenues are expense driven, while others are projected at historical levels.

Non-Departmental Revenues

Components of this category include sales tax revenue, property tax revenue and other non-departmental miscellaneous revenues. The forecast assumes a rate of growth based on current economic trends. The current Property Tax rate of \$8.99 per thousand of assessed property value is projected to remain flat, following County Executive Dinolfo's intention of not raising property tax on already overburdened taxpayers. Other non-departmental, miscellaneous revenues include interest income, penalties, fees and charges for services. These revenues are projected at historical levels. No one time revenue measures are assumed in this Multi-Year Forecast.

CLOSING

The 2017 budget is balanced, with the anticipated budget gap being overcome by expenditure controls and revenue enhancements. Continued growth in local markets – real estate, retail sales, and the jobs market – coupled with a commitment to controlled spending and smaller government are key to further reducing the structural budget gap in the coming years. County Executive Dinolfo's commitment to community development, economic development, and workforce development, and continual improvement in government operating efficiency will be the driver to growth in each of those markets.

Demonstrative of County Executive Dinolfo's commitments, this multi-year forecast shows improvement in the future budgetary condition of the County; the two-year forecasted deficit of \$44.6 million is less than half (42%) of the \$106.2 million deficit projected in 2012. Nonetheless, this forecast urges caution.

An under-performing state pension fund, increases in personnel costs, the potential for reductions in state and federal aid, and the continued burden of unfunded mandates threaten the stability of the financial gains achieved to date. In light of those challenges, County Executive Dinolfo has raised the bar in her first budget and positioned her administration to face those challenges head on.

**2017-2022 CAPITAL IMPROVEMENT PROGRAM
AND
2017 CAPITAL BUDGET**

On March 24, 2016, the Monroe County Planning Board transmitted recommendations concerning the 2017-2022 Monroe County Capital Improvement Program (CIP) to the County Executive. The County Executive submitted the proposed Capital Improvement Program to the County Legislature on May 10, 2016 and it was adopted on July 12, 2016. The adopted program proposed \$405.9 million to finance the costs of projects over the six-year period. \$170.2 million will come from federal, state, private and special district sources. The remaining \$235.7 million will be contributed by the county, with \$25.4 million of that contributed by enterprise funds. Full details of the adopted CIP are published in the 2017-2022 Capital Improvement Program Report, which may be obtained from the Monroe County Department of Planning and Development. (Call 753-2037 for more information.)

Table 1, "2017-2022 CIP Summary," summarizes annual planned expenditures by funding source, over the six-year period.

In accordance with Resolution 272 of 1978 and Section 411 of the County Charter, in which the County Legislature defined and established policy for the development of the Capital Budget, the Planning Board prepared a list of capital projects by priority. Table 2, "2017 Capital Projects," details the projects, their costs and those portions of the costs to be met by county funds and outside aid. This list represents the capital budget for the first year of the six-year program. The 69 projects listed require a total of \$80,251,000 to finance; \$35,672,000 from net county sources and \$44,579,000 from all other sources.

PART I - DEBT SERVICE AND CONTRACTED DEBT

DEBT SERVICE

Each year, Monroe County undertakes numerous capital projects to increase and improve the public facilities which it provides to the community. These projects include expansion and enhancement of recreational areas, reconstruction of highways and bridges, and improvements at the Greater Rochester International Airport, Monroe Community Hospital, and Monroe Community College. They also include projects which improve the environment such as the Pure Waters program and major renovations and improvements to existing structures at the Civic Center Complex and other county owned buildings. This protects and improves the investments which have been made in these facilities. Additional projects have been undertaken to provide facilities to effectively manage solid waste disposal and provide improved public safety and correctional facilities.

The costs of the above described projects are normally financed by the issuance of debt obligations which are then repaid over several years along with the interest incurred on the borrowings. An amount is included in each year's budget to make these payments, which when combined, are defined as debt service. The amount included in the 2017 Budget for capital projects is \$68,613,577 along with \$341,460 to finance General Fund operations, \$93,125 for Monroe Community Hospital operations, \$1,444,816 related to Risk Management Settlement and \$9,579,015 for LDC Prepayment. Resource Recovery Facility debt is now included in the Solid Waste Fund.

CONTRACTED DEBT SERVICE SUMMARY

Some of the categories of debt service are self-supporting. In each of these, sufficient revenue is expected to be generated from sources other than general revenues of the county including the real property tax (i.e. state aid, federal aid, commissions, fees, etc.) to meet all operating costs and debt service. No general revenues of the county (including real property tax levy) are expected to be used to finance debt service for these areas. The self-supporting debt categories are those relating to the Airport, Water Improvements, Pure Waters Districts, Solid Waste and Monroe Community Hospital.

Debt service included in the General Fund has been shown by its major components. This has been done to identify the amount included for Water Facilities Improvements which is fully reimbursed by the Monroe County Water Authority under the terms of a lease agreement and the amount necessary for debt related to General Fund operations.

The 2017 budget for the Greater Rochester International Airport assumes self-supporting operations, including all debt service costs. Certain major improvements were completed and have been financed by the Monroe County Airport Authority, an independent entity, without payment from the county. Any and all improvements underway or to be undertaken at the Airport will ultimately be paid through Airport generated revenues, state aid and / or federal aid.

Pure Waters debt service is supported from special assessments, public sewer rents, and other revenues generated by the four Pure Waters Districts. Monroe Community Hospital debt service is provided for by the capital cost portion of its reimbursement rates pursuant to Medicare and Medicaid legislation. Debt service related to the Solid Waste Fund is expected to be funded from tipping fees and other revenues of the Fund.

CONTRACTED DEBT

Monroe County and its Pure Waters Districts have entered into agreements and leases for the use of facilities. These agreements generally call for rental payments to be made by the county equal to the debt service incurred by the lessor for the facilities. These payments are considered contractual obligations since the county has not issued any direct debt instruments (notes or bonds).

A. Pure Waters

The Rochester Pure Waters District has assumed an obligation to reimburse the City of Rochester for certain payments made by the city for city indebtedness on sewer facilities leased by the Rochester District. Other Pure Waters Districts have similar agreements for the use of facilities of other districts, such as treatment plants or interceptor sewers. The Rochester and Northwest Quadrant Pure Waters Districts also have entered into an agreement with the New York Power Authority to finance Energy Performance Contracts via the Authority's Energy Services Program. The debt service obligations under this agreement will be offset by savings generated by the reduced energy consumption that occurs as a result of the improvements implemented.

B. Solid Waste

The county has an agreement with the Monroe County Water Authority which requires payments by the county to the Authority in connection with the cost of providing water facilities to certain portions of the Town of Riga. This agreement was entered into in conjunction with the construction of the Mill Seat Landfill. Certain costs associated with the gas to energy facility at the Mill Seat Landfill, payable pursuant to a contract, are also accounted for in contracted debt.

CONTRACTED DEBT SERVICE SUMMARY

C. Sheriff

The Monroe County Sheriff Department is undertaking improvements at the Monroe County Correctional Facility financed by an agreement with the New York Power Authority under its Energy Services Program. The debt service obligations under this agreement will be offset by savings generated by the reduced energy consumption that occurs as a result of the improvements implemented.

D. Facilities

The Monroe County Civic Center will receive a number of energy-efficiency improvements financed by an agreement with the New York Power Authority under its Energy Services Program. The debt service obligations under this agreement will be offset by savings generated by the reduced energy consumption that occurs as a result of the improvements implemented. In addition, the appropriate portion of the debt will be charged back to the various departments benefiting from the improvements.

PART VII - CONSTITUTIONAL DEBT LIMIT

The Debt Limit of the County is computed in accordance with the provisions of Article VIII of the State Constitution and Title 9 of Article 2 of the Local Finance Law. These provisions limit the amount of debt which can be incurred to 7% of the five-year average full value of taxable real property. The amount of indebtedness outstanding and subject to the debt limit is the total indebtedness outstanding less certain exclusions such as debt incurred for water facilities improvements and debt for sewers subject to the approval of the State Comptroller.

Debt Limit	\$2,789,351,182
Total Net Indebtedness (as of September 30, 2016)	<u>396,896,629</u>
Debt Margin	<u><u>\$2,392,454,553</u></u>

EMPLOYEE BENEFITS OVERVIEW

RETIREMENT

Under New York State Retirement and Social Security Law, Monroe County employees who work full time are required to participate in either the New York State and Local Employees' Retirement System (ERS) or New York State Police and Firefighters Retirement System (PFRS). The county is mandated to contribute to both the ERS and PFRS on behalf of these employees in an amount prescribed by the New York State Comptroller. The 2017 budget for retirement is \$39.5 million.

MEDICAL BENEFITS

The medical insurance cost for each employee varies with the type of coverage. Medical benefits for retired employees are budgeted in the department to which they were last assigned. In 2014 Monroe County moved to self-insurance for all active employees for their medical coverage. All retirees not enrolled in Medicare Advantage plans also moved to the self-insured plans. Self-insurance reduces administrative costs and avoids certain Obamacare taxes. The total county cost for medical benefits for both active and retired employees is estimated at \$73.6 million for 2017. Employees may choose from a variety of plans and coverage options. Cost to the employee and county depends on the type of coverage chosen, employee's hire date and whether they are covered under union contracts.

SOCIAL SECURITY

A two-tier calculation system is used to determine the county's share of Social Security costs, based on rates specified and mandated under the Federal Insurance Contributions Act (FICA). A rate of 7.65% is applied to each employee's salary up to a maximum salary amount of \$127,200 for 2017. Any salary amount over \$127,200 is subject to a rate of 1.45%.

The 2017 budget also includes coverage for temporary county employees. Beginning July 1, 1991, federal regulations have required that all local government employees must be covered by Social Security whether or not they are members of a public employee retirement system. Temporary employees not in the NYS Retirement System are included in FICA estimates. The total estimated cost for Social Security in 2017 is \$17.6 million.

WORKERS COMPENSATION AND UNEMPLOYMENT

Workers Compensation covers the cost of claims against the county by employees who have been injured while on the job. The cost is budgeted to each department on the basis of the relative cost of claims which the department has experienced. Unemployment insurance provides federal and state-mandated unemployment coverage to former county employees. The cost is budgeted to departments primarily on the basis of each department's share of the county's total payroll cost. The county is self-insured for these two benefits. It pays routine claims from current funds and maintains insurance policies only to cover extremely large claims. For 2017, the county has budgeted \$7.4 million for Workers' Compensation and \$600,000 for Unemployment.

DENTAL INSURANCE

This coverage provides maximum annual payments of \$1,000 per family member. The county is self-insured and the program is administered by contract. Claims are paid by current operating funds. The 2017 budget for dental insurance, including insurance for retirees, is \$5.3 million.
