Subject: Authorize Funding for a Position at the Cornell Cooperative Extension of Monroe County to Expand the Existing Cornell Cooperative Extension Nutrition Program and Strengthen Cornell Cooperative Extension Public Health Outreach

Honorable Legislators:

Cornell Cooperative Extension and Monroe County have had a strong partnership since CCE-Monroe was started in 1913. CCE-Monroe operates outreach programs addressing food security, nutrition disparities, workforce training for unemployed or underemployed and youth & family outreach and support are just a few of the services provided by CCE-Monroe.

As a current partner with the Northeast Finger Lakes SNAP Education Team, CCE-Monroe provides 4 grant funded full time SNAP educators to work in the neighborhoods in our region that have some of the highest concentrations of poverty and obesity not only here in Monroe County, but in the entire country. Currently due to grant restrictions these educators are unable to serve residents outside of the Rochester, East Irondequoit, and Gates-Chili. This leaves a gaping hole in coverage with an estimated 450,000 Monroe County Residents without access to nutritional education and resources.

This referral will authorize \$65,000 in Community Contingency Fund money to be utilized to immediately expand this program and allow CCE-Monroe to facilitate the hiring of an additional General Nutrition Educator. By expanding the number of residents served under the SNAP grant CCE-Monroe will be able to provide further capacity to strengthen areas of public health outreach throughout our community.

This jumpstart funding of \$65,000 will cover \$58,000 in salary costs, \$1,000 in "Fringe Expenses" for unemployment insurance & workers comp benefits, Cornell University handles the bulk of employee benefits package and \$6,000 in "Non-Personal Services" including mileage, printing, teaching supplies etc., with the expectation this position be funded in the upcoming 2022 Monroe County Budget. The Coronavirus pandemic alerted CCE-Monroe to the need for additional staffing in this program. Through the Community Contingency Fund, the legislature can facilitate having this position funded and filled as soon as possible instead of early 2022.

2. Amend the 2021 operating budget of the Monroe County - Cornell Cooperative Extension by appropriating the sum of \$65,000 within general fund 9001 from fund center 1001020000, Community Contingency Fund to funds center 504215, Cooperative Extension/Soil and Water District for the express purpose of funding one (1) full-time General Nutrition Educator at Monroe County - Cornell Cooperative Extension.

The list of municipalities, along with a description of the youth services each will provide and the breakdown of funding to each, is in Attachment A.

The Rochester-Monroe County Youth Bureau enters into approximately twenty (20) intermunicipal agreements each year. Allocation ceilings are determined through a formula, based on the youth population of each town or village, provided by the state. The recreation and youth services programs to be provided are available to all youth that reside in the respective towns and villages. Recreational programs include a variety of athletic, social, artistic, and cultural events. Youth services programs include youth and family counseling, after-school programs, leadership development, and employment readiness workshops. Subject: Authorize Contracts with Not-For-Profit Agencies for Rochester-Monroe County Youth Bureau Programs in 2021

Honorable Legislators:

I recommend that Your Honorable Body authorize contracts with the agencies listed in Attachment A, in a total amount not to exceed \$735,836 for Rochester-Monroe County Youth Bureau programs for the period of January 1, 2021 through December 31, 2021.

The Rochester Monroe County Youth Bureau enters into approximately ten (10) contracts each year in amounts over \$20,000, with matching funds required for Runaway and Homeless Youth providers only. Contracted services directly correspond to the assessed needs and service objectives of the Rochester-Monroe County Youth Bureau and as required and approved by the New York State Office of Children and Family Services. This year's funding represents a decrease of \$9,213 from last year's funding.

The agencies were selected through a competitive request for qualifications process based on the New York State required County Child and Family Services Plan in which services to be contracted must directly correspond to the assessed needs, priority focus areas, and outcomes of the plan; State Executive Law procedures and criteria for selecting programs; and State certification requirements for runaway and homeless shelter programs.

Contract programs will be evaluated consistently and continually through three methods utilized by the Youth Bureau, documented in its Monitoring and Evaluation Systems Procedures Manual. **OUTCOME ASSESSMENT
METHODOLOGY:**

All program activities are designed to promote goal achievement and be quantified, measured, and tracked. Routine (monthly, quarterly, annually) reviews of progress activities and outcomes allow modifications to be made as needed to support successful outcomes and goal achievement. Measurement tools are developed, and data is collected, reviewed and analyzed by program administrators and the agency Board of Directors, and is used to mark progress toward program goals and to make quality improvements. Measuring program performance is accomplished by querying the agency's Management Information System (which has been maintained for over 23 years) to generate utilization, outcome and impact reports no less than quarterly which is

essential to planning, updating, revising and developing new procedures, protocols and services.

Reports compare actual outcomes to the projected outcomes and are used to inform service methodology or program objective modifications needed. These reports also identify emerging trends, changes in client demographics, geographic distribution, and service utilization. Program goals are quantified so that data can be collected and progress evaluated. The efficacy of services/activities is reflected in the impact (i.e., knowledge gained, skills developed, and behavior change) on the participant and by their direct feedback as to its relevancy. Service methodology is modified as needed to improve efficacy. In this way, services remain client-centered and directed, current and meaningful and successful services/activities are noted and replicated.

Subject: Authorization for Intermunicipal Agreements and Contracts with Schools in Monroe County for COVID-19 Testing

Honorable Legislators:

I recommend that Your Honorable Body authorize intermunicipal agreements with local school districts and contracts with private and charter schools to fund COVID-19 testing programs in those schools. Such testing programs will support schools in maintaining in-person learning and protecting the well-being of students, faculty, staff, and the community.

Two sources of funding are available for the County to support school COVID-19 testing programs. As Your Honorable Body is aware, Coronavirus Aid, Relief, and Economic Security ("CARES") Act funds may be utilized to support such programs. Further, on September 14, 2021, pursuant to Resolution 310 of 2021, Your Honorable Body authorized the acceptance of a grant in the amount of \$15,913,290 from Health Research, Inc. for the Epidemiology and Laboratory Capacity Reopening School Program to enable local health departments to support COVID-19 screening and testing programs in schools (the "ELC Grant").

In order to expand our community's response to the COVID-19 pandemic and support schools in providing safe, in-person education, this referral would authorize agreements with all Monroe County schools serving students in grades P-12 in an aggregate amount not to exceed \$16,000,000 in CARES Act and ELC Grant funding for COVID-19 testing during the current school year, July 1, 2021 through July 31, 2022.

The specific legislative action required is to authorize the County Executive to enter into intermunicipal agreements with all Monroe County public school districts, including BOCES programs, and contracts with private and charter schools serving students in grades P-12 for the purpose of reimbursing necessary expenditures related to the testing of students, faculty, and staff for the COVID-19 virus, for the period July 1, 2021 through July 31, 2022 in an aggregate amount not to exceed \$16,000,000.

This is a Type II Action pursuant to 6 NYCRR §617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
