Subject: Amend the Monroe County Budget and Resolution 211 of 2020 to Increase Monroe County's Contribution to Monroe Community College for the Payment of Tech Fees for the 2021-2022 School Year

Honorable Legislators:

Monroe Community College (MCC) is known throughout the country as a premiere community college when evaluating course variety, STEM Education Opportunities, facilities, athletics and affordability. With more students looking to pursue low cost college education with the rising price of traditional four year schools, and COVID-19 forcing more students to learn remotely, it only makes sense that an affordable community college education becomes a more attractive option for our residents.

It is the aim of the Monroe County Legislature to ensure that our residents are receiving the most affordable education possible. In light of that goal, it is our intention to fully fund the 2021-2022 Technology Fee increase levied on students during this academic year. These fees have increased dramatically in the past year due to necessary technology improvements throughout the facility. By covering the increase in fees, we will be making all students' education more affordable during the financially challenging times of the COVID-19 pandemic.

The specific legislative actions required are:

1. Authorize the transfer of \$700,000 from general fund 9001, fund center 1001020000, Community Contingency Fund, to make available sufficient appropriations for the payment of 2021-2022 Student Tech Fee increases at Monroe Community College.
2. Amend the 2021 Monroe County Budget and Resolution 211 of 2020 by transferring the sum of \$700,000 from funds center 1001020000, Community Contingency Fund to funds center 8901010000, Monroe Community College for the express purpose of funding all student 2021-2022 Tech Fee increases at Monroe Community College.

The legislative action requested in this referral is not an "Action," as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

Respectfully Submitted,

George J. Hebert

Several consultants were considered, with LaBella Associates, D.P.C. rated the most qualified to provide professional engineering services for this project. LaBella Associates, D.P.C. will provide design services in the amount of \$355,000.

Subject: Amend the 2022-2027 Capital Improvement Program to Advance the Sheriff's Incident Command Post Vehicle from 2023 to 2022

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I am requesting that Your Honorable Body amend the 2022-2027 Capital Improvement Program to advance the Sheriff's Incident Command Post Vehicle from 2023 to 2022 in the amount of \$750,000.

The current 2022-2027 Capital Improvement Program includes the Sheriff's Incident Command Post Vehicle project; however, the Sheriff has requested that the project be advanced from 2023 to 2022. The Sheriff's current Command Post is a converted 1998 40' Featherlite racing trailer originally purchased for events such as golf tournaments and community festivals. The current Command Post lacks mobility and was not designed to be positioned close to critical incidents. The existing trailer's size makes it difficult to transport which limits the Sheriff's Office's ability to deploy quickly and respond to emergency situations. Moreover, the trailer's technology is out of date and not operational.

This project is scheduled to be considered by the Monroe County Planning Board on October 28, 2021.

The specific legislative action required is to amend the 2022-2027 Capital Improvement Program to advance the Sheriff's Incident Command Post Vehicle from 2023 to 2022 in the amount of \$750,000.

This is a Type II Action pursuant to 6 NYCRR §617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

Advancing this capital project from 2023 to 2022 will have no impact on the revenues or expenditures in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Adam J. Bello

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Lawrence Kloner in an amount not to exceed \$35,000 for professional services for Law Enforcement Subject Matter Expert Team Lead for Public Safety/Law Enforcement Technology Systems for the period of October 1, 2021 through September 30, 2022, with the option to renew for two (2) additional one-year terms.

All local law enforcement agencies will share information utilizing the systems. Other federal and state law enforcement agencies will also be able to share information on the systems.

A Request for Qualification was issued for this contract with Lawrence Kloner being the sole responder.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with Lawrence Kloner, 208 Northfield Road, Rochester, New York 14617, in an amount not to exceed \$35,000 for professional services for Law Enforcement Subject Matter Expert Team Lead for Public Safety/Law Enforcement Technology Systems for the period of October 1, 2021 through September 30, 2022, with the option to renew for two (2) additional one-year terms, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the acquisition of a Fiber Optic Permanent Easement and does not include the physical alteration nor disturbance of the property. Although Part 1 of the EAF indicates there are archaeological resources and wetlands in the area, the proposed action does not include physical alteration of the site, and any future use of the property will need to be reviewed and consistent with the current zoning code and permitting requirements for Wetlands from state and federal regulatory bodies. Accordingly, it has been determined that no significant adverse environmental impacts will occur from this action.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Subject: Amend Resolution 426 of 2020 to Increase the Contract with HCCO, Inc. for Temporary Staffing Personnel for Information Technology Services

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 426 of 2020 to increase the contract with HCCO, Inc. for temporary staffing personnel for information technology services from an amount not to exceed \$200,000 annually to an amount not to exceed \$550,000 annually for the period of January 1, 2021 through December 31, 2023, with the option to renew for two (2) additional one-year periods in an amount not to exceed \$550,000 annually.

The purpose of this increase is to provide desktop computer support for the County's COVID-19 Vaccination PODs. The Vaccination PODs will require desktop computer support at each location for up to 12 hours per day, 7 days per week. The current funding for the contract with HCCO, Inc. is not sufficient to fund this additional level of support. Additionally, the Department of Information Services Help Desk support team is not currently staffed to provide this additional level of support. This contact increase will provide the resources needed to fulfill the required services for the Vaccination PODs.

The specific legislative action required is to amend Resolution 426 of 2020 to increase the contract with HCCO, Inc. for temporary staffing personnel for information technology services from an amount not to exceed \$200,000 annually to an amount not to exceed \$550,000 annually for the period of January 1, 2021 through December 31, 2023, with the option to renew for two (2) additional one-year periods in an amount not to exceed \$550,000 annually.

This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract increase is included in the 2021 operating budget of the Department of Public Health, general fund 9001, funds center 5801090100, Pandemic Response. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely
