Name of SPOA County

The SPOA team and Committee may get health information, including your youth's health records, through a computer system run by \_\_\_\_\_, a Regional Health Information Organization (RHIO) A RHIO uses a computer system to collect and store health information, including medical records, from your youth's doctors and health care providers who are part of the RHIO. The RHIO can only share your youth's health information with people who you say can see or get such health information.

The SPOA Committee may also get health information, including your youth's history of services reimbursed by Medicaid through a computer system called PSYCKES, which is run by the New York State Office of Mental Health. PSYCKES is a computer system maintained by the New York State Office of Mental Health that contains health information from the NYS Medicaid database, health information from clinical records, and information from other NYS health databases. For an updated list and more information about the NYS health databases in PSYCKES, and see "About PSYCKES."

If you agree and sign this form, SPOA Committee members are allowed to get, see, read and copy ALL of your youth's health information (including all of the health information obtained from the RHIO and/or from PSYCKES) that they need to arrange your youth's care, manage such care or study such care to make health care better for patients. The health information they may get, see, read and copy may be from before and after the date you sign this form. Your health records may have information about illnesses or injuries your youth had or may have had before; test results, like X-rays or blood tests; and the medicines your youth is now taking or has taken before. Your youth's health records may also have information on:

- Alcohol or drug use problems
- Birth control and abortion (family planning)
- Genetic (inherited) diseases or tests
- HIV/AIDS
- Mental health conditions
- Sexually transmitted diseases
- Medication and Dosages
- Diagnostic Information
- Allergies
- Substance use history
- Clinical notes
- Discharge summary
- Employment Information
- Living Situation
- Social Supports
- Claims Encounter Data
- Lab Tests

Health information is private and cannot be given to other people without proper permission under New York State and U.S. laws and rules. The providers that can get and see your youth's health information must obey all these laws. They cannot give your youth's information to other people unless an appropriate guardian agrees or the law says they can give the information to other people. This is true if health information is on a computer system or on paper. Some laws cover care for HIV/AIDS, mental health records, and drug and alcohol use. The providers that use your youth's health information and the SPOA Committee must obey these laws and rules.

**Please read all the information on this form before you sign it:**

**I GIVE CONSENT** for the SPOA Committee to access ALL of my youth's health information through the RHIO and/or through PSYCKES to provide my youth care or manage my youth's care, to check if my youth is in a health plan and what the plan covers.

**I DENY CONSENT** for the SPOA Committee to access ALL of my youth's health information through the RHIO and/or through PSYCKES; however, I understand that my provider may be able to obtain my information even without my consent for certain limited purposes if specifically authorized by state and federal laws and regulations.

# Patient Information Sharing Consent

## Details About Patient Information and the Consent Process

### 1. How will SPOA providers use my information?

If you agree, SPOA providers will use your health information to:

- Coordinate your health care and manage your care;
- Check if you have health insurance and what it pays for; and
- Study and make health care for patients better.

The choice you make does NOT let health insurers see your information to decide whether to give you health insurance or pay your bills.

### 2. Where does my health information come from?

Your health information comes from places and people that gave your health care or health insurance in the past. These may include hospitals, doctors, drugstores, laboratories, health plans (insurance companies), the Medicaid program, and other groups that share health information. For a list of the information available in PSYCKES, visit the PSYCKES website at [www.psyckes.org](http://www.psyckes.org) and see "About PSYCKES" or ask your treatment provider to print the list for you.

### 3. What laws and rules cover how my health information can be shared?

These laws and regulations include New York Mental Hygiene Law Section 33.13, New York Public Health Law Article 27-F, and federal confidentiality rules, including 42 CFR Part 2 and 45 CFR Parts 160 and 164 (which are the rules referred to as "HIPAA").

### 4. If I agree, who can get and see my information?

The only people who can see your health information are those who you agree can get and see it, like doctors and other people who work for the SPOA and who are involved in your health care and people who work for a SPOA provider who is giving you care to help them check your health insurance or to study and make health care better for all patients.

### 5. What if a person uses my information and I didn't agree to let them use it?

If you think a person used your information, and you did not agree to give the person your information, call one of the providers you have said can see your records, the SPOA at \_\_\_\_\_, the United States Attorney's Office at (212) 637-2800, or the NYS Office of Mental Health Customer Relations at 800-597-8481.

### 6. How long does my consent last?

Your consent will last until the day you take back your consent, or if the SPOA stops working, or three years after the last date of service from the SPOA, whichever comes first.

### 7. What if I change my mind later and want to take back my consent?

You can take back your consent at any time by signing a Withdrawal of Consent Form and giving it to the SPOA. You can get this form by calling \_\_\_\_\_. Note: Even if you later decide to take back your consent, providers who already have your information do not have to take it out of their records.

### 8. How do I get a copy of this form?

You can have a copy of this form after you sign it.

## Verification of Meeting Serious Emotional Disturbance Criteria for OMH Youth ACT, CCRs, and RTFs

**Instructions:**

A child or adolescent (under the age of 21) has Serious Emotional Disturbance (SED) if they have a designated mental illness diagnosis in the Diagnostic and Statistical Manual (DSM) categories below as defined by the most recent version of the DSM of Mental Health Disorders AND have experienced functional limitations listed below due to emotional disturbance over the past 12 months from the date of assessment on a continuous or intermittent basis as determined by the treating or assessing Licensed Practitioner of the Healing Arts (LPHA.) A child with verified SED may be eligible for intensive services offered by Youth Assertive Community Treatment (ACT), Children’s Community Residence (CCR) and Residential Treatment Facility (RTF.)

This verification form is to be filled-out by a LPHA who has the ability to diagnose within their scope of practice under New York State law. The LPHA must verify that the applicant meets SED criteria based on primary diagnosis and functional impairments. The form should be completed by a LPHA who has diagnosed or is actively treating the child. The LPHA verification is required component of a referral for access to Youth ACT, CCR, and RTF.

NOTE: This form is not required if verification of SED by an LPHA is present in the youth’s clinical documentation.
