Subject: Classification of Action and Determination of Significance Pursuant to State Environmental Quality Review Act ("SEQRA") for the East Avenue Sidewalk Project funded through the Monroe County Community Development Block Grant Program /HOME

Honorable Legislators:

I recommend that Your Honorable Body designate Monroe County as Lead Agency for the East Avenue Sidewalk Project funded through the Monroe County Community Development Block Grant ("CDBG") Program and to determine whether the action may have a significant adverse impact on the environment pursuant to SEQRA.

The project consists of the Town of Brighton using CDBG funds to install 700 lineal feet of ADA compliant concrete sidewalk. The sidewalk will start at the existing sidewalks at #2407 East Avenue (Crossways Condominiums) on the north-side of the road and travel westward along the properties #2370 & #2290 East Avenue. These sidewalks will be an improvement to the neighborhood and the apartments. The new sidewalks will finish the last section of missing sidewalk and connect into the sidewalks along the north-side of East Avenue and improve the overall safety for those who reside within the neighborhood. The installation will occur in a suburban-residential neighborhood that was previously disturbed at the time of construction.

This project will not impact existing wetlands, or historical, cultural, or natural resources nor will it alter the existing community character. The proposed action is consistent with existing land use and will increase the safety of nearby residents.

East Avenue Sidewalk Project, funded through the Monroe County CDBG Program has been preliminarily classified as an Unlisted Action pursuant to 6 NYCRR § 617(b). The State Environmental Quality Review Act regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that East Avenue Sidewalk Project is an Unlisted Action.
2. Make a determination of significance of the East Avenue Sidewalk Project pursuant to 6 NYCRR § 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under SEQRA, and any other actions to implement the intent of this resolution.

This determination will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Negative Declaration - Determination of No Significant Effect on the Environment:

The Town of Brighton is proposing to install 700 lineal feet of ADA compliant concrete sidewalk. The sidewalk will start at the existing sidewalks at #2407 East Avenue (Crossways Condominiums) on the northside of the road and travel westward along the properties #2370 & # 2290 East Avenue. The new sidewalks will finish the last section of missing sidewalk and connect into the sidewalks along the northside of East Avenue and improve the overall safety for those who within the neighborhood. There are five apartment complex's which include senior living that are within this census block with approximately 811 living units along with residential houses. The Scobell Chemical NYSDOT Site is located across the 590 expressway and approximately 1400 feet away. The site is in the State Superfund Program and is actively being monitored and remediated. Review by the State Historic Preservation Office (SHPO) has been started and is anticipated to be completed prior to a final decision on this project is completed. It is anticipated that this project will not have an impact on historic, natural, and cultural resources and will not alter the existing community character or increase traffic. The proposed action is consistent with existing land use. Accordingly, the proposed action will have no significant effect upon the environment and is determined to be a negative determination.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
