RESOLUTION NO. _____ OF 2022

**CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO
STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR LEASE OF OFFICE AND
LABORATORY SPACE AT 819-827 WEST MAIN STREET, ROCHESTER, NY**

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the lease of 819-827 West Main Street, Rochester, New York is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form and has considered the potential environmental impacts of the lease of 819-827 West Main Street, Rochester, NY pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Monroe County intends to lease 819-827 West Main Street, Rochester, NY (Tax ID # 120.43-2-2) for 10,460 sq ft of office and laboratory space for the Monroe County Public Health STD Clinic. The facility is intended for interior space with typical parking and access from the outside.

The Part 1 EAF indicated that the site is in close proximity to a building, archaeological site, or district which is listed on the National or State Register of Historic Places and a property that has been the subject of remediation.

No historic resources will be affected by the lease of 819-827 West Main Street. No resources are directly adjacent to the site. There are several buildings on, or eligible, the national registry of historic resources, but none will be directly affected by the lease of 819-827 West Main Street. As it's use is consistent with the surrounding community and it is an existing structure.

Across the street from the site, there is a Voluntary Cleanup Program at the site of a Rite Aid drug store that was built in recent years (Spill 9609530). During phase II they found contamination likely associated with former service station (Hess and Graff Oil) located at the site. The cleanup consisted of removing former underground storage tanks that were filled with slurry and left in place. The tanks were dug out and cleaned. Contaminated soil was excavated. An area of #2 Fuel Oil was also identified. The contaminated soils were dug out, disposed of at a secure landfill the site was closed out 12/02/1999. This issue has been resolved and will not impact the lease of 819-827 West Main Street

For the above reasons the lease of 819-827 West Main Street will not result in any significant adverse environmental impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
