<b>WAYS &amp; MEANS</b>

To The Honorable  
Monroe County Legislature  
407 County Office Building  
Rochester, New York 14614

**Subject:** Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District Entitled "GCOSD – GCO Pump Station Improvements" Project; Amend the 2025 Capital Budget to Add the Project; and Authorize Financing

Honorable Legislators:

I recommend that Your Honorable Body approve a request to establish an Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District (the "District") in the amount of \$1,000,000, consisting of a capital project entitled "GCOSD - GCO Pump Station Improvements;" amend the 2025 Capital Budget to add the project; and authorize financing.

The total Increase and Improvements of Facilities in the District is comprised of the "GCOSD - GCO Pump Station Improvements" project (\$1,000,000). and "GCOSD - General Collection System Improvements" project (\$350,000) for a total estimated cost of the Increase and Improvement in the amount of \$1,350,000. The "GCOSD - General Collection System Improvements" project is under consideration by Your Honorable Body as a companion referral.

The Increase and Improvement of Facilities is necessary to provide funding for the "GCOSD - GCO Pump Station Improvements" project. This project includes major mechanical, electrical, hydraulic and structural improvements to the GCO Pump Station. The project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is \$1,000,000.

The estimated cost of the improvements is \$1,000,000. The actual debt service obligation for the additional cost of the project, as projected in future years, could potentially result in an increase of \$2.48 to the future annual charges of the average District ratepayer. However, the actual impact is typically reduced through retirement of previous debt and other offsets to the District's capital charge levy. Based on an average water consumption of 60,000 gallons, the total annual charge for both operation & maintenance and capital to the District ratepayer in 2024 is \$279.26.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

**The specific legislative actions required are:**

1. Hold a Public Hearing for the proposed maximum amount to be expended for an “Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District.”
2. Following the Public Hearing, adopt a resolution approving the “Increase and Improvement of Facilities in the Gates-Chili-Ogden Sewer District” at the maximum amount to be expended.
3. Amend the 2025 Capital Budget to add a project entitled “GCOSD - GCO Pump Station Improvements” in the amount of \$1,000,000.
4. Authorize financing for the “GCOSD - GCO Pump Station Improvements” project in the amount of \$1,000,000, subject to the approval of the State Comptroller, if required.
5. Authorize filing of applications and execution of Project Financing Agreements and any other necessary documents by the County Executive or the Director of Finance – Chief Financial Officer, as appropriate, for participation in the New York State Water Pollution Control Revolving Loan Fund under the applicable laws of New York State to finance all or a portion of the project.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) (“maintenance or repair involving no substantial changes in an existing structure or facility”) and (2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in the capital fund to be created once the financing authorization herein is approved, and in any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by the Gates-Chili-Ogden Sewer District user fees. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,  

Adam J. Bello  
Monroe County Executive
