Committee Assignment
PUBLIC SAFETY -L

April 4, 2025

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Adopt a Resolution Allowing Monroe County to Install Automatic License Plate Reader Equipment and Technology Within Right-of-Way Owned by New York State

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body incorporate by reference and adopt the attached resolution required by New York State to allow Monroe County to install license plate reader equipment and technology for an Automatic License Plate Reader Program ("ALPR Program") within Monroe County and in right-of-way owned by the State of New York as described in the attached listing of locations.

Currently, Monroe County is the only major county in New York State that has not deployed an ALPR Program. Buffalo, Syracuse, Albany and New York City have already deployed ALPR Programs and proven their effectiveness at solving crime and enhancing public safety. With the support of representatives of Governor Hochul's office, this technology was identified as one of the most important efforts to enhance local law enforcement agencies' ability to address threats to public safety. This project was specifically identified in the Monroe County Sheriff's Office Law Enforcement Technology Grant application and implementation of the ALPR Program is fully funded by New York State.

The specific legislative action required is to incorporate by reference and adopt the attached resolution required by New York State to allow Monroe County to install license plate reader equipment and technology for an Automatic License Plate Reader Program within Monroe County and in right-of-way owned by the State of New York as described in the attached listing of locations.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site”) and is not subject to further review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
