**Subject:** Increase and Improvement of Facilities in the Rochester Pure Waters District –  
General Collection System and Treatment Plant Improvements and Authorize an  
Interfund Transfer

**Honorable Legislators:**

I recommend that the Administrative Board of the Rochester Pure Waters District approve a request to establish an Increase and Improvement of Facilities in the Rochester Pure Waters District (the "District") in the amount of \$1,900,000, consisting of a capital project entitled "General Collection System & Treatment Plant Improvements" and authorize an interfund transfer.

This increase and improvement of Facilities is necessary to provide funding for the "General Collection System & Treatment Plant Improvements". This project includes general improvements to various pump stations, collection system infrastructure, and the Frank E. Van Lare Water Resource Recovery Facility, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is \$1,900,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

**The specific Administrative Board action required** is to submit a request to the Monroe County Legislature to approve an "Increase and Improvement of Facilities in the Rochester Pure Waters District," consisting of a capital project entitled "General Collection System & Treatment Plant Improvements," at an estimated cost of \$1,900,000 and authorize an interfund transfer.
