RESOLUTION NO. _____ OF 2022

**CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO
STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR 1850 BRIGHTON-HENRIETTA
TOWNLINE ROAD, ROCHESTER, NEW YORK 14623**

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that Helio Health, Inc.'s capital project for an inpatient detox facility is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated November 3, 2022 and has considered the potential environmental impacts of Helio Health, Inc.'s capital project for an inpatient detox facility pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Monroe County is providing funding from NYS Office of Addiction Services and Supports ("OASAS") for a capital project for an inpatient detox facility located at 1850 Brighton-Henrietta Townline Road, Rochester, New York. The capital project will include the addition of a patio on the northwest side of the existing building, the construction of an outdoor passive recreation area with walking trails, and existing lights will be replaced with LED fixtures. The existing site is surrounded by light industrial and retail facilities, with a wooded parcel to the rear that is proposed for the walking trail and passive recreation area. Such activity is consistent with the intensity, existing community character, and natural resources described above.

To the rear of the parcel is a State Superfund Site that has been remediated based on its anticipated use, as mixed light manufacturing and commercial office space, however no access restrictions to the facility are listed. Exposure to contaminated groundwater is not expected as the area is served by public water, contaminated soil and sediment have been removed. Physical barriers to control migration of contaminated groundwater have been installed and Remedial measures have reduced the potential for exposure to site-related contaminants. Accordingly, the installation of passive recreation trails on the surface of adjacent parcels will not increase the potential for exposure to site-related contaminants.

Additionally, the site is served by local public transportation and is just over one (1) mile from the Northern Spur of the Lehigh Valley Trail that connects the Town of Henrietta and RIT to an extensive trail network criss-crossing Monroe County, including; the Erie Canal, the Genesee Riverway Trail, and the Genesee Valley Greenway.

The above proposed action will not result in any significant adverse environmental impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

ENV. & PUB. WORKS-L

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for 1850 Brighton-Henrietta Townline Road, Rochester, New York 14623

Honorable Legislators:

I recommend that Your Honorable Body determine whether accepting funding from the New York State Office of Addiction Services and Supports in the amount of \$446,110 for Helio Health, Inc.'s capital project for an inpatient detox facility located at 1850 Brighton-Henrietta Townline Road, Rochester, New York 14623 (the "Project") may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The Project has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall undertake, fund, or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that Helio Health, Inc.'s capital project for an inpatient detox facility is an Unlisted action.
2. Make a determination of significance regarding Helio Health, Inc.'s capital project for an inpatient detox facility pursuant to 6 NYCRR § 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,
A handwritten signature in black ink, appearing to read "Adam Bello", is written over a large, faint watermark of the Monroe County seal.
