

Office of the County Executive

MONROE COUNTY, NEW YORK

Cheryl Dinolfo
County Executive

May 5, 2017

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize a Contract with MRB Group, Engineering, Architecture & Surveying, D.P.C. for Professional Engineering Services for the Monroe County Jail's Main Frame and Tower Pump Station Improvements Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with MRB Group, Engineering, Architecture & Surveying, D.P.C., in the amount of \$29,900, for professional engineering services, for the Monroe County Jail's (Jail) Main Frame and Tower Pump Station Improvements Project.

The Jail operates and maintains two (2) pump stations located at 130 S Plymouth Ave., in the City of Rochester. The Jail Main Frame Pump Station was constructed in the early 1960's. The Jail Tower sanitary pump station was constructed with the Jail addition in the early 2000's. Both stations convey flow from the Jail Main Frame and Tower to Monroe County Pure Waters sewers located on Plymouth and Broad Streets. Improvements include refurbishing the two (2) pump stations, replacing pumping equipment and upgrading associated structural, mechanical, electrical, instrumentation and control and ventilating systems. These improvements are required to more effectively and efficiently convey flows and maintain reliability. This initial phase will include preliminary design services.

Several consultants were considered, with MRB Group, Engineering, Architecture & Surveying, D.P.C. rated the most qualified to provide professional engineering services for the project. MRB Group, Engineering, Architecture & Surveying, D.P.C. will provide preliminary design services in the amount of \$29,900.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract with MRB Group, Engineering, Architecture & Surveying, D.P.C., 145 Culver Road, Suite 160, Rochester, NY 14620, in the amount of \$29,900, for professional engineering services, for the Monroe County Jail's Main Frame and Tower Pump Station Improvements Project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

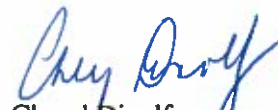

Funding for this contract, consistent with authorized uses, is included in capital fund 1795 and any capital fund(s) created for the same intended purpose. No additional net county support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither MRB Group, Engineering, Architecture & Surveying, D.P.C., nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Ryan T. Colin, President
James J. Oberst, Executive Vice President
David M. Doyle, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo
Monroe County Executive
