To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Authorize an Amendment of the County Road System Map

Honorable Legislators:

I recommend that Your Honorable Body authorize an amendment of the County road system map.

The New York State Department of Transportation is updating the public road mileage for all municipalities in New York State for the Federal Highway Administration in a geospatial format to use in a Geographic Information System. The update has included an informational meeting and a comprehensive review of all roadways and their lengths in the Local Highway Inventory. As part of the update for Monroe County, several road segments have been identified as eligible to be added to our inventory and subsequently to be included for highway maintenance funding distribution purposes. The following roadway segments are eligible and are proposed to be added to the official County Highway Map:

Road	From	To	Town	Length
Park Road	Corwin Road	North Landing Road	Brighton	0.17 mi.
Horseshoe Road	Kings Highway	Lakeshore Blvd.	Irondequoit	0.24 mi.
Bay Front South	Orchard Park Blvd.	South Glen Road	Irondequoit	0.54 mi.
South Glen Road	Bay Front South	Glen Haven Road	Irondequoit	0.16 mi.
Hopkins Point Road	Clover Street	Canfield Road	Mendon	1.08 mi.
Corduoy Road	Woolston Road	Park Road	Perinton	0.56 mi.
Total				2.75 mi.

Therefore, the Monroe County Director of Transportation recommends the corresponding amendment of the County road system map under Highway Law Section 115.

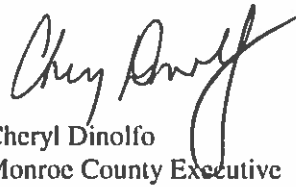

The specific legislative action required is to authorize an amendment of the County road system map to include: Park Road, Corwin Road to North Landing Road; Horseshoe Road, Kings Highway to Lakeshore Blvd.; Bay Front South, Orchard Park Blvd. to South Glen Road; South Glen Road, Bay Front South to Glen Haven Road; Hopkins Point Road, Clover Street to Canfield Road; and Corduroy Road, Woolston Road to Park Road.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This amendment will have no impact on the revenues and expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo
Monroe County Executive
