**Re: Memorializing Governor Kathy Hochul and the New York State Legislature to Support the Housing Access Voucher Program (S72/A1704).**

Honorable Legislators:

The City of Rochester and Monroe County are experiencing a growing housing crisis, with rising rates of homelessness and an increasing lack of affordable housing options. In recent years, Rochester has seen a troubling increase in the number of individuals and families experiencing homelessness, with local shelters at capacity and more residents being forced into precarious housing situations. Meanwhile, the availability of affordable housing has not kept pace with demand, leading to housing instability for low-income residents, many of whom are at risk of displacement. Rochester continues to struggle with high rates of poverty, with a significant number of households spending more than a third of their income on housing costs.

New York State has a responsibility to ensure that all residents have access to safe, stable, and affordable housing, particularly as housing costs outstrip wages and social safety nets remain insufficient to meet the needs of vulnerable populations. The Housing Access Voucher Program (HAVP) would provide essential assistance by functioning similarly to the federal Housing Choice Voucher Program (Section 8) but with broader eligibility and greater flexibility. This would include coverage for individuals and families experiencing homelessness or at risk of homelessness, including those who do not qualify for federal assistance.

HAVP would offer ongoing rental assistance to those with extremely low incomes, ensuring that recipients pay no more than 30% of their income toward rent. This approach would significantly reduce housing instability and prevent homelessness. Furthermore, investing in HAVP would not only improve housing security but also reduce costs associated with emergency shelters, healthcare, and other crisis interventions caused by homelessness.

Vouchers are an important tool to address housing affordability. Monroe County should join local governments across the state that are calling on New York State to fund and implement HAVP as a necessary tool to address the housing crisis.

COUNTY OFFICE BUILDING, ROOM 409, 39 WEST MAIN STREET, ROCHESTER, NY 14614

For these reasons, we respectfully urge the State Legislature and Governor to include full funding for the Housing Access Voucher Program in the state budget and to take immediate action to support individuals and families in need of stable housing.

Respectfully Submitted,

## RE: Memorializing Congress and President Trump to Pass The Food Deserts Act

Honorable Legislators,

Families should never have to worry about accessing healthy food within their neighborhoods. Yet, millions of people across the country live in food deserts, communities which lack access to affordable, nutritious food. This issue disproportionately affects low-income neighborhoods and rural areas, where grocery stores are scarce or non-existent.

Food insecurity is one of the most pressing issues facing our communities. In fact, according to the latest *Feeding America Map the Meal Gap* report, Monroe County has one of the highest food insecurity rates in the region, with over 12% of residents, roughly 1 in 8 people, facing hunger.

The Food Deserts Act, H.R. 484, introduced by Representative André Carson, aims to combat this critical issue by establishing a program to provide grants to states to create and support grocery stores in food deserts. The bill specifically targets underserved communities, where individuals face barriers to accessing fresh, healthy food. By providing loans to support the opening and operation of grocery stores, the Food Deserts Act will help bring affordable, nutritious options to those who need them the most.

Further, this bill prioritizes initiatives to create jobs within these communities, promote local sourcing of food, and educate residents about healthy eating habits. The bill encourages partnerships with local organizations which specialize in the technical aspects of running a grocery store, ensuring these new businesses have the resources and expertise needed to thrive.

The Food Deserts Act outlines a thoughtful and comprehensive approach to addressing food insecurity. It provides not only financial assistance to establish new grocery stores but also ensures these stores focus on offering unprocessed, nutrient-rich foods and staple items at affordable prices. This legislation empowers states to administer the revolving funds, giving them the flexibility to meet the unique needs of their communities.

By investing in the infrastructure of underserved communities, this bill will help break the cycle of food insecurity and poor health outcomes. The Food Deserts Act has the potential to transform lives by ensuring all Americans, no matter where they live, have access to the food they need to lead healthier, more fulfilling lives.

We strongly urge the members of the House of Representatives and the Senate to support this bill and take action to fight hunger. We also encourage President Trump to sign this bill into law.

**Re: Memorializing the New York State Legislature to reintroduce and pass, and the Governor to sign A.3506/S.2235, also known as the New York for All Act**

Honorable Legislators:

The New York for All Act (A.3506 / S.2235) would prohibit and regulate the discovery and disclosure of immigration status by New York State and local government entities.

Immigrants are integral to the fabric of communities across New York State, including here in Monroe County. They are our neighbors, coworkers, caregivers, and small business owners. Immigrants make up nearly a quarter of the state's population and contribute billions in taxes and economic activity every year.

New York has made important strides in protecting the rights and dignity of immigrant residents, including expanding access to driver's licenses, tuition assistance, and legal defense. However, gaps in state and local policies continue to leave immigrant New Yorkers vulnerable to federal immigration enforcement through unnecessary collection and disclosure of immigration status.

Policies which allow state and local agencies to share this information not only place individuals at risk of detention and deportation—they also undermine public safety. When immigrant residents fear interactions with local law enforcement or government officials, they are less likely to report crimes, seek assistance, or access critical services. Research shows communities with policies limiting cooperation with ICE experience *lower* crime rates and *stronger* economic outcomes.

The New York for All Act would establish consistent, statewide standards to prevent entanglement with federal immigration enforcement. Specifically, the bill would:

- Prohibit state and local agencies from inquiring about or disclosing a person's immigration status unless required by law;
- Require transparency and reporting of all communications between state/local entities and federal immigration enforcement;
- Bar ICE from entering non-public areas of government property without a judicial warrant;

- Ensure individuals held in local jails are informed of their rights, including the right to decline ICE interviews and the right to legal counsel.

Immigrant New Yorkers deserve to be treated with dignity and equal protection under the law—regardless of which agency or jurisdiction they encounter. Passage of the New York for All Act would make New York a leader in protecting immigrant communities and strengthening trust between government and the people it serves.

We respectfully urge the Legislature to pass—and the Governor to sign—this vital legislation.

Subject: Resolution for Harriet Tubman Underground Railroad New York Scenic Byway Nomination  
and Corridor Management Plan Adoption

Honorable Legislators:

I recommend that this Honorable Body adopt a resolution supporting the designation of the Harriet Tubman Underground Railroad New York Scenic Byway, confirming that Monroe County will not approve any requests for new off-premise outdoor advertising signs along the designated Harriet Tubman Underground Railroad New York Scenic Byway route, and committing to work in partnership with the other municipalities along the Harriet Tubman Underground Railroad New York Scenic Byway and local and regional stakeholders in order to support future Byway program development.

The proposed 550-mile Harriet Tubman Underground Railroad New York Scenic Byway ("Byway") begins at the New Jersey border in the Southern Region and travels through twenty-two counties, before concluding at Niagara Falls. Within Monroe County, the Byway route follows Route 31, except for a segment that travels down East and West Main Street in the City of Rochester.

The Byway serves to commemorate Harriet Tubman's historical impact, and will further enrich Monroe County as a destination for heritage tourism. In adopting the proposed resolution, the County would signal its commitment to protecting, preserving, and promoting the unique resources along the route.

**The specific legislative action required is to adopt a resolution supporting the designation of the Harriet Tubman Underground Railroad New York Scenic Byway, confirming that Monroe County will not approve any requests for new off-premise outdoor advertising signs along the designated Harriet Tubman Underground Railroad New York Scenic Byway route, and committing to work in partnership with the other municipalities along the Harriet Tubman Underground Railroad New York Scenic Byway and local and regional stakeholders in order to support future Byway program development.**

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action") and is not subject to further review under the State Environmental Quality Review Act.

The required action is revenue neutral and no net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by this Honorable Body.

**Subject: Memorializing New York State Governor Kathy Hochul to Immediately Rescind Executive Order 47.3 and Ensure All State Prisoners Awaiting Transfer Are Transferred into the State Prison System**

Honorable Legislators:

Over the past several months, New York State Corrections Officers have raised the alarm about unsafe working conditions, chronic understaffing, and excessive mandatory overtime—conditions exacerbated by the implementation of the so-called HALT Act. These officers exercised their right to protest, demanding safer conditions and basic respect for the risks they take every day.

Instead of addressing these legitimate concerns, Governor Kathy Hochul chose retaliation over responsibility. Through Executive Order 47.3, she terminated over 2,000 Corrections Officers and banned them from future employment in the Department of Corrections and Community Supervision (DOCCS), stripped their peace officer certification, and prohibited them from serving in any local government role across the State. This extreme and punitive action targeted the very individuals who risk their lives to uphold public safety, sending a dangerous message: stand up for yourself, and you'll be silenced.

Even more disturbing is the fact that these officers were not only fired but effectively blacklisted from public service. By removing their state-issued peace officer certification, the Governor ensured that these men and women—many of whom have spent their careers serving with honor—are barred from continuing their public safety careers at the local level. This vindictive move goes beyond punishment; it's career destruction, carried out without due process, with the clear intent to ruin livelihoods and silence dissent. No state that values law and order should ever treat its public safety personnel this way. Their peace officer certification must be reinstated immediately so that these trained professionals can continue protecting their communities.

Rather than fix the staffing crisis she created, Governor Hochul's administration is now advancing policies to release prisoners early—further jeopardizing public safety and eroding the public's trust in our criminal justice system.

At the same time, Counties like Monroe are being financially punished. State law requires the transfer of sentenced inmates to state prison within ten days. After that, the State reimburses Counties only \$100 per inmate per day. Yet the actual cost of housing a state inmate in Monroe County Jail exceeds \$219 per day, placing an unfair burden on local taxpayers—amounting to thousands in added daily costs and over \$15,000 every single week due to the State's failure to meet its obligations.

This Executive Order has only made a bad situation worse. It has destabilized our correctional system, endangered officers still on the job, and increased pressure on County jails and budgets across New York. Therefore, we urge you to join us in calling upon Governor Kathy Hochul to immediately rescind Executive Order 47.3 in its entirety, reinstate the peace officer certification of all affected personnel, and direct the Department of Corrections and Community Supervision to resume the prompt transfer of all State prisoners into the custody of the State prison system.

**Subject: Memorializing the New York State Legislature to Pass and Governor Kathy Hochul to Sign Senate Bill S591A, "Relates to Eligible Purchases by School Breakfast and Lunch Service Programs Receiving Additional State Subsidies"**

Honorable Legislators:

Strong schools and strong farms are at the heart of strong communities. Senate Bill S591A recognizes that local partnerships between schools and farmers benefit not only students and educators, but also the hardworking families who feed New York State. This legislation takes a common-sense, fiscally responsible step by expanding an existing reimbursement program—already in place for school lunches—to include eligible food purchases made for breakfast and snack programs.

First established in 2018, this reimbursement program was designed to encourage schools to purchase fresh, minimally processed foods from local New York farms. However, the program has been unnecessarily limited—only counting lunch toward the 30% local sourcing threshold, and leaving out items served at breakfast or as snacks, such as milk, yogurt, cheese, and fresh fruits. As a result, only 49 of New York's 686 public school districts qualified, and just seven received reimbursement—an unacceptable return on investment for a program with such promise.

Senate Bill S591A would make simple, smart updates to this underutilized program. It proposes a \$10 million appropriation through the State Education Budget and allows schools to count locally sourced breakfast and snack purchases toward the 30% threshold. This isn't about expanding bureaucracy or creating new entitlements—it's about making an existing program work better for the communities it was meant to serve.

According to Hunger Solutions New York, 4,912 schools in the state operate lunch programs, serving over one million students. Additionally, 1,562 schools serve free breakfast to over 500,000 children. By modernizing the local sourcing incentives to reflect these realities, we can ensure that taxpayer dollars support New York farms, not out-of-state distributors.

Here in Monroe County, our 21 public school districts include both suburban and rural communities that depend on local food systems. Many already work directly with area farms to provide fresh, healthy products to students, but they do so while balancing tight budgets. S591A empowers local school leaders to continue these efforts by easing outdated restrictions—not by increasing spending without accountability.

Therefore, I urge you to join me in calling upon the New York State Legislature to pass and Governor Kathy Hochul to sign Senate Bill S591A. This bill protects taxpayer dollars, supports small farms, strengthens school nutrition programs, and gives local school districts the flexibility to make smart, community-focused choices.

**Subject: Memorializing the New York State Legislature and Governor Kathy Hochul to Pass and Sign Bill S2068, "Relates to a Real Property Tax Exemption for Property Owned by Certain Persons Performing Active Duty in a Combat Zone"**

Honorable Legislators:

Senate Bill S2068, titled "Relates to a Real Property Tax Exemption for Property Owned by Certain Persons Performing Active Duty in a Combat Zone," seeks to provide essential financial relief to active-duty military personnel, acknowledging their unwavering service and sacrifices for our nation. Currently, while veterans benefit from property tax exemptions, active-duty service members do not receive similar benefits, despite their ongoing commitment to national defense. This bill addresses this disparity by offering a 15% exemption on the assessed value of their primary residence, with an additional 10% exemption for those deployed in combat zones, thereby easing the financial burdens associated with homeownership for these dedicated individuals.

The unpredictable nature of military life presents unique economic challenges for service members and their families, often complicating homeownership. By reducing property tax obligations, this legislation would make homeownership more attainable and sustainable for active-duty personnel stationed in New York, providing tangible support that reflects their dedication and service.

Moreover, this bill has the potential to encourage military personnel to establish long-term residency in New York, thereby strengthening local communities. Service members frequently face decisions about where to reside post-service. By offering property tax exemptions, New York positions itself as an attractive option for these individuals and their families, fostering community stability and contributing positively to local economies. Aligning this benefit with existing exemptions for veterans ensures a fair and consistent approach in the state's support for all who serve.

In essence, Bill S2068 acknowledges the sacrifices of active-duty service members by extending financial relief through property tax exemptions. It fills a critical gap in current support structures by including those actively serving, particularly those deployed in combat zones. This measure not only bolsters the financial well-being of military families but also promotes long-term residency in New York, all without imposing undue financial strain on the state. Passing this legislation would be a clear demonstration of New York's commitment to honoring and supporting the men and women who dedicate their lives to protecting our nation.

Therefore, I urge you to join me in calling upon the New York State Legislature to pass, and Governor Kathy Hochul to sign, Bill S2068 as a sincere expression of gratitude to active-duty service members who risk their lives for our country.

**Honorable Legislators:**

I recommend that Your Honorable Body determine whether the release, modification, restatement, and vacation of underground electric and water easements at 390 and 400 East Henrietta Road in the City of Rochester, and the modification of a utility tunnel easement at 400 and 422 East Henrietta Road in the City of Rochester, may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

Determine that the release, modification, restatement, and vacation of underground electric and water easements at 390 and 400 East Henrietta Road in the City of Rochester, and the modification of a utility tunnel easement at 400 and 422 East Henrietta Road in the City of Rochester, is an Unlisted action.
2. Make a determination of significance regarding the release, modification, restatement, and vacation of underground electric and water easements at 390 and 400 East Henrietta Road in the City of Rochester, and the modification of a utility tunnel easement at 400 and 422 East Henrietta Road in the City of Rochester, pursuant to 6 NYCRR § 617.7.

### Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Part 1 of the EAF indicates the site contains or is near the following: Critical Environmental Area, National or State Register of Historic Places, and wetlands.

**Critical Environmental Area:** due to proximity to the Erie Canal, the site is within a Critical Environmental Area. However, the Canal is distant from this easement and separated by several parcels. Additionally, this action will not have an adverse impact on the Critical Environmental Area.

**Historic resources:** the EAF Mapper indicates the project site as being approximately 500 feet from the New York State Barge Canal Historic District listed as a National Register site. For the same reasons above, distance and nature of underground easement this project will not have a significant adverse impact on the National Register site. None of the properties are adjacent to nor directly across from the project site.

The electric and water easements located under portions of Parcels 6a and 7a inhibit development of the property. The Monroe County Department of Environmental Services determined the underground electric and water easements are not in use and have essentially been abandoned. **The specific legislative action required is** to authorize the County Executive, or his designee, to take the necessary steps to release, modify, restate, and/or vacate the underground electric and water easements at 390 and 400 East Henrietta Road in the City of Rochester, and modify a utility tunnel easement at 400 and 422 East Henrietta Road in the City of Rochester.

The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding or approving the action requested in this referral.

The required action is revenue neutral and no net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither CityGate North 4 SRE, LLC, CityGate North 5 SRE, LLC, CityGate North 6 SRE, LLC, nor the principal officer of those firms, Matthew J. Lester, owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

**Honorable Legislators:**

I recommend that Your Honorable Body amend Resolution 324 of 2024, to accept additional funding from New York State Department of Health in the amount of \$842,935 for support of the Monroe County Nurse-Family Partnership Program.

The purpose of this grant is to provide support of the County's existing Nurse-Family Partnership ("NFP") program. The NFP program is an evidence-based nurse home visiting program that has been rigorously evaluated and includes expertly trained nurses delivering the services per a standard curriculum. The grant will provide a portion of the funding for the NFP program annually providing home visits to up to 300 high-risk, first time mothers, their infants and families to improve their pregnancy outcomes and their health, well-being and self-sufficiency. Funds will be used for partial salary and benefits of existing positions, administrative costs, training, printing, purchase of supplies to run the program, and vendor contracts. This is the seventh year the County has received this grant.

Funds will also be used to contract with UR Medicine Home Care, Licensed Services, Inc. dba Visiting Nurse Signature Care to provide the nurses who make home visits to all NFP clients, and for administrative support in arranging for travel, accommodations and training for the program.

**The specific legislative actions required are:**

1. Amend Resolution 324 of 2024 to accept an additional \$842,935 from, and to authorize the County Executive, or his designee, to execute a contract and any amendments thereto with, the New York State Department of Health, for support of the Monroe County Nurse-Family Partnership Program, bringing the total program award to \$5,700,775.
2. Amend the 2025 operating budget of the Department of Public Health by appropriating the sum of \$337,174 into general fund 9300, funds center 5803050000, Nurse-Family Partnership.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. **Subject:** Authorize the Conveyance of a Temporary Environmental Conservation Easement to the Town of Penfield on the Property Located at 1775 Kennedy Road, Penfield, New York

Honorable Legislators:

We recommend that Your Honorable Body authorize the conveyance of a temporary environmental conservation easement to the Town of Penfield on the property located at 1775 Kennedy Road, Penfield, New York, Tax ID: 111.01-1-27 ("Property") for forty (40) years from the effective date of the easement.

The County originally purchased the 76-acre Property in 2015 to provide a buffer to adjacent lands that were the site of the former Gloria Drive Landfill. Your Honorable Body authorized the purchase of the Property by Resolution 239 of 2015.

Monroe County (Grantor) intends to convey to the Town of Penfield (Grantee) the right to preserve and protect the Property for the duration of the easement. With this easement, the County and the Town seek to retain the Property in its natural condition and to prevent any use of the Property that could impact the conservation value of the Property. The term of this easement shall be forty (40) years from the effective date of the easement.

**The specific legislative action required is** to authorize the County Executive, or his designee, to convey a temporary environmental conservation easement to the Town of Penfield on the property located at 1775 Kennedy Road, Penfield, New York, Tax ID: 111.01-1-27 for forty (40) years from the effective date of the easement.

This action is a type II Action pursuant to 6 NYCRR § 617.5(c)(39) ("an agency's acquisition and dedication of 25 acres or less of land for parkland, or dedication of land for parkland that was previously acquired, or acquisition of a conservation easement;") and is not subject to further review under the State Environmental Quality Review Act.

**Subject:** Amend the 2025 Capital Budget to Increase Funding for the Project Entitled "Replacement of Voting Machines" and Decrease Funding for the Project Entitled "Voting Equipment," Authorize Interfund Transfers

**Honorable Legislators:**

This matter is being referred to Your Honorable Body at the request of Monroe County Elections Commissioners Jackie Ortiz and Peter D. Elder.

I recommend that Your Honorable Body amend the 2025 Capital Budget to increase funding by \$2,000,000 for the project entitled "Replacement of Voting Machines" from \$0 to \$2,000,000, and to decrease funding by \$2,000,000 for the project entitled "Voting Equipment," from \$2,000,000 to \$0, and authorize interfund transfers.

The \$2 million reallocation for voting machine replacement is necessary to address critical logistical challenges and comply with updated voter capacity requirements. Initially allocated for electronic pollbooks, these funds are now needed to purchase additional ES&S voting machines, ensuring a seamless transition between early voting and Election Day without transferring machines between locations.

The original allocation was based on a registered voter count of 480,000, but following the Presidential Election, that number has exceeded 500,000, requiring an increase in machines at select polling sites. Furthermore, machine allocation must be calculated at the poll site level, meaning additional voting machines are required at certain locations to meet demand.

Additionally, per NYS BOE Resolution 23-27, a single ExpressVote XL machine cannot serve more than 450 voters, with additional machines at the same site limited to 550 voters each, further necessitating this reallocation.

**The specific legislative actions required are:**

1. Amend the 2025 Capital Budget to increase funding for the project entitled "Replacement of Voting Machines" by \$2,000,000, from \$0 to \$2,000,000, for a total project authorization of \$14,000,000.

2. Amend the 2025 Capital Budget to decrease funding for the project entitled "Voting Equipment" by \$2,000,000, from \$2,000,000 to \$0, for a total project authorization of \$0.
3. Authorize an interfund transfer in the amount of \$2,000,000 from capital fund 2124, Voting Equipment, to capital fund 1996, Replacement of Voting Equipment.

This is a Type II action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

These amendments to the capital budget and interfund transfers will have no impact on the revenues or expenditures in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Enact a Local Law Entitled "Waiver of Residency Requirement for Attorneys Employed by Monroe County"

Honorable Legislators:

I recommend that Your Honorable Body enact a local law entitled "Waiver of Residency Requirement for Attorneys Employed by Monroe County." This Local Law would assist our District Attorney's Office, Law Department, Public Defender's Office, and Conflict Defender's Office in attracting and retaining qualified candidates for attorney positions.

Our Monroe County legal offices have all experienced losing attorney staff to other counties, or being unable to recruit qualified candidates due to our residency requirement. Our neighboring counties generally do not require attorney staff to live within the county in which they serve. This Local Law would allow Monroe County to attract a broader pool of applicants and remain competitive with neighboring counties by permitting attorneys employed by the County to reside in either Monroe County or an adjoining county, while still ensuring that senior leadership positions in each of the County legal offices are required to reside in Monroe County.

**The specific legislative action required is:**

1. Schedule and hold a public hearing on the proposed Local Law.
2. Enact a Local Law entitled "Waiver of Residency Requirement for Attorneys Employed by Monroe County."

This action is a Type II Action pursuant to 6 NYCRR §617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Enactment of this Local Law will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable body.

**Subject:** Adopt a Resolution Allowing Monroe County to Install Automatic License Plate Reader Equipment and Technology Within Right-of-Way Owned by New York State

**Honorable Legislators:**

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body incorporate by reference and adopt the attached resolution required by New York State to allow Monroe County to install license plate reader equipment and technology for an Automatic License Plate Reader Program ("ALPR Program") within Monroe County and in right-of-way owned by the State of New York as described in the attached listing of locations.

Currently, Monroe County is the only major county in New York State that has not deployed an ALPR Program. Buffalo, Syracuse, Albany and New York City have already deployed ALPR Programs and proven their effectiveness at solving crime and enhancing public safety. With the support of representatives of Governor Hochul's office, this technology was identified as one of the most important efforts to enhance local law enforcement agencies' ability to address threats to public safety. This project was specifically identified in the Monroe County Sheriff's Office Law Enforcement Technology Grant application and implementation of the ALPR Program is fully funded by New York State.

**The specific legislative action required is** to incorporate by reference and adopt the attached resolution required by New York State to allow Monroe County to install license plate reader equipment and technology for an Automatic License Plate Reader Program within Monroe County and in right-of-way owned by the State of New York as described in the attached listing of locations.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) (“replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site”) and is not subject to further review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,  

Adam J. Bello  
Monroe County Executive

### Re: Memorializing Affirmation of Constitutional Principles

Honorable Legislators:

We are living in unprecedented and uncertain times. Across the country, we are witnessing widespread constitutional, statutory, and human rights violations happening every day. Our nation is entering dangerous territory – and local governments must respond. As home to Rochester, the city of Frederick Douglass and Susan B. Anthony, Monroe County has a long and proud tradition of standing up for the civil liberties and human rights which must be the backbone of a free society.

Memorializing an affirmation of constitutional principles is a statement of values which affirms our commitment to human dignity, fairness, and equal protection under the law for all persons, regardless of race, sex, religion, national origin, immigration status, or political views. Those same values are embodied throughout the United States Constitution. Notably, the Fourteenth Amendment forbids governmental actors from “depriv[ing] any person of life, liberty, or property, without due process of law” and from “deny[ing] to any person within its jurisdiction the equal protection of the laws.” This action imposes no legal restrictions on the Monroe County Departments, but instead, reflects a moral and policy stance in the face of increasingly aggressive and constitutionally infirm federal immigration enforcement tactics.

Immigrants – including those with legal status and asylum seekers who avail themselves of the legal process established by Congress – are being detained without charges, denied access to legal counsel, and in some cases, deported to third-party countries without due process. Students, workers, and families are being “disappeared” from communities like ours under the guise of federal immigration enforcement. Judges who uphold the Constitution are being openly threatened with impeachment by political leaders at the highest level of government, and federal officials have indicated they may ignore judicial rulings altogether – in stark violation of sacrosanct separation of powers principles fundamental to our constitutional order.

Monroe County must take a stand. Affirming our support for Constitutional Principles explicitly reaffirms our commitment to **due process, equal protection under law, access to legal counsel, freedom of speech, and the right to live free from fear of unlawful detention or discrimination.**

This is not about shielding criminals. We all agree individuals convicted of serious crimes should face appropriate consequences. This is about protecting families, students, workers, and vulnerable people who are being swept up in a system that no longer resembles justice.

At a time when our federal institutions are failing to uphold basic human, civil, and constitutional rights, Monroe County has an opportunity – and a responsibility – to lead and stand on the side of such dearly-held constitutional principles as freedom of speech, petition and assembly, due process of law, equal protection under law, and the separation of powers.
