## Adult Services

# Adult Services

<b>Hand In Hand In Your Home Incorporated</b>	<b>Laurie Alverio</b>	<b>585-764-6799</b>	<b>lalverio@hihiyh.com</b>	<a href="http://www.handinhandinyourhome.com">www.handinhandinyourhome.com</a>
Products/Services:	At Hand In Hand In Your Home, we're proud to offer a wide range of services designed to help older adults live safely, independently, and comfortably at home.			
<b>MWBE</b>	What We Offer: Service Coordination: Connecting you to trusted resources and providers. Assistance with Medicaid Applications Life Planning Aging in Place: Creating safe and functional homes to support your independence. Medical Appointment Coordination of Appointments & Transportation & Advocacy Property and Home Maintenance Wellness and Safety Planning Navigating Hospital and Nursing Home Discharges Travel & Event Companionship Landscaping Services Meal Delivery In Home Haircare Companionship Housekeeping & Laundry Assistance Errands & Shopping Caregiver referrals			

<b>Hanna Z Adult Daycare Inc</b>	<b>Rachel Vatelman</b>	<b>347-247-7292</b>	<b>hannazdaycare@gmail.com</b>	<a href="#">N/A</a>
Products/Services:	Hanna Z Adult Day Care Inc. is a social adult day care in compliance with 9 NYCRR 6654.20 and a NYSDOH Medicaid approved Structured Day Program under the 1915(c ) HCBS waivers for Nursing Home Transition and Diversion waiver and Traumatic Brain Injury Waiver.			
<b>WBE</b>	Hanna Z Adult Daycare philosophy is developed on the premise that individuals with disabilities and/or older adults have the same rights as others. This includes the right to be in control of their lives, encounter and manage risks and learn from their experiences. This is balanced with the program's responsibility to assure the participants' health and welfare. Adult Day services are provided based on the participant's unique strengths, needs, choices and goals. The individual is the primary decision-maker and works in cooperation with providers to develop a Service Plan. This process leads to personal empowerment, increased independence, greater community inclusion, self-reliance and meaningful productive activities.

--------------------------------	---------------------------	---------------------	---	---

Products/Services: Jaedicke Consulting LLC provides clients with a rigorous approach to airport traffic forecasting and economic analysis based on extensive industry knowledge and a detailed understanding of aviation data sources. Elizabeth Jaedicke, the firm's founder and principal consultant, started the firm in 2018 after 14 years with top consulting firms serving airport, banking, and institutional clients on six continents. Jaedicke Consulting specializes in creating custom aviation traffic forecasts; we examine individual market drivers and tailor a forecast methodology to each airport. The ability to create a meaningful airport traffic forecast relies on knowing what approach to apply when and what data sources best serve as model inputs.

Products/Services: <b>WBE</b>	Consulting Services: We help companies navigate the complexity of ESG and achieve sustainability goals. Combining our IT and Sustainability insights and experience, and through a circular lense, our goal is to help companies create the most effective sustainability strategies. We can execute a short or long-term engagement dependent on the unique journey of your business. This includes identifying the sustainability risks and issues facing your business, assessing your organization's value chain, including technology and supplier selections, determining what is material to the organization, and recommending the purposeful actions and strategies needed to meet your sustainability goals. Advisory Services: Drawing on diverse experiences and knowledge to provide guidance to support you in your sustainability journey to make you successful. Unlike a task-oriented consulting engagement, this role can be as involved in the organization as you need to help shape your goals, craft purposeful and impactful strategies, and work with you to create innovative solutions to challenges or barriers as sustainability becomes a norm in your organization.

Products/Services: <b>WBE</b>	As of right now I offer wooden home décor that can be customized to your home. My inventory runs from blanket ladders, to stove top covers, all the way to toilet paper holders, along with personalize signs that can be multifunctional and much more. All items can come in different colors, saying and sizes. Everything is completely handmade and painted by me in my home. I am looking to open a storefront soon to expand my sales but also help other local small business that are woman and or minority owned to have a place to sell their products as well.

Community Development				

## Community Development

<b>Hallmark Planning &amp; Development</b>	<b>Arthur Hall Jr.</b>	<b>716-486-9763</b>	<b>art@thehallmarkfirm.com</b>	<a href="http://www.thehallmarkfirm.com">www.thehallmarkfirm.com</a>
--	------------------------	---------------------	--------------------------------	--

Products/Services: Public Engagement - Hallmark works with clients to customize robust public engagement strategies to elevate ideas and solutions across diverse projects. We begin by determining the breadth of stakeholders, identifying their influence, and creating an engagement plan that matches different techniques to different audiences. The engagement experience is uniquely facilitated to generate optimum interaction that translates to maximum data extraction and productivity.

**MBE**

Placemaking - Hallmark works with partners to strategically shape the physical and social character through public art and cultural engagement activities. Creative placemaking animates streetscapes and public spaces, improves public safety, and brings diverse people together to maintain a healthy, safe environment. Creative placemaking is the intersection of arts and culture with community and economic development. These elements are vital to improving urban neighborhoods' quality of life, mobility, and socioeconomic development.

Community Planning—Hallmark helps identify community priorities through a comprehensive planning process. This process is generally composed of vision casting sessions, data collection, a Community conditions Report, and an analysis of Strengths, Weaknesses, Opportunities, and Threats (SWOT) throughout the strategic planning facilitation. It also includes long-range planning.

Commercial Real Estate - As a licensed commercial real estate professional, we offer comprehensive solutions customized to meet your needs. We are familiar with the properties, developers, and demographics of western and upstate New York. We'll help you locate the commercial property that meets your specifications, prepare a detailed analysis of each listing, and coordinate site visits.

Products/Services: Pinnacle Solutions Inc. (PSI) is a software and consulting company providing custom financial software to banks, corporate users and Government agencies, since 1992. Synergy is PSI's suite of secure, functionally rich, web-based banking and financial applications developed using Microsoft .Net technology. The Synergy Collateral Management Application is used by NYC Department of Finance to receive inbound files from every bank and to track all city bank account balances and corresponding collateral coverage. In addition, Synergy is being used for audit purposes, to address FOIL requests and to provide NYC DOF with complete historical data for additional analytics. Synergy web-pages are fully integrated with Windows and other Microsoft products (e.g., Excel, Outlook, Word, Acrobat and Crystal reports). The Synergy Dashboard alerts the users to conditions of the collateral portfolio that need to be addressed. Synergy 's robust inquiry and reporting functions give the user the ability view and report consolidated data and to create dynamic customized reports with user defined filters. Synergy client/server technology and n- tier design is completely scalable and internet enabled with complete secure user administration. Contact us today to see if our solutions can work for your organization.

-----------------------------	------------------------	---------------------	-------------------------------------	---

Products/Services: We containerize traditional off-grid, solar and battery components to create mobile and portable clean energy solutions. We also manage and build small to medium scale solar and energy storage projects for non profits and small business, with a strong focus on using the resources within the communities that we are building in.

**MBE**

Solutions for Solar Developers- We work closely with grassroots community groups and organizations to advocate for clean energy access for disadvantaged communities throughout New York state. This gives us access to offset clean power to these communities that deserve it the most. Reach out to us to create a collaborative plan to access these communities.

Solutions for Entities-We will ensure fair access to the clean power to serve your organization's power requirements as well as the customers and communities you serve.

Products/Services: At Your Service Transportation provides essential transportation services to individuals who require non-emergency medical transportation, ensuring they have access to healthcare facilities, social services, and community resources. Our organization specializes in offering safe, reliable, and comfortable transportation solutions for individuals who are unable to drive themselves or utilize traditional modes of transportation due to medical conditions, disabilities, or other limitations.

**MWBE**

Our services include:

Medical Appointments: We provide transportation to and from medical appointments, ensuring that individuals can access essential healthcare services conveniently and without hassle.

Dialysis and Rehabilitation: Our specialized services cater to patients requiring regular dialysis treatments or rehabilitation sessions, offering door-to-door transportation to medical facilities and back home.

Senior Transportation: We prioritize the needs of seniors by offering tailored transportation services to assist them in attending doctor's appointments, therapy sessions, grocery shopping, and other important activities.

Disability Support: Our fleet is equipped to accommodate individuals with disabilities, providing wheelchair-accessible vehicles and trained staff to ensure their safety and comfort during transit.

Community Engagement: Beyond medical transportation, we also facilitate access to community resources and social activities, enabling individuals to participate in events, workshops, and support groups.
