

DRIVEWAY CULVERT & PIPING INSTALLATION CERTIFICATION

For Permit # _____

To be completed by the permit applicant's Engineer, Surveyor, or Contractor after the driveway culvert and/or pipe has been installed.

This certification form must be returned to the Monroe County DOT before this permit can be closed out and security deposit can be released.

Town _____ County Road _____

House # _____ Lot # _____

Subdivision Name _____
(If applicable)

This letter certifies that the pipe and/or driveway culvert specified by the approved design plan was installed correctly. I have surveyed or measured the inverts of the installed pipe(s) and verify that they are installed to within +/-0.1 foot of the designed inverts as shown on the approved plan OR the replacement culvert invert elevations have been installed on a grade line that is between the upstream and downstream adjacent property culverts and/or cross culvert invert elevations.

Checked/Certified by: _____ Date: _____
Signature of Engineer, Surveyor, or Contractor

Name: _____
Print

Company Name: _____
(If applicable)

Address: _____

Phone #: _____
