Amend the 2024 Capital Budget to Increase Funding for "Applied Technology Center - S.T.E.M. Addition;" Amend Bond Resolution 402 of 2023 to Expand the Scope and Increase Funding for the Project; and Authorize a Contract with DiPasquale Construction Inc. for General Construction Services

Honorable Legislators:

I recommend that Your Honorable Body amend the 2024 Capital Budget to increase funding for "Applied Technology Center - S.T.E.M. Addition;" amend Bond Resolution 402 of 2023 to expand the scope and increase funding for the project; and authorize a contract with DiPasquale Construction Inc. in the amount of \$51,683,000 for general construction services.

The 2021 Monroe Community College Facilities Master Plan included a recommendation to relocate the existing Applied Technology Center ("ATC") on W. Henrietta Road to the Brighton Campus in order to better integrate its technical programs with academic and S.T.E.M. programs currently available at the Brighton Campus. In addition, there are significant deferred maintenance costs at the existing ATC site. Avoiding these costs, as well as placing the ATC on the Brighton Campus, provides an opportunity to improve efficiency of campus staffing and facility maintenance efforts. Finally, locating the ATC on the Brighton Campus enables growth in emerging highly technical fields such as optics and diesel technology. Advancing the construction of the ATC helps to accelerate the availability of properly trained workers to help satisfy the occupational demand in these well-paying technical fields.

By Resolution 227 of 2022, Your Honorable Body amended the 2022-2027 Capital Improvement Program to advance the Monroe Community College Applied Technology Center - S.T.E.M. Addition Project. By Resolutions 228 of 2022 and 402 of 2023, Your Honorable Body authorized financing for the project that created new capital fund 2048 in the amount of \$54,634,000. By Resolution 230 of 2023, Your Honorable Body authorized the use of a Project Labor Agreement for this project. The project is scheduled to be completed in time for Fall Semester 2026.

The request to increase capital fund 2048 is driven by two factors. The scope of the Optics portion of the new facility was still under development as the capital fund was being prepared. Further refinement of the requirements during design caused a modest increase in the anticipated budget to account for enhancements to the Optics Program. In addition, contemporary construction escalation from the budget that was developed during the Master Plan effort, prior to COVID, was identified by the Department of Environmental Services as the project's design progressed. The decision to request the increase in funding at this time was made in order to account for the current bidding atmosphere and ensure bid-certainty of the costs of construction, thus the need to increase the total bonding authorization for the project in the amount of \$15,000,000, from \$54,634,000 to \$69,634,000.

Monroe County Legislature December 11, 2024 Page 2

Partial reimbursement of 50% for project costs will be provided from the State University of New York (SUNY). The County has also received a \$3,500,000 grant from the U.S. Department of Housing and Urban Development.

The following bids were received on November 22, 2024:

General Construction

DiPasquale Construction Inc. \$51,683,000 LeChase Construction Services, LLC \$52,140,000

The bids have been reviewed and DiPasquale Construction Inc. has been determined to be the lowest responsible bidder pursuant to General Municipal Law §103.

The specific legislative actions required are:

- 1. Amend the 2024 Capital Budget to increase funding for "Applied Technology Center S.T.E.M. Addition" in the amount of \$15,000,000.
- 2. Amend Bond Resolution 402 of 2023 to increase financing for the "Applied Technology Center S.T.E.M. Addition" project, capital fund 2048, in the amount of \$15,000,000, from \$54,634,000 to \$69,634,000, for a total project authorization of \$69,634,000.
- 3. Authorize the County Executive, or his designee, to execute a contract with DiPasquale Construction Inc., 120 Marina Drive, Suite 201 Rochester, New York 14626 in the amount of \$51,683,000 for general construction services for the "Applied Technology Center S.T.E.M. Addition" project, and any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type I Action under the New York State Environmental Quality Review Act ("SEQRA"). Pursuant to Resolution 226 of 2022, the Monroe County Legislature issued a Negative Declaration for this action. No further action under SEQRA is required.

Funding for this project, consistent with authorized uses, will be available in capital fund 2048 once the additional financing authorization requested herein is approved, and in any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither DiPasquale Construction Inc., nor its principal officer, Christopher J. DiPasquale, Chief Executive Officer, owe any delinquent Monroe County property taxes.

I recommend that this matter receive favorable action by Your Honorable Body.
